Well, I didn't start out to write that but to write you about the HERALD'S laudable determination to prevent the electric railway running on Chicago street. Tecumseh is one of the prettiest of villages. Chicago street is not excelled for beauty in any village anywhere east of the Rockies. That beauty ought not to be marred, as soon run a car line on beautiful Euclid Ave., Cleveland. There is no advantage to the splendid business interests but in my judgment is a positive disadvantage.

Tecumseh already has two railroad streets. Are children to be kept always in the house and the mothers never permitted to send the littler ones on errands without a constant worry? But were these reasons without weight there is one other vital to Tecumseh's interests as to all places and all people, I mean of course, the religious interests.

The church people, and who are not so connected, will surely lift their voices in emphatic protest to the sacredness of the Holy Sabbath worship being disturbed by the clanging of street car gongs. People may say, "Oh, we will get used to that." Yes, that may be but I have tried it for years and the people are disturbed I find, as well as the minister.

Yours very truly,
WILLIAM B. POPE.

WASHINGTON LETTER

Washington, March 5, 1904.

Dear brother!—five wives for a Joseph!
Each jealously claiming her own—
At least that's what one would suppose if
They act like the darlings we've known.
For often one wife's an affliction,
And two are too much for a Saint—
Nonsensical!—It's my conviction
It ain't!

Seventeen Mormons are encamped in Washington, including the head of the church, Joseph E. Smith, president and several elders and apostles. They have been brought on and are maintained at the expense of the government, some $400 or $500 apiece. They gave testimony yesterday in the case of Reed Smooth, elected to the senate from Utah, whom the "reform" crusaders are trying to unseat, on the ground that he believes in polygamy and was elected by the church and not by the state. Mr. Smith frankly confessed that he himself had five wives who had borne him numerous children and that he had cohabited with them since the government prohibition of polygamy. When asked why he had disobeyed the law, he replied that rather than desert his wives and children he preferred to accept any punishment that might be inflicted on him. He added, however, that neither he nor any Mormon had married an additional wife since that manifesto was received.

The little committee room where sit the eleven senators besides Mr. Smoot is quite overcrowded and there is a great demand for seats. It cannot be denied that the star witness, Mr. Smith, has thus far made a very favorable impression. His appearance, in black frock coat and gold eye glasses, is that of a substantial and practical business man and his gray hair and patriarchal beard are in keeping with his dignified demeanor. Ex-Senator John G. Carlisle and ex-Congressman Taylor of Ohio, are counsel for the "reformers."

If the executive is so fortunate as to secure from congress an appropriation of $90,000 to build a new stable, it is to be hoped some other architect than McKim of New York, will be employed. He is said to have received $65,000 as his share in expending the $600,000 used for adding the two wings to the White House, which are as much talked about as the wings Prof. Langley constructs for his "buzzard." And they are about as useful and ornamental.

There are some who complain that the Chinese spirit is gradually infusing itself into this country, in spite of the exclusion act. Senator Beveridge who declines to be interviewed, but who is supposed to know, says the Chinese care nothing about who governs them, their only interest being an opportunity to make money. They have discovered that money talks. He also adds that "Employment for American workingmen", is the problem that will constantly grow more serious and no solution is possible except markets for what America produces.

All sorts of rumors amuse the people of the District of Columbia. Because several old negro employes of the White house have sore throats it is given out that the mansion is a breeding place for poison germs. The discovery of the alleged cradle of Geo. Washington, (which the government will be asked to purchase for several thousand dollars), has made a great sensation and several politians want to secure it for future use. Whenever a Senator is seen coming out of the White House a new sensation is set on foot and what isn't known is guessed at and printed. Belvia Lockwood, the woman lawyer, says two per cent. of plural marriages in the Mormon church is the smallest percentage found among members of a Christian church.

Senator Gorman had little to say in opposition to the big naval appropriation bill when it came up for passage. Even the far western senators and those from the Pacific coast are as much in favor of a mighty navy, as the gentlemen from Maine. "Senator Hale" said a Congressman from Indiana, "We are a fighting stock and want to be ready to fight at the drop of the hat." The reason given for the large increase in the navy is the retention of the Philippine islands. There are already 24 U. S. war ships in Asiatic waters and Admiral Dewey thinks that they must be kept there otherwise the new possessions may slip out of control in three months. In a few years from now as explained in the Senate, the U. S. navy will be second to none save that of Great Britain, and will cost annually $200,000,000 and will require 90,000 men to keep it effective and afloat. Senator Hale agreed with Sec Root and Gov. Taft in regretting that we had ever conquered the Philippines. But he said as things were it would be better to have two or three warships of the Oregon class than one enormous ship. He would divide our sea force and not put it all inside one hull, which one shot from the English might put out of action.

The department of Commerce wants better tests adopted for determining a man's sanity than those which now prevail. Many immigrants are now declared to be insane who are not; and they are sent to public institutions which are over-crowded. The same department will also try to discover if the beef trust is violating the injunction resting against it. The supreme court has set at liberty, on bail, the Englishman, Turner, whom the department of Labor arrested in New York at the Lenox Lyceum, and thrust into a cell on Ellis' island, because of his reputed belief in anarchy. The court thinks he will not subvert American institutions, and that he is entitled to a fair trial.

There is a great ice pack in the Potomac above the city and serious damage is apprehended if the weather gets warmer. Yesterday was quite warm, but thirty-one years ago yesterday, Grant's second inauguration, was the coldest March day for fifty years, ten degrees below zero. Congress has made a small appropriation to clear the river.

Last Tuesday the Raisin river was the highest in many years. It certainly looked like a record breaker and did cause some fear that much damage might be the result. If the great field of floating ice became blocked at the bridge something would necessarily have to give away. Mr. Schroeder had about six inches of water in his engine room at the electrical plant and it was feared at one time that the water would put out the fires and then electric lights would be very dim. It is reported that the prairie was well under water and a few families moved upstairs. The water began to recede sometime Tuesday night and Wednesday morning showed a fall of about eight or ten inches, so much so that danger was passed for the present.—Deerfield Times Journal.

C. A. WRIGHT'S CONFIDENCE IN HYOMEI

Not a penny need be paid unless it cures you of catarrh.

"Use Hyomei and be cured of catarrh," says C. A. Wright. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but $1. The inhaler lasts a lifetime and when extra bottles of Hyomei are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, C. A. Wright will cheerfully return the money and it will not cost a penny.

BRADFIELD'S Female Regulator

for young girls on the threshold of womanhood is invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, obstructed periods and painful menses, and their systems generally run down, they need a tonic, building up and their blood cleansed.

Bradfield's Female Regulator for women is particularly valuable and useful owing to its tonic properties and as a regulator of the menstrual flows. Painful, obstructed and suppressed menstruation is permanently relieved and all diseases peculiar to her genital organs are cured by it.

Regulator clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotched conditions of the skin and cures sick headache at once.

When Well-Known Tecumseh People Tell it so Plainly.

When public endorsement is made by a representative citizen of Tecumseh the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

George Merritt, the well known proprietor of the cigar manufactory, says: "I can testify the honesty and worth of Doan's Kidney Pills. There is no humbug about them. I was annoyed for some time with a dull aching pain in my back at times quite severe. I heard so much about Doan's Kidney Pills that I procured a box at C. A. Wright's drug store and after taking them a short time I found they were helping me. Finally the pain in my back disappeared entirely. Doan's Kidney Pills are a splendid remedy for all kidney ailments."

READ IT THROUGH.

'Twould spoil this story to tell it in the headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlains Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by all druggists.

Suffering

Will Not Help Your Disease, but Will Weaken Your Nerves.

Folks who think it is better to bear pain than soothe it—are wrong.

Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found, Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill.

This will soothe your quivering nerves.

Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, in which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless, and are the latest medical treatment for the cure of Headache, Neuralgia, Backache, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains. Also nerve irritations like Sea-Sickness, Car-Sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in results.

Say Mrs. Davis is Sane.

Lansing, Mich., March 5.—The application of Ralph O. Davis to have his wife declared insane has been denied in the probate court. Several physicians who have examined the woman declare she is perfectly sane. The examination brought out some sensational features, the woman claiming that her husband wished to get rid of her.

Battle Creek Boy Drowned.

98 IN EVERY 100

The medical societies of the world disclose the astounding truth that 98 persons in every 100 suffer from some form of Kidney and Bladder Trouble, or some irregularity, disorder or symptom of those terrible diseases.

These are vital facts—facts which should appeal to you and be given your immediate and deepest thought. Think of it, only two persons in every hundred free from these diseases: Ninety-eight persons in every hundred drifting on to the dire consequences which always follow these subtle and serious afflictions unless their development be checked at once. Nature is trying to warn you—we ask you to heed its warning before it is too late. You need not suffer longer—You can be cured. Don't delay another day. Attend to this at once.

Dr. Gossom's Kidney and Bladder Cure

No matter how terrible your affliction may be, Dr. Gossom's Kidney and Bladder Cure will cure you. It eradicates totally and completely any irregularity or symptom of Kidney and Bladder Trouble and puts those most vital organs in as perfect and healthy condition as in childhood.

No matter how much you suffer nor of how long standing your disease may be, perfect health will be yours, if you use Dr. Gossom's Kidney and Bladder Cure, which has a record of forty-two years of curing—which never fails and cures even after all other medicines and physicians have failed.

Disease fastens itself upon you through neglect, nothing else. This infallible remedy attacks and destroys the very roots of disease. It kills disease germs of every kind and fortifies the system against them. It tones up, renews and invigorates the entire body. It completely drains out of the blood every particle of Uric Acid, Urates, Lithates, etc., which cause these diseases; no other remedy in the world does this. It is purely vegetable, perfectly harmless and leaves no disastrous "after-effects."

Cured by Dr. Gossom's Kidney and Bladder Cure After Doctors and Other Medicines Had Failed.

I had been suffering for the past ten months with pains in my back and stiff joints. *I could get no relief from anything.* I tried many doctors and used many medicines. I am happy and thankful to say that three boxes of Dr. Gossom's Kidney and Bladder Cure *entirely cured me.* I can always cheerfully speak a good word for this wonderful remedy.

LIFE PLANT CURES RHEUMATISM

In practically every case. In the past 18 months we have received over 10,000 testimonials.

Miss A K. Duck, of Leetonia, Ohio, was cured of a very severe case of rheumatism. His knees were swollen so badly he could not walk and suffered intense pain. Four bottles of LIFE PLANT cured him. Miss Duck says:

The Life Plant Co., Canton, O.

Gentlemen:—I write you this as an open letter regarding the true merits which you claim for LIFE PLANT. I was afflicted with Rheumatism about Oct. 1st, 1902, in my knees and arms, which were so badly swollen that I was obliged to crawl up and down stairs and almost unable to do any work. I also suffered a great deal of pain at night. I noticed your advertisement in the newspaper, and a friend also recommended LIFE PLANT to me, and after I had taken four bottles of it I was entirely cured and have not suffered since. I heartily recommend it to any person afflicted with Rheumatism.

Yours respectfully,
MISS A. K. DUCK.

LIFE PLANT cures 97 out of every 100 cases of rheumatism; no matter how severe or how long standing. If you have rheumatism you may try Life Plant at our expense. Your own druggist will refund your money if it fails and we settle with him. LIFE PLANT sells for $1.00 per bottle. Write to LIFE PLANT CO., Canton, O., for free booklet.

HITS CORPORATIONS

Detroit Attorney Makes Some Startling Revelations.

TO DETROIT COMMON COUNCIL

Claims Supreme Court Decision Gives State Legislature Absolute Control Over Certain Corporations to Regulate Rates, Etc.

Detroit, Mich., March 9.—The mayor sprang what looks like a real sensation on the council last night. In fact, it might be said that he sprang it on the whole state.

It consisted in a legal opinion, prepared by Fred A. Baker, the attorney, declaring that under a recent decision of the supreme court of the United States the legislature of Michigan has power to regulate and fix the rates of fare charged by the Detroit United railway.

More than that, the decision is declared to clearly give the legislature the same power over every public service corporation in the state, thus affecting all street car lines, and all gas, electric light and telephone companies.

But even that is not the sum of the sensation. If Mr. Baker is right, and good lawyers say he is, then the application of the power held by the legislature will result in squeezing all the water out of the public service corporations in Michigan.

Mr. Baker shows that the legislature is authorized to hold every such corporation down to such rates as will bring a reasonable rate of interest on the actual cost of the property, and nothing more.

Mr. Baker recommends that the legislature pass a law authorizing each board of supervisors in the state to fix the actual value of the electric lines in its county and the proper and reasonable rate of fare to be charged.

Mayor Maybury belives the street car fares in Detroit can be reduced at once, and he urged the council to take immediate steps to get the proper action from the legislature at its next session.

Supreme Court Decision.

Mr. Baker opinion is of considerable length, but he bases his assertions on several important decisions rendered in court of other states and the supreme court rahtsehtamx and the United States supreme court and namely upon he common law rule that a common carrier is bound to carry freight or passengers for reasonable compensation.

In one section Mr. Baker says:

"I find that the supreme court of the United States in a case decided Jan. 18, 1904, has sustained the power of the legislature to modify the terms of a legal contract under the power reserved by the constitution to the legislature to amend, alter or repeal a general law for the creation of corporation.

This was the decision rendered in the cast of a certain irrigation canal in California.

"The constitution of this state expressly provides that "The legislature may confer upon organized townships, incorporated cities and villages, and upon the board of supervisors of the several counties, such powers of a local legislature rthesth powers of a local character as they deem proper." (Art. IV., Sec. 38).

Under this provision and the power to amend, alter or repeal, the legislature can either fix the rates, or authorize the board of supervisors of Wayne county, or the common council of the city of Detroit, to do so subject to the limitation that the rates must be responsible.

The principal street railway lines of the city extend out into the townships of the county, and some of them into other counties, as the irrigation works of the irrigation company did in the California case; and for that reason probably the legislature of that state conferred the legislature power to regulate rates upon the board of supervisors of the several counties of the state.

It will be for the legislature of this state to say whether it will fix the rates or authorize the boards of supervisors within their respective counties to exercise the power, or whether it will authorize all or any one or more of the cities of the state to adopt ordinances on he subject. At all events under the decision of the supreme court of the United States, the power exists and may be exercised. It is only necessary to procure appropriate legislation from the next or some succeeding legislature.

"My own judgment and my advice is, that the city should ask the legislature to pass a general law conferring the authority on the boards of supervisors of the state.

THE REPORT IS TRUE

Japanese and Russians Have Met in Decisive Battle.

OFF THE COAST OF CHEMULPO

Russians Met Defeat—Cablegram Received at San Francisco, Reports Yokohama Harbor Mined—Russians at Yinkow Ready For Attack.

London, March 10.—A dispatch to the Times from Weihaiwei, dated March 9, says:

"It is reported on good authority that a collision between Japanese and Russian troops has occurred near Hai Ju, Korea (fifty-four miles northwest of Chemulpo), which resulted in the defeat of the Russians."

San Francisco, March 10.—A cablegram was received today at the Merchants' Exchange from Captain Rivers of the American ship A. G. Ropes at Yokohama, who states that upon his arrival at that port from New York he had to lie off and on for five days, being unable to secure a pilot.

He further reports that the entrance to the harbor of Yokohama is heavily mined and that while he was outside five shots were fired across his vessel's bows from the harbor forts.

Yinkow, March 10.—The families of Russian officials have departed. Siege and field guns are being mounted on the Chinese fort, on the east bank of the Liao river.

General Kondratovich is to arrive today. He will establish the headquarters of his five regiments at New Chwang.

Paris, March 10.—The Journal this morning publishes an interview sent in by its correspondent at Nice with Gen. Baron Meller Zakomelsky, commander of the Seventh army corps of Russia, which is stationed in the Crimea.

The correspondent expressed surprise at the general's absence from Russia in time of war, whereupon the general declared that the war in the far east had little effect upon the life and duties of a majority of the men in the Russian army and that Russia had not reduced her forces on the German and Austrian frontiers.

He severely criticized the management of the campaign [illegible] and said he thought Viceroy Alexieff would soon ask to be recalled.

UNDER MILITARY.

More Troops Sent to Springfield—Rioting Continues.

Columbus, O., March 10.—Including eight companies ordered to Springfield last evening by Governor Herrick, there will be on the ground today eighteen companies of infantry, embracing six hundred men.

Adjt.-Gen. A. B. Critchfield detailed Gen. W. V. McMakin of Toledo commander of the First brigade, O. N. G., to take command at Springfield.

Springfield, O., March 10.—Another night of rioting was passed last night in Springfield. Great crowds gathered and threats made, as usual, against the negroes. Few, however, were to be seen. Many have left the city, others spent the night wherever protection was afforded, and it is thought many took to the woods, including women and children.

The only outbreak up to midnight occurred at 11 o'clock in Short Winter street, a thoroughfare only two squares in length and inhabited by both blacks and whites. A half dozen resorts, mostly owned by whites, are located there, and at 11 o'clock five shots, aimed at a colored man, were the occasion of three companies of militia being dispatched to the scene of the disturbance.

By the time the militiamen arrived the police had restored order and the colored occupants of several houses were ordered indoors.

Great crowds have come to the city to view the scenes of the lynching and riots and many will remain in the city in expectation of further rioting.

The funeral of Charles Collis, the murdered policeman, will be held today at St. Raphael's Catholic church and every precaution will be taken to prevent an outbreak following the services. Platoons of police and militia will escort the body and guard the church.

He Raised a Check.

Poughkeepsie, N. Y., March 10.—A. M. Beaver, a stock speculator of Hyde Park, N. Y., is under arrest charged with raising a check on the Irving National bank of New York from $2.70 to $5,200. Beaver, who is 21 years old and the son of a laborer on F. W. Vanderbilt's estate at Hyde Park, has confessed the crime. Late last night he made a full confession and handed over the entire sum, less 35 cents, which he had obtained from the Poughkeepsie Trust Co. Beaver is locked up on the charge of grand larceny.

No Room For Foreign Females.

Washington, March 10.—So much currency has been obtained in the press by a story that the emperor of Korea had married an American woman named Emily Brown that United States Minister Allen at Seoul has been obliged to print identical replies to a number of women correspondents denying the truth of the story and declaring that there is no room in Korea for foreign female nurses, governesses, companions and the like.

Dad Says He Isn't Married.

Battle Creek, Mich., March 10.—Mr. and Mrs. G. [illegible] of Kalamazoo, Mich., have made the announcement that their daughter, [illegible] Louise, was married [illegible] to her cousin, Ernest Hulsher, [illegible] this city. The ceremony, according to documents produced, was performed at Lima, O., by William W. [illegible], justice of the peace. But the odd feature of the affair is that the boy's father, a wealthy electrical contractor, stoutly denies, even in the face of all proof, that his son is married. The young man, he says, is out on the road traveling for the house.

LET WOOD EXPLAIN

Senator Hanna's Final Decision as to His Promotion.

NEW POINTS WERE DEVELOPED

In Testimony Taken Before Committee—Wood's Mere Statement Before Departure Not Sufficient—Opposition to Emperor's Gift Statue.

Washington, March 10.—During consideration of army appropriation bill in the senate Wednesday Mr. Bacon protested against the acceptance of the statue of Frederick the Great of Germany, tendered by Emperor William on the ground that the former German king was not in sympathy with American institutions. The army appropriation bill was passed. The senate also passed the Philippine shipping bill.

The contested appointment of Gen. Leonard Wood to be major-general of the army was taken up in executive session of the senate and after listening to a brief prepared by Senator Hanna, summing up the testimony, which had been given in the hearings before the committee on military affairs, the senate adjourned.

Under such heads as The Case of E. G. Rathbone, the Veracity of General Wood, the Runcie article criticising the administration of General Brooke as military governor of Cuba, the concession of the Jai Alai company to conduct a gambling establishment, General Wood's intimacy with and defense of the convict Bellairs, General Brooke's charges that General Wood was insubordinate, General Wood's Santiago accounts, and the Castenada case, Senator Hanna discusses the evidence brought out at the investigation before the senate committee on military affairs, which he sums up in one paragraph of his argument, as follows:

Wood's Statement Insufficient.

"The testimony given before the committee has developed points to which no answer is attempted by General Wood in the various communications submitted by him prior to his departure for the Philippines; nor can those communications be accepted as a refutation of testimony given by witnesses under the solemnity of an oath. To accept them as a controversion of sworn testimony would brand those giving such testimony as unworthy of credence. Among those who would be thus branded are men in the military and naval service of the United States. It is impossible to accept the mere statement of General Wood, made prior to his departure for the Philippines, and covering only a part of the matters at issue, in preference to this sworn evidence. Some of the testimony given by those witnesses has cast serious reflection upon the veracity of General Wood, and it would appear that neither he nor the senate, which is asked to confirm his appointment, should rest content until he has been given opportunity to disprove, specifically and under oath, the damaging statements made on oath concerning his conduct.

"The facts to which attention will be called would seem to make this necessary, and the honor of the army would seem to demand it."

Michigan Inventors.

Washington, March 9.—Michigan patents were granted Tuesday as follows: Alanson P. Brush, Detroit, means for cylinder luberication of internal combustion engines; Thomas Cram, Detroit, portable desk; Charles Durham, Corunna, beet blocker and cultivator; Frank Dickinson, Springport, sparker; Arthur J. Farmer, Detroit, device for applying liquids to the scalp; Edwin O. Krentler, Detroit, last support; Wm. J. McDonald, Detroit, circulating system for steam boilers; Victor E. Randall, Battle Creek, fence post; Charles Rely a, wrench; Frank G. Ryan, device for storing and administering serum; John Schreidler, Coldwater, fence post; Grove D. Schauly and J. H. Charlotte, tubular auger; John H Stevenson, shredder for wheat and other grain; Emil Tyden, Hastings, pedestal table lock; John G. Way, Jackson, harness territt.

Sticks to Her Story.

Muskegon, Mich., March 9.—Mrs. C. S. Rice, the white-haired old lady who has defied the Grand Rapids authorities for two weeks, was arraigned on the charge of concealing the $1,000 which her son stole from the Old National bank in Grand Rapids. Mrs. Rice still maintains her story that she has never seen the money which her son swears he gave her to keep for him when he fled from the officers.

Weds at Eighty-Eight.

Detroit, Mich., March 9.—Henry Archche, 88 years old, the marriage license says, "nearer a hundred," say those who know him, is about to embark on his fifth matrimonial voyage. The bride to be is Mrs. Ida Taylor, 35 years of age, a widow, whose marriage ventures are said to exceed Henry's in number. Both parties are colored, and live at 119 Fort street east.

Nurses Sail for Japan.

Seattle, Wash., March 9.—Forty American nurses, in charge of Dr. Anita Newcom McGee, president of the Spanish-American Was Nurses association, sailed from here Tuesday on the Iyo Maru for Japan. Upon arrival in Japan they expect to be assigned to duty with one of the divisions of the Japanese army.

MORMON LEADER LYMAN.

Gives Sensational Testimony Before Senate Committee.

Washington, March 9.—The senate committee on privileges and elections Monday in the investigation of the protests against Senator Reed Smoot of Utah, brought a variety of testimony of which the most sensational was that given by Francis M. Lyman, president of the Twelve Apostles of the Mormon church, and the man chosen to be the successor of President Smith.

Mormon Apostle Smoot.

His admissions were similar to those previously made by Mr. Smith pertaining to the church government. He is more free of speech than the president of the church and his testimony, though not materially differing, caused several of the apostles present to shake their hands at the witness for the puropse of compelling more discretion in answering questions.

Mr. Lyman is angularly built, his face is covered with a growth of bushy red whiskers, and his speech is blunt. Four witnesses were on the stand. They were Mrs. Kennedy, her mother, Mrs. Matthews, Charles Merrill, the son of Apostle Merrill, and Mr. Lyman.

IN GRASP OF FLOOD.

Wilkesbarre, Pa., Completely Cut Off By Water.

Wilkesbarre Pa., March 9.—The Wyoming valley is in the grasp of another mighty flood. The situation has been serious since late Tuesday night and it is feared the worst is yet to come, the gorges in the Susquehanna river to the south of this city and the great mass of ice to the north being a menace so long as they remain intact as they do.

Wilkesbarre for many hours has been completely cut off from the rest of the Wyoming valley and for miles up and down the river the lowlands are completely covered with water and ice. There now remain but few people in the homes of the flooded sections. At 3 o'clock Tuesday afternoon the water reached the twenty-nine and three-tenths feet mark, only two lower than the highest of the great flood of 1902.

The current is raging on all the lowlands in the southern residence section of this city, many houses being completely wrecked by the huge cakes of ice jamming against them. On the west bank of the river between here and Kingston the water is now up to the first floors and many houses are surrounded with huge piles of ice. The conditions at Plymouth and other west side towns up and down the river resemble a great lake, the water rushing through the streets and surrounding many

Was He Murdered?

Chicago, March 10.—The police of this city have been asked to find J. E. Wiatt of Paris, N. D., who is thought by his relatives to have been murdered in this city. Wiatt, who is postmaster at Paris, left home last December for St. Paul, where he sold a herd of cattle, and then wrote to his friends in Paris that he was going to Chicago. He sold more cattle here and received a large sum of money for them. He said while here that he was going to visit his father at Westville, Pa. He has never appeared in Westville and nothing has been heard of him since he sold his cattle in this city.

Gave Escaping Murderer Medicine.

St. Joseph, Mo., March 10.—Mark Dunn, the murderer, who was sentenced to be hanged here Friday, and who escaped Monday last, sought food and medicine at the home of James Finchutt, a farmer near Rosendale, Mo., Wednesday. He has pneumonia. He was kept under guard until last night, when he again escaped, heavily armed, and said he would never be taken alive. Sheriff Spencer of St. Joseph and a posse are in pursuit.

Notorious Case Goes to Jury.

Chicago, March 10.—The fate of the car barn bandits will rest with the jury, this afternoon. The last argument for the defense was made Wednesday afternoon by Attorney Popham for Marx, and Assistant State's Attorney Olsen began the closing argument for the prosecution when court opened today. He expects to close by noon, and when he has finished the jury will be charged by Judge Kersten.

Many Drowned In Ocean Wreck.

London, March 10.—A special dispatch from Paris announces that the French steamer Cambodge (of 2,355 tons, which left Rangoon Feb. 17 for Cochin-China and European ports), has been wrecked in a storm off the coast of Cochin-China. The dispatch adds that it is believed a hundred persons perished in the wreck.

Colds are Dangerous.

How often you hear it remarked, "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system.

Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." MRS. IRA O. BROWN, Rumford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

People generally set their hearts most on what they need least.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

A Severe Cold for Three Months.

The following letter from A. Nusbaum of Batesville, Ind., tells its own story. "I suffered for 3 months with a severe cold. A druggist prepared me some medicine and physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Refuse substitutes. Sold by all druggists.

A majority of novels presented to the reading public are first-class trash.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nervine and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c and satisfaction guaranteed by C. A. Wright, druggist.

The first effect of a blessing on a man is to make him more thankful.

Wakeful Children.

For a long time the two year old child of Mr. L. McPherson, 59 Tenth St. Harrisburg, Pa., would sleep but two or three hours in the early part of the night which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her one half of a Chamberlain stomach and liver tablet which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

The man who belongs altogether to the devil is generally last to find it out.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal even when the patient has recovered the lungs are weakened, making them peculiarly susceptable to the developement of consumption. Foley's Honey and Tar will stop the cough and prevent pneumonia. Sold by all druggists.

Ice Sunk Windsor Steamer.

Detroit, Mich., March 10.—Floating ice stove a hole in the port side of the passenger steamer Lincoln, in winter quarters at the foot of Church street, Windsor, yesterday, and three hours later the vessel was resting on the bottom of the river, with only her pilot house and smockstack above water. The captain and his family had a narrow escape.

Died Milking a Cow.

Bronson, Mich., March 10.—Abram Shurtz of the western part of this township went to the barn with his son to do the chores, as was his custom. While Mr. Shurtz was milking a cow the son saw his father's head fall to one side. He ran quickly to him, but with a gasp or two he died in his son's arms.

Bees Suffered From Cold.

Sanilac Center, Mich., March 10.—According to reports of beekeepers, who are now enabled to investigate their hives, the past winter has been the most severe on bees ever known. It is said that fully 80 per cent have been either frozen or starved.

Mortgage Sale.

Whereas, default has been made in the payment of the money secured by a mortgage dated the 13th day of May 1899 executed by H Brant Roberts, of Clinton, Lenawee County, Michigan, to Edwin R. Smith and Leander W. Kimball of the same place, which said mortgage was recorded in the office of the Register of deeds of Lenawee County, State of Michigan, on the 15th day of May 1899 at 10:40 o'clock A. M. in Liber 157 of Mortgages at page 6 and whereas, said mortgage was duly assigned by said Edwin R. Smith and Leander W. Kimball to Moses Bartlitt on the 9th day of December 1903 said assignment being recorded in the aforesaid office of the Register of deeds of Lenawee County, state of Michigan, on the 10th day of December 1903 at 1:30 P. M. in Liber 164 of Mortgages at page 149, and whereas, there is claimed to be due on said mortgage at the date hereof for principal and interest the sum of $5,230.91 and an attorney fee of $25.00 allowed by law and stipulated for in said mortgage, making the whole amount claimed to be due on said mortgage at the date hereof $5,255.91. No suit at law or in equity having been instituted to recover the debt now remaining secured by said mortgage or any part thereof, and the power of sale in said mortgage contained having become operative

Notice is hereby given that, by virtue of the power of sale contained in said mortgage, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described, or so much thereof as may be necessary to produce the money due on said mortgage, at public vendue to the highest bidder, at the east front door of the Court House of Lenawee County, Michigan, in the City of Adrian in said County, on the 14th day of March 1904 at one o'clock in the afternoon of that day

The mortgaged premises are described in the aforesaid mortgage as follows to-wit: Situated in the Township of Clinton, County of Lenawee and state of Michigan, described as follows, to-wit: The east half of the south west quarter of section nine (9) and also the south west quarter of the south east quarter of said section nine (9) and also all that part of the south east quarter of the south east quarter of section eight (8) lying east of the center of the River Raisin, and also all that part of the north east quarter of the north east quarter of section seventeen (17) known and described as beginning at the north west corner of the school section, thence west to the center of the River Raisin, thence down the center of the River to the Newburg Mill dam, thence south to the south line of the north half of the east half of the north east quarter of said section seventeen (17), thence east to the west line of said school section, thence northerly along said last mentioned line to the place of beginning, also a part of the north west quarter of the south west quarter of said section nine (9) described as beginning at the south east corner of the north west quarter of the south west quarter of said section nine (9), running thence north fifteen (15) rods and thence west, bearing south one (1) rod. The devil has no use for the man who always does as he would be done by.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c;

You may forget the man who praised, or even him who blamed you, but not him who saw clear through you.

Colds cause pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by C. A. Wright.

Were the weather not always on hand as a topic of conversation some people might as well be deaf and dumb.

Happy, Healthy Children.

Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain in results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their mission and every one who uses DeWitt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by C. A. Wright.

After arguing with a man for half an hour a woman invariably says: "Now why can't you be sensible?"

The man with a new sealskin cap takes the open winter as a personal affront.

Do You want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure add to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities Sold by C. DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE FAULTS OF THE GIRL OF THE PERIOD.

Her lack in what should make the well brought-up young woman. Some of the fashions in which she might with profit imitate the women of an earlier period. Her failings and virtues.

By CHRISTINE TERHUNE HERRICK.

(Copyright, 1904, by Christine Terhune Herrick.)

There are few creatures in the world more charming than a really nice girl.

One such girl comes to my mind as I write. She has led what may be called a sheltered life. Her family possess means and she has had all the advantages any girl could desire. She studied in one of the best of New England's high schools and there acquired freedom from snobbishness—a character trait that is imparted to the right type of girl by the associations with all sorts and conditions of students. When she left the school she was taken abroad and after having traveled extensively was given a year in an English and French school near Paris. From this she came home to the small town in which she was reared and went happily to work to live her life. She has taken one or two small classes in languages, because, as she sensibly says, that it is the work by which she would live if she had to support herself and she does not wish her accomplishments to become rusty. But she is also the daughter of the house, in the old fashioned meaning of the phrase, taking her share in the housekeeping and home making, helping her mother when it is necessary, being a companion to her father and a friend to her younger brothers and sisters. The gentleness of manner which makes her charming to strangers may be due partly to nature and training, but a portion of it is surely the result of effort on her own part. She has "found herself."

I know another girl of the same type, although of a different environment. The second is a Middle states girl and comes of a parentage in very moderate circumstances. Always the girl knew that when she left school she would have to earn her own living. By the time she was eighteen she had mastered stenography and type-writing and had obtained a position. All day she is in her office and working hard. But when she leaves the office, she throws it aside entirely. One who met her would never suspect that she, too, did not lead the sheltered life. Gentle, considerate, deferential to her seniors, not vehement in pressing her own opinion upon others, She is thoughtful about doing "the little kindnesses that most leave undone or despise."

Here are two specimens of what I call a really nice girl. There are a good many of them in the world—for which we may thank Heaven and judicious mothers. But, alas! there are others of another type.

I know several of the latter sort, but one will serve as an example. She is a college graduate and a splendid looking young woman. She has her good points and they are many. Those who know these and love her because of them deprecate the flaws which are so much more conspicuous than the virtues that the latter sink almost out of sight.

This girl is self assertive. She has no doubt that she knows all there is to know. Question any statement made by her and no matter how gently you advance your own judgement you are summarily snubbed. There is no admission that you may have a grain of right on your side. Has not the girl been to college? Is she not young? Does she not keep up with the times? Go to, ye back numbers! The girl of the period has spoken and the point is settled!

As a matter of course, the two girls of whom I spoke first have as good a right as the third to claim to be girls of the period. That is, they would have if there were as many of them as there are of her. This sounds involved, but I fancy the meaning is tolerably clear. The girls who have an undue sense of their own importance, who are lacking in deference to their elders, in unselfish thoughtfulness for those about them and in a modest esteem of their own importance, are in the majority. I don't like to own it, but I am afraid it is the truth. If it is, what is the matter?

There will be found a large number of conservatives who will lay it all, or nearly all, to athletics. They will declare that the outdoor sports for which girls have become so keen during the past few years are responsible for a loss of what the old writers would have called feminine delicacy. Those of us who think that a healthy body and a healthy mind and soul should go together are not inclined to hold this view We know too many girls who play basket ball and row boats and ride wheels and take part in track and field meets and are yet gentlewomen to yield credence to any such sweeping condemnations of athletic pursuits. And yet, what is the matter?

It is a hard thing for one woman to criticise other women and still harder and even poorer taste for one mother to pick flaws in other mothers. But are not the mothers in a measure responsible for some of the faults of the girls? Have they not made a mistake somewhere in the early training of their daughter? It cannot be altogether the sins of the latter, either hereditary or acquired. If the mothers had held the right relationship with the girls from the time the little creatures left the nursery, along through school life and out into society, would not the young woman of the present day be a rather different product?

Perhaps it may sound hopelessly old-fogeyish to press the value of domestic duties in making the girl more womanly. But is it not the case? If a girl is taught from the first that certain home cares fall to her lot as a matter of course will she not adapt herself to the home making work? The girl who intends to go out and seek a career will doubtless laugh this idea to scorn, but if she does, it is because she was started wrong. From her childish years she should have been called upon to do her share in taking care of the home and making it attractive. While she is still very young she can be instructed in the mysteries of dusting and in such small duties and as she grows older she can look after her own room and keep the living room attractive.

Then there comes the time that nearly every girl finds interesting when she is allowed to do a little cooking. Now that the sensible plan has been introduced of giving cooking lessons in the public schools there is a chance for children to learn something of cookery outside of their own homes. The effect is often very noticeable. The child goes home eager to attempt some of the new dishes she has made under the teacher's supervision. The mother is guilty of a grave blunder who does not encourage this sort of thing in the home. What if it does for a while make more plague than profit? Bother is not what the mother should be trying to escape. Her effort should be to induce her daughter to care for the purely womanly pursuits of making the home and all that therein is of comfort and pleasure.

It is an excellent plan to give the girl a sense of responsibility when there is entertaining to be done. This does not mean that she is to receive her guests alone while her mother and father retire to the background. Quite the contrary. When older guests are present the girl must consider it incumbent upon her to help make things pleasant for them. She need not thrust herself forwards, but she should let them see that she appreciates the duties of her position as joint hostess. When her own friends are invited to the house it should not mean that the parents are banished. In the habit of Young America of putting "the old people" to one side when girls and boys are met socially may be found the cause of many of the defects we lament in the girl of the period.

For after all, the young girl, no matter how charming she may be, is an untried creature. She is full of life and vigour and shows these in an over-flow of animal spirits that manifests itself in strange fashions The youthful spirits are all well enough in their way and we would not have her without them. But they must be directed and checked when they threaten her too far.

The average young girl is too self absorbed to grasp the idea that there are other points of view besides her own. She knows what her impulses incline her to do and she does not stop to consider how her actions impress those about her. If she dwelt too much upon this consideration it might have a tendency to make her self conscious, but a little thought of herself in relation to others is an admirable thing. When she has been taught from early childhood to be unselfish and to seek the comfort of others rather than her own enjoyment, pure and simple, she is pretty sure to be womanly and gentle.

Yet this does not mean that she may not be a breezy, out-doors little somebody. In fact, we would not like her if she were not rather "up and coming." The American girl is not prone to be lacking in "go" and sparkle. Her recent development along athletic lines has improved her physically and mentally as well. If to her splendid bodily health and her eager mind she adds the gentleness and thoughtfulness for others which make her lovable, there will be no one to cast even the shadow of a criticism on the girl of the period.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity! No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

IMPORTANT MEETING SUNDAY.

Rev. M. S. Rees, Evangelist, has something special to say to men.

F. D. Avery is in receipt of a paper which contains the following article:

The evangelistic meetings at Trinity M. E. church on Friday afternoon and evening were both largely attended. The good words that had been said of Evangelist Rees, of Rochester, by press, preachers and people previous to his advent, in the opinion of those who have attended the meetings, over which he has presided, were not nearly so strong and favorable as the occasion demanded. There has never been a public speaker in Oil City who has so completely won the admiration of lovers of pulpit oratory, or the hearts of hearer in such a short time. The effects are shown in the number who attend the services over which he presides. Each successive meeting has been marked by larger congregations, and on Friday it was a serious question as to how to accommodate those present.

The meeting at 3:30 o'clock in the afternoon was for women only, and not only the auditorium was crowded, but fully one-half of the seats in the gallery were filled. Rev. Rees had as a subject for his discourse. "Women's Best Friend." by logic and persuasion, and the citing of many instances that had come under his personal observation, he made a strong plea for women to take Christ the Savior as their dearest friends and reliance in their every day life, as well as in times of great extremity.

The audience in the evening was a record-breaker for numbers. There was a special attraction in the music. In addition to the largely augmented choir from the various churches, Mr. and Mrs. Charles L. Smith sang a duet, "Come Unto Him Today." The subject of the evening's discourse was what Evangelist Rees declared was the epitome of the gospel, "God so loved the world that He gave His only begotten son that whosoever should believe in Him might not perish but have everlasting life." The great love that God bears for all mankind, universal, without regard to color, creed or condition, was largely elaborated upon and touchingly explained to a congregation that sat enraptured listening to the speaker, who seemed inspired by the grandeur of his theme. "Commit the sin of profanity, drunkenness, unchastity, break every one of His commandments, and yet God loves you and stands ready to forgive through His son, Christ. God help you all to respond to this love in such a manner that you will please Him. 'If ye love Me keep My commandments.'" was one preroration delivered that affected the audience to a remarkable extent.

There will be no meetings on Saturday. The regular services will be held at the various churches connected with the union services on Sunday morning, but in the afternoon will be held what the evangelist considers his mightiest effort and most important gathering of the series of services. This service will be held at Trinity M. E. church at 3 o'clock Sunday afternoon, and will be for men only. The aim is to have every man in Oil City present, and special efforts will be put forth to induce them to come. It will be advertised in the shops at noon, street meetings will be held this evening to give a personal invitation to every man to come; it will be announced from the various pulpits of the churches of the city, and those reading this notice will consider it a personal invitation to be there.

The Colonial quartette will sing. The subject will be "Twentieth Century Sodom," its streets, avenues and inhabitants. The speaker guarantees that it is an address which the men of Oil City may hear with profit. The same address will be delivered to women only in Grace M. E. church on Sunday evening at 7:30 o'clock. Rev. S. A Cornelius, pastor of the Second Presbyterian church, will speak to men only at Trinity M. E. church on Sunday evening at 7:30. Those affiliated with Mr. Rees in the work are thoroughly interested and decidedly encouraged by the interest manifested in the work and the large number who attend the services. Oil City Derrick.

CLUB NOTES.

Election of officers at the Research Circle next Tuesday afternoon.

The Wit and Wisdom club will meet next Tuesday evening instead of Monday on account of Prof. DeMotte's lecture. The meeting will be held at the home of Mr. and Mrs. Chas. Kemp and it will be an Irish evening.

SPRING WEDDINGS

The Marriage of

NAOMI S. NORTH AND CHAS. H. WILLIAMSON,

Both of Tecumseh. Also the Marriage of Bertha VanValkenburg and Harold Hoag.

The wedding ceremony of Charles H. Williamson and Miss Naomi S. North, which occurred at the home of the bride's parents, Dr. and Mrs. L. G. North, at 6 o'clock last evening, beside being most beautiful and impressive, was unique in the annals of Tecumseh bridals.

The parlor was handsomely decorated with pink, white and green. The walls were white, pannelled with pink, and trimmed with ground pine. Promptly at 6 o'clock, to the strains of the Lohengrin Bridal Chorus, played by Mrs. Harry Moore, the wedding party consisting of Anna and Floyd Williamson, sister and brother of the groom, came into the parlor, carrying white ribbons wound with smilax, forming an isle, followed by Pastor Bower.

Miss Katherine Stevens of Detroit, the ring bearer, cousin of the bride came next, then the bride and groom, who were followed by Miss Mary Mills and Edwin Nisle of Ionia, the last couple gathering up the ribbon as they came in the parlor. Standing beneath a bower of holly, Pastor Brown spoke the solemn words which made them man and wife.

Miss North's dress of point de sprie, over white silk added to her beauty and her costume was completed by a large bouquet of bride's roses. Miss Anna Williamson was gowned in white muslin, handsomely trimmed with white lace and yellow ribbon and carried white carnations. Miss Mary Mills' gown was of yellow silk with yellow lace trimmings. She carried white carnations.

After congratulations, the guests numbering about sixty were invited to the dining rooms, where a wedding supper was served. Hiens' catering. The bride's table was trimmed in holly, smilax and pink bridesmaid roses. Miss Luella Williamson and Guy M. Johnson served at the bride's table and the Misses Edith Wilson, Marie Bramble, Bertine and Florence Titus, Bertha Potter and Maud Saul served the other guests. Each guest was presented with a box of cake tied with white ribbon and those who waited on table were presented with a hand painted china pin tray.

The bride and groom left for New York City last evening, driving to Adrian. They were accompanied by the Misses Anna Williamson, Luella Williamson, Ella Potter and Mary Mills, and Messrs. B. J. Pulver, Floyd Williamson, Raynor Brewer and Floyd Heesen. The bride's travelling gown was dark blue broadcloth.

Mrs. and Mrs. Williamson are among Tecumseh's most popular young people, and they have the best wishes of the entire community.

Among the out of town guests were, Mr. and Mrs. Levi Stevens and two children of Detroit, Miss Jennie Gilkey of Adrian, and Miss Lida Crebbin of Dundee and Ed Nisle of Ionia.

VANVALKENBURG—HOAG.

The marriage of Miss Bertha VanValkenburg to Harold A. Hoag, was solemnized Wednesday evening at the home of the groom's parents, Mr. and Mrs. Hamilton Hoag. The guests were met at the door by Miss Lila VanValkenburg and Edward Hoag. The bride and groom mingled with the guests until 7:30 when promptly to the strains of the wedding march rendered by Hazel Miller, they took their places beneath a bower of lace, calla lillies and smilax, where Rev. Leslie Bower pronounced the words which made them man and wife, using the ring service, the ring being carried by Fay VanValkenburg a brother of the bride.

The bride's gown was of caster cloth with gold trimmings and she carried a shower bouquet of white carnations and and smilax, while the groom was dressed in the conventional black.

The parlor was trimmed with festoons of white crepe paper from the corners of the room to the chandelier and smilax and the sitting room in pink and smilax.

After congratulations a wedding supper was served in the dining rooms. Mr. and Mrs. Hoag were the recipients of many useful and pretty presents.

The bride and groom will reside on the Hoag farm, west of town, and will go to housekeeping at once.

There were about 75 invited guests, those from out of town were, Mrs. Fanny Hill, of Adrian; Mr. Huey, of Ogden; Mr. and Mrs. Fred Williams, of Palmyra; Mr. Underwood, and neice, Miss Harriett, of Palmyra; Mr. and Mrs. C. Cooley, of Iron Creek; and Mr. and Mrs. Thomas Meade and Mr. and Mrs. E. Hoag of Sutton; beside a large number of friends from town.

THE CHURCHES.

Baptist church Sunday morning, the pastor will preach on "Christian Baptism."

The pastor's subject at the Methodist church Sunday morning will be, "Have Dominion."

There will be an opportunity given Sunday morning, at the Methodist church, for those who desire to unite with the church to do so.

The union service Sunday evening will be held in the Methodist church instead of the Presbyterian as announced. Rev. L. Bower will preach. Subject. "Men who Stand."

Prof. Amanda Kidder of Detroit school of Oratory, will speak in the Universalist church next Sunday March 13 Subject in the morning "Life Ideal." Evening subject "Gospel of a Poet."

Advertised Letters.

Remaining uncalled for at the Tecumseh post office Mar. 8, 1904.

Dinnie Arnarm, Thos. Dolin, Mrs. Jennie Leonard, Mrs. Henry Jendoring.

All calling for above letters please say "advertised."

Concerning

THE KINGDOM OF GOD.

2 Tim. 4:2 Cor. 1 9:16

THESE WERE MORE NOBLE THAN THOSE OF THESSALONICA IN THAT THEY RECEIVED THE WORD WITH ALL READINESS AND SEARCHED THE SCRIPTURES DAILY, WHETHER THOSE THINGS WERE SO. ACTS 17:11

XII

A few questions still remain to be considered in connection with the subject of Baptism.

1. How can a man be born again by the mere pouring of Water upon his head?

Nobody supposes for a moment that the outward application of a little Water in itself effects any such result. Nor does the Bible teach any such thing What it does teach is this: Our blessed Lord has promised to receive all who are baptized according to His commandment (Matt. 28:19) as members of his Kingdom. As members of His Kingdom they are entitled to and come under the operation of the Holy Ghost (Acts 2:38). It is this operation of the Holy Ghost which effects that Union with Christ's Body, which implies and involves the New Birth (1 Cor. 12:13). When a person receives the rite of Christian Baptism he passes through the door of entrance into the Kingdom of God. Thus the pouring of Water upon him in the name of Jesus Christ admits him to the regenerating influence of the Holy Ghost.

2. But does not St. James say that a man is begotten (i. e. born again) "with the word of truth" (Jam. 1:18)?

And do you suppose that all the rest of Scripture must be twisted and tortured into conformity to the mere superficial interpretation of an isolated text like this? We may say that both the warp and the woof of Scripture teaches that a man enters the Kingdom of God by Baptism, and is thereby admitted to the regenerating influence of the Holy Ghost. This text of St. James is only like a single strand which seems at first sight not to belong to the same piece (viz., of teaching). Surely under the circumstances, it is plain that it is this text which calls for further explanation, and not the general teaching of Scripture which calls for explaining away.

Observe then, in the first place, that the superficial interpretation of this passage cannot possibly be correct. A man is not begotten by "the Word;" he is begotten by the Holy Ghost as we have just seen. We must look below the surface, therefore, if we are to get at the true meaning.

The explanation is simple and clear enough. The "Word of Truth" here means the Gospel, viz., of the Kingdom of God (Cf. Acts 8:12 with verse 14 below. The "Word of God" in the New Testament means the "Word concerning the Kingdom of God." Cf. Luke 8:11 with Matt 13:19). Accordingly what St. James means is simply this, that those of us who have accepted the Gospel concerning the Kingdom of God have been begotten by the Baptism which we received according to that Gospel. (Cf. Eph. 5:26. Here St. Paul defines what "Washing of Water," he means by indicating that it is that particular Washing which goes "with (R. V.) the Word"—i. e. the Word of the Gospel.

3. But does not St. John tell us that "Whosoever believeth that Jesus is the Christ is born of God?" (1:John 5:1.) Is that not all one with saying that a man is born again by Faith in Jesus Christ whether he is baptized or not?

Again I ask, are you ready to throw overboard the whole general teaching of the Bible in order to cling to a mere superficial interpretation of this one text? Clearly St. John could not have meant what appears simply upon the surface; for we are told that the "devils also believe and tremble" (Jam 2:19. Cf. Mark 1:24, etc.) He is speaking rather, of those, who, having heard the Gospel of the Kingdom of God, have accepted it (and, of course, been baptised,) as against those who have rejected that Gospel. (Cf 4:2, 3.) St. John had heard our blessed Lord's command, "Go ye therefore, and make disciples of all the nations (by) baptizing them, etc." It is this same St. John also who recorded our Lord's words to Nicodemus, "Verily, verily, I say unto thee, Except a man be born of water and of the Spirit he cannot enter into the kingdom of God." (John 3:5). How utterly shortsighted, then, one must be, not to see that when he speaks of believers in Jesus Christ as being born of God, he is speaking of those who have been made disciples of Jesus Christ by being baptized into the Kingdom of God! Similarly, when St. Paul said to the Philippian Jailer (Acts. 16:31), "Believe on the Lord Jesus Christ and thou shalt be saved," he understood such belief to include the acceptance of Baptism a part of its consequence, as is evident from what followed (Cf. verse 33.) So "to believe" with St. Paul, as with St. John, involved "to be baptized."

Robert McGill.

Robert McGill was born in Ireland Sept. 4, 1838, and died at his home in Tecumseh Sunday afternoon at three o'clock of pneumonia, making him 70 years of age at the time of his death. The funeral was held from the home Tuesday afternoon at two o'clock, Rev. W. F. Jones officiating. He leaves a wife and one daughter. Mrs. Stuart, of this place, to mourn his loss.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by C. A. Wright, druggist. Price 50c and $1.00. Trial bottles free.

C. A. WRIGHT'S CONFIDENCE IN HYOMEI

Not a penny need be paid unless it cures you of catarrh.

"Use Hyomei and be cured of catarrh," says C. A. Wright. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but $1. The inhaler lasts a lifetime, and when extra bottles of Hyomei are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, C. A. Wright will cheerfully return the money and it will not cost a penny.

REASONS

Why our Vinol is the Greatest Health Restorer and Strength Creator Known to Medicine.

Because Vinol contains in a concentrated form ALL of the medicinal curative elements found in cod liver oil, but without a drop of oil to nauseate and upset the stomach; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Because we have never sold anything in our store equal to Vinol to restore health and create strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles.

A prominent physician writes:

"Vinol is the most palatable and valuable preparation of cod liver oil ever compounded. I now use it entirely in all cases where I formerly depended upon old-fashioned cod liver oil and emulsions."

Try Vinol on our guarantee to return your money if you are not satisfied.

MUST BELIEVE IT

When Well-Known Tecumseh People Tell it so Plainly.

When public endorsement is made by a representative citizen of Tecumseh the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.

George Merritt, the well known proprietor of the cigar manufactory, says: "I can testify the honesty and worth of Doan's Kidney Pills. There is no humbug about them. I was annoyed for some time with a dull aching pain in my back at times quite severe. I heard so much about Doan's Kidney Pills that I procured a box at C. A Wright's drug store and after taking them a short time I found they were helping me. Finally the pain in my back disappeared entirely. Doan's Kidney Pills are a splendid remedy for all kidney ailments."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Joy discends gently like evening dew and does not patter down like a hails storm.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

We need not be much concerned about those faults which we have the courage to own.

No matter how long you have had the cough: if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

NOT TRUE HEROISM

To "Grin and Bear" Rheumatism a Relic of the Past.

Grit your teeth a minute while you listen to this story. If you have Rheumatism it is because you have an excess of Uric acid, which has clogged your blood, the same as floating ice does a river, only the Uric acid poisons in addition. You cannot be freed from Rheumatism until this Uric acid is dispelled. It can be dispelled because we have done it and are doing it every day with Athlophoros.

We have found the action the quickest when the pain is the greatest.

With half a bottle and in twenty-four hours Athlophoros has enabled men to get out of bed and go to work. There is no need to stand pain.

We say it advisedly. One bottle of Athlophoros will show if it will act on you. If it does you good you will thank us for belittling your heroism. If it does not do you good we hold ourselves ready to give your case special consideration and advice without charge.

The Athlophoros Co., New Haven, Conn., will send a bottle for one dollar if your druggist doesn't keep it.

READ IT THROUGH.

'Twould spoil this story to tell it in the headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlains Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by all druggists.

Lovemaking in Mexico.

In northwest Mexico the courting is all done by the lady. The young people meet at the feasts, and there the damsel who has fixed upon a member of the opposite sex whom she wishes to become her husband tries to attract his attention by dancing before him, persistently keeping her back turned toward him. Eventually she may sit down near him and pull his blanket and sing to him in a gentle, low voice. When she desires to bring matters to a focus, she begins to throw pebbles at the chosen one. If he throws them back at her, they are betrothed.

98 IN EVERY 100

The medical societies of the world disclose the astounding truth that 98 persons in every 100 suffer from some form of Kidney and Bladder Trouble, or some irregularity, disorder or symptom of those terrible diseases.

These are vital facts—facts which should appeal to you and be given your immediate and deepest thought. Think of it, only two persons in every hundred free from these diseases: Ninety-eight persons in every hundred drifting on to the dire consequences which always follow these subtle and serious afflictions unless their development be checked at once. Nature is trying to warn you—we ask you to heed its warning before it is too late. You need not suffer longer—You can be cured. Don't delay another day. Attend to this at once.

Dr. Gossom's Kidney and Bladder Cure

IS GUARANTEED TO QUICKLY, POSITIVELY AND PERMANENTLY CURE Bright's Disease, Backache, Dropsy, Gravel, Diabetes, Rheumatism, Gout, Weak Heart, every Urinary Disorder, Aching Pains over the Hips and Kidneys, Dimmed Vision, Periodical Headaches, Pain in Urethra, Despondency or "Blues," Sallow Complexion, Foul Breath, Bad Taste in the Mouth, in fact all Irregularities caused by and associate symptoms of Bladder and Kidney Trouble in any form. No matter how terrible your affliction may be, Dr. Gossom's Kidney and Bladder Cure will cure you. It eradicates totally and completely any irregularity or symptom of Kidney and Bladder Trouble and puts those most vital organs in as perfect and healthy condition as in childhood.

No matter how much you suffer nor of how long standing your disease may be, **perfect health will be yours,** if you use Dr. Gossom's Kidney and Bladder Cure, which has a record of forty-two years of curing—which never fails and cures even after all other medicines and physicians have failed.

Disease fastens itself upon you through **neglect,** nothing else. **This infallible remedy attacks and destroys the very roots of disease.** It kills disease germs of every kind and fortifies the system against them. It tones up, renews and invigorates the entire body. It completely drains out of the blood every particle of Uric Acid, Urates, Lithates, etc., which cause these diseases; no other remedy in the world does this. It is purely vegetable, perfectly harmless and leaves no disastrous "after-effects."

Cured by Dr. Gossom's Kidney and Bladder Cure After Doctors and Other Medicines Had Failed.

I had been suffering for the past ten months with pains in my back and stiff joints. *I could get no relief from anything.* I tried many doctors and used many medicines. I am happy and thankful to say that three boxes of Dr. Gossom's Kidney and Bladder Cure *entirely cured me.* I can always cheerfully speak a good word for this wonderful remedy.

FOLD OF MORE CRIME

Car Barn Bandit Confesses to Other Murders

AFTER SENTENCE WAS PASSED

Was One of Three Who Held Up Train Four Years Ago—Killed Two Other Men in Cold Blood—All Sentenced to Be Hanged.

Chicago, March 14.—The car barn bandit jury, after hearing the evidence in the trial of the three desperadoes, has returned a verdict of guilty against Harvey Van Dine, Peter Niedermeier and Gustav Marx and fixed the extreme penalty, hanging.

Since his sentence Gustav Marx, one of the three bandits, has declared in a confession that he was one of the three men who held up the Chicago & Northwestern express train at Tower W, near DeKalb, four years ago. The crime, which has passed into history as one of the most desperate ever committed in or about Chicago, has never been fastened upon any one of the many suspects arrested, and the identity of the bandits has remained a mystery to the police until now.

Marx says both his confederates in the crime are dead and refuses to give their names.

In a sort of footnote to this startling confession, Marx admits the killing of five men in his career of crime. "Besides John B. Johnson, killed at the car barns, Detective Quinn, killed at the time of my arrest, and Otto Bauder, whom Roeski is generally supposed to have killed, I have two other men," said Marx.

"Eight years ago Niedermeier and I went to Janesville, Wis., to rob a train and hid our dynamite alongside the track. A trackwalker, or railway detective—I have never learned which—came upon us and asked us what we were doing there. I shot him and we threw his body into the Rock river. The other man whom I killed I had done criminal work with in Michigan. I shot him at Camp Goldfield, Col., when Niedermeier and I were there last fall. He knew too much about me, and I killed him and left his body lying in the suburbs of the camp. Both these crimes can be verified by the police."

Missionary's Murder Confirmed.

New York, March 14.—The Presbyterian board of foreign missions has received a cable in confirmation of the news of the murder of Rev. Benjamin W. Labaree, near Khoi, Persia. He was the son of the Rev. Dr. Benjamin Labaree, also a missionary in Persia. The Rev. Mr. Labaree, who was murdered, was born in Urumia, Persia, thirty-four years ago. He was appointed a missionary in 1893 and leaves a widow and two children. Mrs. Labaree is a daughter of the Rev. Dr. Schauffer, now of Cleveland, and for many years a missionary in Turkey.

Taft to Supervise Canal.

Washington, March 14.—By an executive order which it is expected will be promulgated about March 22, the president will place the isthmian canal commissioners directly under the supervision of the secretary of war, so that their reports and the detail of their work will pass through the channels of the war department. There are several reasons for this, and the president reached a decision in the matter after consulting with several members of the commission, who are entirely agreeable to the change.

Senator Tillman Improving.

Washington, March 14.—Senator Tillman, who for a week has had serious trouble with his throat, is reported to be very much improved and the confident expectation is expressed that he will be able to leave the city for the south during the present week for a period of recuperation. The marked improvement is due to the relief experienced from the lancing of another abscess. The senator swallows readily now and is able to converse without difficulty.

Opening of World's Fair.

St. Louis, March 14.—The program for the inauguration ceremonies opening the Louisiana Purchase exposition on Saturday, April 30, probably will be officially announced this week. There will be a parade inside the grounds. After the parade the ceremonies will be held in the Plaza of St. Louis. The program, it is estimated, will have been completed by noon, at which time the exposition will be formally declared open.

Storms Drove Seals Ashore.

St. Johns, N. F., March 14.—Large herds of seals are being carried against the northern coast line of Newfoundland by the inshore winds, thus enabling the coast dwellers to kill them. Many sealing steamers passed north on Saturday and are working through the ice floes. It is thought they will be able to reach these herds without difficulty.

Menelik's Gifts Arrive.

Boston, March 14.—On the steamer Lowther Castle, which has arrived from the far east with a million dollar cargo, were two wild animals, a baby lion and a hyena for President Roosevelt from King Menelik of Abyssinia. The king also sent to the president a pair of elephant tusks valued at $2,000.

Kick Resulted in Death.

Muskegon, Mich., March 12.—John Petroskie, aged 65, was instantly killed here by being kicked in the face by a horse that he was taking care of.

It saved his leg.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by C. A. Wright, druggist.

RUSSIANS HARD HIT

Japanese Admiral Reports on Last Port Arthur Attack.

JAPS SCORED CLEAN VICTORY

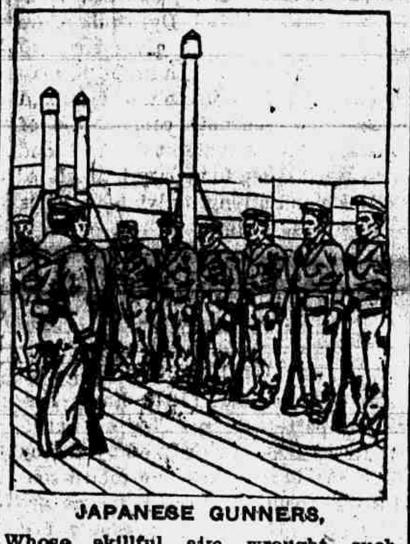
Torpedo Boats Were Bow to Bow in Conflict—Much Destruction in City—Togo Awarded Crown of Hero by His People.

Tientsin, March 14.—Information from an official who was an eye witness to the bombardment of Port Arthur on Wednesday and Thursday is to the effect that the Russians had 25 killed on the battleship Sevastopol, 20 on the Retvizan and 20 in the town. The Russians claim to have sunk a Japanese cruiser.

Tokio, March 14.—Official and private reports both indicate that Admiral Togo's fourth attack on Port Arthur on the 10th inst. was the most effective since the first assault of a month ago. One Russian torpedo boat destroyer was sunk and several Russian torpedo boat destroyers seriously damaged. The fortifications and city were subjected to a heavy bombardment, lasting nearly four hours.

Admiral Togo's flotilla opened the action by boldly steaming in under the batteries and successfully placing a number of mechanical mines at the mouth of the harbor. Following that there was a desperate bow to bow encounter between the torpedo boat destroyers, in which the Japanese appear to have scored a clear victory. Then followed a long range duel between the cruisers, ending in the retirement of the Novik and Bayan, the only Russians engaged.

The closing action was the bombardment of the inner harbor by the Japanese battleships. The latter took a position southwest of Port Arthur and used only their 12-inch guns. A total of 120 huge projectiles were fired at the city. Admiral Togo was unable to definitely learn the results of the bombardment but later private reports indicate that much destruction was caused in the city, where a series of fires broke out. There also was damage to batteries.



JAPANESE GUNNERS,

Whose skillful aim wrought such havoc among Russians at Port Arthur.

Captain Shokiro Asai, commanding the flotilla of torpedo boat destroyers, steamed so close to the enemy's destroyers that they almost touched and a most desperate conflict ensued, from which the Russians retired badly disabled.

Admiral Togo is permanently numbered among the heroes of the empire. The latest reports place the Japanese loss at nine killed, five seriously wounded and seventeen slightly hurt. The Japanese fleet was not damaged in the fighting.

HAS PORT ARTHUR FALLEN?

Dispatches Affirm It—Telegram From the Port Says "All is Quiet."

London, March 14.—A dispatch to the Central News from Tokio says: "It is asserted here that the Russians virtually have abandoned Port Arthur."

Tientsin, March 14.—An unconfirmed report has reached here that Port Arthur has fallen.

Shanghai, March 14.—The Japanese in Shanghai show considerable excitement over the report that the Russians have abandoned Port Arthur.

Port Arthur, March 14.—Everything is quiet here.

London, March 14.—The rumor of the evacuation of Port Arthur is repeated this morning from different points, but it is absolutely without confirmation.

WAR NOTES.

Harbin, Manchuria, is threatened with a food and wood famine because of the increased prices of these necessaries.

The Russian general, Kuropatkin, left Moscow at 8 o'clock Sunday evening for the far east, amid popular demonstrations. Great numbers of clergymen with sacred banners were at the railroad station to see him off.

Private Chinese reports that are being received in Pekin state that the whole of Manchuria is in a state of utter confusion owing to the Russians having seized all food supplies and other commissariat necessities.

Damages For Being Thrown Out.

Port Huron, Mich., March 14.—For being ejected from a Rapid Railway car on the city line, because the conductor did not understand that the ticket he offered was a valid one, W. J. Belyea has recovered a verdict of $75 from the City Electric Railway Co. Belyea boarded the car on Military street and offered what is known as a "blue line" ticket, good on Military street and Lapeer avenue only. The conductor refused to accept it and Belyea, in the ejectment, was roughly handled. Besides his damage suit Belyea had the car crew prosecuted for assault and battery.

RAILROADS TAKE HAND

Great Colonizing Movement For Northern Michigan.

SETTLERS ARE IN DEMAND

Michigan Passenger Association Pushing It—Thousands of Acres to Be Offered For Settlement—Bureau Organized to Carry on Work.

Detroit, Mich., March 12.—The colonizing of northern Michigan, a problem which has for some time been receiving the attention of capitalists and railroads running into that section, now seems to be a possibility. Railroads leading to the upper end of the state have taken the matter up in earnest and have inaugurated a campaign the like of which has never before been seen in Michigan. The new movement is, it is understood, under the auspices of the Michigan Passenger association, and every railroad tapping the upper portion of the lower peninsula is in it. This includes the Michigan Central, Pere Marquette, Wabash (Ann Arbor), Grand Rapids & Indiana, Detroit & Mackinac, and it is said one or two smaller roads.

The direct supervision of the matter has been placed in the hands of Mr. J. E. Merrett, who has been heartily in accord with the work for northern Michigan and has done much to foster the prosperity and settlement of that part of the state. It is understood the colonization movement will be in the form of a new bureau of the Michigan Passenger association, of which Mr. Merrett will be chief.

Much to Choose From.

It is the purpose of this organization to make it easy for prospective settlers to reach the different portions of the upper end of the lower peninsula and that every facility will be given to examine the lands in their every aspect so that a man who wants to locate upon a northern farm may look at any number of pieces of land before making up his mind which to take.

In this connection a series of excursions is to be run. In this way prospective settlers can make several trips at a small cost if they so desire and can satisfy themselves thoroughly about all the points of climate, soil, markets, facilities, etc. It is to be expected that many will be pleasantly surprised at the valuable lands to be had for a low price at a very convenient distance from a market. It is said that the new bureau already controls over 500,000 acres north of a line drawn due west from Bay City.

Further details, perhaps the complete plan of the new movement, will be made public at a meeting of the Michigan Passenger association to be held in Detroit next Thursday. It is fully expected that before the association winds up its business in connection with this project all the lands of upper Michigan available for agricultural purposes will be owned and occupied by people who will make of northern Michigan what it ought to be and what it would long ago have been if that part of the state had not been for many years most villainously traduced.

Another Paper at Lapeer.

Lapeer, Mich., March 12.—With the sale of the Imlay City Times, another newspaper will be started at Lapeer about July 1. The matter of starting the third paper at the county seat has been discussed for several years by well-known business men, and a stock company has been formed which will be capitalized at $10,000. The paper will be independent and the matter used will be of general interest, not only to farmers, but to all who want a newspaper.

Prosperous Farmer Kills Himself.

Harbor Beach, Mich., March 12.—Edmund Cowper, a prosperous farmer living ten miles south of here, committed suicide by taking carbolic acid. He was 55 years old and leaves a widow and nine children. He was on the school board for some time and had some trouble over the selection of a teacher. Worry over this affair is though to have driven him insane and caused him to take his life.

Boilermakers' Strike.

Detroit, Mich., March 12.—Local 163 of the boilermakers' union has declared a strike against the Sterling Boiler Co. of Chicago, which has the contract for placing the boilers in the new Edison building at Delray. The men claim union boilermakers have been discharged and laborers put in their places.

Burns Proved Fatal.

Port Huron, Mich., March 12.—Arthur G. Draper, the man who was so severely burned while attempting to extinguish a fire at his home on Wednesday, is dead.

Cattle Roasted Alive.

Carleton, Mich., March 12.—A barn owned by Henry Vose, a farmer in Waltz, has been destroyed by fire. Three cows were roasted. Loss about $2,000.

Jury Censured Wife.

Battle Creek, Mich., March 14.—The coroner's jury in the case of John A. Vanbrocklin, who died from the effects of strychnine taken by mistake, gave a verdict censuring the wife for criminal carelessness in not warning him that the poison was in the cabinet, where he was in the habit of keeping medicine. No further action has been taken, though the prosecutor is looking into the matter.

Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe, sure. Only 25c at C. A. Wright's drug store.

BRIDGES GIVING WAY.

Twenty Persons Had Narrow Escape at St. Joseph.

Niles, Mich., March 12.—A portion of the piling was washed from under the Michigan Central spur bridge above the powerhouse dam Friday and the bridge has been abandoned. The bridge below the dam, owned by the city, has sagged considerably in the middle and people have been warned against using it more than absolutely necessary. The river is higher than ever known before.

The ice above has all given way and is running down in immense quantities, threatening all bridges and dams. A large force of men is constantly on guard and dynamite is being freely used to prevent ice jams forming.

St. Joseph, Mich., March 12.—Property along the St. Joseph river is in greater danger than was ever known before. The stream has been rising rapidly every day and is now above high water mark. The destruction of the Napier bridge Friday morning made it necessary to blow the ice gorge out with dynamite in order to save the steamer May Graham and the other bridges across the stream.

The Three-I railway track is submerged and street cars are not allowed to cross the highway bridge. A big force of men is on duty guarding the bridges. Twenty sightseers narrowly escaped death on the bridge that went out Friday. The property loss is already enormous.

WOULDN'T IMPLICATE MOTHER.

Pitiful Scene at Trial of Mrs. Rice in Muskegon.

Muskegon, Mich., March 12.—A pitiful scene was enacted in the crowded courtroom here Friday when Charles Rice gave his testimony against his white-haired old mother, who, it is thought, is implicated with him in stealing money from the Old National bank at Grand Rapids.

Rice would not say his mother is guilty, but declared that he alone took the money. Rice says he was employed in the bank six weeks and stole $1,150 after 6 o'clock Feb. 16. Two hours later he came to Muskegon, where his mother lives. He said his mother has always been good to him, giving him money, which he spent in drinking. Here the mother broke down and sobbed. Rice is married and has a wife and child in Chicago.

The teller of the Muskegon Savings bank testified that Mrs. Rice deposited a $100 bill and a fifty, and other witnesses swore that she had shown them a $100 bill and said she had nine more like it. The case was adjourned to next Wednesday.

New Rural Routes.

Washington, March 12.—Rural free delivery established to commence April 15 in Michigan: Charlevoix, Charlevoix county, additional service, route 2, length of route, 22⅞ miles, population, served, 513. Luther, Lake county, route 1, length of route, 25½ miles; population served, 675. Manistique, Schoolcraft county, route 1, length of route, 25¾ miles; population served, 625. Thompsonville, Benzie county, route 1, length of route, 25¾ miles; population served, 639. Walkerville, Oceana county, route 1, length of route, 21¼ miles; population served, 630.

Struck by Piledriver.

Detroit, Mich., March 14.—Nathaniel F. Currie, 464 McClellan avenue, is dying at St. Mary's hospital as the result of an accident that occurred to him while working on the new dock for Parke, Davis & Co., at the foot of McDougall avenue. He was struck on the head by a 2,000-pound piledriver and knocked, insensible, into eighteen feet of water.

A Historic Baluster.

Port Huron, Mich., March 14.—Dr. C. B. Stockwell of this city has the original baluster taken from George Washington's church at Alexandria, Va., and has tendered it to the committee having the restoration of the church in charge. The committee has accepted the gift and it will again be placed in the historic edifice.

Prisoner Shot at Deputy.

Mt. Pleasant, Mich., March 14.—Charles Tognetti, charged with burglary, has escaped from the jail at Mt. Pleasant and is still at large. In some way he became armed with a revolver and when Deputy Willard attempted to recapture him he shot at the officer.

Fatally Hurt in Paper Mill.

Kalamazoo, Mich., March 14.—William Koning, aged 17, was fatally injured by being caught on a shaft in paper mill No. 2. In passing the shaft his clothing accidentally caught and he was whirled around nearly thirty times before being released.

Fell From His Room Window.

Detroit, Mich., March 14.—While cleaning the windows in his room, on the third floor at 833 Brush street, Ralph S. Holmes, a solicitor, aged 26 years, lost his balance and fell to the sidewalk, sustaining injuries that later caused his death.

Dropped Dead While Working.

Bay City, Mich., March 14.—Mrs. Zoah Boccom, 80 years old, living in Fraser township, dropped dead while baking bread. Heart disease was the cause. She was a resident of the county for nearly forty years.

Floods Have Subsided.

Wilkesbarre, Pa., March 14.—The vast deluge of water for the past week in the Susquehanna river has passed into history and last night the stream in this section had fallen to less than thirteen feet above low water mark.

Colds are Dangerous.

How often you hear it remarked, "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

Accept no substitute, but be sure to get Hood's, and get it today.

People generally set their hearts most on what they need least.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

AN INTERCONTINENTAL LINE.

Connection of New York and Buenos Ayres a Possibility.

Washington, March 14.—Charles H. Pepper, appointed by President Roosevelt as commissioner to carry out the recommendations of the second international American conference held in Mexico two years ago, with regard to the pan-American railway, has submitted his report to the state department, by which it will be transmitted to congress. The second conference created a permanent committee with headquarters in Washington, of which ex-Senator H. G. Davis is chairman. The other members are the ambassador from Mexico and the ministers from Peru and Guatemala.

Commissioner Pepper spent a year in visiting the various countries and was aided in his work by the United States ministers. His inquiries covered the general subject of trade opportunities that would result from railroad building, as well as actual railway construction.

The report says that the general project of an intercontinental line, which ultimately will place New York and Buenos Ayres in through railway communication, is receiving much encouragement. At the present time about 4,800 miles are lacking and the estimated cost of construction is placed at $150,000,000.

Commissioner Pepper gives five specific causes which have contributed to advance the intercontinental project, as well as railway building in general. Some of the developments have taken place since the beginning of the present year.

Senator Rawlins No Mormon.

Salt Lake City, Utah, March 14.—Former United States Senator Joseph L. Rawlins has sent the following dispatch to Chairman Burrows of the Smoot investigation committee relative to the testimony of Judge Ogden Hiles of this city before the committee Saturday:

"Hon. J. C. Burrows, U. S. Senate, Washington—Judge Hiles' statement that I am a member of the Mormon church is unqualifiedly false. I do not believe in any of its doctrines, dogmas or revelations. Have no affiliations with it. Such has been my attitude in public and in private for thirty years. Give this publicity in your proceedings. J. L. RAWLINS."

A Bath at Tiflis.

To take a bath at Tiflis is to court a wonderful experience. Abundant springs of water, strongly impregnated with sulphureted hydrogen, supply the building, and in its vaulted chambers, far below the street, there is no sound but the splash of the fountain and the rolling echo of one's own voice. Henry Norman gives a description of the masseur who presides over the bath and makes its most eccentric feature.

"He is a Persian, who speaks but a word or two of Russian. His head is shaved, a rag is twisted round his waist, and his feet are dyed orange.

"First he rubs you, and then suddenly, as you lie face downward on the marble slab, he is upon your back; his feet dug into your spine, his hands grasping your shoulders, to increase the pressure. Slowly, with skillful appreciation of every muscle, his feet grind up and down your back. They encircle your neck. They are on your head.

"Then he vaults lightly off, and in a moment from a linen bag filled with soap he has squeezed clouds of perfumed bubbles, and you are hidden in them from head to foot as completely as if you had fallen into a snowdrift. You are not absolutely bruised, but you are clean."

Sweetness That Never Palls.

During a sleepless night the Vizier Mujjeduddin Kumija dispatched his slave, Bedruddin Ejas, to bring him sweets. The slave procured a copper kettle heaped with many kinds of fruits and sweets, and Mujjeduddin began to eat.

"You relish them, my master?" asked the slave.

The vizier shrugged his shoulders. "These fruits are sweet—for the moment," he said, "but show me a fruit the sweetness of which will endure even unto the judgment day."

"Such fruits there are, my master," cried the slave and hastened toward the Mesched Husa, where he awoke the starving orphans in the house of Aliwin and led them forth and into the room of his master. Overjoyed, the famished children devoured the fruits.

"Look, oh, my master," said the slave. Here you see fruits the sweetness of which endures unto the judgment day."—New York Press.

Betrothal Customs.

The Scandinavian bridegroom presents to his betrothed a prayer book and many other gifts, which usually include a goose. She in turn gives him, especially in Sweden, a shirt, and this he invariably wears on his wedding day. Afterward he puts it away, and under no circumstances will he wear it again while alive. But he wears it in his grave, and there are Swedes who earnestly believe not only in the resurrection of the body, but in the veritable resurrection of the betrothal shirts of such husbands as have never broken any of their marriage vows. The Swedish widower must destroy on the eve of his second marriage the bridal shirt which his first wife gave him.

To Boil Water Without a Kettle.

"My wife and I," says a traveling man, "were once in a hotel where we couldn't get any boiling water. After we had discussed the situation my wife asked me if I had an envelope in my satchel. I got one out, when she told me to fill it with water and hold it over the gas jet. I hesitated, but finally did it and expected to see the envelope blaze up every minute. But it didn't blaze. The envelope took on a little soot, but that was all. The water boiled in time, and the envelope was as good as ever when the experiment was at an end. I don't know the chemistry of the process, but try it yourself and see if it will not work."

The Oriental Amethyst.

The oriental amethyst is really a violet colored sapphire, which is an exceedingly rare gem and of brilliant luster. It is regarded as a sacred stone, and it is used to ornament the cross and the pastoral ring of Catholic bishops. The ancients often used the amethyst for cutting figures both in relief and in intaglio, and there is in the national library of France a delicately wrought profile of Mæcenas, a Roman statesman of Octavius' time, engraved on amethyst by Dioscorides, one of the four celebrated engravers mentioned by Pliny.

What comes from the heart goes to the heart.—Coleridge.

The Truthful Pioneer.

"One day," said the truthful pioneer, "I was whacking up some wood down by the creek, and ten Indians loomed up. They were pretty thirsty even for Indians, and they said they knew I had a jug somewhere, and they wanted to sample it. I had a log about half split at the time, and the ax was sticking in it. I told them if they would help me get that log in two I would show them where the jug was. So they took hold, five on one side and five on the other, and pulled. And when I took the ax out the log sprung together and held them all by the fingers. Then I walked away to the house and loaded the shotgun and three or four pistols and then went back and argued with them, and they reformed right away." This story, says the Nebraska State Journal, was originally told of Daniel Boone or Davy Crockett and has done good service ever since. It is not copyrighted, however, and there is no good reason why Nebraska pioneers should not use it.

The Wild Giraffe.

Perhaps the most difficult of all wild animals to capture is the giraffe. In addition to being very rare giraffes are exceedingly timid and are very swift footed. There is no special way to capture a giraffe, as almost every way has been tried, and all have been almost equally unsuccessful. The method which has occasionally resulted in a capture is by using a long cord, at each end of which is a round weight. This cord is thrown by the hunter in such a manner as to wind round the animal's legs, either bringing it to the ground or rendering it incapable of escaping before it is made a prisoner. Most of the giraffes in captivity have been caught by chance when young.

Wonderful Minute Shells.

There is a sand bank at Connemara, on the west coast of Ireland, that is the Mecca of every curiosity seeker who is fortunate enough to know of its existence. As a general thing sand banks are not a great attraction, but in this particular case the attractive power is not in the sand itself, but in the millions of extinct miniature shells which are almost as numerous as the grains of sand with which they are intermingled. The largest of these little wonders is smaller than the smallest pinhead and some of them so minute that they can easily be put through the eye of a common sewing needle, yet each is as perfect as the pearly nautilus, the spider shell, the sea urchin or any other marine oddity.

They are of all shapes and forms imaginable. One will have the perfect outlines of a miniature basket, another will look like a fairy's tobacco box, while a third needs no effort of the imagination to give it the form of a bottle. The flash shells of Ceylon and Australia are the only living representatives of these conchological wonders. Naturalists who have examined the Ceylonese flash shells say that each is filled with a tiny bit of jellylike substance, which of course is the animal itself, but which is so infinitesimal that no distinction can be observed between head and heart, mouth and stomach.

Eskimo Mythology.

Among the Eskimos the sun is a maiden, and the moon is her brother who is overcome by a wicked passion for her. Once as this girl was at a dancing party in a friend's hut some one came up and took hold of her by the shoulders and shook her, which is, according to the legend, the Eskimo manner of declaring one's love. She could not tell who it was in the dark, and so she slipped her hand in some soot and smeared one of his cheeks with it. When a light was struck in the hut, she saw to her dismay that it was her brother, and without waiting to learn any more she took to her heels. He started in hot pursuit. And so they ran until they got to the end of the world, the jumping off place, when they both jumped into the sky. There the moon still chases his sister, the sun, and every now and then he turns his sooty cheek to the earth, when he becomes so dark that you cannot see him.

Raw Eggs.

When raw eggs are ordered for an invalid to whom they are objectionable, make as palatable as possible by having the egg as cold as one can make it and then serve it from a cold glass as soon as it is opened. Of course it is useless to serve any save perfectly fresh eggs.

If the white alone is to be taken, it should be beaten with a whisk until very stiff and frothy, then seasoned with salt or sugar, whichever is preferred, and eaten with a spoon.

Some who object to an egg beaten in a glass of milk, sweetened and flavored, can take the egg if the sugar is omitted and the flavoring extract replaced by brandy.—What to Eat.

Women and Money.

If you would have your women folk economical, let them handle money and learn to respect its value. There may be women who have not sufficient womanliness to honor the confidence this trust implies, but they are exceptions. If such be your daughters, it is your business to teach them otherwise. If they be your wives, it is your own fault for having married them. When a father gives his son an allowance, he should do the same for his daughter, not as a matter of material favor, for the daughter's bills might double the son's allowance, but as a matter of discipline, of financial experience and education.—Collier's.

The Story of Bishop Hatto.

Bishop Hatto was a wicked prelate who lived in 970 on the banks of the Rhine, where he owned a tower, which is at the present day pointed out to travelers as the Mouse tower. Here are stored large quantities of grain. A famine ensued, and the bishop invited the people to his granaries. As soon as they were there he set fire to the building and burned up the people. The next morning the souls of the dead appeared as an army of rats and not only destroyed everything belonging to the bishop, but finished by making a meal of his person.

Quick Wit.

Regnier, the French actor, had once to call out to a fellow actor who was expected to enter from the right wing, "Ha, ha—there you are!" For some unaccountable reason, however, the actor came on the stage on the left side, and Regnier, without being in the least disconcerted, gave his call and added, with a smile, "I saw you in the looking glass."

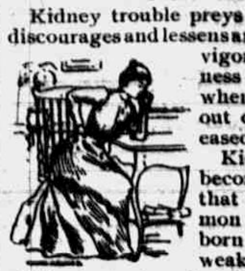
A Widow,

"Can any little boy or girl tell me the meaning of the word widow?" asked the teacher. "Well, Willie?" to an urchin who waved his hand vigorously.

"A widow," said Willie [illegible] "is a man's wife that's lost her husband."

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.



Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

You may forget the man who praised, or even him who blamed you, but not him who saw clear through you.

If all women who look back were turned into salt pillars the streets would be full of statues.

Huron Bay Frozen.

L'Anse, Mich., March 12.—Huron bay is completely frozen over so that a team has been driven to the Huron islands, a distance of twelve miles. This is the first time such a thing has happened in the memory of the oldest inhabitant. Hillocks of ice were found sixty feet high, while the ice in the smooth places was more than three feet thick.

New Plan to Break Strike.

Houghton, Mich., March 12.—A plan which is apt to break the strike of the miners here in a few days has been put in force, the stores being placed on a cash basis. It is figured that the men will not be able to hold out long when their credit is gone, and a break is looked for in a couple of days.

Indian Ate Wife and Child.

Duluth, Minn., March 12.—Gustav Brandon, who has been cruising between Tower and Koochiching, has arrived here on his way to Minneapolis and confirms a report of alleged cannibalism on the Nett lake reservation. Brandon was near Pelican lake when he was told that an Indian had killed and eaten his wife and child to avert starvation.

Raw or Inflamed Lungs.

Yield quickly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. Sold by all druggists.

Colds cause pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by C. A. Wright.

Were the weather not always on hand as a topic of conversation some people might as well be deaf and dumb.

Do You want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure add to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities Sold by C. A. Wright.

Hardy Good, alias Harry Taylor, colored, was arrested Saturday evening at 6:30 o'clock by Marshal Ulrich on a complaint made by Jonathan Allen, also colored, who fears injury at the hands of Good. It will be remembered that in the middle of last September Good and Allen became involved in a row in Toledo and it is alleged Good hit Allen in the head with an ax. Because of this assault, Allen says he fears Good will keep his threat to kill him on sight, and asks Justice Treat to place him under bonds to keep peace.—Adrian Telegram.

Wood has become a very scarce article at St. Johns. One day last week the first load that had been seen there for a month was brought to town by a farmer, and in less than five minutes there were as many people after it as there were sticks of wood in the load. Of course the farmer couldn't sell the wood to everybody, so in order to guard against the possibility of creating any hard feelings he put the wood up at auction and sold it to the highest bidder. It was run up to $9.60 cents a cord before it was sold, and the man who bought it said he was glad to get "the goods" even at that price.—Hudson Gazette.

Whiskey and Beer Habit
PERMANENTLY CURED BY
"ORRINE,"
ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

By April First.

The first week in March it is always customary with the Herald to send out notices requiring all who desire the Herald at $1 per year to make payment before April 1. After that date the price is $1.25 per year to all who have not paid in advance. The Herald office will be open from 7 to 8 o'clock each Saturday evening till April 1 to accommodate all those who desire to call at that time.

To The Boys and Girls.

Professor DeMotte is anxious to have every school child in Tecumseh hear his lecture Wednesday evening on "The American Boy". The price therefore on that evening to all school children will be 15c for gallery seats. Anyone not able to pay the price will be given a ticket by calling upon Mrs. Seaton Anderson.

Cows For Sale.

Having concluded to discontinue the milk business on the farm, I now offer for sale four of the Jersey cows. Possession given on or before April 1st. Cows are all in best condition, with calf, and it will be a fine opportunity for any one to obtain a full blood cow at a moderate price. Geo. N. Stacy.

For Rent.

I offer for cash, rent, or on shares the ground used for garden on the Stacy farm. It is all in fine condition and fertilizer enough on the farm to fit it for this year. Inquire of
Geo. N. Stacy.

Another Letter.

Onensboro, Ky., Mar. 9, 1904.
Tecumseh Herald, Tecumseh, Mich.

Dear Editor:—I wish you would send me a copy of your paper of April 10, 1903, containing a detailed statement of the 75th anniversary of the organization of the First Presbyterian church. If you have not a copy of that date please procure one and send it to me.

I have a broken and soiled copy, but I want a clean, fresh one if I can get it. Some friend sent the one I have.

My father moved to Tecumseh in 1831 when I was but six years old and all the names and dates of that early history, as in the said copy before me, are as familiar to me as "household words."

Judge Blanchard, Gen Brown, Mushgrove Evans and the Spaffords were then living there. Father and mother were Presbyterians and always took a deep interest in the church. I remember well when the Session House was built. Mr. Darwin had just died when we arrived there and Rev Mr. Griffith was called. All those early reminiscences are very dear and precious to me even now in my 81st year.

I studied medicine under the tuition of Drs. Patterson and Palmer and came to Kentucky in 1846.

Mr. Benj. L. Baxter was my very dear friend

I enclose stamps. Please send me a copy of the Herald as above. Direct to
Mr. A. C. Wood,
Onensboro, Kentucky.

P. S. I am in very poor health.
Respectfully,
A. C. W.

Sarah Smith Fox.

Mrs. Fox was born in Tecumseh Oct. 28, 1830. She resided in this village until she was twenty-one years of age. On April 19, 1852 she was married to Morris Fox, who lived in Franklin township. His death occurred in April 1890. Mrs. Fox died at the home of her daughter, Mrs. J. A. Smith, in Franklin. Eight children were born to Mr. and Mrs. Fox: Mrs. J. A. Smith, of Franklin; Mrs. D. F. Lenard, of Arkansas City, Kan.; Warren Fox, of Adrian; Delos Fox, deceased; Bert Fox, of Arkansas City, Kan.; Mrs. J. R. Cronk, Arkansas City, Kan.; Horace Fox, of Adrian township; Ford Fox, of Raisin. There are eleven grand children and two great grand children. One brother survives Mrs. Fox, Mr. Oscar Smith of Brooklyn, Mich.

Mrs. Fox was held in high esteem by a wide circle of friends as a woman of sterling qualities, but it was in the more intimate circle of the home that she was most truly appreciated and will be most sadly missed.

The funeral services were held at the home of J. A. Smith in Franklin, on Thursday, March 10, and was largely attended. Rev. W. F. Jones conducted the services. She was buried in beautiful Riverside cemetery.

Paul Burton Mominee.

Paul Burton, the only child of Mr. and Mrs. Bert Mominee, died Thursday morning after an illness of two weeks of pneumonia, aged 10 months and 18 days.

The funeral was held Sunday afternoon at the house, Rev. Sedweek officiating. The tiny form was laid at rest at Brookside. Those present from away were Mrs. Mary Mominee, of Deerfield; Geo. Mominee, wife and baby of Grand Ledge; Mr. and Mrs. Byron Sones, of Milan; Mrs. Dan Gage and Mr. and Mrs. Orlando Torrey, of Manchester.

CARD OF THANKS.

We wish to thank our friends who so kindly assisted us during the sickness and death of our little one, especially the Royal Arcanum for the floral piece.
Mr. and Mrs. Bert Mominee.

Banquet in Modern Woodmen Hall

The Modern Woodmen entertained the members of the Cone, Britton and Clinton lodges last Saturday night and initiated several new members. The Cone team did the work, which was done in Maccabee hall, this team being one of the best in the state. There were present about 150. The wives of the members of the Tecumseh lodge served the banquet in the Woodmen's hall.

The Cone team gave a fancy drill for the benefit of the ladies who served the banquet, just before that meal was announced. Following is the menu: meat, baked beans, escalloped potatoes, salad, cheese, pickles, oranges, cake coffee and cigars. It was at a late hour when the company dispersed every one enjoying a good time.

Just One More.

Tecumseh, Mich., Mar. 10, 1904.
Mr. Geo. N. Stacy,

Dear Sir:—
We thoroughly agree with the Herald regarding the electric road on Chicago St.
Sincerely
A. B. Bangs.

THE ELECTION

Tecumseh men are celebrated for their

GOOD JUDGMENT

At all times and yesterday selected the best men to govern the Village for the next year.

Three years ago Wightman and Hawkins assisted by a small number of other republicans nominated a republican ticket for village election. The ticket was snowed under for the voters of Tecumseh did not care for a partisan ticket for the village. Last year the republican ticket headed by Wightman was defeated and yesterday the ticket met the same fate excepting Nyland and McClure who were five and one votes ahead of James and Bowen. This year the Herald had no choice between the tickets except as to Wightman but thought him not the right man to be president of the council of the village of Tecumseh.

About a month since the reporter of the Herald handed to me a paper saying, "Mr. Wightman handed this to me wishing it should be published in the Herald." I read it through and then thought. "What is the matter that Wightman did not take this to the News?" In half an hour I surmised he had taken it there and it was refused. In an hour I learned that my surmise was right.

That night I reread Wightman's article against the prize fight and then concluded, article or no article, Wightman is just stubborn enough to stop the prize fight anyway, and if I print that article it will kill him for the village election DEAD SURE. Next morning I turned Wightman's prize fight essay into the print shop and felt easy that his opponent, whoever he might be, would be elected.

Wightman circulated that petition against the sewer last July without a care in his heart for or against the construction of the sewer, but at the instigation of other men.

The Herald did not think this man suitable to be president of the village council and it seems that 292 other men in Tecumseh thought the same way.

"It is as difficult to be entirely bad as it is to be entirely good." Now Wightman is not a bad man, but his success in circulating the sewer petition enlarged his head to such an extent that it was necessary to print the prize fight article to reduce it to its natural size.

ELECTION NOTES.

There will again be two Smiths on the Council.

* * *

It seems that yesterday was an old fashioned "Democratic day" in more ways then one.

* * *

The four aldermen elected yesterday are all representative citizens and will serve the village intelligently and well.

* * *

It seemes that partisans tickets for village elections are not popular in Tecumseh. In fact there is a certain fairness of feeling in Tecumseh people that is above partisan politics of any kind. Tecumseh is one large family and all desire to vote for the best man at village elections and our beautiful village will be well cared for.

* * *

It is hoped that the vote of yesterday will teach Raynor Brewer the lesson to keep out of bad company. In fact it reminds the Herald man of a little card which hangs up on the door in the room of the Tecumseh club, on which is printed in large letters, "The FOOLISH MAN never learns. The AVERAGE MAN learns by experience, the WISE MAN learns by the other man's experience." Both Wightman and Brewer seem to be represented in this old maxim.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by C. A. Wright, druggist. Price 50c and $1.00. Trial bottles free.

Real Estate Transfers.

Edward H. King to Merchant D. Brooks, Woodstock township, section 5, 1 acre. $1,200.

WASHINGTON LETTER

Washington, March 12, 1904.

On Wednesday and Friday, the 9th and 11th instants, the House of Representatives discussed amid scenes of great excitement, and under stress of profound emotion, the Bristow report upon frauds in the post office department, which was made public early in the week. This remarkable document, reported to the House by Congressman Overstreet of the committee on post offices arraigned at the bar of public opinion a large number of congressman and not a few senators. It virtually charged them not only with violating law, but with using their influence to obtain favors from the department in the way of an increase of salaries, the renting of buildings for post offices, and the appointment of clerks, which was irregular and improper. The committee proposed to lay the report upon the table, but the anger of the House rose to such a pitch that this plan was given up and the whole matter was thrown open for general debate. The public was also interested, and the galleries and lobbies of the house were thronged with a struggling mass of humanity, intent upon getting within ear shot. Frequent rounds of applause broke out in the house as Post master General Payne was denounced and the report was scathingly referred to as a lying, vicious, black-mailing document. The galleries responded, and at times the confusion became so great upon the floor of the house, all business had to stop until the speaker could restore order. Something like one hundred and fifty members of congress were held up to the gaze of the public as being men more anxious for loot and to get what they could out of the treasury for their constituents and indirectly for themselves, than for honesty and probity. The house felt that somebody, for some sinister purpose had perpetrated a great wrong, and had attempted to disgrace congress in the eyes of the country and the world. Both democrats and republicans were caught in the drag-net and party lines at once disappeared, in view of the wide embracing charge. A large number of representatives made red hot speeches, denying that they had done anything to be ashamed of, anything improper, anything but what was their duty. It was their right and privilege, in the interest of their constituents, to go to any of the departments and especially to the post office, to look after matters connected with just the very things which they were charged with doing. Among those who made ringing speeches were Congressmen Grosvenor, Hepburn, Clay, Beavers, Hill, Kitchen and many others. The post master general was called a "hyena" for dragging into the report names of congressmen who were dead an "imbecile," a "supreme specimen of, assinity" and many other harsh names. Mr. Bristow was not spared.

Secretary Moody of the Navy department, says he would discharge clerks who are incompetent whether from age or general inefficiency, and that he does not see why old government clerks are entitled to any more sympathy and consideration than old dry goods clerks or old farm hands. It is reported that he advocates a new solution of the "senility," problem—the instant discharge of all clerks who do not lay up something for a rainy day out of the generous salaries paid by the government. This would dispense with the services of a thousands spendthrifts and dead beats—men who are always in debt, and who borrow money at five per cent. a month and have creditors after them all the time. These improvident livers do not deserve to belong to any respectable corps of laborers and it would solve several problems if they were instantly discharged whenever found out, among others the problem how to support superanuated clerks who have spent all their money.

The Smoot investigation continues with varying interest. The Apostles frankly admit that they violate the laws. The President of the Mormon church thinks the law ambiguous. When Edmunds bound them "not to practice polygamy" he thought it meant not to take any wives in addition to those already possessed. If it meant to bind them and command them to desert all their wives but one, and to abandon their children, he would refuse to obey it whether the command was from God or man. He is ready, he says, to take his punishment.

A special committee of the Senate is investigating Senator Dietrich of Nebraska, charged with having used his official position to his financial advantage. It is another post office scandal. Senator Quay's health continues to decline, and he constantly loses flesh. The case of Beavers, one of the indicted post office officials, was argued before the Supreme court on the 10 inst., upon technical questions concerning his indictment in a district. (Brooklyn, N. Y.) where the crime was not committed. The president has ordered all employes of the government to refrain from saying anything during the war which might irritate European or Asiatic nations. Admiral Walker is of the opinion that during the building of the Panama canal the "zone" will contain a population of some 70,000 souls, about 40,000 of which will be imported Chinamen.

C. A. Snow & Co., Washington Patent Lawyers say that the average inventor is better able to make his own hat than to procure a valid patent and that hundreds of good inventions are rejected for lack of skillful management in the U. S. Patent office.

In the Central building Miss B., the teacher, was examining a class in geography. The subject under discussion was South America. Among other questions the teacher asked her bright boy: "What is the chief product of Peru?" "Peruna," replied the bright boy quickly and he still wonders why the teacher smiled so audibly.—Adrian Times.

Justice hath many methods up in Sanilac county. A man was arrested there recently charged with simple larceny. When the trial came off the prosecution found that its most important witnesses had failed to show up. However, the lawyers were not at all discouraged. They read a few extracts from a cook book to the jury and the man was convicted of using profane language before women and children.—Detroit Free Press.

Rural mail carriers will be raised from $600 to $750 a year, including a team, if the senate enacts the postoffice appropriation bill as passed by the house in Washington. But carriers are to deliver only mail matter and cannot do errands carry packages, etc, for convenience of their patrons. In other words the rural carrier is to be put under the same restrictions as the city carrier. But if so pay him as much! To prohibit carriers doing errands seems rough on the public, though to prohibit his doing an express business is not unreasonable.—Ex.

EASY WAY TO CURE CATARRH

Breathe Hyomei and kill all catarrhal germs. "Money back if it fails." says C. A. Wright.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every $1 outfit.

In this way, the germ-killing and health-giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Tecumseh, that C. A. Wright has the greatest confidence in its power to cure catarrh. He believes in it so thoroughly, that he will give his personal guarantee to refund the money if it does not cure, the purchaser to be sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh, tell your friends of C. A. Wright's offer and get them to take advantage of it.

MOTHERS, DO YOU KNOW the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not take internally any medicine for the pain accompanying pregnancy.

Do You Know that Mother's Friend is applied externally only?

Do You Know that Mother's Friend is a celebrated prescription, and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradfield Regulator Co.?

Do you know that when you use this remedy during the period of gestation that you will be free of pain and bear healthy, hearty and clever children?

Well, these things are worth knowing. **They are facts.** Of druggists at $1.00. Don't be persuaded to try a substitute. Our little book **"Motherhood" free.**

NATURE TELLS YOU.

As Many a Tecumseh Reader Knows Too Well.

When the kidneys are sick,
Nature tells you all about it,
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.
Doan's Kidney Pills cure all kidney ills.
Tecumseh people testify to this.

F. A. Ferguson, tinsmith, residing in the northwestern section of Tecumseh, says: "I had symptoms of kidney trouble. The kidney secretions were very irregular and at times too frequent and highly collored. Having seen so many cases of severe kidney trouble I thought it wise to do something at once, so I got a box of Doan's Kidney Pills at C. A. Wright's drug store and took them. I began to improve from the very start and continued to do so. I emphatically declare Doan's Kidney Pills to be up to the representations made for them."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute

All things come to those who wait, but you might save time by going out to meet them.

Every family should have its household medicine chest and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

It always angers a girl who breaks off an engagement if the young man in the case refuses to make a fuss about it.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure—Doan's Ointment. At any drug store, 50 cents.

When a young man is old enough to cast his first vote what he doesn't know about running the country isn't worth knowing.

You cannot make clouds for others and live in the clear light yourself.

READ IT THROUGH.

'Twould spoil this story to tell it in the headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlains Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by all druggists.

There is just as much worry over money as over the lack of it.

If it's a billious attack, take Chamberlain's stomach and liver tablets and a quick recovery is certain. For sale by all druggists.

It's a case of minority rule in a house where there's a baby.

People who borrow trouble are always ready to lend advice.

Detroit, Mich., March 14.—Over 2,000 people of Detroit and other parts of the state passed in line at the Detroit club Saturday night and shook the hand of Col. Frank J. Hecker, who has been recently appointed by the president as a member of the Panama canal commission. Colonel Hecker will leave Detroit Wednesday of this week and will attend the first meeting of the commission at Washington March 22. On March 29 the commission will sail for the isthmus.

An Open Letter to the Public
FROM A WELL-KNOWN DRUGGIST

To Whom It May Concern:

Of late there has been a good deal of discussion in regard to advertised medicines and their value. We want to say to every man, woman and child in this vicinity that the most valuable preparation of cod liver oil,—the best tonic reconstructor, health restorer and strength-creator we have ever sold in our store is Vinol.

Vinol is not a patent medicine; it contains no injurious drugs, and it actually does contain all of the medicinal curative elements of cod liver oil, taken from fresh cods' livers, but without a drop of oil, and is delicious to the taste.

Vinol is recognized throughout the world as the greatest strength-creator for old people, weak, sickly women, children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and make those who are too thin, fat, rosy and healthy.

Vinol is sold on a positive guarantee. Call and get a Vinol booklet.

There is but one thing that women are more apt to discover than the faults of men—and that is the faults of other women.

Ladies Only.

It Is Women Who Need Most Relief From Little Irritating Pains and Aches.

Dr. Miles' Anti-Pain Pills are for women.

Woman's delicate nervous organism tingles to the least jarring influence, and some ache or pain is the result.

The remedy is at hand—
Dr. Miles' Anti-Pain Pills.

They act most marvellously on woman's nervous organism, and relieve and cure the pains to which she is a martyr.

Headaches, neuralgiac pains, monthly pains, and all kinds of pains disappear, as if a gentle hand had lightly soothed them away. Dizziness, Rush of Blood to the head, Toothache, Backache are all cured by these "Little Comforters."

Cured without danger of disagreeable after-effects; cured quickly; cured without unnatural action on liver, stomach, or other internal organs.

Dr. Miles' Anti-Pain Pills please the women, and the children take them because they are easy to take and soothe all their sufferings.

"For years I had spells of sick headache, at times suffering untold agonies. I could not endure any excitement. Going to church, and even visiting, brought on these terrible spells. I tried numerous remedies without relief until I tried Dr. Miles' Anti-Pain Pills, and they have cured me. When I feel symptoms of sick headache I take a pill and ward off the attack. When I am tired and nervous, a pill soothes me."—MRS. SARAH WATKINSON, Blairstown, Ia.

Mason Man Has Disappeared.

Mason, Mich., March 12.—George W. Collins suddenly disappeared Nov. 16 last and has not been seen or heard of since. Collins is 40 yea[illegible] and has lived in the township [illegible]vay, near this city, for the past twenty years. His wife, to whom he has been married about three years, says she can give no reason for his action. Mr. Collins was a hard-working man and had always borne a good reputation. When last seen he had about $30 on his person.

Why Dewey Did Not Land.

Washington, March 14.—Admiral Dewey, who with several members of the general staff and Assistant Secretary Loomis of the state department, are now at Havana, has telegraphed the navy department the reasons why he failed to call on President Morales of San Domingo when the party was in San Dominican waters several days ago. The failure to visit caused considerable surprise at the time. It appears that there was fighting in progress in the vicinity on the day the party was there, and for that reason the admiral did not deem it advisable to make an official visit.

Negro Killed by Mob.

Mojave, Cal., March 14.—An unknown negro was taken from the local jail by a mob during the night and after being tarred and feathered was either shot to death or killed by being struck over the head with a heavy piece of iron. The negro was arrested for an atrocious crime and was confined in the Mojave jail preparatory to taking him to Bakersfield.

Kaiser to Receive Alfonso.

Berlin, March 14.—The mother of King Alfonso wrote to the emperor recently saying that she very much wished to present her son to him, and the emperor accordingly, while on his way to the Mediterranean, will receive the young king on board the North German Lloyd steamer Koenig Albert at Vigo, to which place King Alfonso will go on a yacht.

Hurt in Laboratory Explosion.

Ann Arbor, Mich., March 12.—Shortly before 8 o'clock Friday morning a large glass generator filled with hydrogen exploded in the chemical laboratory of the university. The explosion occurred before the hour for class work and only one man, George Wilcox, was injured. A heavy piece of glass cut his arm so badly that he had to be taken to the hospital.

ACTOR STOLE RINGS.

Knight of the Boards in Trouble at Coldwater.

Coldwater, Mich., March 14.—An actor, who refused to give his name, playing in the "Ten Nights in a Barroom" company at the local opera house, entered the jewelry store of Oliver D. Chapman and asked to look at some rings. He decided not to purchase, but slipped three low-priced diamond rings out of their case without being seen by the proprietor.

From Chapman's place he went to Henry C. Simons' jewelry store and repeated his request to be shown some rings. While there he substituted one of the cheap rings for a $65 one. Simons noticed the change soon afterward and called an officer, who went to the opera house with him and Chapman, who by this time had discovered his loss and placed the alleged thief under arrest. They identified him while in his stage makeup as the man who had been in their stores. He was lodged in jail.

The name Witch Hazel.

The name Witch Hazel is much abused. E. C. DeWitt & Co., Chicago, are the inventors of the original and only genuine Witch Hazel Salve. A certain cure for cuts, burns, bruises, eczema, tetter, piles, etc. There are many counterfeits of this salve, some of which are dangerous, while they are all worthless. In buying Witch Hazel Salve see that the name E. C. DeWitt & Co., Chicago, is on the box and a cure is certain. Sold by C. A. Wright.

LIFE PLANT

IS RECOGNIZED

As a Standard Remedy for Rheumatism, Catarrh, and All Blood Diseases, in 250,000 Homes in America Today.

Last year we received 10,000 testimonials from afflicted people cured by LIFE PLANT.

Mr. F. Sheperd, of 155 Burton St., Glenville, Ohio, writes under date of April 17th, 1903:

Gentlemen:—I have been afflicted with rheumatism all my life, until a few months ago, when a friend recommended LIFE PLANT, and after taking three bottles of it, I was relieved. I cheerfully recommend it to any one who is afflicted with rheumatism. Yours truly,
F. SHEPERD,

LOSES HIS COMMAND

Admiral Stark of Port Arthur Squadron Removed.

MAKAROFF TO ASSUME DUTIES

Retvizan's Captain Receives Honors—Russia Considers Korea Belligerent—Japs Have Lost Track of Port Arthur Fleet.

St. Petersburg, March 17.—Official orders have just been published relieving Vice Admiral Stark from command of the Port Arthur division of the navy, ostensibly on account of illness. No successor will be appointed, Vice Admiral Makaroff having determined to serve as squadron commander as well as commander-in-chief of the entire Russian naval force in the far east.

Captain Shtchensnovitch, commander of the battleship Retvizan, has been decorated with the cross of St. George for repelling the last Japanese torpedo attack and sinking the Japanese fire-ships.

Seoul, March 17.—The Korean superintendent of trade at Kiong-Hung, on the Tumen river, has received a note from the general in command at Vladivostock, saying that since Korea has joined Japan Russia considers Korea as belligerent and will act accordingly.

Two thousand Korean troops now at Seoul will be sent to the north next week.

The Japanese have ascertained definitely that a strong force of Russian field artillery is on the north bank of the Yalu river and that earthworks have been thrown up. Advices from Chonju, a town northwest of Anju, say that the people are in a state of panic owing to the treatment of women and the seizing of grain by the Russians.

Tokio, March 17.—Tokio is unadvised regarding the naval plans and movements of the Russians, and is in doubt whether the remnant of their fleet is still at Port Arthur or is enroute to Vladivostock.

Late in the afternoon a telegram reached the navy department saying that seven Russian ships have been reported as passing Fort Lazareff. The report was not circumstantial. It is anticipated that the Japanese, by their activity, will speedily determine the whereabouts and intentions of the Russians.

NEW AGE LIMIT.

Important Ruling Affecting Old Soldiers Promulgated.

Washington, March 17.—Commissioner of Pensions Ware, with the approval of Secretary Hitchcock, has promulgated the most important pension ruling that has been issued in a long time. It directs that, beginning April 13 next, if there is no contrary evidence and all other legal requirements have been met, claimants for pension under the general act of June 27, 1890, who are over 62 years old, shall be considered as disabled one-half in ability to perform manual labor and shall be entitled to $6 per month; over 65 years, to $8, over 68 years to $10, and over 70 to $12, the usual allowances at higher rates continuing for disabilities other than age.

The order itself is preceded by a preamble which, after citing the law, says the pension bureau has established with reasonable certainty the average nature and extent of the infirmity of old age; that 39 years after the Mexican war congress, in 1887, placed on the pension roll all Mexican war soldiers who were over 62 years old.

EARTH SHOOK VIOLENTLY.

District Near Seattle, Wash., Severely Affected.

Seattle, Wash., March 17.—Two earthquake shocks were felt here last night, the first of five seconds and the second of fifteen seconds' duration. A vibration from east to west, severe enough to rattle dishes, move chairs and shake up the higher buildings, occurred. In the church of the Immaculate Conception a big congregation was assembled and a small panic was caused by the earthquake.

Victoria, B. C., March 17.—At 8:18 last night the sharpest shock of earthquake felt in Victoria for twenty years shook the city. Clocks were stopped and invalids screamed with terror. The seismographic recorder at the meterological office cannot be touched until Saturday. The curator expects the record will show a spasm of unusual violence.

Ypsi After State Fair.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by C. A. Wright druggist.

AGAINST THE MERGER

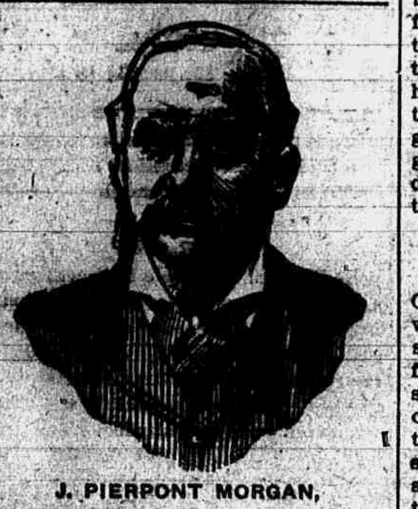
United States Supreme Court Renders a Verdict.

VIOLATES THE ANTI-TRUST LAW

Promoters Have New Scheme of Reorganization—Along Much Same Lines as Standard Oil Company—Shareholders Need Not Be Alarmed.

New York, March 15.—Although the Northern Securities merger is apparently knocked out, a close friend of James J. Hill makes this important exclusive announcement:

"The way out of the predicament is found, and there is no need for alarm among the security shareholders. I understand Hill and Morgan intend to organize a corporation along much the same lines as the Standard Oil company, which has stood a dozen years' test. Note how adroitly the new oil trust was organized when the courts in 1892 ordered the disbandment of the old Standard Oil combination. In the old oil trust there was a plain union of several companies. Rockefeller changed all this by making a union of individual investors.



J. PIERPONT MORGAN,
The great financier, who with J. J. Hill organized the Northern Securities Company.

He began by distributing among the original certificate holders of the oil trust a proportionate share of stocks in the dozen or more companies, so that each man was a shareholder in all of the various concerns, where originally he was [illegible] shares in only one or several of them. Then all of the individual shareholders were invited to come together as investors and deposit in trust with a new corporation called the Standard Oil Company of New Jersey. This involved a trusteeship pure and simple, and there was no merger of separate companies, as in the case of the Northern Securities.

"This is the plan intended."

Washington, March 15.—The opinion of the supreme court of the United States in the case of the Northern Securities Co. vs. the United States, involving the merger of the Northern Pacific and the Great Northern railroad companies, was handed down Monday and was in favor of the government. The opinion was read by Justice Harlan.

The opinion of the United States circuit for the district of Minnesota was affirmed.

The effect is to sustain the contention that the Sherman anti-trust law applies to railroad combinations of the character in question.

The decision was concurred in by Justices Brown, Brewer, McKenna and Day, while the chief justice and Justice White, Justice Peckham and Justice Holmes dissented. Justice Brewer gave a different reason for concurring in the decision than that of the majority.

The suit was instituted by the United States government against the Securities company and the two railroad companies, the Northern Pacific and the Great Northern and their leading stockholders for the purpose of dissolving the merger of the two roads which the United States claimed had been created by the creation of a holding company, the Securities company. This consolidation was claimed to be in violation of the Sherman anti-trust law.

Question of Difference.

The division in the court was due to a difference of opinion as to the right of federal control of state corporations. The majority opinion proceeded on the theory that congress has a right under the constitution to control interstate commerce, no matter by whom conducted, while the minority, or dissenting opinion, was based on the theory that in the present case the effort is to regulate the ownership of railroad stocks by state corporations and that such ownership is not interstate traffic.

It developed that there not only had been a very close shave for the government but that one of the members of the court who cast his vote with the majority entertained opinions of his own, which fact rendered the division all the more marked and interesting. This was Justice Brewer, who, while he concurred in the result, announced in an independent opinion of his own that he held the view that previous anti-trust decisions had been more sweeping than was justified.

Mrs. Rice Bound Over.

Muskegon, Mich., March 17.—The examination of Mrs. C. S. Rice, mother of G. M. Rice, who is charged with stealing $1,100 from the Old National bank at Grand Rapids while acting as janitor of the institution, was held in Judge Osterbann's court. She is charged with receiving $1,000 of the stolen money. Being unable to furnish bonds in the sum of $500, she was taken to jail and held for trial at the April term of the circuit court. As she was being led out she threw her arms around her son and sobbingly told him good-by. She maintains that he is being imposed upon.

BOYS BETTER NOWDAYS

Steady Decrease in Population of Industrial School.

REPORT OF SUPT. ST. JOHN

Over 8,000 Have Been in School Since Founded—All Taught Trades—Cost of Keeping $3 36 Per Month Per Capita—Many Enter Navy.

Lansing, Mich., March 17.—Superintendent J. E. St. John of the Industrial School for Boys, says the decrease in the population of the school has been steady for the past five years. He states that the number of inmates of the institution at present is 22 less than one year ago. There have been a total of 8,462 boys in the school since the institution was founded.

The boys are divided into different trades and occupations as follows: Tailors, 89; printers, 65; painters, 20; shoemakers, 50; slyod workers, 50; bakers, 20; carpenters, 40; mending room, 50; engine room, 15; team boys, 20; milk boys, 20; housework, 100. The average cost of feeding and clothing the boys averages $3 36 a month per capita.

Mr. St. John says that a large number of the boys who have been sent from the school are now enlisted in the navy and are doing well. He says that by far the majority of those who have spent several years in the institution and have been released are in good trades and have developed into good law-abiding citizens, and many of them are occupying positions of trust in the world of business.

Paid For Setting Fires.

Jackson, Mich., March 17.—Alfred Georgesen, the convicted arsonist who was taken to Ionia reformatory to serve an indeterminate sentence of from three to five years, has made a statement to the sheriff, in which he claims to have been bribed to burn the property of J. G. Bartlett. He says the man who gave him money is angry at Bartlett for the part he has taken in the anti-saloon movement. He refuses to give the name of the man who hired him, but the officers are investigating the case.

Big Blaze in Benton Harbor.

Benton Harbor, Mich., March 17.—The half block on West Main street known as the Avery block and Avery dock has burned, causing a loss of [illegible] The dock controlled by the Graham & Morton line contained all the life-boats, life-rafts and life-floats of the steamers City of Milwaukee, City of Chicago and the Argo. Five families on the second floor of the Milwaukee block and a large family on the second floor of the Milwaukee dock had narrow escapes.

Smallpox Patient Bolted.

Battle Creek, Mich., March 17.—While he was being taken to the pesthouse Evan Yagle, suffering from smallpox, knocked his attendant down and made a break for liberty. He has been employed by a local hotel, and in making his escape he climbed down the fire escape and dropped to the ground several feet below. He was chased several blocks along Main street by a policeman, who landed him in jail, taking him to the pesthouse later.

Demand Open Shop Policy.

Detroit, Mich., March 17.—The Michigan Manufacturers association, an organization embracing many manufacturers within this city, has come out flatly for the open shop. In a statement just issued, they maintain that the claims of labor organizations today are inconsistent, and a hint is also thrown out that forms of legislation might be enacted which would greatly ease certain strained conditions.

Cow Killed; Man Escaped.

Owosso, Mich., March 17.—Floyd Owen, a well-known Venice township farmer, narrowly escaped death last evening. While milking a cow in his barn a heavy beam above his head broke, killing the cow and nearly smothering Mr. Owen with the hay that was allowed to drop from above. He was liberated by members of his family, who heard his shouts for help.

Waltz Murder Trial Nears End.

Detroit, Mich., March 17.—The trial of Emil Waltz for the murder of little Alphonso Wilmes last August is drawing to a close. Wednesday was spent in listening to the final argument of Prosecutor Bumps, and likely ere today has passed the jury will have received their instructions and be left to decide whether Waltz is guilty of this terrible crime or no.

Grand Traverse Dairymen.

Traverse City, Mich., March 17.—The fourth annual convention of the Grand Traverse Dairymen's association began its two days' meeting here Wednesday. The attendance is large and a fine display of dairy products is being made.

Thieves' Small Haul.

Flint, Mich., March 17.—Thieves, supposed to be tramps, broke into the Pere Marquette depot at Otisville and pried open the money drawer, securing for their trouble about a dollar in pennies.

Took the Laudanum Route.

Eaton Rapids, Mich., March 16.—Carl Darling, aged about 30, committed suicide here by taking an ounce of laudanum. He leaves a widow and three children. Cause of deed unknown.

GEN. WOOD UNDER FIRE.

Senator Blackburn Assails Him For Misconduct.

Washington, March 16.—The conduct of General Leonard Wood while he was in Cuba serving as military governor during American occupation was held up to censure Tuesday in an executive session of the senate, lasting two hours, by Senator Blackburn, one of the members of the committee on military affairs, who joined in the minority report against the confirmation of Wood to be major-general. The speech of Senator Blackburn is said to have been one of the continuous flows of oratory for which he was famous, and though punctuated throughout with denials and questions from friends of the nominee, was, it is said, a well connected comment on the evidence given in the committee hearings. He did not conclude his remarks and will have the floor at the next executive session.

None of the interruptions of Senator Blackburn consumed more than five minutes. Senators Foraker and Alger were the most persistent in denying statements made by the speaker, and some of the passages at arms proved interesting.

The senate passed the fortification appropriation bill in open session after a three hours' discussion of the amendment authorizing the purchase of an experimental torpedo boat and the provision for the purchase of sites for defense works in the Hawaiian islands. The Hawaiian provision, which had been eliminated by the committee, was restored and the sum increased from $200,000, as fixed by the house, to $526,100. Several other bills were passed.

During the discussion of the postoffice appropriation bill in the house the recent report of the postoffice department regarding congressional solicitation of clerk hire, allowances and rental of quarters to the government was again brought up. Mr. Griggs of Georgia got into an argument with Mr. Cooper of Wisconsin as to the authorship of the document and insisted, over the protest of Mr. Cooper, that it was prepared under the direction of General Bristow. He defended the committee, of which he is a member, in giving publicity to the report, saying that the United States is too powerful and too great to convict any man by a suppression of the facts.

The claim of the letter carriers for increased pay also was espoused by Mr. Cromer (Ind.) He spoke of the insufficiency of the pay of the rural mail carriers, and said they should not be denied the privilege of acting as agents for newspapers.

Stabbed Him With Poker.

St. Clairsville, O., March 16.—Joseph Bell, a miner, forced a poker through the eye and into the brain of James O'Brien, boss at the Barton coal works, during a quarrel in the boarding house of Mrs. Wormsley, at a place known as Hells Kitchen, last night. O'Brien was instantly killed and Bell was later arrested and lodged in jail here. The men were idle on account of the vote being taken on the operators' proposition, and all were drinking. Quarrels were frequent.

Poisoned Cake Sent to Pastor.

New York, March 16.—A mysterious attempt has been made to poison the family of Rev. Dr. Essex J. Crudup, pastor of the Filmore Baptist church of Plainfield, N. J. The pastor's sister and his 6-year-old daughter, who ate some of a cake sent to the house by an unknown person, were saved by timely medical aid. The cake was left at a grocery store by an unknown man, who asked that it be delivered to the pastor. Examination of the cake shows that the frosting had been filled with a deadly poison.

Alleges Infringements on Patents.

Cincinnati, March 16.—General B R. Cowen, special master for the United States court in the suit of the Dowagiac Manufacturing Co. of Michigan against the McSherry Manufacturing Co. of this city, holds the McSherry company should pay $68,957 04 as satisfaction for infringement of the patents of the Michigan concern. Both companies are making and selling grain drills.

Will Fight Liquor Traffic.

Traverse City, Mich., March 17.—A temperance union has just been formed by a union of ten local Protestant churches, and a plea has been issued to the citizens of Traverse City to support no candidate for mayor who will not promise to see that the laws against the liquor traffic are strictly enforced.

Crushed to Death.

Grand Rapids, Mich., March 17.—An engine on the Grand Rapids & Indiana railroad was backing into the roundhouse here when it collided with a string of loaded coal cars. Patrick Murphy, a switchman, was caught between the locomotive and a tank and crushed to death.

Killed by Falling Rock.

Calumet, Mich., March 17.—Two men were killed and one was injured by falling rock in No. 3 shaft of the Hecla branch of Calumet and Hecla mine Wednesday. The dead are: Michael Adam, chief of the timber gang; George Mairele, a timberman. Injured is an unknown timberman.

Corunna Bonds Sold.

Owosso, Mich., March 17.—Corunna bonds amounting to $32,000, which were authorized at a special election recently for the purpose of building a waterworks system, will be sold to DeVitt, Tremble & Co. of Chicago. They offer a premium of $1,556 15, this being the highest of ten bids.

Colds are Dangerous.

How often you hear it remarked, "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

On reading and filing the petition, duly verified, of Margaret Helen Bailey, daughter of deceased, praying that an instrument in writing purporting to be the last will and testament of said deceased, may be duly proved and admitted to probate, and that administration of said estate may be granted to Charles A. Wright, (there being no executor named in said instrument) or to some other suitable person.

It is ordered that Monday, the 28th day of March next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the Tecumseh Herald, a newspaper printed and circulated in said County of Lenawee for three successive weeks previous to said day of hearing.

Commissioners' Notice.

STATE OF MICHIGAN, county Lenawee, ss.

In the matter of the estate of GEORGE W. JACKSON, deceased

The undersigned having been appointed by the probate court of said county, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of said deceased, do hereby give notice that we will meet for that purpose at the law office of Fred B. Wood in the village of Tecumseh, Lenawee county, Michigan, on the 11th day of April, 1904, and on the 11th of July, 1904, at one o'clock in the afternoon of each of said days.

And that four months from the 11th day of March, 1904, are allowed by said probate court for the creditors of said estate to present their claims to us for examination and allowance.

Dated, March 11th, 1904.

FRED B. WOOD,
SEATON W. ANDERSON,
Commissioners.

STATE OF MICHIGAN, County of Lenawee ss. Probate court for said county.

At a session of the probate court for the county of Lenawee, holden at the probate office, in the city of Adrian, on the 16th day of March, in the year one thousand nine hundred and four.

Present, Harry L. Larwill, judge of probate. In the matter of the estate of LAFAYETTE W. RAPPLEYE, deceased.

On reading and filing the petition of Lawrence Rappleye, executor upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Monday, the 11th day of April next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the TECUMSEH HERALD, a newspaper printed and circulating in said county of Lenawee, for three successive weeks previous to said day of hearing.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Woman Inherits Fortune.

Mason, Mich., March 17.—Through the death of her uncle, John Jones of Kalamazoo, Mrs. Matthew Lyon of this city becomes one of ten heirs to $200,000. She has already received a check for $10,900, and will receive $5,047 next week. She says that her brother has just died and she will also receive his share. Mrs. Lyon is of French descent and her husband is a negro.

BRIEF TELEGRAMS.

Secretary Wilson has gone to Florida for a short period.

The formal transfer of the cruiser Medjidieh to the Turkish government was made Tuesday, when the Turkish flag was raised on the warship at Newport News, Va. The vessel sailed for the Dardanelles by the way of St. Thomas.

Orders have been given for the first class of cadets at the United States military academy, numbering 124 members, to proceed from West Point to Gettysburg, Pa., about April 25 for three days' instruction in strategy and tactics on that battlefield.

Van Dine, one of the condemned Chicago car barn bandits, will become a preacher in the jail and will endeavor to convert his co-defendants and others. The jail officials are of the opinion that the religious fervor which has taken possession of Van Dine is genuine.

Baron von Sternburg, the German ambassador, is suffering from a severe cold, which has settled in his eyes. The doctor has urged him to give his eyes a complete rest, and it may be necessary for him to abandon his trip to Chicago, where he was to address a distinguished gathering of German scholars at the University of Chicago.

ELOPEMENT EPIDEMIC

Has Vigorously Laid Hold of Kalamazoo's Marriageables.

Kalamazoo, Mich., March 16.—An epidemic of elopements has swooped down upon Kalamazoo with a fierceness never before known here. Couples from this city have journeyed in every direction to be married, returned afterward, and in nearly every instance received the forgiveness of the parents whom they feared.

In two weeks two girls from the local telephone exchange, both employed at night, have taken unto themselves husbands, both of whom were lead on to the elopement by a sweet voice, a pretty face and a winning manner.

A week ago Prof. Alfred Palmer came to this city from Virginia, accompanied by his beautiful wife. It has since developed that the supposed long-married couple came to this city upon their bridal tour, Mrs. Palmer being the daughter of Charles M. Stedman, lieutenant-governor of North Carolina and candidate for gubernatorial honors. Parental objections appeared to have been the cause of the elopement.

Eight other couples, falling into line, have taken the secret route to hymen, many concealing the fact of their marriage for some days.

Wants Attorney Mains Disbarred.

Lansing, Mich., March 16.—The supreme court has issued an order directing E. O. Mains of Lowell, Kent county, to show cause why he should not be disbarred. The action followed the petition of Prosecutor Clute of Ionia county, who charges Mains with unprofessional conduct in various connections. Among other charges, it is claimed that he left his wife in Lowell and has gone to California, where he has married again.

Robbed His Grandmother.

Battle Creek, Mich., March 16.—Carl F. Russell of Wheaton, Ill., is in jail at his own request. He declares he stole $62 from his grandmother, Mrs. E. Hummel, spent $40 of it and had $22 stolen by tramps at Durand. Becoming broke," he walked into the police station and asked to be arrested. Russell is only 22 years old and of good appearance. The police notified Wheaton officers.

Boy Escapes Serious Charge.

Detroit, Mich., March 16.—The charge of criminal assault preferred against John Nowicki by 14-year-old Agnes Sanborn will probably be dropped as a result of the statement of the young girl in court Tuesday. She declared that the defendant had not abused her at all. Judge Sellers ordered the girl taken into custody and she will be sent to a reform school.

National Musical Frat. Convention.

Ann Arbor, Mich., March 16.—The Sinfonia Musica fraternity will hold its national convention at Ann Arbor May 18, 19 and 20. The fraternity has seven chapters, at Boston, Philadelphia, Ithaca, Chicago, Cincinnati and Ann Arbor, with a chapter being organized in Detroit. The convention will consist of business meetings, concerts and a banquet.

Struck Old Man Deadly Blow.

Menominee, Mich., March 16.—While in a rage William T. Warren, a blacksmith at Hermansville, struck George Stalken, 65 years old, a blow on the head, from which the old man died in ten minutes of concussion of the brain. Warren was arrested on a charge of murder. An altercation led to the blows.

Babe Was Badly Scalded.

Detroit, Mich., March 16.—The 3-year-old daughter of Mr. and Mrs. Fred Menzel of Orchard street, Wyandotte, accidentally fell into a pail of boiling water, which had been left standing on the kitchen floor. The little girl was badly scalded. Dr. C. W. McColl, who was called, says that her condition is critical.

Wouldn't Appear to Cheap House

Pittsburg, March 17.—A small-sized panic at the Alvin theatre Wednesday resulted from the announcement that Virginia Harned refused to appear in her advertised part. Fully 2,000 people, mostly women, had been seated for the performance at the usual fifty cent matinee and when the announcement was made that Miss Harned refused to appear before such a cheap house a grand rush was made for the box office to get money back. The theatre officials were powerless to check the rush and many were hurt, but none seriously. The Alvin people claimed Miss Harned had agreed to abide by the custom of the house and she was advertised accordingly.

Auction.

Having rented my farm, I will sell at public auction, on my premises, three-fourths of a mile west of Tipton, on Wednesday, Mar. 23, 1904, at 12 o'clock sharp, the following described property: One work horse, 9 cows, 3 yearling steers, good Champion mower, Iron age wheel cultivator, 1 lumber wagon, 1 top buggy, 1 land roller, bob sleighs, 1 Burch plow, 1 spring-tooth drag, scales, a quantity of timothy hay. Quantity of corn in the ear, 1 large kettle, and other articles too numerous to mention.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralising cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. Loss of Flesh

When you can't eat breakfast, take Scott's Emulsion. When you can't eat bread and butter, take Scott's Emulsion. When you have been living on a milk diet and want something a little more nourishing, take Scott's Emulsion.

To get fat you must eat fat. Scott's Emulsion is a great fattener, a great strength giver.

Those who have lost flesh want to increase all body tissues, not only fat. Scott's Emulsion increases them all, bone, flesh, blood and nerve.

For invalids, for convalescents, for consumptives, for weak children, for all who need flesh, Scott's Emulsion is a rich and comfortable food, and a natural tonic.

Scott's Emulsion for bone, flesh, blood and nerve.

We will send you a free sample.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity! No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

THE GLOBE MILLS STARTED.

Owing to a serious break in our water power on Jan. 4th, we were compelled to retire practically from active business. Delays of the railroads caused by the very severe winter and floods, kept our supplies on the road over 40 days, a regular lenten season, our Easter has come, and we have everything resurrected and are making 1900 FLOUR as usual.

For a Starter We Offer in Ton Lots, at Present Market Values:

Shell corn, 3 yellow	per ton	$17.85.
Corn meal	" "	$20.00.
Cracked corn	" "	$20.00.
Wheat screenings	" "	$22.00.
Bran	" "	$22.00.
Middlings	" "	$24.00.
Ground rye feed	" "	$24.00.

If you hold a due bill for flour we suggest that you wait a few days, if possible, for we are very much behind on flour orders and we might be obliged to disappoint you.

We give 36 pounds of "1900 FLOUR" and 10 pounds of bran to a bushel of good wheat.

We want to see all of our old customers back and a lot of new ones.

Judge Harry Larwill of Adrian, will speak before the G. A. R. and T. B. A. Monday March, 21. A nice program has been prepared. Mr. Larwill's subject will be, "The American Soldier."

Mrs. John A. Smith, accompanied her brother, Bert Fox, who came here to attend the funeral of his mother, Mrs. Sarah Fox, to his home at Arkansas City, Kansas. They left Tuesday night.

Mrs. C. B. Mize entertained the Aufs Weider Sehn pedro club at her home on St. Patricks day. The decorations were all in green in honor of the occasion. Three tables were played and prizes were awarded to Miss Margaret Haire, who won first and Miss Edith Crego the consolation.

W. E. Howard, brakeman on the plug run, was quite badly hurt Tuesday. He went with the train crew to the Lake Shore depot after a car, and coming back was riding on the front of the engine when a cross bar hit him on the knee. He will be unable to work for several days, although he is able to be around.

Sheriff Shepherd brought to jail last night from Delaware, O., F. M. Andress, who is wanted here on the charge of larceny. Andress was an agent for the International Harvester Co. in this county until the latter part of November, when he was laid off. Shortly after leaving the employ of the company he visited Stephen P. Bailey of Sand Creek, a sub agent and collected in the neighborhood of $300 which was due the company. This he pocketed and then skipped out. He was serving time at Delaware for jumping a board bill at London, O. In his suit case at Delaware were found notes belonging to the International Harvester Co. amounting to $1,119. There were also loving missives signed "Ines". The writer proved to be Mrs. Inez Corbin, a dashing young woman of Walnut Hill, Cincinnati. Their friendship had become so close that they intended to marry soon, said Mrs. Corbin. In Ohio Andress passed under the name of Frank Andrews.—Detroit Free Press.

By April First.

The first week in March it is always customary with the HERALD to send out notices requiring all who desire the HERALD at $1 per year to make payment before April 1. After that date the price is $1.25 per year to all who have not paid in advance. The HERALD office will be open from 7 to 8 o'clock each Saturday evening till April 1 to accommodate all those who desire to call at that time.

Cows For Sale.

Having concluded to discontinue the milk business on the farm, I now offer for sale four of the Jersey cows. Possession given on or before April 1st. Cows are all in best condition, with calf, and it will be a fine opportunity for any one to obtain a full blood cow at a moderate price. GEO. N. STACY.

For Rent.

I offer for cash, rent, or on shares the ground used for garden on the Stacy farm. It is all in fine condition and fertilizer enough on the farm to fit it for this year. Inquire of

GEO. N. STACY.

White Canopy and Hearse.

Aside from the regular funeral car Mr. B. A. Rauch uses and has in his establishment for the funerals of children, a white hearse and canopy. The hearse is a new and improved style and the canopy to go with it which drapes over the casket is made of white lace and silk. Altogether it makes one of the most complete outfits for the funerals of children in the county. As the weeks go by Mr. Rauch's undertaking business is increasing. He seems to be a capable man and gives the best of satisfaction in conducting funerals.

Prof. John B. DeMotte.

Under the auspices of the King's Daughters it has been advertised that John B. DeMotte will give three lectures in the opera house this week Monday, Wednesday and Friday. Two of them have been given and they have been events of the winter. The lectures themselves have been intellectual treats delightful for all ages and classes of people and by the efforts of Mr. and Mrs. S. W. Anderson in disposing of the tickets the house has been crowded each night.

Tonight's lecture will be no exception to the rule, the house will be as full of people as it will hold and the lecture and illustrations will be delightful, instructive and entertaining.

Mrs. S. W. Anderson is president of the King's Daughters and by her enterprise, assisted by S. W., the King's Daughters will make a nice sum out of the lectures. Much credit is to be given them for their earnest work.

Riserbridger—Pentecost.

Wednesday evening at 7:30 o'clock at the home of Mr. and Mrs. John Pentecost, at Pentecost, occurred the marriage of their niece, Pearl Riserbridger, to Floyd Pentecost. Mrs. Beulah Cole played the wedding march, and Rev. Rose performed the ceremony. The bride was attired in white silk.

About 85 guests were bidden to witness the ceremony. They received many elegant and useful presents.

After a short wedding trip, Mr. and Mrs. Pentecost will begin housekeeping at the home of the groom's parents, Mr. and Mrs. Wm. Pentecost, who reside two miles west of Tipton.

Bowling Contest.

The bowling contest between Adrian and Tecumseh, which took place at Adrian Wednesday night resulted in a victory for Tecumseh. The Adrian team consisted of Gidrey, Hoeft, Washburn, Sherman, and Sturtzman.

Tecumseh team: Rixom, Gray, Wright, Drake, and Temple. The score was as follows:

Adrian—	764-754-714.	Total 2232
Tecumseh—	719-824-791.	Total 2334

Claribel Pennington.

Claribel Pratt was born to Stephen and Sarah Pratt on Oct. 19, 1851, in Adrian township, Lenawee county. She was educated at the district school and the Raisin Valley Seminary, where she taught for several years.

In September 1876, she married B. H. Pennington of Macon, and to them five sons were born. After her husband's death in 1896, she kept up the home and managed his estate. Two years ago failing health obliged her gradually to give up the active duties of life until death brought her release arch 18, 1904.

Mrs. Pennington was for many years an active member of the Dutch Reformed church in Macon and much interested in Sunday school work in the county and state. She was also a charter member of Glenn Rive L. O. T. M.

She is mourned by her brother, Edwin Pratt, of Littleton, Colorado, and her four surviving sons, Leigh, Mayne, Frank and Harry, besides many other relatives and friends.

CHARITY PARTY

For the Benefit of

MISS ALICE DUNLO,

Who is very sick at the Coller House Party given by the Young Men of Tecumseh Tuesday Night.

The young men of Tecumseh, assisted by the young ladies, gave a party Tuesday evening at the armory, the proceeds of which were given to Miss Alice Dunlo.

Miss Dunlo came here a few weeks ago with Sam T. Jack's burlesquers and was taken suddenly ill and unable to leave the Coller house with the rest of the troupe. She was to meet them at Lima, O., in two days but has not been able to sit-up any since she was taken ill.

The young ladies took their lunch in boxes, which were bid off at auction, some of them going as high as $5. About $50 was cleared which will be a great help to Miss Dunlo and was thankfully received.

Miss Dunlo has no relatives here as her people all live in England. Mrs. Florence Henry furnished the music, and about 18 couple attended.

AN ACTIVE LIFE ENDED.

Joseph M. Bittman died at his Saginaw Home Yesterday Morning.

Joseph M. Bittman, a resident of Saginaw for 35 years, died at his home, 306 North Michigan avenue, at 3:35 o'clock Friday morning, the immediate cause being acute kidney trouble which had confined him to his home for about 10 days, though he had only been confined to his bed since Monday. He suffered an attack of the grip last December, and had suffered from jaundice for the past few weeks but it was not until Monday that his condition was regarded as serious.

Mr. Bittman was in the prime of life, having been born in Akron, O., Feb. 12, 1849. Early in life he started out to make his own way. He came to Saginaw in 1868, and the first summer he worked in the mills, then he secured a position with Gale & Keith, provision dealers, and later entered the employ of Northrop, Wells & Co., which firm was soon merged in the firm of Wells, Stone & Co. He developed rare business ability, and rapidly rose to the highest position with his firm. From about 1880 he was engaged for many years in the lumbering business, being a member of different firms. Later he devoted much attention to the celery business, being a member of the Prairie Side Celery Co. which operated a large celery farm near Tecumseh. He also engaged in the drug business in this city, conducting a store at 321 North Hamilton street for many years. This business was disposed of last fall.

Mr. Bittman was a thirty-second degree Mason, being a member of the Detroit consistory. He was also a member of the Mystic Shrine. He was a member of Saginaw Valley lodge No. 154, F. & A. M.; Jappa chapter 63, R. A. M. and St. Bernard commandery No. 16, K. T. He was a charter member of Saginaw council No. 33, Royal Arcanum.

Mr. Bittman was united in marriage with Miss Anna Bliss, daughter of Dr. Lyman W. Bliss of this city, June 18, 1879. His wife and four children, Marian, Lyman W., A. Marguerite and Joseph M. Bittman, jr. He also leaves four brothers, Charles, Frank, Frederick and George Bittman, all of Toledo.

The funeral was held from the family home Sunday afternoon at 2 o'clock and was in charge of St. Bernard Commandery No. 16, K. T. The interment was at Oakwood.

Mr. Bittman and his family are well known in Tecumseh having for a number of years spent their summers here and at Sand Lake.

CLUB NOTES.

Monday club program for March 14 was carried out with Miss Huey as leader, a fine collection of Indian baskets and raffia illustrated the subjects. A paper on "Basket Weaving," written by Mrs. Rice, was read by Madge Hialey.

"American Metal Workers as Artists"—Mrs. E. D. Brown.

"Augustus St. Gaudens"—Mrs. W. J. Ingersoll.

March 21st the program will be:

"A History of our Political Parties"—Mrs. Garlinghouse.

"Some Prominent Women, Dorothea Dox, Elizabeth Cady Stanton and others.—Mrs. Alberts.

"Art in the Nursery."—Mrs. C. W. Hall.

"Frederick Bridgeman, the Orientalist"—Mrs. Stacy.

Current Events—Mrs. W. J. Ingersol.

Mrs. Maurgerite Phillips of Charlotte, gives a lecture on "What is Art" at the Universalist church March 30 under the auspices of the Monday club. Proceeds to be used in furnishing club rooms at the new library.

The Research circle held its last study meeting Tuesday afternoon, Mar. 15. Miss Sena Hosmer read a paper on "Israel Zangwell and his work". Mrs. Belcher gave "Scenic and Architectural Wonders of South America."

Next Tuesday, March 22, the club will give a banquet in G. A. R. Hall, at 6 o'clock. All who expect to work in the Research Circle next year are requested to notify the secretary, now.

Prohibition Caucus.

A caucus of the prohibition party voters of Macon township will be held at the town hall on Wednesday, March 23, at one o'clock p. m. For the purpose of placing in nomination candidates for township offices, and the transaction of such other business as may come before the meeting. By order of committee.

Concerning

THE KINGDOM OF GOD.

2 Tim. 4:2 Cor. 1 9:16

THESE WERE MORE NOBLE THAN THOSE OF THESSALONICA IN THAT THEY RECEIVED THE WORD WITH ALL READINESS AND SEARCHED THE SCRIPTURES DAILY, WHETHER THOSE THINGS WERE SO. ACTS 17:11

XIII

To conclude our discussion of the subject of Baptism—the Door of Entrance into the Kingdom of God—there still remains a few questions to be considered.

1. Do not persons who have been baptized—and, as you claim, grafted into Christ and born again—often turn out to be very wicked people?

Certainly. More than that; if we are to believe the Bible, we must believe that ALL persons who have been baptized—without exception—invariably turn out to be very wicked people. For it is written "In many things we offend all" (Jam. 3:2); and, again, "There is none righteous, no, not one" (Rom. 3:10); and again, "If we say that we have no sin, we deceive ourselves and the truth is not in us" (1 John 1:7) St. Paul considered himself a very chief of sinners (1 Tim. 1:15).

Of course, the point of the difficulty is that some baptized persons do not appear to make the least effort to live a godly, righteous and sober life. How then, can they have been born again by being grafted into Christ?

But one must be very careful here. Who is to judge his brother? The man who dies a drunkard in the street may have fought a harder fight than your regular church goer, only he had greater odds to fight against. (Here is one of the reasons Episcopalians are in no hurry to excommunicate one who is "found out" in sin, Cf. John 8:1-11.)

For the rest, have you never noticed that not every branch in a vine grow and develops unto the bringing forth of fruit? The same thing happens in the case of the True Vine. So our blessed Lord Himself teaches, saying, "Every branch IN ME that beareth not fruit he taketh away" (John 15:2). It manifests a great misunderstanding of our Lord's teaching, therefore, when one is surprised at the fact that some baptized persons fail utterly to profit by their baptismal blessing. Not nearly so great a misunderstanding, however, as to argue that one can properly bring forth fruit unto Christ without ever being grafted into Him.

2. But does not St. John teach that "Whosoever is born of God doth not commit sin" (1 John 3:9)?

We have just seen that the general teaching of Scripture is that every one commits sin—whether born again or not. Once again, are you ready to go contrary to the whole general teaching of Scripture in order to defend the merest, superficial interpretation of this one text? St. John could not possibly have meant what you so superficially suppose; because, in 1:8, he has already stated in the plainest terms that "if we say that we have no sin we deceive ourselves." He is here arguing against those who maintained that it was possible to profit by the grace of God in Christ and yet continue in sin. In answer to this he says, "No. So far as one is availing himself of the grace of God in Christ, so far does it become impossible for him to continue in sin." That is to say, so far as the branch is really growing in the True Vine it must of necessity bring forth the fruit thereof. If you will turn to the Revised Version you will see by the tense that the original Greek means, "Whosoever hath been born of God and HAS CONTINUED TO REALIZE THAT NEW BIRTH—such an one does not willingly commit sin."

3. One more question—this time in regard to the Baptism of Infants. Did not St. Peter say that those who would be baptized must first repent (Acts 2:38)? Infants cannot repent. Does not St. Peter, therefore, plainly imply that they may not be baptized?

Nothing of the kind. St. Peter's words were spoken to grown up people who asked him what THEY should do—"What shall WE do?" His answer had reference only to them. It is perfectly absurd to apply it to infants.

For instance, supposing that the Raisin river should sometime threaten Tecumseh with a mighty flood and that a message should come from the valley above uttering the warning cry, "Flee and escape for your lives." What would you think of the reasoning of those persons—fathers and mothers—who should conclude either (1), that their little infants had no part in the warning; or (2), might not "escape"—because they could not themselves "flee"? It is exactly the reasoning of those who argue from the above and such like texts that infants may not be baptized, because grown up people are expected to "repent" and "believe". We have seen (1) that the whole teaching of Scripture, and, (2) that the whole meaning and purpose of Baptism, indicate that the proper time for Baptism is Infancy. Now an Infant needs no more Faith and and Repentance to be "born again" than he needs Faith and Repentance to be born in the first place. The cases are exactly analogous—both refer to the beginning of life, not to the conditions needful for the proper development of life after it has been once received, viz., by birth.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by C. A. Wright, druggist. Price 50c and $1.00. Trial bottles free.

THE CHURCHES.

Service in St. Peter's church Sunday afternoon at four o'clock. Subject of sermon, "Why I believe in the Protestant Episcopal church." Music by vested choir.

The pastor of the Presbyterian church will preach a special sermon next Sunday morning on the theme, "Becoming a Church Member", to be followed later by a sermon on "Becoming a Church Helper." All those who have not joined the church are especially urged to hear these sermons.

The union service at the Presbyterian church next Sunday evening will be in the interest of local option. Rev. W. F. Jones will present the financial argument. Rev. Edward Mott will present the moral argument. The pastors will try to set the facts concerning local option where it has been tried fairly before the people. All are invited whether or not they believe in local option.

EASY WAY TO CURE CATARRH

Breathe Hyomei and kill all catarrhal germs. "Money back if it fails," says C. A. Wright.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every $1 outfit.

In this way, the germ-killing and health-giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Tecumseh, that C. A. Wright has the greatest confidence in its power to cure catarrh. He believes in it so thoroughly, that he will give his personal guarantee to refund the money if it does not cure, the purchaser to be sole judge.

This is an unusual offer and the first time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails the cost is absolutely nothing.

If you are fortunate enough not to be troubled with catarrh, tell your friends of C. A. Wright's offer and get them to take advantage of it.

INFORMATION

Given to the Public by our Local Druggist.

We want the public to know that the most valuable and delicious tasting cod liver oil preparation known to medicine is Vinol.

Vinol contains ALL of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but not a drop of oil.

For this reason it is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in this vicinity but what Vinol will benefit them.

It makes health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and to make those who are too thin, fat, rosy and healthy.

Try Vinol on our guarantee to return your money if you are not satisfied.

NATURE TELLS YOU.

As Many a Tecumseh Reader Knows Too Well.

When the kidneys are sick,
Nature tells you all about it,
The urine is nature's calendar.
Infrequent or too frequent action;
Any urinary trouble tells of kidney ills.
Doan's Kidney Pills cure all kidney ills.
Tecumseh people testify to this.

F. A. Ferguson, tinsmith, residing in the northwestern section of Tecumseh, says: "I had symptoms of kidney trouble. The kidney secretions were very irregular and at times too frequent and highly collored. Having seen so many cases of severe kidney trouble I thought it wise to do something at once, so I got a box of Doan's Kidney Pills at C. A. Wrignt's drug store and took them. I began to improve from the very start and continued to do so. I emphatically declare Doan's Kidney Pills to be up to the representations made for them."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

All things come to those who wait, but you might save time by going out to meet them.

JOHN MCCLELLAN.

John McClellan, who passed away peacefully at his residence in Raisin township near Holloway, on Monday the 7th inst., was born in County Antrim, Ireland. In 1866 he came to the United States, living the greater part of the time in Macon township, this county, until the time of his marriage to Miss Anna Stevenson July 3, 1878, when he settled on the prairie, east of Holloway. Later he lived on the Calhoun farm in Raisin and on the Cadmus farm, northeast of Ridgeway village.

About three years ago he purchased the farm opposite the Presbyterian church in East Raisin. Of this church he had become a member nearly eighteen years ago and in its communion he died, at the age of 55 years, 7 months and 24 days. For a number of years, however, he was a member of the South Macon Reformed church and served in its Consistory as deacon.

In the various communities in which he lived he gained many friends. His cheerful disposition and his warm heartedness to lend a helping hand made him a neighbor whose presence and association were appreciated and whose departure is regretted. In church work his willingness and affectiveness were a satisfaction to various pastors with whom he co-operated and he, on his part, was certain to esteem the Lord's ministers very highly in love for their work's sake.

For several years he has walked in almost constant companionship with death, the nature of his disease making a sudden summons probable, but he "feared no evil." The sickness, however, proved to be a lingering and painful one. Patiently suffering, he serenely awaited the end and has passed into the perfect peace.

The funeral services were held on Wednesday at the family residence, Rev. Hall and Rev. DeSpelder officiating. The burial occurred in Brookside cemetery, Tecumseh.

CARD OF THANKS.

The thanks of the family are tendered to those who brought the tributes of song and of flowers and to all who were kind to them in their affliction.

READ IT THROUGH.

'Twould spoil this story to tell it in the headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlains Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by all druggists.

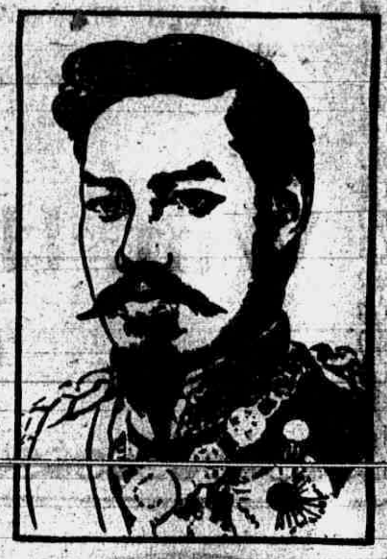
A GRAND SPECTACLE

Japanese Emperor Opens Special Session of Parliament.

TO RAISE FUNDS FOR WAR

Imperial Household Attend in All Stateliness—Russians Again Complain of Japs—Violated War Law by Firing on Quarantine Station.

Tokio, March 21.—With stately ceremony the special session of parliament, convened to provide the money needed to wage the war against Russia, was opened Sunday morning. The emperor, clad in the uniform of a generalissimo, rode in the great state coach from the palace to the parliament house and personally read his address to the peers and commoners. For the first time the crown prince attended the ceremony.



MUTSUHITO, EMPEROR OF JAPAN.

The emperor left the palace at 10:30 o'clock, accompanied by a group of imperial princes, aides and members of the imperial household. The brilliant uniforms, coaches and pennant of red and white silk carried by each lancer made the imperial procession an attractive picture.

When the emperor entered the parliament house the members of parliament bowed low. The emperor, advancing to the front of the platform, bowed to them and immediately ascended the throne. In his speech from the throne he said:

"Prompted by an earnest desire to maintain a permanent peace in the extreme east, our government, by our command, [illegible] with Russia, but we regret that, owing to an absence of sincerity on the part of Russia in her peaceful professions, we have been compelled to appeal to arms, and, having taken that step, we cannot hesitate until the object of war is attained.

"We trust that you will, in compliance with our will, fulfill the duty incumbent upon you and give cordial consent to these budgets and bills, which are especially urgent in connection with the situation and which we have ordered the ministers of state to lay before you."

Paris, March 21.—The Russian embassy has received from St. Petersburg and has handed to Foreign Minister Delcasse for transmission to the French minister at Tokio, who is entrusted with the protection of Russian interests in Japan, a protest against an alleged infraction of the laws of war. It appears that during the attack on Port Arthur March 10 the Japanese fired over fifty projectiles at the quarantine station on the island of Sanshantao, resulting in the injury of numerous persons.

Count Lamsdorff, the Russian foreign minister, considers this to be a violation of the laws of war, notably of the twenty-fifth clause of the Hague convention, to which Japan was a signatory. The minister therefore asks France to call Japan's attention to the matter apart from the general protests contained in the recent Russian note to the powers.

The French government has already transmitted to Tokio Russia's protest against the seizure of Russian whaling vessels wintering at Nagasaki before the expiration of the date fixed for the departure of Russian vessels from Japan ports. To this Japan replied that a prize court, having already passed upon the question, it was no longer a diplomatic one, but that the owners had a right to appeal to a superior court. Russia refuses to take this view of the matter and asks France to renew the protest.

Bound Over to Superior Court.

Grand Rapids, Mich., March 19.—The adjourned case of Edward A. Wierenga, charged with attempt to bribe a juror in the Salsbury trial, was called in police court Friday, but the respondent waived further examination and was bound over to the superior court in $200 bond, which he furnished.

Tried to Hang Himself.

Bay City, Mich., March 19.—Crippled and despondent because unable to work and assist in the care of his family, Albert Nischerafski, aged 60 years, thought to hasten fate by taking his life. He was found by his daughter hanging from a rafter in a barn, and cut down, nearly strangled.

Gilead Farmer's Sudden Summons.

Coldwater, Mich., March 19.—John Doerr, a well-known farmer in Gilead township, drove to Angola, Ind., and while there went to consult a physician regarding some ailment which he had not thought was serious. While in the physician's office he suddenly expired. Heart trouble.

It saved his leg.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles it's the best salve in the world. Cure guaranteed. Only 25cts. Sold by C. A. Wright, druggist.

MISUSED THE MAILS

U. S. Marshal Arrests Newton Eckles of Kalamazoo.

TOOK HIM TO GRAND RAPIDS

Making of Suit by Tailor in Asylum City Led to Mistaken Identity of Man Who Committed Suicide—Woman Buried in Short Grave.

Kalamazoo, Mich., March 19.—United States Marshal O'Donnel arrested Newton Eckles here, taking him to Grand Rapids to answer to the charge of sending obscene and indecent matter through the mails.

Eckles was taken to Grand Rapids to appear before the federal court. Some time ago a 15-year-old girl of this city reported to County Agent Merrell that she had been receiving communications of a doubtful character from Eckles, and Merrell laid the matter before the postoffice inspectors. As a result an indictment was secured before the grand jury convening in Grand Rapids and Eckles was apprehended the next day.

Eckles has been a resident of Kalamazoo for a little over a year. It is not known from what city he comes.

Mistaken Identity.

A pecular case of mistaken identity has come to light here, and as a result Kalamazoo college was cast into a deep gloom for a period of twelve hours.

On Feb. 14 a man giving his name as William Sewall registered at the Strand hotel, Victoria, B. C. That night he committed suicide by shooting himself through the head. Peculiar circumstances surrounding the case led the officers to believe that the man had registered under an assumed name and an investigation of the matter was instituted. Upon the inner pocket of the man's coat was discovered the tailor's union label, number 950,620.

The register was filed with the national union registrar at Bloomington, Ill., who commenced a search upon the clue furnished, and chased the matter down to Otto Schrager, a tailor in this city. Schrager discovered that he had made such a suit for Robert Abram McMullen, a Bay City man, who graduated from Kalamazoo college last year.

The police of Vancouver were notified of this fact, but upon further investigation discovered that McMullen is alive and well in Langdon, N. D., where he is the pastor of the First Baptist church. McMullen was one of [illegible] tended the college here, and the rumors of his suicide spread a heavy veil of gloom over the entire institution and many of his friends throughout the city.

Grave Was Too Short.

A shocking example of carelessness has just come to light here. Mrs. Nancy M. Palmer, 82 years old, who had been a resident of Alamo township for the past 48 years, was buried there last Thursday. The coffin was a cheap pine box, and at the last moment the grave was found to be too short, so the coffin was set obliquely and covered up.

Joseph Palmer of this city, a son of the deceased, was almost frantic when he learned of the manner in which his mother had been buried, and says he will see that the body is exhumed and given decent burial. He did not hear of her death until after she was buried.

May Be Bigamists.

Bay City, Mich., March 19.—Lillian Maxson was married to George Sousie at Harrisville April 4, ... March 12, 1904, she was given a divorce by Judge Shepard here on the ground of cruelty. The same day Henry Derouche applied to the county clerk for a license to marry Lillian, and as the decree had not yet been signed the request was refused. Monday of this week the couple got a license in Saginaw county, swearing that they lived there, and Probate Judge Crane married them. Friday Judge Shepard gave Sheriff Kinney instructions to investigate the case with a view to prosecution for bigamy.

Sad Life of a Woman.

Flint, Mich., March 19.—The admission of Mrs. Mary Stevenson to the poorhouse is the final chapter in the sad life story of a woman who has no one to blame but herself. Three years ago she left her husband and family for a young man named Helme. She was 47 and he 20 years her junior. After moving about considerably the couple landed in this city. The man was unable to secure steady employment, and between want and remorse the miserable woman's mind gave way.

Alleged Swindler Caught.

Bay City, Mich., March 19.—Charles Anderson, believed by local officers to be one of the smoothest swindlers in the country, has been landed here on a charge of forgery and boarding house robbery. He has been identified by several business men upon whom he worked off worthless checks, and will be arraigned at once.

Sixteen Horses Burned.

Detroit, Mich., March 19.—A disastrous fire destroyed the livery barn of Robert Flattery at 526 Fifth street Friday. The stable was a total loss and at least sixteen horses were burned to death.

Well-Known Musician Dead.

Detroit, Mich., March 19.—Frederick Abel, Sr., one of the best known of the older musicians of Detroit, passed away Friday at the Abel residence, 138 Pitcher street. He was born in Bavaria 79 years ago and came to Detroit in 1872. For many years Mr. Abel was prominently identified with the musical interests of the city, founding the now defunct Detroit Musical society and the present thriving Concordia Singing society, and was one of the first directors of the Harmonie society. He was a talented pianist and teacher and did much toward stimulating interest in music in Detroit and throughout the state.

WOOD GETS NEW RANK

President's Promotion at Last Sanctioned by Senate.

BECOMES A MAJOR-GENERAL

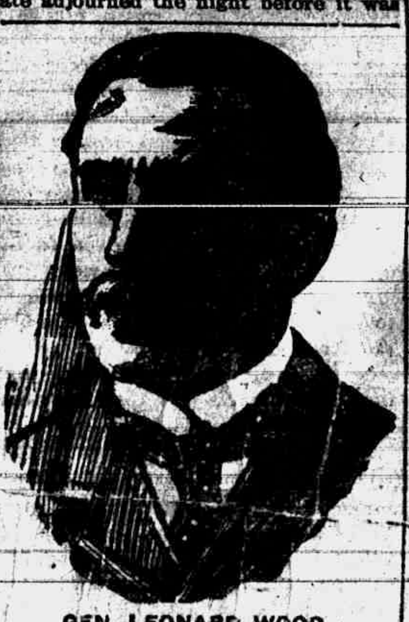
Vote Stood 45 to 16—Would Have Been Closer Had Hanna Lived—Nearly 200 Other Promotions Hinged on Senate's Action.

Washington, March 19.—By the action of the senate in executive session Friday Gen. Leonard Wood became a major-general, taking the rank from Aug. 8, 1903, the day President Roosevelt made the promotion.

The contest against his confirmation has been a notable one, beginning Nov. 19, 1903, soon after congress convened in special session, and continuing throughout the present session until Friday, when by a vote of 45 to 16 the nomination was confirmed.

The late Senator Hanna was recognized as the leader of the forces opposed to General Wood, and had it not been for his death before the disposition of the case, it is conceded that the vote would have been much closer. It has not been believed at any time since the contest opened, however, that the fight against confirmation would have been successful.

The vote on the nomination was reached about 2 p. m. When the senate adjourned the night before it was agreed that Senator Foraker should speak Friday in defense of General Wood and that Senator Alger should make a brief speech along the same line. When the senate convened Senator Foraker was approached by the opponents of General Wood. It was admitted then that the contest against confirmation was lost and there was nothing to be gained by carrying the case over the day. An agreement therefore was reached whereby no more speeches were made.



GEN. LEONARD WOOD,
Whose nomination to become major general has at last been sanctioned by the senate.

Dependent upon the confirmation of General Wood were 167 promotions for other army officers. These have been held up since their nominations were made by the president, but now will be confirmed without opposition. They include twenty colonels, promoted to be brigadier-generals on the retired list, and one brigadier-general on the active list, and officers ranking from colonels down to second lieutenants.

OVER 20,000 FAVORED IT.

Coal Miners Agree to Accept New Reduced Scale.

Indianapolis, March 19.—Secretary Treasurer W. B. Wilson of the United Mineworkers has just announced that the tellers had finished the count of the referendum vote of the miners on the operators' compromise proposition which provides for a reduction of 5.55 per cent from the present wage scale, which resulted in a majority of 31,141 in favor of accepting the two years' contract with the reduction.

The total vote cast by the miners local unions in Indiana, Ohio, western Pennsylvania, Michigan, Kentucky, West Virginia and Iowa was 165,887, of which 98,514 voted in favor of accepting the reduction, while 67,373 voted in favor of a strike.

No official call will be made for the meeting of the joint sub-scale committee, which will be held at the national headquarters of the miners' organization Monday for the purpose of signing the new wage scale, which becomes operative April 1, continuing for two years.

The tellers have begun a canvass of the referendum vote by states, the result of which will be announced soon.

To Fight For Czar.

Belgrade, Servia, March 21.—The Servian foreign office, having asked Russia whether she would accept volunteers from Servia, the emperor replied that he will accept the voluntary service of 500 Servians and 500 Bulgarians. Their enlistment will begin immediately.

U. S. May Recognize Morales.

Washington, March 21.—It is probable that an end may be made of the Dominican difficulties by the extension on the part of the United States of full recognition to General Morales as president of San Domingo.

Germans Met With Defeat.

Berlin, March 21.—Col. Leutwein, the governor of German Southwest Africa, reports severe fighting there March 14. The Germans were forced to retreat with the loss of seven

TWENTY-TWO DROWNED

English and German Ships Collide Off Dublin Bay.

AMERICAN LINER IN COLLISION

Steamship New York Rams Into British Troopship Off Cape La Hague, on the French Coast—Also Ran Aground.

Dublin, March 21.—The German bark Mona collided with the English bark Lady Cairns off Dublin bay Sunday morning. The Lady Cairns sank in a few minutes. Her crew of twenty-two were drowned. The Mona, which was much damaged, was assisted into Dublin harbor.

The Lady Cairns was a three-masted iron ship of 1,186 tons. She was commanded by Captain T. Evans and was bound from Liverpool for Timaru, New Zealand. The Mona was commanded by Captain Schwarting and was last reported at Ardressan.

Southampton, March 21.—The American line steamship New York, Captain Young, from New York March 21 for Plymouth, Cherbourg and Southampton, met with two mishaps Sunday rounding off Cape La Hague, France, in the early morning and later coming into collision in the English channel with the Peninsular and Oriental steamship Assaye, under contract to the British government and used as a troop ship bound for Bombay with 500 troops on board.

Grounded In Fog.

The New York grounded while approaching Cherbourg at 2:30 o'clock in the morning during a fog. The sea was smooth, however, and the tide was on the flood and within an hour and a half the vessel was floated without assistance. Her bottom was damaged and there was water in the holds, but she was able to proceed.

During the voyage up the channel a dense fog descended. When off Hurst Castle, England, the Assaye suddenly appeared and it was found impossible to avoid a collision. The New York's bow crashed into the Assaye's starboard bow, tearing a great gap in that vessel. The New York's bowsprit and figurehead were carried away and the latter was smashed into fragments.

There was great excitement but no panic on either vessel. The boats of the Assaye were lowered and the troops were mustered, but the bulkhead of the troopship saved her. Both vessels were able to enter Southampton and the New York was docked for temporary repairs.

GIGGLING GIRLS

Have No Love For Poetry, Thinks Professor Gayley.

University of California, March 21.—Prof. Charles Mills Gayley, head of the English department, who has been given prominence recently on account of his pronounced stand against coeducation, has taken his poetry class of 100 young women severely to task. The professor said:

"If God Almighty or the angel Gabriel wrote a poem it would not interest you. You are nothing but giggling girls. Half of you ought to be made to pay tuition. Class dismissed."

Professor Gayley was trying to tell the class about the glories of some new poetry, but they were apparently not interested. When Professor Gayley had delivered his admonition he tossed his books into a hand grip and left the classroom.

Dewey Not Guilty of Murder.

Norton, Kan., March 21.—Chauncey Dewey and his two cowboys, Clyde Wilson and William J. McBridge, have been acquitted of the charge of murdering Burchard Berry by a jury which had considered the case twenty-eight hours. Dewey and his cowboys went to the Berry ranch to get a tank that Dewey had bought in at a sheriff's sale. A feud had grown bitter before this time, and when the Deweys started to take the tank away the Berry boys rode up and a battle took place between the two factions, in which Burchard Berry was killed.

Nipped Elopement In Bud.

Detroit, March 21.—Joseph Albright and Gertrude Yeager, acquaintances of two days, tried to get a marriage license at the office of the county clerk, but Mr. McGregor, finding the girl was not of age, refused to give them any. They said they were going to Windsor, but so far as could be learned they have not yet succeeded in getting one over there. They admitted that the girl's parents knew nothing about the proposed marriage.

Cut to Pieces by Train.

Cadillac, Mich., March 21.—H. T. Foster was run over here by a train and the head was severed from the body and the legs and one arm smashed. Foster was 45 years old. He was enroute to Kalkaska on business.

Serious Charge Against Him.

Jackson, Mich., March 21.—Franklin Tayer, a 70-year-old citizen of Grand Rapids, was remanded for trial for a criminal assault upon Gertrude Brink, 26 years old, an adopted daughter of his sister, and is in jail in default of $500 bail.

Farmer Killed Himself.

Henderson, Mich., March 21.—Frank Shay, a farmer living two and a half miles west of this village, committed suicide by shooting himself in the head with a revolver. Shay was about 45 years old and suffered for many years with chronic stomach trouble.

Colds are Dangerous.

How often you hear it remarked, "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." MISS BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

People generally set their hearts most on what they need least.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Wakeful Children.

For a long time the two year old child of Mr. L. McPherson, 59 Tenth St. Harrisburg, Pa., would sleep but two or three hours in the early part of the night which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her one half of a Chamberlain stomach and liver tablet which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Happy, Healthy Children.

Any child can take Little Early Risers with perfect safety. They are harmless, never gripe or sicken, and yet they are so certain in results that robust constitutions requiring drastic means are never disappointed. They cannot fail to perform their mission and every one who uses DeWitt's Little Early Risers prefer them to all other pills. They cure biliousness. Sold by C. A. Wright.

After arguing with a man for half an hour a woman invariably says: "Now why can't you be sensible?"

Do You want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure add to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities Sold by C. A. Wright.

Colds cause pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by C. A. Wright.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

THE RATIONAL CARE OF THE COMPLEXION.

Facial Massage and Applications to the Skin. Danger of Cosmetics. Aids to the Complexion in Rational Outdoor Occupations.

By CHRISTINE TERHUNE HERRICK.

(Copyright, 1904, by Christine Terhune Herrick.)

Was there ever a woman who did not wish to be good looking? If so she must have been, in the childish phrase, "too good to be true." That is, unless she was already so pretty that she felt she had nothing more in that line to ask of Fate.

Even the beautiful woman must take care of her good looks. Nature may bestow these but she does not undertake to keep them in order. Once in a rare season one finds a woman whose complexion seems to take care of itself, but she is such an exception that it is hardly worth while to bring her case into consideration. The majority of women have to work to keep their skins in order and their efforts must be the more strenuous if they have been careless of them in youth.

When I speak of care of the complexion I do not mean that one must devote herself too constantly to this work. Very few busy women can afford to give the time that complexion specialists declare essential to the preservation of beauty. When one sees a woman who does all demanded of her in this line, she is not likely to have leisure for anything else.

I know one such woman. In her girlhood she was the acknowledged belle of her native place. Her complexion was like a rose leaf, her figure was exquisite, her features were regular. Having won the reputation of a beauty she felt she must live up to it. She has done so and it has taken all her time. At forty-five she is still engaged in preserving her charms. She never rises until eleven o'clock. She is most diligent in the care of her diet. The time she spends upon facial and bodily massage leaves her little for anything else. Verily she has her reward. Her golden tresses are beautiful and smooth, although there is a touch of something not entirely due to nature in their coloring. Her rose leaf tint of skin is still to be seen, although it may not be as fluctuating as when it was altogether home made. Her figure she has been able to retain by dint of exercise and she is still a beautiful woman. But has it been worth while? There are very few women who would think it so, or who thinking so would be able to give the time to achieve the result. Too few find it feasible to follow the rules by which Patti declares she has held her youth with her so long—three square meals a day, eight hours sleep at night and three hours exercise daily in the open air. It would be a good thing if every woman could allow herself this treatment, but it is not for those who must work in their homes or elsewhere.

The benefit to the skin must be wrought from within outward, not from without alone. That is, the body must be kept in good working order by vigorous exercise and proper food and then the foundation will be laid for a good complexion. Not all the external applications in the world will help without these fundamentals. But when these are secured, there are other things to be done to preserve the complexion in order to make the face attractive.

In the first place, the face must be kept clean. Not only by mere washing with water and a cloth or even by the use of soap and water, but by something more thorough than these. The surface soil may be taken from the skin by the ordinary washing, but to get the dust from the pores a more radical course must be followed. An unguent must be selected that will soften the skin and coax the dirt from its interstices.

Too much care cannot be given to the selection of the cream or skin food or whatever it may be that is used for this purpose. Cold creams by the score may be purchased but a large proportion of these do more harm than good, especially if applied to a delicate skin. Either they make it so tender that it chaps and scales readily, or else they promote a growth of hair, or they coarsen the skin. But there are good cold creams and if one will take pains it is not hard to make a choice.

In order to get the best result for the face it should be cleansed at bed time. First it should be washed with a soft cloth dipped in warm water and rubbed on a good soap, or dipped in almond meal. To some skins the latter is unsuited and their owner would do well to confine themselves to a good soap. High-scented soaps should be avoided. A sponge should not be used for the face pleasant as is the touch of it. The best judges say it is impossible to keep a sponge entirely clean, whereas the cloth can be made anti-septic. When the face has been washed—and the cloth should go into all the corners and be applied again and again—the face must be rinsed in warm water and patted dry with a soft towel. In washing or in wiping, stroke the face upwards.

Now comes the cold cream. A little should be taken on the finger tips and rubbed into the skin, with outward and upward strokes from the middle of the face. The rubbing should not be too hard and yet there should be enough pressure brought to produce a glow and to stimulate the circulation. Each part of the face should be treated in detail. The forehead should be stroked from the middle towards the temples and up towards the hair. The temples should be rubbed and the corners about the eyes where the first fine wrinkles display themselves should receive special attention. All around the eyes the flesh should be massaged and the cold cream rubbed in thoroughly. The lower part of the face, the skin about the lips and where the smile or the droop of the mouth has left lines must be treated. Afterwards the cold cream must be wiped from the face with a soft cloth and the skin again washed and dried. If it is very dry in tendency a little more—a very little more—cold cream may be rubbed in and left on over night, but the best judges are against leaving the grease on the face all night.

This is not a very troublesome business, although it may seem a burden to a tired woman when she goes to bed. But like every other care of the body it is a matter of habit and once established, the custom of giving five minutes at bed time to beautifying comes to be taken as a matter of course. If a woman thinks the preservation of her complexion worth while she will not grudge this small amount of time bestowed upon it.

I have spoken of this sort of thing being done for the preservation of the complexion. If it is necessary to women who have good skins in the first place, it is much more essential for those who are not blest in this respect, or who through carelessness have let their skins fall into a bad state. They will not get off so easily as the women who have naturally good skins or who have taken proper care of them. To redeem their looks they must follow the process I have described above and do even more. They must take up facial massage more thoroughly, rubbing the lined forehead round and round with the finger tips, always stroking upwards. This circular movement is to be given to the cheeks and about the eyes as well.

A great many women have a tendency to double chins as they advance in life, and this, too, they can combat by rubbing, drawing the flesh upward from the throat towards the chin and stroking with the palm of the hand.

All this advice is not meant only for middle aged women, however although they need it more than young girls. These latter have the insolence of youth. They scorn these precautions, apparently thinking that their beauty of skin and colour will abide with them forever. Once in a while one will find a girl who is prudent enough to appreciate the fact that she cannot treat her skin with utter neglect and expect it to retain its beauty.

"But what can I do?" says one of them. "Must I give up golf and bicycling and horseback riding and boating in order to take care of my complexion?"

By no means. On the contrary, it is by such exercise as this that one keeps one's body in order and insures a good complexion. But do not be careless of the skin in your zeal for out door sports. These things ought you to do and not leave the others undone. Before you go for your outing rub a little cold cream or skin food into your face. Rub it in well, so that it will be absorbed, not left to lie on the surface. Then wipe the face off with a soft cloth or flannel dipped in a little pure powder. Plain talcum is good for this, or even cornstarch. Do this work carefully, so that the powder will not lie on the skin in streaks. It is to protect the pores from dust and dirt. Then go ahead and enjoy your horseback or bicycle ride or your row or your game and don't think of your complexion. You have nothing more to do about it until you are at home again.

When you are back in the house, proceed to cleanse your face by very much the same method that you use at bed time. Wipe off the dust with a damp cloth and then wash in warm water. Never put cold water on the face after exercising. Apply the cream, wiping it off with a soft cloth. You will probably find a good deal of dust on this in spite of the first application of cream and powder. Wash again in clean warm water, dry gently and if you wish, dust with a little powder.

The girl who follows this plan will not escape tan altogether. Probably she will not wish to escape it, but will rather seek to have some evidence in her complexion of her out door life. But at least she is not likely to redden and blister and peel and be an eyesore to others and a distress to herself until the time when her face has burned to a uniform hard red or brown.

RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

THE GLOBE MILLS STARTED.

Owing to a serious break in our water power on Jan. 4th, we were compelled to retire practically from active business. Delays of the railroads caused by the very severe winter and floods, kept our supplies on the road over 40 days, a regular lenten season, our Easter has come, and we have everything resurrected and are making 1900 FLOUR as usual.

For a Starter We Offer in Ton Lots, at Present Market Values:

Shell corn, 3 yellow........per ton..............$17.85.
Corn meal.................. " "..............$20.00.
Cracked corn............... " "..............$20.00.
Wheat screenings........... " "..............$22.00.
Bran....................... " "..............$22.00.
Middlings.................. " "..............$24.00.
Ground rye feed............ " "..............$24.00.

If you hold a due bill for flour we suggest that you wait a few days, if possible, for we are very much behind on flour orders and we might be obliged to disappoint you.

We give 36 pounds of "1900 FLOUR" and 10 pounds of bran to a bushel of good wheat.

We want to see all of our old customers back and a lot of new ones.

Judge Harry Larwill of Adrian speaks to the G. A. R's and T. B. A's.

Fifty or more of the members and friends of the G. A. R. and T. B. A. met in their hall last evening and passed an extremely pleasant evening. The hall was nicely trimmed with flags in honor to the occasion. A program worthy of much note had been prepared which left an impression with every one present. The remarks of the able speaker, Judge Harry Larwill, of Adrian, were interesting and highly appreciated.

The program was opened with prayer by Rev. Jones. Mrs. Alberts read an interesting paper on "Conditions of South after the War." Song by the Mesdames Anna Meade, Ella Hodges and Miss Mattie Caldwell. Mrs. Howland then read an interesting paper, which was followed by the speaker, Judge Harry Larwill, who took for his subject, "The American Soldier." Rev. Sedweek was then called upon as "Critic of the Evening," but owing to illness in the family, he had time only for a short and funny story.

Henry Stevens then gave a short sketch of the wars in which they had all fought, and by the aid of maps he made this much plainer to those who were present last evening.

The Farmers' Union.

The next meeting of the Farmers' Union will be held at the home of Mr. and Mrs. Ed VanVleet, Friday evening, March 25. Program as follows:

Music—Mrs. John VanVleet.
Rec.—Beulah VanAntwerp.
Book Reviews—Mrs. Cole.
History of Farmers' Union—Mrs. D. Hall.
Five minutes talk—Mr. McConnell.
History questions—Mrs. J. Kennedy.
Questions—Has the introduction of machinery been beneficial to mankind? Which does the most to produce crime,—poverty, wealth or ignorance?

Banquet by Prof. John B. DeMotte.

Last Friday night after the lecture, Prof. John B. DeMotte gave a banquet at the Lilley House to the Kings Daughters and their husbands, Mr. and Mrs. John Orr, Prof. Curtis of Adrian, and Bert Day and wife of Indianapolis, Ind. Covers were laid for twenty.

Miss Helen Anderson, Prof. Curtis, P. W. A. Fitzsimmons and Bert Day responded to toasts. All enjoyed an extremely pleasant time.

A Letter.

Toledo, O., March 18, 1904.

Mr. Geo. N. Stacy, Tecumseh, Mich.

DEAR SIR:—

I had not remitted for HERALD thinking some one of us would be going up to Tecumseh and could pay when there, but as I cannot tell when we are coming will enclose check to pay to January '05.

Having been away from Tecumseh so long I do not take very much interest in the paper from there because I do not know the people, once I knew everybody now I scarcely know anyone and very few know me. You as one living there do not notice the changes, perhaps, as I do, but they are taking place just the same. You may send HERALD to S. L. Henry, 505 Platt street, East Toledo, he can hardly wait for HERALD to come, and reads every part of it as he would a letter from home which of course it is to him, having spent his life time there. Now he makes his home with us boys. His health is not very good does not get out very much, but still makes a better show getting around than you or I will at his age of 84.

Wishing you all the good luck a christian is entitled to, I am as ever

Your friend
A. M. HENRY.

Ira Partridge, a young man about twenty-four years of age, was found dead by his father in the road near his home just east of Napoleon, last Friday afternoon about four o'clock. He had started for the village and had been gone from the house but a few minutes. Being subject to these attacks it is thought that as he fell forward his cap so covered his face as to smother him, and in this position he was found. The funeral occurred from the house on Sunday, Rev. Sieybaugh officiating.—Brooklyn Exponent.

A GOOD LETTER

From one of our

TECUMSEH BOYS.

Who is at Riverside, Cal., written to Harry Brown, who grants permission to print.

Riverside, California, Mar. 13, 1904.

DEAR BROTHER:—I received your letter sometime ago, and was very much pleased to hear from you, but have been too busy to answer sooner. About a week ago, I had the great pleasure of meeting Mr. and Mrs. Fred Rosacrans, and their son, Leon. I also met Miss Lombard whom you probably remember. Her father is a doctor, and they used to live in that brick house back of the Mills block on the street that leads to the Union school.

They telephoned me and my employer said that I could take a little time off and visit with them. So I met them, and we took a street car and rode down Magnolia Ave. I enjoyed the visit immensely. You can not imagine how I felt at seeing somebody from home. After we came back we went through the new Glenwood Hotel, which is magnificent. This hotel was built last year. It is thoroughly modern in its conveniences and also very homelike, which makes it a great resort for tourists. I also took them through our Carnegie Library. Next Sunday my friend and I are going to drive over to Redlands to see Miss Lombard, who now lives there.

I should be very glad to have you come out here and I know if you come, you will stay, because this country is too beautiful to leave. No town on the coast has more beautiful drives than Riverside. Magnolia Ave. is world famous, but there are others nearly as fine. Not least among the attractions is the absence of saloons.

Riverside is only a little over thirty years old and in 1870 when the pioneers began their work here this was only a barren plain. Today the city of Riverside with its suburbs, West Riverside and Highgrove, are the home of more than 10,000 people and the valuation of their property is nearly $7,000,000. We have electric cars, three railroads, schools, churches, opera house, banks, fraternal societies, everything that is expected in an up-to date modern city.

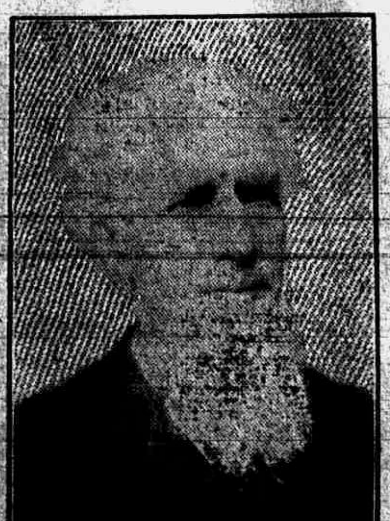
I hope you are all enjoying the cold weather. I have had all I want of it. I am now head bookkeeper at the Laundry, and have an assistant. Well I must close, with love to all.

From your brother.
F. EUGENE BROWN.

Death has removed another of our old Pioneers.

Israel H. Schreder was born in Abington, Montgomery county, Pa., Dec. 5, 1819 and died in Tecumseh March 14, 1904. At his death he was well on in his 85th year. He came to Michigan with his father at the age of 12, in 1831 and has lived in the vicinity of Tecumseh ever since. Very few are now living who were here when he came to this section. His residence of nearly 73 years covered practically the entire development of this region.

Mr. Schreder was the only son in a family of six children, of which three sisters, Mrs. Mary Palmer, of Mendon, Mich., Mrs. Elizabeth Ellis, of Nashua, Iowa, Mrs. Orycilda Arner, of Ridgeway, Mich., survive him.



ISRAEL H. SCHREDER.

In 1844 he married Miss Ansah Florance, of Ridgeway, who died at their home in Raisin township, about two years after their marriage. One child was born to them, which died in infancy. July 4, 1848, he married Margaret Gillespie, with whom he lived until her death in Dec. 1897. To them were born seven children, Eliza M., who died in infancy, Mrs. Mary C. Cook, John F., Mrs. Anna O. Goodrich, of Chicago, Willis G., Mrs. Emma J. Waldron, and Richard Grant, who with fifteen grand children and two great grand children mourn his loss.

Mr. Schreder was a consistent member of the Presbyterian church of this place for over 55 years. He always delighted to attend church and in his later years it was a cross to him to be kept from church by the infirmities of age. His mind was at ease as the end drew near and he had no fear for the future. He knew whom he had believed. Mr. Schreder was a member of the Masonic order for about 35 years, being for some years Master of the Tecumseh lodge.

The lodge from Clinton, assisted by the brothers from Tecumseh lodge, laid him to rest in Brookside cemetery.

Mr. Schreder was a man of sterling qualities, trusted and respected by all who knew him. He was the kind of citizen that is at once the strength and glory of a community. He will be especially missed in the immediate circle of the family.

CARD OF THANKS.

We wish to thank the neighbors and friends, who so kindly assisted us during the sickness and death of our father.

JOHN F. SCHREDER.

People always make excuses for getting married, but seldom tell the whole truth and nothing but the truth.

HORTON IN DETROIT

Will positively be a Candidate for GOVERNOR.

Under no Circumstances for Lieutenant Governor.

Friday's Detroit Times has the following to say:

Close friends from Lenawee county of George B. Horton, who are in the city today announce that Mr. Horton will positively be a candidate for the republican nomination for governor, and that he will so announce to the public not later than next Tuesday.

They assert with equal positiveness that under no circumstances will he be a candidate for lieutenant govenor.

Mr. Horton will issue a statement to the republican voters of the state the first of next week in which he will outline his position with regard to primary election reform and other issues.

We wonder if he will also advise if he still retains the same views on the silver question that he had when he bolted and lent his influence towards attempting to defeat the republican party.

Transfers of Property in Adrian.

The Abel Whitney homestead was sold some time ago to the Adrian Times Printing Co. for four thousand dollars. The vacant lot to the west, they intend to build upon this spring, using one story brick for their printing establishment.

The lot with the house was sold by them to Dr. M. R. Morden who will take up his residence there and it is said will build an office for himself on the east corner of the lot.

It was at first intended by the Times Printing Co. to build the property up in store rooms. If they had, it would have given property on East Maumee a start in the business line, but the way it has been disposed of will undoubtedly retard business interest in that direction, from the four corners.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by C. A. Wright, druggist. Price 50c and $1.00. Trial bottles free.

ROUND ABOUT US.

Onsted's chances for getting an electric road appear very slim. The Toledo & Jackson line runs east and west 7 or 8 miles to the north of here, while the proposed Adrian and Jackson extension will pass through Rome some miles to the south. A line from the north pole to Panama may pass through this village but there in lies our only chance at present.—Onsted News.

Benjamin F. Youngs was found dead in bed at the home of his son, Andrew, in Ogden, Sunday morning. He formerly resided in Franklin, and was a pioneer of the county. Two sons, Andrew and Delos, live in Ogden, and two daughters, Mrs. Wm. Holloway and Mrs. Harriet Stout, live in Adrian, and one daughter, Mrs. Measures, lives at Coleman.—Adrian Press.

The Western publisher recently had the following good advice for correspondents of this and other local papers. It said, "There is too much real news in the field to permit country correspondents to mention neighborhood visiting. A special gathering of people is always news, but a mere chronicle that Mrs. Jones took her knitting and spent the afternoon with Mother Brown comes a long ways from entertaining the general public."—Ex.

Herb Reed's cat has left home, the cause being an attempt on her life. The feline is now every evening telling the neighbors a harrow-tale of being drugged with chloroform and waking up on the ash pile. She was just in time, too, for as she crawled through the fence to safety her would be murderer was coming out the back door. The cat's bad headache has passed away but she is not inclined to return to furnish fiddle strings for H. D.—Brooklyn Exponent.

A very sad accident happened here last Monday. A litle girl of Owen Wolf's, during the absence of her mother who had gone to a neighbor's for a pail of water, caught fire and before anyone could reach the burning child she was so badly burned that she died the next day. It is thought that the accident resulted from one of the older children putting oil in the stove to start a fire. A sad lesson, but it should teach mothers to keep the oil out of reach of children.—Waldron correspondent in Hudson Post.

Bookey Hudson, a demented negro, was found in a barn in Whitford early this week, suffering from a pair of horribly frozen feet. He had been roaming through the woods in that township for five days or more and was in a most deplorable condition when found. He was brought to Monroe Tuesday afternoon and placed in the county jail over night pending his removal to the county house. He told a very incoherent story, claiming that he hailed from Quincy, Ill., and that he got lost in the woods while endeavoring to make his way on foot to this city. He also claimed to have some money saved up—enough to pay for his keep here—and that he had an uncle in Detroit, but could tell nothing about the latter's financial circumstances. He was taken to the county house on Wednesday.—Monroe Democrat.

Sunday afternoon Bert Reed and Chas. Meko were running horses on the stone road. At the end of the race hot words were used which ended in blows. Monday morning Reed had Meko arrested on the above charge and he was brought before 'Squire Chandler, who imposed a fine and gave him a good lecture on folly, after which he was discharged from custody.—Sylvania Sun.

An unfortunate accident occurred at the home of James McManus of Dexter, last week Monday. He and his son, Harry had been coon hunting and arrived home a little after noon, sat down immediately to dinner. The son had a 32-calibre revolver in a case fastened to a belt. He took the belt off and laid it on the back of the table and in some manner the revolver was discharged blowing out the end of the case, the ball striking Mr. McManus below the right ear, lodging in his head. Medical aid was summoned and everything was done for the man but to no avail, he having died two days later.—Saline Observer.

MONTH'S TRIAL FREE.

Breath Hyomei three or four times daily and be cured of catarrh.

C. A. Wright, one of the most reliable business firms in Tecumseh, has seen many instances of the remarkable power of Hyomei to cure catarrhal troubles and other disorders of the respiratory organs.

Results in this treatment have given him so much confidence in Hyomei that he will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a continued use of the treatment for a while longer, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or liquid. Just breathe it through the neat inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathed in this way, the health-giving Hyomei penetrates to the minutest air cells of the lungs, and drives catarrhal germs and poisons from the system.

The complete outfit costs but $1, and extra bottles of Hyomei may be obtained for 50c.

Remember that if Hyomei does not cure you after a month's trial, C. A. Wright will refund your money and the treatment will be absolutely free.

BEAUTY TRIUMPHS,

'Tis a Priceless Treasure.

Beauty is woman's greatest charm. The world adores beautiful women. A pretty woman dreads maternity for fear of losing this power. What can be done to perpetuate the race and keep women beautiful? There is a balm used by cultured and uncultured women in the crisis. Husbands should investigate this remedy in order to reassure their wives as to the ease with which children can be born and beauty of form and figure retained.

Mother's Friend is the name by which this preparation is known. It diminishes the pain allied to motherhood. Used throughout pregnancy it relieves morning sickness, cures sore breasts, makes elastic all tendons called upon to hold the expanding burden. Muscles soften and relax under its influence and the patient anticipates favorably the issue, in the comfort thus bestowed.

Mother's Friend is a liniment for external application. It is gently rubbed over the parts so severely taxed, and being absorbed lubricates all the muscles.

Druggists sell it for $1 per bottle. You may have our book "Motherhood" free.

It is astonishing how loudly the old skeleton in the closet can manage to rattle its bones at precisely the wrong time.

IT MUST BE TRUE.

Tecumseh readers must come to that conclusion.

It is not the telling of a single case in Tecumseh, but scores of citizens testify. Endorsement by people you know bears the stamp of truth. The following is one of the public statements made in this locality about Doan's Kidney Pills:

S. Erskine proprietor of the well known barber shop, says: "For ten years off and on I had a dull pain in my back, imperfect action of the kidneys, and often I could hardly stoop or get up again. I think it was caused by standing so much at my work. I was in bad shape. I used a great many medicines, but without receiving much benefit until Doan's Kidney Pills were brought to my notice and I got a box at C. A. Wright's drug store. I must confess that I was agreeably surprised, for after using one box I was much relieved. After the use of two boxes my back is stronger and better than it has been for a long time. Doan's Kidney Pills are the best medicine I have ever used and I have such faith in them. I believe I will be conferring a kindness on those suffering from kidney trouble in making known their merits."

For sale by all dealers: Price 50 cents per box. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

READ IT THROUGH.

'Twould spoil this story to tell it in the headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlains Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by all druggists.

A VERY CURIOUS CLOCK.

You have all heard of the wonderful clock at Strasburg, and the ingenious mechanism by which its heavenly bodies move in their orbits, the bells rang out the day and hour, and the processions of angels and apostles come and go. There is also a smaller clock with a number of simular curious contrivances at Lyons, in France, and indeed it seems as if the mechanicians of the sixteenth and seventeenth centuries were never tired of exercising their inventive wits over clocks, so many strange and ingenious contrivances in the way of timepieces are still to be found in the older cities of Europe.

But for an amusing clock, a laughter-provokting clock, a kind of negro minstrel of a clock, one made by a man named Dros, something like a century ago, certainly takes the palm. When it was completed, the proud inventor carried it to the palace of the King of Spain. His Majesty was pleased to examine the clock, and when set up ready for exhibition, it was found to consist of a dial beside which sat a negro, a shepherd with a basket of apples by his side, and a dog. When the hour struck, the negro drew his bow and played six tunes on a violin, after which the dog, endowed with a tast for music, rose and caressed him.

'Should it please your Majesty to touch one of the apples in the shepherds basket?' suggested the clockmaker. The King put out his hand to take an apple. Determined to protect his master's property, the dog flew at the royal hand, biting and barking, until a "really truly" dog in the room took up the strain and began to bark too. The King laughed heartily, and so, I think, would we have done had we been there to see.

THE JAPANESE POSTMAN.

The Japanese postman is thus described in a letter: "As in America so in Japan, the postman wears his uniform. It consists of a suit of blue cloth, a wide, butter-bowl hat and straw shoes. The mail-bag swings under his arm or it is pushed along in a little two-wheeled cart. He is always running or trotting along. You know that in Japan men do nearly all the work that we make a horse do here; so you see the Japanese postmen hasten along from station to station, traveling on a quick run mile after mile, up hill, down dale, never stopping until he reaches the place where another postman is waiting to receive the mail and run on with it in his turn. So the mail is carried in the greater part of the Japanese Empire."

Wakeful?

Sleeplessness Is a Sign of Nerve Trouble and Should Be Looked To.

There are three different manifestations of sleeplessness.

First, hardly to sleep a wink all night, second, to lie awake a long time before falling asleep; third, to fall asleep soon, waking up after several hours and then find it hard to sleep again.

They mean that somewhere in the nerve fibres, somewhere in the brain cells, somewhere in the blood vessels that carry blood to the brain, something is radically wrong, and must be righted, or the end may be worse than death.

To right it, take Dr. Miles' Nervine.

Some other symptoms of nerve trouble are: Dizziness, Headache, Backache, Worry, Fretfulness, Irritability, Melancholy, Lack of Ambition.

They indicate diseases which may lead to Epilepsy, Fits, St. Vitus' Dance, Nervous Prostration, Paralysis, Insanity.

Nothing will give such quick and lasting relief as Dr. Miles' Nervine.

"My husband had been sick for weeks, could not sit up to have his bed made. With all the medical help we could get he continued to grow worse. He could neither sleep or eat. Our baby girl was sent away, and all callers barred, because he could not stand a bit of talking. I read of a case of nervous prostration cured by Dr. Miles' Restorative Nervine. We began giving it to him, and in a few days he was able to be dressed. From that time he steadily improved. Nervine saved his life."—MRS. A. G. HASKIN, Freeville, N. Y.

AN ODD ROYAL FAVOR.

A good and authentic story is told of a German Diogenes. When King Frederick William IV. of Prussia, visited the Rhine provinces in 1843, he stopped some hours at Weesel, in which strongly fortified town, as the military commander of the post informed him, the oldest man in the monarchy was then living. The king went to see the oldest of his subjects and found him, a hale and still hearty veteran of one-hundred-and-six, comfortably seated in an old arm chair, enjoying his inseparable companion—a short pipe. On the approach of the king he rose, and advanced a few steps, but the king made him sit down, and conversed quite freely with him, the pipe, however, not leaving the old man's lips a minute. On parting, the king asked him if he had any wish he could gratify. "No, Your Majesty," was the reply, "I thank you, I have everything I need in this world." "Have you indeed? Just think a moment—we mortals generally have some wish or other." "Well, Sire, on second thought I might ask a favor. My physician insists upon my taking a walk every day on the ramparts. Every time I pass in front of the powder magazine, the sentry hails me from a distance, crying out: 'Take the pipe out of your mouth' and as I can advance but slowly, my pipe goes out every time. Now if Your Majesty will be gracious enough to give the order that the sentry shall let me smoke my pipe in peace the whole of the way, I shall esteem it the greatest boon of my remaining days." The order was given, and the old man enjoyed the privilege for upward of two years, dying with his pipe in his mouth.

The man with a big pocketbook is the possessor of a little shriveled up old heart that would make a hickory nut look like a football.

Lots of people come to grief by meeting trouble half-way.

LIFE PLANT CURES RHEUMATISM

in practically every case. In the past 18 months we have received over 10,000 testimonials.

Miss A. K. Duck, of [illegible], Ohio, was cured of a very severe case of rheumatism. His knees were swollen so badly he could not walk and suffered intense pain. Four bottles of LIFE PLANT cured him. Miss Duck says:

The Life Plant Co., Canton, O.
Gentlemen:—I write you this as an open letter regarding the true merits which you claim for LIFE PLANT. I was afflicted with Rheumatism about Oct. 1st, 1902, in my knees and arms, which were so badly swollen that I was obliged to crawl up and down stairs and almost unable to do any work. I also suffered a great deal of pain at night. I noticed your advertisement in the newspaper, and a friend also recommended LIFE PLANT to me, and after I had taken four bottles of it I was entirely cured and have not suffered since. I heartily recommend it to any person afflicted with Rheumatism.
Yours respectfully,
MISS A. K. DUCK.

LIFE PLANT cures 97 out of every 100 cases of rheumatism, no matter how severe or how long standing. If you have rheumatism you may try Life Plant at our expense. Your own druggist will refund your money if it fails and we settle with him. LIFE PLANT sells for $1.00 per bottle. Write to LIFE PLANT CO., Canton, O., for free booklet.

DIED TRYING TO SAVE

Northville Man Tried to Rescue Drowning Stranger.

EXCITEMENT WAS TOO MUCH.

Fell Dead After Wading Into Water—Men Accidentally Drawn Off Bridge Into Raging Torrent—One of Them Nearly Perished.

Northville, Mich., March 23.—William Saunders, a respected citizen of this place, about 70 years of age, was the victim last night of his desire to save a man, whose identity he did not even know, from a watery grave. The creek here is exceedingly high, and where the road from Novi crosses it has entirely overflowed the banks and is over the bridge.

About 7:30 last night Dr. A. F. Holcomb and H. H. Jones, both of Novi, were driving into Northville when in some way their horse took them off the bridge. It is not known just how the accident happened, but the cries of the men attracted people in the vicinity. Holcomb got out without much difficulty, but Jones was in the water about 45 minutes, saving himself by clinging to a tree, but being unable to get out until help reached him. Their horse had not been recovered at last reports.

While Jones was in the water Saunders, who lives near by, came hurrying to the cage of the creek, now an actual torrent, and waded out into the water to try to save him. He had not gone far before he was seen to fall, and when those nearest at hand reached him life was extinct. It is thought heart failure was caused by the shock from the ice-cold water and the excitement.

Neighbors carried the body to his home nearby and broke the shocking news to his stricken family, who had seen him go out on his errand of mercy scarcely five minutes before. He leaves a widow, two daughters and a son.

Jones was carried to Dr. Henry's office, and after more than an hour's hard work he was thought to be out of danger, though it had been a close call. He was not under water much, but was badly chilled and exhausted. He keeps a general store at Novi, and is well known in that vicinity.

Tax Dodger Caught.

Detroit, Mich., March 23.—John H. Paton, a wealthy resident of Windsor, but who lived in Detroit previous to April 2, 1900, owns about $87,000 in mortgages on real estate. On the date named he moved to Windsor, and took his mortgage, although they were assessed for taxes under the mortgage tax law. Officials were never able to get service on him until yesterday, when a detective found him in the lobby of the Russell House. The taxes, interest and penalty amount to about $1,000, and now that service has been obtained, it is said, an execution can be issued and the debt be collected on the other side.

Chain Broke, Killing Him.

Detroit, Mich., March 23.—The breaking of a chain on an overhead crane used for handling large steel beams, caused the death of Arthur Gabriel, at the American Car & Foundry Co.'s plant here. When the chain broke one of the steel beams struck Gabriel on the head and killed him instantly. Gabriel was 50 years of age.

Lihgtning Set Factory on Fire.

Portland, Mich., March 23.—The Portland Furniture Co.'s plant was struck by lightning early in the morning and burned to the ground, entailing loss of $20,000, with less than $700 insurance. The watchman was in the engine room, some distance from the main building, and was knocked down by the shock, but recovered in time to give the alarm.

Terrible Fight in Stage.

Menominee, Mich., March 23.—A. L. Fraser, Claude and Ralph Bowers, woodsmen, returning from Cedar river to Stephenson, had a pitched battle with four Finlanders in a stage and were badly stabbed. The assault, it is claimed, was unprovoked. The Finlanders used knives, cutting the three men about the head, face and arms. The Finns escaped into the woods.

Saved Her From Death.

Battle Creek, Mich., March 23.—Mrs. May Brand attempted suicide here by laudanum after quarreling with her husband over a trival matter. A doctor and the husband worked over her all night and succeeded in saving her life, but she informed them that she would try it again, and that they had wasted their time.

Elks Will Build Temple.

Benton Harbor, Mich., March 23.—The Benton Harbor lodge of the Benevolent Protective Order of Elks, which has a membership of about 300 and is classed among the first lodges in the state, has launched a movement for the construction of a $40,000 Elks' temple in this city.

Power Dam Washed Away.

Paw Paw, Mich., March 23.—The heavy rain has occasioned a disastrous flood. The electric light power dam has been washed away, leaving the town in darkness. The bridge across Main street is also partially destroyed and rendered impassible.

Lister's Appointment Confirmed.

Washington, March 24.—The senate Wednesday confirmed the nomination of William N. Lister, to be postmaster at Ypsilanti, Mich.

It saved his leg.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by C. A. Wright, druggist.

PEACE IN FAR EAST

Is Japan's Policy, Says M. Katsura, the Premier.

DIET TAKES UP ITS WORK

Japanese Censorship on War News Likely Soon to Be Relaxed—Women of Vladivostok Preparing Bandages For Wounded.

Tokio, March 24.—The special session of the diet Wednesday entered upon the business for which it was called. M. Katsura, the premier, and M. Kora, minister for foreign affairs, addressed the house. The premier said the diet had been summoned at an unparalleled moment in the annals of the country. He counted it a great honor to share with the members the duty of unholding the noble policy of the emperor. The maintenance of permanent peace in the far east, the consolidation of the position of the emperor, the promotion of friendly relations with the great powers and respect for the legitimate rights of the powers was, he said, the established national policy of Japan.

London, March 24.—The stringent Japanese censorship is likely to be relaxed early in April, says the well-informed Daily Telegraph Seoul correspondent. This coincides with the numerous indications of the imminence of land operations.

In the meantime the veil has not lifted and not a word has yet issued either officially from Japan or unofficially from any other source, concerning the last bombardment of Port Arthur. The rumored naval battle of March 18 is also totally unconfirmed.

Vladivostok, March 24.—While the situation here remains quiet, it is not expected that Vladivostok will continue to be much longer free from the vigorous operations of the Japanese. In anticipation of the appearance of the enemy and of a possible siege, a ladies' circle has been formed, which sits six hours daily at the ministry of marine preparing bandages of linen for sick soldiers and sailors. Most of the women in Vladivostok belong to this circle, including the representatives of the aristocracy, who have determined to share the discomfort of the operations with their husbands.

RADIUM NO GOOD.

Treatment of Cancers With It Abandoned in London.

London, March 24.—The radium treatment for cancer has been entirely abandoned at the Cancer hospital. It was never viewed with much hope there, and a few days ago the last unsuccessful experiment with it took place.

According to the Daily Mail, the trials were made at the end with a case containing five grains, covered only with mica sheeting, probably the largest morsel in any hospital in Europe and the effect was always the same, though it might vary in a degree. The surface of the skin became inflamed, a blister formed and dried up, but that was all.

Sixteen cases have been under treatment, the longest period of a single application having been three hours and the longest total time of application having been about 25 hours, and the only favorable result has been an occasional cessation of pain. On the other hand, several patients have complained of an increase of pain.

Wedding in Filipino Colony.

Tacoma, Wash., March 24.—Two hundred and thirty-five natives of the Philippines, who arrived on the steamship Shawmut, have left for the St. Louis exposition in charge of Dr. Hunt, governor of the Province of Northern Luzon.

Most of the savages in the party are married, but there are two single men and arrangements are being made for a double wedding after the party reaches St. Louis.

Cuba Prospers.

Havana, March 24.—As a result of the operations of the reciprocity treaty between the United States and Cuba and the steady upward price of sugar, scarcely any of the sugar crop will be held in the storehouses, as was formerly the rule, the planters shipping the entire output. The new tobacco crop is the finest ever gathered the plan adopted in the United States of covering entire fields with cheesecloth producing the leaves which are of the finest texture and aroma and are flawless because entirely protected from insects.

Gen. McGurrin Is Better.

Grand Rapids, Mich., March 24.—Gen. W. T. McGurrin, commander of the Michigan National Guard, who has ben seriously ill at his home for the last week, is somewhat improved today. He had an attack of the grip three weeks ago and ventured out too early, with the result that he had a relapse. For the last few days his condition has been serious, but his recovery is now expected.

Will Create New Infantry.

Paris, March 24.—The Journal prints a dispatch from St. Petersburg, which says that the emperor has decided to create twenty-eight new infantry regiments. The same correspondent says that Don Jaime de Bourbon, son of Don Carlos, the pretender to the Spanish throne, has left for Harbin.

Deep Grief Led to Suicide.

Muskegon, Mich., March 24.—Miss Annette Dye of this city, crazed from grief through recent deaths in her family, shot herself in Washington, D. C. She came of a distinguished family and was highly esteemed. Her body will likely be taken to Chicago for burial.

Extinguishers For State House.

Lansing, Mich., March 24.—The board of state auditors have ordered two dozen fire extinguishers, which will be placed in the state house. The recent blaze in the governor's office has demonstrated the necessity for more safeguards against fire.

TRIED TO POISON HIM

Col. Cody (Buffalo Bill) Tells in Court of Wife's Actions.

SHE DROVE HIS FRIENDS AWAY

Seeks to Get Divorce in Wyoming Courts—Mrs. Cody's Counsel Questions Character of Guests to Whom She Objected.

Denver, March 24.—Col. William F. Cody (Buffalo Bill) made a deposition before a notary in this city Wednesday in the action for divorce, which he has begun in Big Horn county, Wyoming. Colonel Cody will sail for Europe shortly and will be absent from the country when his suit is tried. In the proceedings Colonel Cody was interrogated by his own attorney and was subjected to cross-examination by counsel for Mrs. Cody.

"Mrs. Cody tried to poison me three years ago," the colonel testified. "She had frequently threatened to do it. We were visiting in Rochester, N. Y., during the holidays of 1900, and the day after Christmas I was ill. I supposed the turkey and plum pudding did not agree with me. She said she would fix me. She pretended to give me medicine. It was poison. It almost finished me, for I was unconscious for some time. I think it must have been an overdose, for it made me vomit, and I suppose this saved my life."

Colonel Cody related many instances of his wife's having humiliated him at his "former home" in North Platte by her conduct toward his guests.

"She drove my friends away," he said. "When they were no longer welcome in the handsome residence I built and elaborately furnished, it was no longer my home."

Mrs. Cody's counsel inquired into the character of the guests to whom she objected, and into their conduct while at her home. The purpose of the inquiry was to show that the men whom he brought to the house were a fast and riotous set and behaved in such a manner that she had a right to object to them.

Prominent Man Kills Himself.

Norfolk, Va., March 24.—D. Paul Hughes, secretary of the Duquesne Mining Co., director of the Pittsburg State bank, and prominent in Pennsylvania financial matters, shot himself through the head on the shore of Mahone lake after writing a note in which he bequeathed his body to a medical school and said he was going on a long journey to help Lieut. Peary find the north pole. The man had been drinking heavily since he came here two weeks ago and his friends say his mind became so deranged as to be noticeable some days ago.

Negroes Killed in Race Riot.

Dewitt, Ark., March 24.—Three negroes were killed in a battle between blacks and whites Wednesday at St. Charles, this county. A posse of deputy sheriffs was engaged in a search for two negroes who Tuesday seriously wounded two white men in a fist fight at St. Charles, and while passing through a section of woodland they were fired at from a thicket by a party of negroes. The whites returned the fire and instantly killed Garrett Flood, Will Madison and Will Baldwin. The tragedy has greatly aroused the community and further trouble is feared. A posse left here last night for St. Charles.

Pesant Sentenced to Hang.

Chicago, March 24.—Louis Pesant has been sentenced to hang on April 15 for the murder of Mrs. Mary Spiller. Pesant last fall strangled the woman to death to procure $300 which she possessed. There are now seven condemned prisoners in the county jail, a number that has been equalled only at the time of the anarchist trials. There are twenty-nine men in the jail awaiting trial for murder, which is a greater number than has ever been in the jail for this crime since the foundation of the city.

Prairie Fire In Nebraska.

Holdredge, Neb., March 24.—A terrific prairie fire, driven by a gale of wind, is raging along the line of the Burlington road for a distance of seven miles. A farmer named August Olsen was burned to death and two other persons who are missing are believed to have lost their lives in the flames. The Burlington road has sent a special train to Loomis, seven miles northwest of here, to prevent the fire ravaging the town. A strip three miles wide and ten miles long has already been burned over. The financial loss cannot yet be estimated.

Murder Sequel of Elopement.

Batesville, Ark., March 24.—S. M. Hall, a well-known merchant of Austin, Lonoke county, was shot and killed here last night by H. C. Hancock of this place. Hall was shot three times. The tragedy is the sequel to the elopement of Hall and Miss Bessie Hancock, a daughter of A. C. Hancock, in January last.

Eastern Protentate Poisoned.

St. Petersburg, March 24.—A dispatch received from Ashkabad (the capital of the Russian trans-Caspian territory) says a rumor is current there that the Ameer of Afghanistan has been poisoned.

Prominent Saginaw Woman Dead.

Saginaw, Mich., March 24.—Mrs. Eugene McSweeney, wife of the business manager of the Saginaw Evening News, is dead, after a short illness. Mrs. McSweeney was one of the best known society women of the city.

Wright's drug store.

HER SECOND ATTEMPT

Port Huron Girl Has Mania For Suicide.

TOOK DOSE OF CARBOLIC ACID

Doctors Saved Her—Threatens to Again Attempt to End Her Life—Recluse in Detroit Shot Constable and Then Killed Himself.

Port Huron, Mich., March 24.—Brooding over the fact that she was refused permission to attend a party Myrtle Haller, a 16-year-old girl, took a dose of carbolic acid with suicidal intent, and it was only after several hours' hard work that her life was saved.

The girl is the daughter of Mr. and Mrs. Andrew Haller and this was her second attempt to end her existence. She has been reading of suicides for some time and developed a morbid curiosity in this respect. She has stated on several occasions that she would end her life by suicide. The acid with which she made the attempt was in the house, and, going to her room, she swallowed a quantity of it. Her mother was atrracted by her cries and quickly summoned a physician.

The girl will survive, but she states that she will again make an attempt to end her life.

Detroit, Mich., March 24.—Embittered by defeat in life, George W. Borgman, son of a former city clerk, Charles H. Borgman, and the scion of a prominent family, poured a hail of bullets at the constables who went to evict him from his dinky music store at 339 Grand River avenue, and after wounding Constable Joseph Schmelzer blew out his own brains with a final shot.

Borgman, though well connected in the city, had become soured on life and lived a melancholy existence in his crude music store, where scarcely a customer entered. His landlady, Mrs. Louise Meyer, had notice served on him to vacate because of failure to pay his rent.

When the constable called Borgman went into the rear room, procured a revolver and fired, wounding Schmelzer. He then ran to the back room again, and placing the pistol to his own head blew out his brains.

Horton Candidate for Governor.

Fruit Ridge, Mich., March 24.—George B. Horton has issued a formal announcement of his candicacy for the Republican nomination for governor, in which he says in part: "In the matter of primary reform my opinions are well known to all. I am in favor of applying the Australian ballot to the purposes of nominating candidates for all elective places of public trust, and inasmuch as the demand for a reform in nominating methods in our state originated from deeply laid plans to control and to manipulate primary caucuses through the use of money and other disfranchising schemes preparatory to nominations for governor and incidently other state officers, the reform should first be applied to caucuses preliminary to the state ticket, and if any portion of our nominating system is left exempt from the operations of such direct nominating law, it should be for such immediate local affairs as township and perhaps county nominations, where the people are most likely to insist upon and to secure a fair expression form more nearly the whole people.

Died of Injuries Received.

Ypsilanti, Mich., March 24.—Henry T. LeFurge, who had been unconscious ever since he fell down the elevator shaft in his store Saturday, died Wednesday afternoon without regaining consciousness. He was 62 years of age and had been connected with the hardware business here for twenty-one years. He was a member of the famous Twentieth Michigan infantry in the civil war, was wounded in Petersburg and has been prominent in the Grand Army.

"Messiah" at Mt. Pleasant.

Mt. Pleasant, Mich., March 24.—The "Messiah," the great musical feast of the season, was given here last night as a number on the college lecture course. The following soloists took part: Florence Marion Pace, soprano; Marie White Longman, contralto; Robert Bruce Carson, tenor, of Chicago, and John Atkinson, basso, Detroit. Much credit is due to Professor Maybee's thorough training for the excellent rendering by the chorus.

$200 Reward for Missing Man.

Carson City, Mich., March 24.—Gen.s M. Thomas, formerly of this place, is missing, and his brother offers $200 reward for information that will lead to his discovery. He was last heard form at Cross Forks, Pa., in September, and it is thought he may have come to Michigan.

They Refuse Prison Fare.

Battle Creek, Mich., March 24.—The anti-adventists whom Sheriff Furner has in the county jail have not eaten anything since Saturday and say they will never eat the regular jail fare. They demand nuts and fruit and will not touch the three meals the sheriff brings to them each day.

A Fatal Fall.

Muskegon, Mich., March 24.—Joseph Sturmoski, aged 48, was instantly killed in the Pere Marquette railroad shops here while placing an overhead belt on a pulley. He fell twenty feet, striking on the back of his head. He had lived here twenty-five years. He leaves a widow and nine children.

Colds are Dangerous.

How often you hear it remarked, "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

That Tired Feeling

Is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

Hood's Sarsaparilla and Pills

Remove it, give new life, new courage, strength and animation.

They cleanse the blood and clear the complexion.

Accept no substitute.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." Mrs. C. M. Root, Gilead, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

People generally set their hearts most on what they need least.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Wakeful Children.

For a long time the two year old child of Mr. L. McPherson, 59 Tenth St. Harrisburg, Pa., would sleep but two or three hours in the early part of the night which made it very hard for her parents. Her mother concluded that the child had stomach trouble and gave her one half of a Chamberlain stomach and liver tablet which quieted her stomach and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

Colds cause pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by C. A. Wright.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY —and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

Home of Swamp-Root.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

Concerning

THE KINGDOM OF GOD.

2 Tim. 4:2

Cor. 1 9:16

THESE WERE MORE NOBLE THAN THOSE OF THESSALONICA IN THAT THEY RECEIVED THE WORD WITH ALL READINESS AND SEARCHED THE SCRIPTURES DAILY, WHETHER THOSE THINGS WERE SO. Acts 17:11

XIV

In order that we may remember just where we are and what we are about, and why, it will be well to remind ourselves once again, that the Gospel of Jesus Christ is the Good News of the Kingdom of God. To explain the Gospel of Jesus Christ is, therefore, to explain the Kingdom of God. Now to explain the Kingdom of God it is necessary to explain the institutions, ye—the main features we may call them—of the Kingdom. These we saw to be: Baptism (by which one is admitted into the Kingdom of God); Confirmation (by which one is equipped for the duties of the Kingdom i. e. on coming of age to undertake them); Holy Communion) by which one is nourished at the King's Table viz., with the Bread of Life); and the Ministry (by which these rites are ministered in the name of the King.) To understand the Kingdom of God, therefore—that is to understand the Gospel itself—one must understand about these things above all. We have discussed the first, Baptism; we pass on now to explain the second, Holy Confirmation.

The purpose of this rite has already been stated: it is a special equipment for the fulfilling of our duties in the Kingdom of God. We have seen that one is supposed to be admitted into the Kingdom as a little infant, as soon as possible after birth. Now, of course, an infant is not expected to perform the duties of the Kingdom of God, any more than he is expected to preform the duties of citizenship in the United States, for instance. He is under guardians, whose duty it is to see that he is properly trained with a view to undertaking such duties when he is old enough. Sponsors or Godparents, these guardians are called. When, however, he is come of age to undertake for himself the service of the King, he is, of course, expected to do so. This service is a real going forth to war. viz., against the World, the Flesh, and the Devil. Now an earthly king in sending his people to do battle for him, provides them with their armor. Similarly our blessed Lord in sending His people forth to fight in His name provides them with the "whole armor of God" (Eph. 6:11). This armor of God is given unto us in Confirmation; it is a peculiar and special gift of the Holy Ghost, in Whose strength and power alone we can do good battle for the Lord?

Observe that it is not taught, or to be supposed for a moment, that the gift of the Holy Ghost in Confirmation makes a man a good soldier in spite of himself—whether he will or not. When an earthly king provides his soldiers with armor, that does not make them fight for him. It only provides them with the means to fight if they so will. Similarly, Confirmation only supplies the soldiers of Christ with the Armor of God. If they would profit by that Armor they must "put it on"—and keep putting it on every day and every hour of their lives (Eph. 6: 11).

In other words, the special and peculiar gift of the Holy Ghost in Confirmation is not given to make a man live a good, righteous and sober life in spite of himself. It is given to help him to so live, to profit by the Confirmation gift he must of himself lay hold of it and avail himself of it by active effort—as a soldier must lay hold of his armor and put it on; he must stir up the gift of God which is in him (2 Tim. 1:6.) This is done by prayer—it being understood that the life of every earnest, devoted Christian is itself one continuous attitude of prayer. The more earnestly a man prays, the more devoted he is in his service of Almighty God, the more, of course, he profits by the Confirmation Gift.

Confirmation is no guarantee that a man will live a faithful Christian life. It is a tremendous help to him however, if he will "stir up the gift" therein made over to him—so great a help, indeed, without its aid it would seem to be utterly impossible for him to do the work whereto the Lord would send him. It is one thing to say that Confirmation will not make a man live a Christian life; it is an altogether different thing to say that a man can live a proper Christian life without being confirmed.

So much by way of general introduction; the full Scriptural exposition will be presented in subsequent articles.

Resolutions.

Whereas, Our Heavenly Father in his infinite wisdom has removed from among us our dearly beloved friend and co-laborer in the church and Sunday school, therefore be it resolved by the Macon Reformed church and Sunday school that by the death of Claribel Pratt Pennington, this school and church loses an earnest and influential member and her family an affectionate mother.

Resolved: That we will extend to the bereaved family our loving and heartfelt sympathy in their sore bereavement.

Resolved: That we will cherish her memory for the good work she has done in our church and Sunday school.

Resolved: That a copy of these resolutions be placed on our Sunday school records, a copy be sent to the sorrowing family, and that they be published in the local papers

CLOSING BANQUET

Of the

MERRY-GO-ROUND 63 CLUB

At the home of Mr. and Mrs. John Heesen last evening. Research Circle Banquet also.

Last evening the Merry-go-round 63 club held the last one of their delightful evenings at the home of Mr. and Mrs. John Heesen. The house had been tastefully decorated with flags, and potted plants. At 7 o'clock the club members with their guests, making about 60 in all, were invited to the dining rooms, where a five course dinner was served progressively. The souvenir cards were in water colors, and very handsome.

Military 63 was indulged in. Sixteen tables were played, and Fort 2, consisting of Mesdames, Archie Boyd, Harry Moore and Messrs, James McCann and R. A. Heesen won the prizes, which were water colors.

Among the guests from out of town were Mrs. Chas. Harrison, Mrs. J. J. Calkins of Jackson, Mrs. Wm. Emery and Mrs. McIntyre of Adrian, and Mr. and Mrs. A. R. Boyd of Holloway.

RESEARCH CIRCLE BANQUET.

The Research Circle closed the year with banquet in the club rooms, Eighty-five members and guests were served at table and while seated the following program and toasts were given with Mrs. John Freeman as toastmaster, Music, Ladies Mandolin club. After drinking health to Mrs. Burridge, (the "club mother"), Mrs. Andrew Wilson responded to "Our club, its origin and growth."

This juvenile operetta comes highly recommended as one of the best and first class entertainments on the road and has been given successfully in Dayton, Paulding, Xema, and in Washington. Watch for the program.

Down the Danube in a Canoe.

Claude VanTyne was born and spent his first school days in Tecumseh. Is now Professor of English Literature in the University at Ann Arbor. When he was a younger man he travelled in Europe and finished his education there. He and Mrs. VanTyne went down the Danube in a canoe, while in Europe he wrote many letters which were published in the Herald.

Mr. Van Tyne will give an illustrated lecture describing the canoe trip at the opera house Monday evening, March 28 and many people here will be delighted to hear him. Secure seats at Orr's drug store.

By April First.

The first week in March it is always customary with the Herald to send out notices requiring all who desire the Herald at $1 per year to make payment before April 1. After that date the price is $1.25 per year to all who have not paid in advance. The Herald office will be open from 7 to 8 o'clock each Saturday evening till April 1 to accommodate all those who desire to call at that time.

ONE HALF

Of the Sermon delivered at the Presbyterian Church by Rev. W. F. Jones on

LOCAL OPTION

The other half will be printed in the Herald of next Tuesday.

On petition of considerably over one third of the legal voters of the county, the Board of Supervisors, as required by law, have ordered that the vote of the people be taken at the election on April fourth, as to whether or no the liquor traffic shall be prohibited in this county after May first next. It is one of the commonplaces of our knowledge today that the saloon is an evil and dangerous institution. This is implied in the exceptional treatment accorded it by our law makers. It is expressly asserted in the decisions of our courts, wherein is clearly affirmed the right of the state to abolish the saloon as inimical to the public welfare. The atmosphere of secrecy which it secures by screened windows sets it apart from every other business, and suggests its ill-savored character. Even those who patronize the saloon will readily admit its evil. The ban of the best public sentiment is upon it. The saloon is doing business contrary to the sentiment of three fourths of our people. The saloon is an evil institution, evil all the time, and evil only. Why not drive it out of business in our village and county?

1. First and foremost because of the revenue which it yields. Under our present high license law each saloon pays annually a license tax of $500, one half of which goes into the county treasury and the other half into the city, village or township treasury. Men say, "we can't get along without this money. The loss of it would greatly increase our taxes." The great bugaboo held before the eyes of our people is that local option will increase their taxes, and our people are very sensitive on the point of any increase in their taxation burdens. Let us see how much force there is in this claim of those who oppose local option. The Prosecuting Attorney of Van Buren county, where they have tried local option for 14 years, says in a personal letter, "The matter of difference in taxes is frequently mentioned in campaigns, but if it is figured out it is seen to be TOO TRIVIAL TO BE WORTHY OF ANY SERIOUS NOTICE." You may be told that the taxes are higher in the local option county of Van Buren than in some high license counties. It is sufficient to say that public improvements, such as new county buildings etc. largely account for this. Van Buren county has been wonderfully progressive during the 14 years of local option. A lawyer in Van Buren county has estimated the increase in taxes, eliminating all other factors, and he finds it so little as to be SCARCELY WORTH CONSIDERING. The people of Van Buren county have come to understand this, for at the last election they sustained local option by the highest majority ever given it. They rightly judge that the SLIGHT INCREASE in taxes is a SMALL PRICE to pay for removing from their boys the constant temptation of the open saloon.

Besides, it remains to be said that the REMOVAL OF THE SALOON REDUCES THE EXPENSE AND OUTLAY ENTAILED BY IT. It is the CRIME which GROWS OUT OF THE SALOON that INCREASES YOUR TAXES. The reduction in expense more than compensates for any lost revenues. Where no-license has been fairly tried the balance is always in favor of no-license. A decrease of crime, of court expenses, of poor fund, of jail expenses will benefit the commonwealth and offset any whiskey revenues, stained with human blood and wet with the tears of orphans and widows. That men are benefited on any material plane by the saloon is a LIE. We are very short sighted if we let the devil's attorneys hoodwink us with so specious a plea. CARROLL D. WRIGHT, the greatest and most impartial statistician in our country, says that "FOR EVERY DOLLAR OUR GOVERNMENT GETS OUT OF THE LIQUOR TRAFFIC, IT PAYS $21.50 FOR TAKING CARE OF ITS VICTIMS." Do you think that is a PAYING CO-PARTNERSHIP? Think you it is the dictate of good sense to continue such an INFAMOUS AND LOSING BARGAIN?

I cannot pass this point without giving you the FIGURES for this VILLAGE and TOWNSHIP. The assessed valuation of this county is about $29,000,000. The county's half of the license tax is about $14,500. This means that every $1,000 in the county would have to bear a tax of $.50 to make up the loss of the license money. Besides this, this village would lose $1,250 license money This means that on an assessed valuation of nearly $1,500,000, each $1,000 would have to pay, to make up the license deficit, the amount of $.84 annually. The matter stands something like this. Is THIS the PRICE OF YOUR PRINCIPLES, FIFTY CENTS IN THE COUNTY AND 84 CENTS IN THE VILLAGE PER THOUSAND OF YOUR PROPERTY? WILL YOU SELL THE HONOR OF THIS VILLAGE FOR THIS MISERABLE PITTANCE? WILL YOU IMPERIL THE SOULS OF YOUR BOYS FOR SUCH A JUDAS' PORTION? I CANNOT BELIEVE that the TAX ARGUMENT will have ANY WEIGHT with those who love sobriety, truth and social order.

Besides, it remains to be said that though the saloons make the IMMEDIATE PAYMENT of the license, it REALLY has to COME OUT OF THEIR PATRONS, in many instances WIVES and CHILDREN will have to suffer for the necessaries of life to help pay this INIQUITOUS TAX. Are you who have property ready to SADDLE OFF the burdens of taxation upon those LEAST ABLE TO BEAR THEM? Is it not more Christlike to assume the burden yourself directly? Is it not a fair question to ask that if the 58 SALOONS of this county are such a blessing, because they pay so much of our taxes, HOW MANY SALOONS would be required to make us all wealthy and happy?

2. Again men say, "If you close the saloons you will DRIVE AWAY BUSINESS from our town." I presume that some of the men who say this REALLY BELIEVE IT, but most people repeat it parrot like because some one else has said it. "THE SALOON HELPS BUSINESS" is one of the devils fallacies. But it is one with he has deceived a great many men that are intelligent on other subjects and have good business sense on most lines. One would think they would not bite on so bare a hook. For the SALOON HELPS NO ONE'S BUSINESS but the DEVIL'S except it be that of the undertaker or the grave digger.

There can be no sort of question that the SALOON INJURES EVERY BUSINESS by practically the amount of business it does. The average business of a saloon is $10,000 per year. Taking this average our five saloons take $50,000 out of what would otherwise be received into the general trade of the town. The drinkers have just that much less to spend for dry foods, clothing, shoes, groceries, meat and furniture. Besides this the saloons make bad debts for the merchants. They always collect their bills, while the others very often have to whistle for their money. It is certainly a plain proposition that if the thousands of dollars which go into the saloons of Tecumseh should be expended in the legitimate lines of business EVERY BODY would be INFINITELY BETTER OFF. What would become of this money if there were no saloons? It would not be burned up nor go out of circulation. It would go into the necessities of life. Every man now in business would get his share of what is now ABSOLUTELY LOST to him. Rents and store bills would be promptly paid, homes would be purchased and burdens lifted from the hearts of wives and children now breaking. We would have a condition that would attract the most intelligent and substantial people here to make investments and homes. As a PURELY BUSINESS PROPOSITION the SALOON SHOULD GO. If the UNBIASED JUDGEMENT of our people were expressed THREE-FOURTHS of them would drive it from our village.

That I have not been painting a fancy picture in setting forth the financial advantages of local option, I will demonstrate by setting before you the actual conditions in the village of DECATUR after 14 YEARS of local option. The letters I am about to read are from REPRESENTATIVE BUSINESS MEN there of every calling. First hear what DURKEE & LAMMOND, leading dry goods merchants, have to say, "From a purely business standpoint we believe the saloon is a financial benefit to the KEEPER and TO NO ONE ELSE. Moneys spent at saloons are thereby diverted from the channels of legitimate trade. We have no reason to believe that competing villages with saloons enjoy more farm trade than we do without them." L. D. ROBERTS, a manufacturer, says, "I was in the retail grocery business in Decatur 14 years, part of the time when we had saloons and part of the time under local option. I am free to say that I would rather chance doing business in a local option town as far as trade and profit are concerned. My business was better when we had no saloons and it was much more pleasant and satisfactory to do business. You cannot make me believe that any town makes any profit from what money it receives from the liquor business." H. S. ROWLAND, furniture dealer, says, "Our town has prospered and our business steadily increased. A better class of people has moved in and crime has steadily decreased. Every business man in town is for local option." Let me quote here from a personal letter received a few days ago from the pastor of the Presbyterian church in Paw Paw: "It certainly is a delight to live where no saloons are traps for your boys and if two saloon keepers from Chicago live here for their family's sake, to be free from the very influences they foster, others should be glad to be out of such influences." The EDITOR of the DECATUR REPUBLICAN says, "Decatur is twelve miles from the Cass county line, with the saloon towns of Marcellus, Cassopolis and Dowagic competing for our south east and south west trade. WE HOLD OUR OWN WITH ALL OF THEM. We have a wide awake and healthy village. Local option has RAISED THE MORAL STANDARD of our community WITHOUT HURTING OUR BUSINESS." DR. MAXWELL says that for a time a few business men thought the absence of the saloons hurt their business, but now all are of the contrary opinion. L. D. HILL, cashier of the First State bank, says, "As a business man, and interested in the town in which I live, I would say that it is CERTAINLY AN ADVANTAGE to the town to have no saloons in it. As for loss of trade we are satisfied that there is no loss and if the town is able to stand ordinary competition, people will come to the town where they can have the best facilities. Our merchants are also convinced that a certain class of people have more money to buy goods and pay their bills if they do not spend it in saloons. We also think we have a better class of people coming in and people that are attracted by this fact." A. E. LAWRENCE, dealer in grain, says, "For a number of years I lived midway between two towns of about equal size, one tolerating saloons, the other excluding them, and my observation was that while at times the first named had a larger and more noiseful crowd, the individual purchases were smaller in amounts and the volume of business done was not so large as in the other town, and I believe the same conditions still exist. When the time came to move to one of the towns to have children educated and to engage in business myself I unhesitatingly chose the saloonless town, and experience has commended the choice from every point of view." L. L. HAMILTON, furniture dealer, says, "I have been in business in local option Decatur for the past 10 years and have become convinced that the law hurts no class of business, BUT THE SALOON BUSINESS." And finally hear what N. E. HOOPER, president of the village, has to say, "I am in favor of a continuance of the local option law. The moral standard of our village is much better than it was in the time of the open saloons. The argument that local option has a bad effect upon business is in my opinion wrong."

THE CHURCHES.

Mrs. E. L. Calkins of Kalamazoo, Mich., will lecture under the auspices of the W. C. T. U. in the Methodist church, Thursday evening, March 31st at 7:30 p. m. Subject, "The Success of the Temperance Reform." An offering will be taken.

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by C. A. Wright, druggist. Price 50c and $1.00. Trial bottles free.

Democratic Caucus.

The democrats of the township of Tecumseh, will meet in caucus at the Council building, in the village of Tecumseh, Monday afternoon, March 28, 1904, at two o'clock p. m., to place in nomination a township ticket to be supported at the coming annual township election. And to transact such other business as may properly come before the caucus. By Order of Committee.

MONTH'S TRIAL FREE.

Breath Hyomei three or four times daily and be cured of catarrh.

C. A. Wright, one of the most reliable business firms in Tecumseh, has seen many instances of the remarkable power of Hyomei to cure catarrhal troubles and other disorders of the respiratory organs.

Results in this treatment have given him so much confidence in Hyomei that he will give a month's trial with the positive understanding that if at the end of that time a cure is not effected or enough relief gained to warrant a continued use of the treatment for a while longer, the money will be refunded.

Hyomei is the only treatment for catarrh that has ever been sold under a "no cure, no pay" plan, and the only one where a month's trial treatment is free unless it cures.

Hyomei is not a pill or liquid. Just breathe it through the neat inhaler that comes with every outfit, and benefit will be seen from the first day's use. Breathed in this way, the health-giving Hyomei penetrates to the minutest air cells of the lungs, and drives catarrhal germs and poisons from the system.

The complete outfit costs but $1, and extra bottles of Hyomei may be obtained for 50c.

Remember that if Hyomei does not cure you after a month's trial, C. A. Wright will refund your money and the treatment will be absolutely free.

REASONS

Why our Vinol is the Greatest Health Restorer and Strength Creator Known to Medicine.

Because Vinol contains in a concentrated form ALL of the medicinal curative elements found in cod liver oil, but without a drop of oil to nauseate and upset the stomach; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Because we have never sold anything in our store equal to Vinol to restore health and create strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles.

A prominent physician writes:

"Vinol is the most palatable and valuable preparation of cod liver oil ever compounded. I now use it entirely in all cases where I formerly depended upon old-fashioned cod liver oil and emulsions."

Try Vinol on our guarantee to return your money if you are not satisfied.

For sale by C. A. Wright.

It is astonishing how londly the old skeleton in the closet can manage to rattle its bones at precisely the wrong time.

IT MUST BE TRUE.

Tecumseh readers must come to that conclusion.

It is not the telling of a single case in Tecumseh, but scores of citizens testify. Endorsement by people you know bears the stamp of truth. The following is one of the public statements made in this locality about Doan's Kidney Pills:

S. Erskine proprietor of the well known barber shop, says: "For ten years off and on I had a dull pain in my back, imperfect action of the kidneys, and often I could hardly stoop or get up again. I think it was caused by standing so much at my work. I was in bad shape. I used a great many medicines, but without receiving much benefit until Doan's Kidney Pills were brought to my notice and I got a box at C. A. Wright's drug store. I must confess that I was agreeably surprised, for after using one box I was much relieved. After the use of two boxes my back is stronger and better than it has been for a long time. Doan's Kidney Pills are the best medicine I have ever used and I have such faith in them. I believe I will be conferring a kindness on those suffering from kidney trouble in making known their merits."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Constancy is admirable; but it's the ever-shifting weather-cock that is looked up to.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Sinners are necessary to art; the life of a saint is as placid and unpicturesque as a puddle of water.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

The man with a big pocketbook is the possessor of a little shriveled up old heart that would make a hickory nut look like a football.

Being out of debt is the best thing out.

Gather the roses of health for your cheeks,
While the parks are shining with dew
Get out in the morning early and bright,
By taking Rocky Mountain Tea at night

but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Sold by all druggists.

Never chase anybody. You may find out something you don't want to know or that they do not want you to know.

READ IT THROUGH.

'Twould spoil this story to tell it in the headlines.

To use an eighteenth century phrase, this is an "o'er true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago Mrs. John Harmon, of Melfa Station, Va., had no personal knowledge of the rare curative properties of Chamberlains Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for placing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try and be convinced as I was." For sale by all druggists.

TREATED TO A CURE

Though Bent Double With Pains and Aches From Rheumatism.

If you will, we will put you in the way to cure yourself by enabling you to treat yourself until you are cured.

You can watch your own symptoms and note how you respond to treatment. Buy a bottle of Athlophoros at any druggist's.

Note carefully its effect on Rheumatism and bowels. If the latter are kept open and your Rheumatism is better, keep taking Athlophoros according to directions until you are cured, or until no improvement is visible, then write us your symptoms and we will tell you (without cost) what to do next. You can be cured without doctor's expense. We can relieve your pain quickly, and show you how to entirely drive Rheumatism out of your system. We are doing it every day, and have enabled thousands of cripples to go about their business.

It is simply driving the Uric acid out of the blood and keeping it out. You can prove this yourself. If your druggist doesn't have it send $1 to The Athlophoros Co., New Haven, Conn.

MET WITH A REPULSE

Japanese Again Failed in Effort to Bottle Up Russians

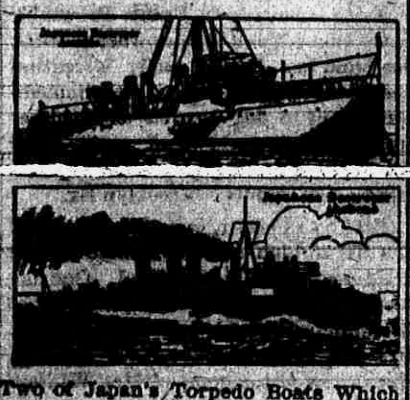
SENT FIRE SHIPS TO HARBOR

At Port Arthur—Russians Diverted Them From Their Course—Admiral Toga Refused to Meet Makaroff's Fleet in Open Engagement.

St. Petersburg, March 28.—Under cover of darkness Sunday morning Vice Admiral Togo made another desperate attempt to bottle up the Russian fleet in Port Arthur, but he failed again, and when after daylight Vice Admiral Makaroff steamed out to give battle the Japanese commander refused the challenge and sailed away.

The Japanese practically repeated the tactics of Feb. 24 by sending in four fire ships, preceded by a torpedo boat flotilla, with the exception that the fire ships this time were armed with Hotchkiss guns for the purpose of keeping off the Russian torpedo boat destroyers.

The enemy's attempt was discovered by means of the shore searchlights and a heavy fire was opened from the batteries and from two gunboats which were guarding the entrance to the harbor. The Russian torpedo boat destroyer Silni was outside on scouting duty, and to the dash and nerve of her commander, Lieut. Krinisky, is chiefly due the complete defeat of the plans of the Japanese.



Two of Japan's Torpedo Boats Which Participated in Sunday's Engagement.

He at once made straight for the oncoming ships under a heavy fire from the Hotchkiss guns, and torpedoed the leading ship, which sheered off, followed by the others, three of them being piled up on the shore under the lighthouse. The Silni then engaged six torpedo boats of the enemy, coming out from a terrific fight with seven killed and her commander and twelve of her complement wounded, but on the Japanese side only one boat's crew was saved. In addition, according to unofficial reports, it is believed that the Japanese lost two torpedo boats.

Toga Refused to Fight.

The Japanese cruisers who supported attack exchanged shots with the batteries and then drew off. An hour later the Japanese torpedo flotilla, followed by Vice Admiral Togo's fleet, came up from a southerly direction. Just at daybreak Vice Admiral Makaroff with his fleet sailed out to engage the enemy, but after the ships and batteries had fired a few long-distance shots Admiral Togo declined the issue and disappeared to the southward.

The news of the repulse of Vice Admiral Togo's second attempt to block Port Arthur created much rejoicing in the Russian capital, and among all classes the gallantry of the Silni and her commander is the subject of high praise, but above all the moral effect of Vice Admiral Makaroff's willingness to engage the enemy, showing that he considered himself strong enough to fight, produced a splendid impression.

In high official circles this new effort to bottle up the Russian fleet is looked upon as meaning only one thing, namely, that the Japanese are preparing for a heavy landing of troops in the Gulf of Liao Tung, either at New Chwang or on the west coast of the Manchurian neutral zone, to effect which in safety the immobility of Vice Admiral Makaroff is absolutely essential while the transports are being convoyed around the southern end of the peninsula. If the attempt had succeeded it would have required several days at least to blow up the steamers and clear away the wreckage, during which time the Japanese would be assured of non-interference in the carrying out of their purpose.

The conviction continues to grow here that the Japanese have concluded that it would be inadvisable to make a direct frontal attack on Manchuria or Korea against the whole Russian army, and that it will be necessary to land a flanking column in the Gulf of Liao-Tung to divide the attention of the Russians and if possible to seize the railroad and cut off Port Arthur.

Parker Jury Disagreed.

Detroit, Mich., March 28.—Judge Phelan has ordered the discharge of the jury that had in charge the case of George W. Parker, accused of murdering his brother-in-law, James Moore, after the jurors announced that they were unable to agree on a verdict. The jury had been out four hours and twenty minutes when Judge Phelan called them into the courtroom and asked if they had agreed upon a verdict. The answer was that they were debating over a question of fact and could not agree. The court then issued an order discharging them from further consideration of the case.

It saved his leg.

P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles it's the best salve in the world. Cure guaranteed. Only 25cts. Sold by C. A. Wright, druggist.

IS WORSE THAN EVER

No Improvement in Flood Conditions at Grand Rapids.

THOUSANDS ARE HOMELESS

Damages Will Total Over $1,000,000—Situation at Saginaw Serious—One Man Perished—Relief Reported in Other Sections of State.

Grand Rapids, Mich., March 28.—The flood situation here is worse than ever and is aggravated by the fact that one or more of the bridges on the river are liable to go at any time. The Leonard street bridge was closed to traffic Sunday afternoon on account of its dangerous condition.

It is impossible to form any estimate of the damage to property in the city until the water entirely subsides, but a conservative estimate places the amount at not less than $1,000,000. In the sixth, seventh, eighth and ninth wards over 3,000 families are homeless on account of their houses being surrounded by water, and on the east side of the river there are at least 100 others. The only way to reach the houses on that side of the river is by boat.

About 100,000 people Sunday visited the scenes of the flood. Relief work is being carried on steadily under the direction of Mayor Palmer. The submerged districts for miles is being patrolled constantly. Launches and row boats are busy carrying physicians and provisions to the sufferers. Saturday night over 200 people slept in the Widdicomb school, without blankets or heat. Sunday afternoon a detachment of the Grand Rapids battalion of state troops carried blankets to the school. Several sick women were taken from their homes in the flooded district and carried to hospitals.

Sunday morning Mrs. Barrows, living on Broadway, died from [illegible] fever, and it was necessary to take the body away from the house in a row boat. No further casualties are reported.

The city has decided to assume all relief work. Subscription lists are being passed around.

At least 1,000 families have lost all their furniture and about 100 merchants have lost goods on which they can collect no insurance for flood damage.

Ex-Congressman Belknap and Ald. Charles T. Johnson had a narrow escape from death. While they were returning from a relief expedition their boat was caught in an eddy and before they knew what was happening they were in the water. They were finally rescued.

Railroad service is almost completely crippled. The river is still rising.

Saginaw, Mich., March 28.—There is no sign of any mitigation of flood troubles, and more serious times are expected with warmer weather. There has been a slight rise of the river here, despite the cold.

At the mouth of Flint river ice is piled sixty feet high. The Big Prairie farm at the junction of Shiawassee and Flint, sixteen miles south, is four to six feet under water, 100 fine thoroughbred cattle drowned and it was expected forty horses would perish, despite efforts to get them out. Gilbert Bertram, foreman of the farm, perished from water and exposure. A large portion of the business district here is flooded and thousands of dollars' damage done.

No communication from Zilwaukee, four miles north, has reached here in two days, and 1,200 people were living in the upper part of buildings and suffering from lack of food and cold.

Bay City, Mich., March 28.—The police departments of Bay City and West Bay City were called to the extreme southern end of West Bay City last night by a sudden rise of water, which caught about twenty families. Two women and a girl were swept away by the flood, but were rescued.

The diking system south of Bay City is crumbling away and the water is flooding the streets, about 200 houses being surrounded. Attempts were made to cut some of the remaining dikes, but farmers armed with shotguns are patrolling them to protect their own property, refusing to permit the cutting.

Battle Creek, Mich., March 28.—The situation here is much improved. The Kalamazoo river is steadily going down and the Battle Creek river is also falling, though more slowly.

As the water recedes the damage is found to be greater than at first estimated. It is now estimated that the loss will not fall short of $250,000. Conditions in the flooded districts remain about the same.

One train arrived Sunday over the Grand Trunk railroad. This is the only train for two days. Mail is being brought in on interurban cars from Augusta and Marshall.

Flint, Mich., March 28.—Flood conditions are much improved, with less than a foot of water on Saginaw street, although ice is piled on the side streets.

The Pere Marquette and Grand Trunk tracks are now out of water but are covered with ice.

Lansing, Mich., March 28.—No further damage has been done by the flood in Grand river. The waters are slowly receding. Great cakes of ice are piled up in the streets and yards of residnces, and in some cases the ice is fully twenty inches in thickness.

Nelson Goes to Jail Again.

Battle Creek, Mich., March 26.—Helge T. Nelson, the self-styled vicegerent of the Most High, and his four followers were tried Friday afternoon in the justice court and convicted of disturbing a religious meeting. They were all sentenced to thirty days in the county jail at Marshall.

Wisconsin Won.

Ann Arbor, Mich., March 26.—Wisconsin university debated with Michigan last night on the subject: "Resolved, that the states should relinquish the personal property tax." Wisconsin upheld the affirmative and won.

RATHBONE APPEALS.

Wants Congress to Review His Case, Since Wood Was Confirmed.

Washington, March 28.—Senator Platt of Connecticut, chairman of the senate committee on relations with Cuba, has received from Major E. G. Rathbone an appeal for a review of his case in congress.

He calls attention to the investigation of the protests against the confirmation of Gen. Leonard Wood, held recently by the senate committee on military affairs. Major Rathbone has on file with Senator Platt's committee a request for an investigation of the circumstances under which he was convicted of complicity in the Cuban postal frauds, but no action ever has been taken in the matters. Major Rathbone is of the belief that General Wood used undue influence in bringing about his (Rathbone's) conviction. It is asserted also that the late Senator Hanna's interest in the case was due to his belief that Major Rathbone was dealt with unjustly.

NO CONCLUSION REACHED.

Jury Has Not Yet Returned Verdict in Senator Burton's Case.

St. Louis, March 28.—After almost twenty-four hours in which to deliberate since the closing of the case against United States Senator Burton of Kansas, the jury had not reached a conclusion. During Sunday afternoon deputies took the twelve jurors from the hotel in which they were quartered and escorted them around the streets for a short time to give them some exercise and fresh air. The United States district court, which was ordered to be considered as having taken an indefinite recess when the case went to the jury Saturday evening, was kept open all day and court officers remained on duty to summon Judge Adams from his residence and have court reconvened at any time the jury might report.

ON HILL OF MARS

Toronto Minister Preached to Delegates to National S. S. Convention.

Athens, March 28.—Rev. John Potts of Toronto, Ont., preached on the Hill of Mars Sunday to the delegates to the world's Sunday school convention. The ministers and delegates repeated St. Paul's address to the Athenians.

All the members of the party from the United States are well and will proceed to Jerusalem, where the meeting of the convention will be held.

Don't Want Shorter Hours.

Paris, March 28.—The application of the new socialist law, establishing a maximum of ten hours for labor in the department of the north, is bringing out remarkable labor disturbances on the part of those employed in the large textile industries located [illegible]. The socialists thought that shorter hours would benefit the workingmen, but the workers throughout the district are organizing strikes, on the ground that they want more pay instead of less work. The employers offer to give the same wages for ten hours as they have previously given for ten and a half hours, but the employes decline to accept this and insist on higher wages for ten hours than they received for ten and a half hours.

Newspaper Men Not Wanted.

Washington, March 28.—It is evidently the intention of the Japanese authorities to exclude from Korea all persons who are suspected of having any connection with newspapers in other parts of the world. This is because the Japanese are preparing for a decisive land battle and they do not intend that their plans for this campaign shall be made known to the world in advance. This was proved in the receipt of a cablegram from Minister Allen at Seoul asking the department to advise Americans not to come to Korea to observe the military operations, as the Japanese authorities will not permit them to do so.

FOUND IN DETROIT.

Carrie Hamilton, Missing Saginaw Girl, at Last Located.

Detroit, Mich., March 26.—Carrie Hamilton has been found, and Barney Rose, the Saginaw music teacher in Chicago, arrested March 19 on the charge of abducting the girl, was right. She was in Detroit. Rose has all along denied he led the girl away from her Saginaw home and appeared willing to tell what he knew about her.

Carrie Hamilton had taken refuge in the ranks of the Salvation Army. Detective Parker Owen of Saginaw Friday morning found her at the army barracks on Cadillac square.

The Saginaw detective says the girl made this statement to him:

"Rose and I were working in the same store in Saginaw. I was not getting along well at home and told him my troubles. He advised me to come to Detroit, and I did. He told me to go to the Detroit hotel and register as Carrie Jones. I did not do this, but went to the Salvation Army. I belonged to the army in Saginaw."

Rose, the girl alleges, did not come to Detroit, but went to Chicago, where he was arrested.

Finally Gets His Rights.

Iron Mountain, Mich., March 26.—Superintendent Harry McDermott of the Munro mine, near Norway, is advised from Washington that the United States supreme court has decided a long-pending case in his favor. The litigation has been in the courts for more than six years and was instituted to decide the patent rights on a sawmill device invented by Mr. McDermott, and on which a Marinette company claimed priority. There are about 400 machines in use, on which a royalty will not be demanded. The cost of the litigation runs well up into the thousands.

Working Overtime

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe, sure. Only 25c at C. A. Wright's drug store.

WHEAT CONDITION IMPROVED.

Winter Crop Benefited by Rain, Says Bradstreet.

New York, March 26.—Bradstreet's weekly review of trade today says:

Better weather has helped retail trade, thereby strengthening the tone of wholesale and jobbing business, hitherto rather pessimistic because of backward spring demand. Distribution as a whole, however, is not up to a year ago.

Additional favorable features are the unquestionable better winter wheat condition, due to general rains throughout the southwest, and evidences of further activity and strength in the iron and steel trades. Weather conditions also have allowed of increased outdoor activity, notably in building, but signs of increased tension in labor matters constitute a drawback at several large centers.

Country roads are bad and collections are a source of complaint. Railway earnings tend to improve as transportation difficulties are surmounted, and the outlook is that gross receipts for March will show a slight increase over a year ago. Lack of cars is still a subject of complaint, particularly in the coke producing districts. The averting of the strike in the bituminous coal industry is a strengthening feature to general business throughout the west but prices, which had advanced on the fear of a conflict, still show considerable steadiness.

Spring goods in nearly all lines are in better request at leading northern centers.

Wheat, including flour, exports for the week ending March 24 aggregate 1,801,845 bu, against 2,401,987 this week last year. Corn exports for the week aggregate 1,527,676 bu, against 3,618,210 a year ago.

Business failures in the United States for the week ending with March 24 number 215, against 193 last week, 175 in the like week in 1903, 183 in 1902, 189 in 1901, and 178 in 1900.

In Canada failures for the week number 18, against 17 last week and 16 in this week a year ago.

WHIPPED HIM.

Mob in Missouri Town Took Prisoner From Jail.

St. Clair, Mo., March 26.—Forty masked men, many of them carrying shotguns, broke into the jail here early in the day and securing Winn Davis, arrested on the charge of highway robbery, took him from the jail, whipped him nearly to death and then released him.

Deputy Sheriff S. P. Weatherford attempted to stop the mob from entering the jail, but shotguns were levelled at him and he was forced to step aside, the mob telling him he would be shot if he did not obey. One of the mob remarked: "We do not intend to have [illegible] pending in the supreme court."

Apparently the mob assisted Davis in his escape, for the authorities were not able to find trace of him afterwards.

To the Bitter End.

Trinidad, Col., March 26.—The coal miners strike in District 15, United Mineworkers of America, consisting of Colorado, New Mexico, Utah and Wyoming, will be continued to the bitter end according an unanimous vote of delegates of the several unions in convention assembled here. The troops have arrested several men and captured 150 rifles and a quantity of dynamite from the strikers at Segundo.

Confessed Larceny of Great Sum.

Boston, March 26.—Wallace H. Ham, formerly manager of the Boston office of the American Surety Co. of New York, and treasurer of St. Luke's home for convalescents, pleaded guilty in the Suffolk county superior court to indictments charging the larceny of $238,000 from those institutions. He was not sentenced.

Secretary Moody's Future.

Boston, Mass., March 26.—William H. Moody, secretary of the navy, will practice law in Boston after the expiration of his term of office, on March 4, 1905. He will be associated with E. W. Burdett, J. Otis Wardwell, C. A. Snow and another man, whose name has not been given out.

BRIEF TELEGRAMS.

Lieut.Gov. Forget of the Canadian Northwest Territories has been granted a second term, his first expiring last November.

The engagement is announced of Miss Rebekah Knox, daughter of the attorney-general, to Mr. James R. Tindle of Pittsburg. The wedding will occur in the autumn.

The Cuban government has discarded the offer of George Richardson of Chicago, for the raising of the United States battleship Maine because he has neither furnished a guarantee nor signed a contract for the execution of the work.

The final installment of the $28,000,000 called for by Secretary Shaw from the interior depositary banks in connection with the Panama canal payment was paid into the depositary banks of New York Friday. The ten New York depositaries will contribute about $2,000,000.

"There is no other country in the world that has before it, comparatively considered, greater undeveloped opportunities of agriculture, commerce and population, together with so much present material progress," is the statement of Mr. Barrett, former minister to Argentina, in a report on Argentina, which he has just written to the state department at Washington.

Smothered in a Hopper.

Detroit, Mich., March 26.—Standing on the edge of the giant hopper into which flows the soda ash in one of the big storage rooms at the Solvay Process Co.'s works at Delray, John Miller, also known as Kicsiak, a workman, was knocked into the hopper, buried beneath the inflowing soda ash and smothered to death. The accident was discovered in a very few minutes. The men below the hopper quickly gathered that something was wrong, and they found the man's dead body. Miller was 35 years old, lived on Peterson street, Delray, and leaves a widow and two children.

Hall's Family Pills are the best.

Make no proposition that is not a straight one on the face of it.

A Severe Cold for Three Months.

The following letter from A. Nusbaum of Batesville, Ind., tells its own story. "I suffered for 3 months with a severe cold. A druggist prepared me some medicide and physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." Refuse substitutes. Sold by all druggists.

A majority of novels presented to the reading public are first-class trash.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nervine and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c and satisfaction guaranteed by C. A. Wright, druggist.

The first effect of a blessing on a man is to make him more thankful.

Do You want Strength?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure add to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities Sold by C. A. Wright.

The man who belongs altogether to the devil is generally last to find it out.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal even when the patient has recovered the lungs are weakened, making them peculiarly susceptable to the developement of consumption. Foley's Honey and Tar will stop the cough and prevent pneumonia. Sold by all druggists.

He who is useful is the incarnation of the highest religion or creed.

Colds cause pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by C. A. Wright.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LAST HALF

Of the Sermon delivered at the Presbyterian Church by Rev. W. F. Jones on

LOCAL OPTION

The other half was printed in the Herald last Friday.

I have purposely multiplied these testimonies as to the effect of local option on business, because that is the argument most frequently heard upon our streets these days. None of us as good citizens would willingly do anything to drive away business from our village. In view of the experience of places where local option has been tried, I dare affirm, without fear of successful contradiction, that the argument that the saloon helps business is without foundation. Where local option has been tried long enough to give it a reasonable chance, every business man is satisfied that the saloon does not help his business, but is a detriment to it.

3. "But," some say, "the carrying of local option will not do away with the consumption of liquor, and so will not eliminate drunkenness." That is no doubt true. The mere enacting of a law will not reform men, nor prevent men from violating the law. The laws against theft, murder and arson do not prevent these crimes. We would not therefore counsel the abolition of these laws. "The local option law will be violated." There can hardly be any question of that, but what law is not? As local sentiment is developed in its favor, it will be increasingly more thoroughly enforced. The prosecuting attorney of Van Buren county, writing under date of Feb. 12, says, "Having lived 13 years in the county and having four years experience as prosecuting attorney in enforcing the law, I am more firm in my belief in the law than ever before. The law can be enforced as any criminal law on the statute books. He says, "when the law was first enacted it was difficult of enforcement, but this difficulty grows less and less." The people of Van Buren county grew somewhat discouraged a few years ago by reason of the flagrant violations of the law by the drug stores. But by a decision of the supreme court in 1902 an effective way was found for handling them. You may remember that during last winter all the drug stores of South Haven were severely dealt with, and one or more persons from every one of them was prosecuted and convicted of violating the law. The law can be enforced as any other law, if only the proper men are elected to office and they are sustained by public sentiment. Summing the matter up the prosecuting attorney of Van Buren county, says, "The results of 14 years under prohibition have been the complete destruction of saloons, and the bringing of the drug stores into lawful scope."

"But," you say, "more liquor will be sold under local option than is now sold under high license." How the devil must smile when he hears this gray headed lie passed around by people presumably sane! Do you suppose the brewers would have put $7,000 into one county to defeat local option unless they saw in it a menace to their business? These men are not martyrs for principle. They have no slightest concern for principle. They are in the business for revenue only. The brewers declared they would put $100,000 into another county, if necessary, to defeat local option. Do you suppose they were willing to do that simply to prevent more liquor being sold, as our friends assert would be sold under local option? The claim is ridiculous on the face of it and its mere statement is refutation enough. Yet this is just the argument we have been hearing on our streets the past few days. "The drinking class will not come to our village to trade, yet more liquor will be sold." It ought to be a bonanza to the saloons, at that rate, if we should drive every drinking man out of town.

The wholesale dealers admit that their sales have been greatly decreased in prohibition states. The agent for the liquor dealers' league recently declared that as much liquor was shipped into South Haven last year as in any year in saloon times. But the population of South Haven has trebled in recent years, besides the 10,000 summer resorters who now spend three months each year there. The sales of liquor should have more than trebled if it had kept pace with the increase of population. The prosecuting attorney of Van Buren county declares that he believes that the outlawing of the traffic for 14 years in that county has reduced the amount consumed by at least fifty per cent. A personal letter, dated at Paw Paw, Feb. 12, says, "Any one who says that local option does not lessen the amount of liquor sold in this county, either falsifies or is misinformed as to the facts. I do not believe there is one tenth the amount of intoxicants used in this county as there is under the open saloons in counties similarly situated." The consensus of opinion from men qualified to judge is clearly that from every view point the counties now under prohibition are a hundred fold better than with the open saloon, which is always a law violator. Fully three fourths of the counties of the southern states are under local option, and there the law is as well enforced as any on the statute book. Gov. Stanley of Kansas, has well said, "Prohibition at its worst is far better than high license at its best." We have only to look about us in our own town to see justification for that statement. Our saloons are notorious, persistent violators of the existing laws. They all admit they couldn't do business and obey the law in all respects. Yet the champions of the saloons grow almost maudlin in their solicitude lest the law be violated or disregarded under local option. We are not looking for easy conditions. We are seeking to establish right conditions, even if it entails a severe struggle.

It is objected that the closing of the saloons will scatter the use of liquor and make it more difficult for the officers to regulate. Don't you think one bright, warm, attractive, legalized saloon will do more harm in a community than ten small groups who stealthily drink in alleys or barns or even stores and houses, since every such place is conspicuous because unlawful, and its frequenters uneasy because acting unlawfully? So evil a traffic should have the ban of the law put upon it, no matter if it cannot thereby be wholly suppressed. Clearly the way to kill the liquor traffic is not to legalize it, but the rather to put it under the ban of the law as it now is under the ban of the best public sentiment.

Thus far we have been considering negative rather than positive arguments. Now what are the positive benefits of local option?

1. I want to put first of the positive gains of local option, that, whether we fully succeed or not, it puts us in line with the right. Every one will admit that the only final solution of this vexed problem is the entire prohibition of the saloon. Surely God does not want the restriction but the banishment of this hideous evil. It must perish, or God can never win the victory of universal righteousness. [illegible] by fighting it now and making no compromises we are putting ourselves in line with the eternal victorious forces of right.

2. The second positive advantage is that it outlaws this business, whose whole record is one of flagrant violation of every law of God and man. A business so hostile to every pure interest of state and society, should never be legalized by the community so grievously hurt by it. Legal condemnation should reinforce public reprobation.

3. The third positive benefit of local option is that it removes temptations from our boys. The open door of the saloon is the front door to hell. No man who has ever come under the baneful influence of drink will question that. Hell yawns for the man who develops an appetite for drink. It is the saloon's primary concern to develop that appetite. It cannot live without recruits. Into its voracious maw must go your son or mine, if the fearful procession of the past is to be continued. What say you to this?

One of the prominent officials of Van Buren county says "Hundreds of lads in our county, now in their teens, scarcely know what an open saloon is, and have never been inside one, and have never seen one, unless when visiting some town outside their home county." Don't you think this would be advantageous to the boys of Tecumseh, and that you owe it to them even at considerable cost to yourselves? The closing of the saloons means to boys less temptation, to parents greater confidence, to citizens greater safety, to business greater security, to the community greater self-respect, because free from complicity in a dangerous traffic.

4. The fourth benefit of local option is that it lessens the consumption of liquor and, to that extent, helps every legitimate business by increasing the purchasing power of the community. The saloon is the rapacious destroyer of money, time, high ambition and moral standing. The abolition of the saloon will make better citizens with greater earning capacities and therefore better patrons of the legitimate lines of business.

5. Another improvement in conditions due to local option that is largely emphasized by those who have studied conditions where the saloon is prohibited, is that it eliminates the saloon from politics. Hear what the Prosecuting Attorney of VanBuren county wrote a few days ago, "One of the greatest gains for good government of the county growing out of the enforcement of the local option law is the entire elimination of the saloon in politics, and there is no such thing in this county. No candidate for office caters to the liquor vote or fears its opposition." Unless you have studied our caucuses and elections you can hardly appreciate what this means. At present our county officers who are seeking re-election must absolutely do the will of the liquor power or be turned down. How pitiable was the action of our prosecuting attorney when called upon by the county board the other day for his opinion on the petition question. In our own village the saloon vote is swung solidly for those who promise subserviency to their will. To eliminate the saloon as a political center and potent factor would be of incalculable worth to our county and would make the problem of law enforcement infinitely easier.

My friends, you are perfectly assured that drunkenness is the deadliest curse of our twentieth century civilization, that the drink traffic is the great fronting evil of our day and that the saloon is the chiefest modern peril to government, manhood and morals. How then can you for a moment think of temporizing and compromising with it? Old Cato used to close every address with the stern words, "Carthage must be destroyed." Let us make it our watchword, "The saloons must go." There are many good people in Tecumseh today who are very weak-kneed as to this temperance fight and who seem almost ready to lie down and weakly confess "we are helpless." O my friends, while God lives in His heaven, we have no right to doubt or despair. The vaunted might of man is lighter than the small dust of the balance in the sight of Him at whose words worlds come into being, seas divide and Jericho-walls fall down. When God works, human might and defence is as nothing. Because God is, the drink traffic is doomed. Only let us range ourselves on the side of God. Let us be strong and quit us like men. Our fight for truth and righteousness is not a losing fight nor a hopeless struggle. The bars of gray light, tinged with gold which lie on the eastern sky, are harbingers of the full day and of the glorious light of the Sun of Righteousness. "The morning surely cometh." There are signs and confirmations in history. There is absolute proof in the fact that God is. To be God means that the world is surely growing to the fruition of universal righteousness.

My friends, in view of these well attested and undoubted facts, how can any thoughtful man, who loves God and his fellowmen, doubt that as purely business proposition the saloon should go. The question we submit to you is this, will you rise above the sophistries of those who have been deluded into supporting an institution which is hurtful to every interest of man's social and moral life, and cast your ballot on April 4th for God, and home and native land?

Election Notice.

Notice is hereby given to the electors of the township of Tecumseh, Lenawee county, Michigan, that the next ensuing township election will be held on the first Monday in April, being the 4th day of April, A. D. 1904, at the first and second precincts in said township, at which election the following officers are to be chosen, to-wit: One supervisor for one year, one clerk for one year, one treasurer for one year, one school inspector for two years, one highway commissioner for one year, one justice of the peace for four years, one member of the board of review for two years, four constables for one year each. The polls of said election will be open at 7 o'clock in the forenoon, or as soon thereafter as may be, and will continue open until 5 o'clock in the afternoon of said day (standard time), unless the board shall in their discretion, adjourn the polls at 12 o'clock noon (standard time), for one hour. The opening and closing and adjournment, if any, shall be at the same hour in both of said voting precincts.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it; you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

ROUND ABOUT US

A dog belonging to Frank Brown became angered and bit his owner through the hand last Friday badly lacerating the member. The animal was immediately sent to dog heaven—or the other place—by the cold lead route. The wound in the young man's hand promises to heal rapidly.—Brooklyn Ex.

Miss Eva Palmer, one of the pupils of the Milan high school, is here taking treatment with Dr. Copeland. One day last week she arose to recite in class but found herself unable to speak audibly. She had been stricken with aphonia. She is now at the home of Mrs. William Rainey and has recovered her voice.—Ann Arbor Register.

Hillsdale county is in the peculiar predicament of being without a deputy sheriff. The sheriff died recently and the attorney general holds that the deputies cease to exist with the death of the sheriff who created them. The under sheriff is acting as sheriff, but he has no power to appoint deputies.—Detroit Free Press.

Last week "Dood" Randall, (familarly known as Jeff Davis,) attended an auction sale at which he bought a cow of many superior points. When he tried to milk her he found her minus one teat. To say that his blood boiled would be stating the case too mild. Mr. Randall is now treating the cow to three feeds of Wilbur's stock food in hopes to grow a new member. He says he will bet money it will do it. Reese Review.

Seth, Simmons of Franklin, jumped from a wagon and so struck that he sprained his left knee. He was compelled to be sidetracked in an armchair at the house for repairs. Then as long as he couldn't get about to do anything he entertained dutch measles to keep the children company. It does not make much difference to him, however, for the frost will not let him plow or lay fence.—Adrian Press.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else just as good. For sale by all druggists.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

Tragedy Averted.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by C. A. Wright, druggist. Price 50c and $1.00. Trial bottles free.

A GOOD LETTER

From Los Angeles, Cal., written by

MISS ETTA THORPE

To Miss Harriett Whitter, who kindly grants permission for us to print it in the Herald.

Los Angeles, Cal., Feb. 18, 1904.

MY DEAR HARRIET:—Have so much to write it is hard to know where to begin, but guess I'll start in from the time I left Detroit As you knew I left home Friday night at eleven. Only had seventeen callers that last afternoon. Had a carriage to take us to station. Got to bed about 12 and the train pulled out at 2:45. You can imagine how much sleep I got that night after leaving home. It was pretty hard work. We got to Ft. Wayne at seven. I slipped on my clothes. Saw Clara and Abbie Sechler. Found Uncle Whitehead ready with his grip to go along, was quite surprised to see him. Our train had gone when we reached Decatur so they took us on to St. Louis and held us till the 10:15 train Saturday night, that gave us six hours there. A Miss Miles of Lawrence, Kansas, went with us up town and we had a good beefsteak. We then watched the people in the station until time to go.

I managed to keep awake till we had passed the World's Fair buildings. As it was moonlight could see quite a good deal. We arrived in Kansas City Sunday morning at 8:25. Waited till eleven and then started on our three days' journey that I dreaded so. But had such a good time was sorry it was over. We jogged along over the state of Kansas on Sunday. We met a pleasant girl, Miss Waddell of Taylorville, Ill., who came out here and married a man who owns a couple of orange farms. She was in another car but we went back and forth visiting and had lots of fun, she's jolly. I expect to visit her sometime after they get back from their wedding trip. "I met him when he got on the train."

Sunday night we had supper at Hutchinson, Kas., and while at table a Mr. Cranor, Santa Fe conductor, who was going back home to Las Veges, New Mexico, recognized Uncle as an old engineer in Richmond when he was firing when a kid. He turned out to be a friend of Cousin Charlie's too and he made our trip very pleasant all Sunday evening and Monday up till one o'clock. He got off with me at Dodge City, where I saw Mrs. Martin and Milo. Mr. Martin was buried a few days before that, had pneumonia. Mrs. Martin has it now.

Monday morning we had breakfast at Trinidad, Col. The train we took; we stopped at places and had 25 minutes for a meal and everyone most got off to stretch themselves and it gave us a chance to see more of the country. So glad I didn't come on the Limited, seems they don't allow you to get off at all.

At Trinidad took on an extra a big mountain engine. They carry 14 tons of coal and are 76 ft. long, boilers are larger than a man standing up beside them. We began to climb the mountains. was in the last Pullman so spent all day Monday on the back platform with Mr. Cranor as a guide. At the top of the mountain came to Raton Pass and into a tunnel ¾ of a mile long. I had to grab for my handkerchief it got so smoky and gassy. We came out in New Mexico and then how they did run down the other side. The civil engineering of that country and the railroads over the mountains are wonderful. The curves and letter S they have to make in order to get up the steep elevations. We were up over 7,000 ft. several times and down as low as 42 ft. below at The Needles, Ariz. The scenery was grand although it was the bare mountains and rocks.

Had dinner at Las Veges, New Mexico, and here had to say good bye to Mr. Cranor. We had a supper at Albuquerque and here we saw such lots of Indians with their beads and pottery, blankets etc. Such homely old things as the squaws were.

Tuesday we were in Arizona all day. About 10:30 we arrived at Flagstaff, where they have an observatory. It is the timber country and on the side of a mountain nearly to the top, here was an immense saw mill and the largest piles of lumber I ever saw. A pretty town as far as they go, but excuse me on either New Mexico or Arizona. They are all devoted to their towns those that live in those places. Mr. Cranor thought there was no such place as Las Veges.

Tuesday after leaving Flagstaff went to the top of the mountain and then began the decent to Ash Forks for dinner. A prettier sight I never saw. Could look back and see where the track lay, winding in and out through canyons, riding on the edge of ledges with a gully on one side. More Indians at Ash Forks and paid a nickel to see a pappose, was strapped to a board.

Mr. Tew was the conductor this day and everytime there was anything of interest he came in and sat with me and pointed it out. Saw Horse Shoe Bend, Bottomless Pit, Indian school and several other things I wouldn't have, I had a nice letter from Cousin Charlie to the train men and they were all so nice to me. The Porter thought it his duty to look after me as I wasn't well and I had good care. Supper at The Needles, called this from the two mountains near there.

All day Monday we could see the white tops of Spanish peaks of Colorado over 90 miles away. Its wonderful how near they seem. The San Francisco peaks were in view all Tuesday and Wednesday morning, Mt. Lowe. Got up real early, 5 o'clock, so as to be sure and see the San Bernardino Valley, the great orange country. Was awake at four and the big cacti that I saw, as tall as the trains, regular trees. We reached San Bernardino at 6 o'clock, quite dark yet, but out I got as this was where Mr. Brua was to meet his bride to be. We had lots of fun with her. He is 54 and she 33. He showed us and told us about the orange and lemon trees etc. Such a lot of oranges, cheaper than apples here. They are so delicious. Cousin has one in the yard and I had to cut one of course. Also has a lemon and fig tree.

Cousin Sarah and Mr. Shetler met me and brought me up in their Oldsmobile. She has such a pleasant home and made me so welcome, all I have to do is rest and get well. It was chilly last week. Had some rain last week and tried to rain today. They need it badly its so very dry.

I called Agnes Woodward up over the 'phone and made her guess who it was. She and her mamma came up to see me and I've been down to their room only four blocks from us. The palms are perfectly huge and grow any old place. Saw date palms five feet across the base. Such beautiful roses, carnations and the poinsettias are gorgeous.

The first Sunday I was here Mr. Shettler took us for a ride and went up on Crown hill with auto and could see all over city and mountains too. I'd like a home on the Heights where I could get the sun first in the morning and always have a view of the mountains. Its quite high here but Mr. Shettler expects to build higher up before long. Los Angeles is very hilly, all ups and downs, but seems well laid out and stretching out so fast. The working class of people are building such pretty cottages out a ways. Cousin Sarah entertained their whist club Tuesday evening. They are such a jolly lot and why shouldn't they be, all of them retired. This is a great place to take cold, the sun is so warm and cool in the house. We have furnace fire night and morning. Have several mornings taken sun baths on the front porch.

Yesterday went to Long Beach and had my first view of the grand old ocean. The air is delightful there. How I wish I might spend a month there. Went to call on Mrs. Sutton and she was quite surprised to see me. She is not at all well. It takes 30 minutes to go down by trolley line. Don't know whether I'll get to Ocean Park or not, where Mrs. Sisson is. Met Manie Monaghan on the street, she is not very well, we called on Corinne Sheldon. Last Monday was an unusual day here, was very hot, 92 degrees in the shade. In the evening we sat on the porch 'till 9:30, the ladies had on cotton shirt waists and no wraps. It was just fine. At a party given at Hotel Locke I met a Mrs. Porter, who was Luella Billmeyer, used to live in Tecumseh and go to school. Guess I've told you all.

Yours lovingly
MARIETTA.

Kind regards to friends.

SUICIDE

Body of an Unknown Man was found in a Corn Shook on the farm of

JOHN MASTON,

Which is 6 miles south and ½ mile west of Raisin. Was discovered by the two sons of Benjamin Anderson.

The body of an unknown man was discovered in a corn shock yesterday on the farm of John Masten, who resides 6 miles south and ½ mile west of Raisin. Two boys, Harley and Howard Anderson, sons of Benjamin Anderson, who lives on an adjoining farm, were drawing the corn stalks, when the older one found what he thought at first to be a coat. Uncovering it he was horrified to find a man. In one hand he held a razor. A gash across his throat and one at his wrist told the story.

He was a man of perhaps 45 years of age, was fairly well dressed, and is supposed to have been a tramp farm hand, as he carried a corn husker. It is thought he has been there for the past four months. He was frozen stiff, and the face blackened by decomposition.

The body was taken to Conklin & Mott's undertaking rooms in Adrian, yesterday afternoon, where the inquest will be held as soon as a jury can be secured.

CLUB NOTES.

Monday club election of officers next Monday.

Mrs. Phillips will speak in the Universalist church Wednesday evening on, "What is Art?" She comes under the auspices of the Monday club, the proceeds of which will be used to help furnish a room in the new library building for the club.

A meeting of the literary clubs of the town, which have decided to go into the Local Federation of Clubs in Tecumseh, will be held at Monday club rooms Monday evening, April 4. A joint program is expected to be given and an election of Federation officers.

The Saturday Night Nomadic club met with Mr. and Mrs. J. M. Ingersoll last Saturday evening. A picnic supper was laid upon long dining room tables at which twenty guests were seated. The evening was given to after dinner speeches, flinch, pit, music and tableaux.

The treasurer of the University of Michigan has received from the treasurer of the Michigan Federation of Women's clubs, a check for $3,000 to be used to help specially meritorious women students in securing their education.

RIGHT HERE IN TECUMSEH

C. A. Wright guarantees to refund money if Hyomei fails to cure the worst case of catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei, is entirely different. It is made by C. A. Wright, one of the most reliable drug firms in this section. He advertises that if Hyomei does not cure the worst case of catarrh, he will return the money without any question or argument. No business house in Tecumseh has a better reputation for square dealing than C. A. Wright, and when he guarantees that he will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to, both in the spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breath will bring recovery so much the nearer. It kills all the germs of catarrhal troubles in the air passages of the head, throat, and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but one dollar, and extra bottles of Hyomei can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever when you try Hyomei on C. A. Wright's offer of "No cure, no pay."

THE THIEF OF BEAUTY

Is Captured by Bradfield's Regulator.

Thousands of young women are awaking to the fact that inherited comliness has been stolen, and instead of glowing cheeks and bright eyes, the tell-tale *wrinkles of pain* have taken their place.

These are the warning feelings! Weak and tired in the morning, *no life to enter* upon their former pleasures, irritable, cross, dull headaches, general dispirited feeling, sleepless nights, cold feet, "bearing down" pains. All these symptoms indicate deranged and weakened organs, and exhausted energies follow the weakened condition of the female organs as surely as night follows day. Save yourself from worse results by taking

MAKES WORK EASIER.

Tecumseh people are pleased to learn how it is done.

It's pretty hard to attend to duties
With a constantly aching back.
With annoying urinary disorders.
Doan's Kidney Pills make work easier.
They cure backache.
They cure every kidney ill.

Mrs. E. D. Fryer, who lives in the north western section of Tecumseh, says: "I suffered from my kidneys off and on for about two years. During an attack the pain was worse along in the afternoon and I often felt like giving up, but I kept on working in misery, for stooping or straightening made my back feel as if it were breaking in two. If I took a slight cold it always settled in my back and in spite of all the remedies I used, I could not get relief. Procuring Doan's Kidney Pills at C. A. Wright's drug store, I took them. They did more good than all the other medicines I ever used. The pain in my back was quickly relieved. I take pleasure in recommending Doan's Kidney Pills at every opportunity."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Constancy is admirable; but it's the ever-shifting weather-cock that is looked up to.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Sinners are necessary to art; the life of a saint is as placid and unpicturesque as a puddle of water.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

Your Heart.

When Your Heart Fails to Pump Your Blood, Trouble Results.

Have you heart trouble?

You have, if you find it hard to breathe after walking up stairs, exercising, etc. *If you have pain in your left side,* in chest, back or shoulder. If you suffer from cold extremities, pale face, blue lips, dry cough, swollen ankles.

If you have fainting spells, breast pang, palpitation, redness of the face, discomfort in sleeping on one side.

The only scientific treatment for this whole train of troubles is Dr. Miles' New Heart Cure.

Dr. Miles' New Heart Cure is the prescription of a famous specialist, whose great success in treating obstinate nervous heart disease has made his name pre-eminent in the medical and scientific world.

The medicine will cure you. We know it. We want you to prove it. If first bottle does not benefit, your druggist will give you back your money.

"I have for several years suffered at times with heart trouble. I got so bad I could not sleep half the night, and had to sit up on the side of the bed lots of times to get breath. Three of my brothers have died of heart trouble, and I thought I was going the same way, but about two and a half years ago I got a pamphlet about Dr. Miles' New Heart Cure and thought I would try a few bottles. After using them I recovered, and have had better health since then than before for several years. I can heartily recommend them for heart trouble."—REV. George F. Moore Dead.

Detroit, Mich., March 28.—George F. Moore, for many years a member of the wholesale dry goods firm of Edson, Moore & Co., died suddenly at Magnolia Springs, Fla. His son George F. Jr., was with him. Death had not been expected, though Mr. Moore was 71 years old. He had complained of a slight cold the week preceding his death. George F. Moore was one of the original members of the firm of Edson, Moore & Co., but had not been active in it for some years past. He lived in Fonda, N. Y., with his daughter.

Burglar Was Caught.

Flint, Mich., March 28.—James Sullivan, claiming to hail from Schenectady, N. Y., and having in his possession a union steamfitter's card, is under arrest here on a charge of burglary. He was arrested by Patrolman Green at midnight while in the act of burglarizing the Electric cigar store and surrendered at the point of a revolver. Two other stores had been entered during the earlier part of the night and both of these burglaries are credited to the prisoner. Sullivan was bound over to the circuit court.

An Open Letter to the Public

FROM A WELL-KNOWN DRUGGIST

To Whom It May Concern:

Of late there has been a good deal of discussion in regard to advertised medicines and their value. We want to say to every man, woman and child in this vicinity that the most valuable preparation of cod *liver oil*,—the best tonic reconstructor, health restorer and strength-creator we have ever sold in our store is Vinol.

Vinol is not a patent medicine; it contains no injurious drugs, and it actually does contain all of the medicinal curative elements of cod liver oil, taken from fresh cods' livers, but without a drop of oil, and is delicious to the taste.

Vinol is recognized throughout the world as the greatest strength-creator for old people, weak, sickly women, children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and make those who are too thin, fat, rosy and healthy.

Vinol is sold on a positive guarantee. Call and get a Vinol booklet.

It is understood that a couple of Adrian's leading medical men had occasion recently to make a trip into the country, and to reach their objective point had to travel through considerable water enroute. Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember *when it was simple* indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect *digestion* ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

FOR CHARITY'S SAKE

Chicago Preacher Confesses Robbing the Railroads.

WORKED A UNIQUE SCHEME

Bought Mileage Tickets at Preachers' Rates, Sold Them to Ticket Brokers and Gave Profits to the Poor.

Chicago, March 31.—As a result of what he declares was his effort to assist the poor of Chicago "Dr." Dewing, who claims that he is a clergyman, has been arrested, charged with robbing the railroads which have headquarters in Chicago of thousands of dollars' worth of transportation. All of the money thus secured was used for charity; at least this is the substance of a confession made by Dewing last night.

Dewing, who is said to have made a practice of buying mileage tickets at half rates, claiming that he was a minister, and then selling the tickets to Chicago brokers, was arrested in the office of the Michigan Central railway while waiting for a ticket to be countersigned by officers of the company. In his confession Dewing said:

"Yes, I admit that I purchased mileage at 'preachers' rates and sold it to ticket brokers. I used every cent of the money to better the condition of the poor of Chicago, though, and if I have greatly sinned I'm sure that God will overlook the fault. I was educated in an eastern theological seminary and began slum work in Chicago a few months ago. I was appalled by the shocking conditions here. All of my money was spent, and as I saw so many persons starving I felt that I was justified in procuring funds in the manner I did."

Having made a thorough investigation of the case, it is said that the railway companies which are complainants against Dewing will be satisfied with the imposition of a small fine, as his story is believed.

PESTERED THE PARADE.

Gang of Hoodlums Annoyed Berlin Military Procession.

Berlin, March 31.—The people of Berlin, who never tire of military processions, jammed the streets last night during the departure of reinforcements for German Southwest Africa. The troops which left Berlin last week had been annoyed by a number of half-grown people marching with them, and the authorities accordingly deployed a small army of police of every [illegible] numerous streets, attempted to keep the way cleared for the military, and arrested the most forward of the hoodlums, but their efforts were only partially successful.

Several hundred persons, including the anti-military elements, animated by the socialists' criticisms of the army and the colonial policy of the government, hustled the police, even covertly attacking them. These persons reached the entrance to the police station, where they indulged in hooting and caterwauling. They climbed the fence and the roof of an outhouse and smashed the windows.

There was no physical attack on the military.

PANAMA GETTING ANXIOUS.

Surprised That U. S. Has Not Paid That $10,000,000.

Panama, March 31.—Great surprise is manifested in all circles here over the alleged non-fulfillment by the United States of the agreement that on the exchange of ratifications of the canal treaty the United States should pay to the new republic the sum of $10,000,000. It is said the delay of the United States to make the payment has forced the government of Panama to float a loan in New York.

Washington, March 31.—The reason for the non-payment up to the present time of the $10,000,000 to be paid Panama on account of acquisition of the canal territory doubtless is to be found in the fact that title cannot be taken to the canal and the rights therein until after certain necessary formalities in Paris, whither two law officers of the department of justice have gone to see whether the Panama company regularly conveys its rights and title to the canal property. The Associated Press March 3 announced that payments to the canal company and to the republic of Panama would be made concurrently about April 1.

Killed Himself With Gas.

Cleveland, March 31.—Jesse W. Alton, manager of the Castler-Alton-Clarke Co., was found on the floor of the company's office, 29-31 Academy street, dead from asphyxiation. Alton attached the tube to a gas jet and placing a coat over his head lay down on the floor with one end of the tube in his mouth. Alton had been despondent as a result of grip. He was 35 years old.

Durand's Son Honored.

Washington, March 31.—A cablegram received here from India brings the news of the appointment as adjutant of his regiment of Capt. H. M. Durand of the Ninth Lancers, the son of Sir Henry Mortimer Durand, British ambassador at Washington. The offer of the adjutancy to so young a soldier as Captain Durand is an unusual honor.

Lady Minto Broke Her Leg.

Ottawa, March 31.—Lady Minto, wife of the governor-general, while skating fell and broke one of her legs in two places.

REFUSED USE OF WIRES

Japanese Show Partiality Among Field Correspondents.

WANT TO KEEP MOVES SECRET

Channel at Port Arthur Claimed to Be Partially Closed—Japanese Coasting Steamer Sunk by Russians—Passengers and Crew Taken Prisoners.

London, March 31.—The Daily Telegraph says the Japanese authorities have refused correspondents the use of the field telegraph lines, and that all dispatches must be sent to Tokio by mail. The paper further says that there is no sign that any foreigners will be permitted to go to the front. though the native newspapermen will be allowed to do so.

The Daily Telegraph, in an editorial on the unprecedented severity of this censorship, suggests that Japan has some new and important move to conceal.

A correspondent of the Daily Telegraph at Seoul reports that the Russians are evacuating the positions they occupy in Korea.

Washington, March 31.—Information has been received here from Tokio, under date of March 30, to this effect:

"The Japanese fleet has been succeeded in attempt partially to close the channel of Port Arthur. Four Japanese merchant vessels, escorted by twelve destroyers and six first-class torpedo boats, arrived at 3 a. m. March 27. The Japanese merchant vessels successfully entered the channel inside the lighthouse. Two were destroyed, sunk by Russian destroyers. Two of them by own explosives. Loss in killed, two officers two men. Loss in wounded, one officer, eight men. No casualties Japanese torpedo vessels. Very small gap in channel."

In view of the information received, it is believed here that it will be difficult for the Russian ships to pass the channel should the cablegram from Tokio prove to be accurate.

Chefoo, March 31.—The captain, an oiler and one passenger of the Japanese coasting steamer Hanyei have arrived at Tung Chow and reported that the Hanyei had been fired on and sunk by the Russian fleet near the Miaotao islands on the morning of March 27. They also reported that the remainder of the crew and passengers, Chinese and Japanese, seventeen in number, were taken prisoners by the Russians.

The captain of the Hanyei has arrived here. He says he mistook the Russian warships for the Japanese fleet until he had approached within one mile of them. Then the Russians boarded the Hanyei in small boats and removed the passengers. The captain the oiler and one passenger were in bed in the hold when the Russians came aboard, and were not taken off. The Russians then sunk the steamer and the three men clung to floating wreckage until they were rescued by Chinese fishermen.

The Hanyei was a small vessel.

Seoul, March 31.—It is reported that 500 disbanded Korean soldiers near Ping Yang are becoming riotous.

JURY DISMISSED.

Indications of Bribery in Botkin Murder Trial.

San Francisco, March 31.—Acting upon information that four jurors had been bribed to favor the prisoner, Mrs Cordelia Botkin, on trial for murder, Judge Cook ordered the jury into the custody of the sheriff last night and today formally dismissed them and began the impaneling of a new one. It is alleged that besides four jurors who are said to have been influenced, an attempt was made to bribe a fifth one.

When the denouement came in court Mrs. Botkin's attorney made a passionate speech, disclaiming that Mrs. Botkin, or anyone connected with her case, was implicated. He also said that he would not continue with the present jury.

Chief of Police Wittman testified that one of the jurors had followed him to his office after the noon adjournment Tuesday and said that on the previous evening a stranger had called on him and said: "We have secured four jurors for the defense and want a fifth. We will give you $50."

The juror told the chief that he turned down the offer, asserting that "I am no such dity man. I would not take $50 or $50,000."

Big Glass Factory Closed.

Pittsburg, March 31.—Employes in factory No. 1 of the American Machine Glass Co., at Arnold, Pa., struck last night and every man employed on the blowing machines, which were recently installed, went out, closing down the factory, which is the largest in the world, in all departments. The strikers are unorganized and no formal demands had been made to the company, although it was understood that the men contemplated asking for an advance of 50 cents a day.

Wed After Being Divorced.

Owosso, Mich., March 31.—Nicholas Huff and Mrs. Violet Huff were married here Wednesday. Mrs. Huff was the divorced wife of the bridegroom, who deserted her some time ago for another woman. For this he served one year in the Ionia reformatory. Mrs. Huff secured a divorce, but when Huff's sentence expired he immediately hunted up his former wife and persuaded her to marry him again.

Woman Sues Saloonists.

Owosso, Mich., March 31.—Mrs. Emma Hopkins has begun a $5,000 suit against Charles Nye, Otto Helm and Joseph X. Fischer, local saloonists, and their bondsmen, for selling liquor to her 14-year-old son, John Hopkins. The boy ran away from school and got drunk repeatedly, being finally sent to the state reform school at Lansing.

NOW OUT OF DANGER

Floods Rapidly Receding From Submerged Lands.

IN THE BAY CITY DISTRICT

Salt Firm Sustained Enormous Damages—Rain Giving Cause For Alarm In Other Sections of State—Owosso Families May Have to Move.

Bay City, Mich., March 31.—Flood conditions are vastly improved here and all danger is believed to be over. The ice jam continues at the interurban and Cass avenue bridges, but there is clear water to the bay and everything is going in that direction. The river fell steadily all day Wednesday, the total drop being from eight to ten inches and the water is receding from submerged lands.

M. L. Davies, manager of the North American Chemical Co., estimated that the company's loss will be fully $25,000. He said 85,000 barrels of bulk salt, worth 20 cents a barrel, had been washed out of the sheds and 3,000 barrels of packed salt, worth 50 cents a barrel, had been ruined. In addition to this the company lost on cooperage and had some of the finished product destroyed by water. This is the heaviest loss in this city and the total besides this will not reach $25,000.

Benton Harbor, Mich., March 31.—With a drenching rain Wednesday the flood situation is little improved. The water is rising in both rivers and Somerleyton resort is completely submerged, twenty cottages being filled to the windows. Farmers have their live stock shut up in stables with extra floors. All travel is by boat, the water being four feet deep for rods beyond the river banks.

Caseville, Mich., March 31.—The Pigeon river has been out of its banks and has swept away several bridges and flooded buildings along the valley.

Farmers report loss of cattle and poultry, but so far no lives are reported lost. The water, however, has lowered three feet from what it was Wednesday morning. Caseville is shut off from the outside world.

Lansing, Mich., March 31.—Nearly every township surrounding Lansing has lost one or more bridges from the recent floods. In many places the roads have been gullied to such an extent that they are impassable and many farmers are at work repairing them.

A section of the Platt dam was carried out by the high water and there was $1,500 damage done to the property. The damage to the Platt powerhouse and plant was one of the most serious losses of the flood.

Owosso, Mich., March 31.—There is a possibility of a rise in the river at this point again.

Rain began to fall at 4 o'clock Wednesday afternoon and has continued steadily ever since. Families living in the lowlands are preparing to move out if the water shows the least indication of overflowing their premises again.

Battle Creek, Mich., March 31.—The flood situation is growing better here continually. The water is receding gradually from the lowlands. There is much suffering from exposure and dampness among people in the flood territory.

DEER STARVED OUT.

Severe Winter Made Them Very Tame From Hunger.

Marquette, Mich., March 31.—It is believed here, from the reports of lumbermen coming in from the woods, as well as from previous experiences of the sort in the past, that the supply of deer in the woods of the northern peninsula has been greatly reduced as the result of the cold winter which has just ended.

Although the snow is still deep in some portions of the peninsula, it has thawed enough to again give access and egress from the isolated districts and farmers state that the deer were practically starved out by the long spell of cold, which made it impossible for them to get subsistence, food or drink. The animals were driven to the little clearings and were so tame that stories are related of settlers who secured an increase of their supply of meat by going out and knocking the deer on the head with an ax when they were seeking a supply of food from the stocks in the barn yards.

The winter will be remembered long in this part of the state as the most severe in the memory of most of its inhabitants.

GOT THEM GUESSING.

Soo Grand Jury Cause of Much Speculation.

Sault Ste. Marie, Mich., March 31.—The grand jury called by Judge J. H. Steere is now in the third week of its work and very little is known of the details of what goes on behind the closed doors of the courtroom where the sessions are held.

It is judged, however, by the actions of some of those called in as witnesses that nearly every money-spending department of the city government is being thoroughly investigated. The charges of corruption extend all the way through the sale of city bonds, the purchase of new bridges across the power canal, the purchase of new pumps for the waterworks and several other city contracts. It is not improbable that Francis H. Clergue may be summoned to tell how he got his franchise from the council.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at C. A. Wright's drug store.

STILL WANT INVESTIGATION.

Democrats Again Demand It in Postoffice Department.

Washington, March 31.—The senate Wednesday began consideration of the postoffice appropriation bill, and it was the signal for a revival of the Democratic demand for an investigation into the charges of corruption in the postoffice department.

The debate was initiated by Mr. Gorman, who spoke for almost two hours in criticism of the course of the Republican party in the senate in refusing an inquiry, at the same time charging the postoffice committee with undue haste in reporting the bill, as he did the Republican party with a desire to adjourn congress at an exceptionally early date in order to meet the wishes of the president.

Mr. Clay contended that there should be a congressional inquiry saying that the charges against Mr. Heath, ex-first assistant postmaster-general, were such as to demand investigation. Mr. Penrose and Mr. Lodge spoke for the Republicans of the chamber, defending the committee on postoffices against the charge of haste and also the administration. Mr. Lodge contended that congress could not make an inquiry that would be as thorough as that already made by the postoffice department.

LEVEE BROKE.

One Indiana Town Abandoned—Whole County Flooded.

Vincennes, Ind., March 31.—The great Belgrade levee broke Wednesday eight miles north of here on the Illinois side, causing immense damage. Many houses were washed from their foundations and much live stock was drowned.

The break increased the water at Westport, where the flood is now in the second story of every house. The town has been abandoned. The water is still rising. Two-thirds of Lawrence county is under water, and in many places the water is twenty feet deep.

Indianapolis, March 31.—The breaking of the great Belgrade levee, on the Illinois side of the Wabash river across from Vincennes, has greatly increased the danger in Lawrence county, Ill., at the same time relieving somewhat the flood situation around Vincennes. The Big Four Railroad Co. has called for volunteers to aid in fighting the waters, which threaten to sweep away miles of their tracks. Hazelton, which has been isolated since Monday, is now almost completely inundated.

Another name has been added to the list of fatalities by the death of Mrs. Emilia Wright of this city.

King Christian's Birthday.

Copenhagen, March 31.—King Edward and Queen Alexandria arrived here Wednesday to attend a family gathering on the occasion of King Christian's 86th birthday. They were received at the railway station by all the members of the royal family, the cabinet ministers, diplomatic corps and civil and military authorities. After their majesties had inspected the guard of honor and the authorities had been presented the royal party entered carriages. They drove to the palace, enthusiastically greeted by great crowds of people lining the route.

Wanted Life Imprisonment.

Los Angeles, Cal., March 31.—J. Overhaltzer of Iowa, aged 64 years, a former member of the Iowa legislature, was sentenced Wednesday to serve two years in state prison for forgery. His attorney pleaded for leniency on the ground of former good reputation and read a letter from Senator Allison. Overholtzer requested the court to change the sentence to life imprisonment.

Spring Humors

Come to most people and cause many troubles,—pimples, boils and other eruptions, besides loss of appetite, that tired feeling, fits of biliousness, indigestion and headache.

The sooner one gets rid of them the better, and the way to get rid of them and to build up the system that has suffered from them is to take

Hood's Sarsaparilla and Pills

Forming in combination the Spring Medicine *par excellence*, of unequalled strength in purifying the blood as shown by unequalled, radical and permanent cures of

Scrofula	Salt Rheum
Scald Head	Boils, Pimples
All Kinds of Humor	Psoriasis
Blood Poisoning	Rheumatism
Catarrh	Dyspepsia, Etc

Accept no substitute, but be sure to get Hood's, and get it today.

Make no proposition that is not a straight one on the face of it.

How's This?

We offer one hundred dollars reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Family Pills are the best.

A majority of novels presented to the reading public are first-class trash.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

The first effect of a blessing on a man is to make him more thankful.

A Cure for Headache.

Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling should take one or two of DeWitt's Little Early Risers night and morning. These famous little pills are famous because they are a tonic as well as a pill. While they cleanse the system they strengthen and rebuild it by their tonic effect upon the liver and bowels. Sold by C. A. Wright.

The man who belongs altogether to the devil is generally last to find it out.

A Lesson in Health.

Healthy kidneys filter the impurities from the blood and unless they do this good health is impossible. Foley's Kidney cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Sold by all druggists.

Seeing, suffering and studying much are the three pillars of learning.

The Best Family Salve.

DeWitt's Witch Hazel gives instant relief from burns, cures cuts, bruises, sores, eczema, tetter and all abrasions of skin. In buying Witch Hazel Salve it is necessary to see that you get the genuine DeWitt's and a cure is certain. There are many cheap counterfeits on the market, all of which are worthless, and quite a few are dangerous, while DeWitt's Witch Hazel Salve is perfectly harmless and cures. Sold by C. A. Wright.

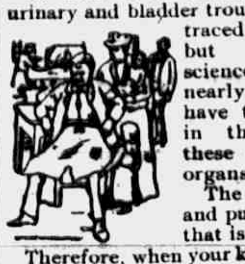
Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.



It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Don't stand with the weight of the body against the spine.

There is just as much worry over money as over the lack of it.

Are You a Dyspeptic?

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digestant strengthens the whole digestive apparatus and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by C. A. Wright.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by C. A. Wright.

Pay for what you get, and never thank a subscriber for paying his subscription in garden truck.

After arguing with a man for half an hour a woman invariably says: "Now why can't you be sensible?"

The Czar's Army

Is not half as dangerous as grippe or pneumonia. A neglected cold is usually the starter. Be ready to fight it off. Greene's Cough Cure offers the best means. Its safe, sure and pleasant to take. For children it has no equal—because free from dangerous drugs.

SIX NATIONS

Were Represented at the PURE FOOD CONVENTION,

Which was held in the Lecture room in the Presbyterian Church last Tuesday Evening.

The pure food convention held at the Presbyterian church Tuesday evening was in every way a success. Six nations were represented, each one selling samples of their own country's purest and simplest food. Down stairs in the lecture room Germany, Scotland and Ireland held full sway.

Dressed in native costume, Bridget O'Flannigan, whom we recognized as Lizzie Lowry, sold porridge and Jersey cream and oranges. The Highland lassie, in the Scottish plaid, was no other than Ernestine Anderson, who sold graham gems and chocolate with cream. But Katrina, with the wooden shoes, who really couldn't speak a word of—German, was found to be Miss Jennie Gillespie. Her stock of eatables consisted of buttermilk and crackers and bologna.

Upstairs America, Japan and Italy were represented. The first booth, decorated in our nation's colors, was presided over by Zillah Mills and Carroll Kemp, who sold chocolate fudge and creams. The Japanese lady, with her Japan tea and wafers, received a great deal of attention. We discovered the fair lady with the "rosy" cheeks to be Miss Ruby Paisley. The two Italian girls with their hand organ and tin cup, with nothing to sell but Oriental bonbons and Adam's ale, were really objects of pity and charity. They were Edna Cutting and Nina McClure and were also dressed in Italian costume. With a picture gallery curtained off at one side, this completed the amusements on the second floor, which were as interesting as the midway. Miss Eola Brown recited and the band, in which the six nations were represented with Miss Alice Cutting as captain, was very funny.

The society cleared about $9.35 for their evening's work.

MISS McARTHUR

Succombs to Pneumonia while in a Hospital at MUSKEGON.

She was a Teacher in the Fourth Grade in Tecumseh last Year. Scholars and Friends regret to learn of her Death.

The death of Miss Beatrice S. McArthur, a teacher in the Hackley school, occurred at 4:30 o'clock Saturday morning, Mar. 19, at Mercy hospital. For days she had been very low, gaining slightly for the time being, when it almost seemed impossible that she could rally.

Miss McArthur died of pneumonia, with complications. She had been in poor health all fall, but was not taken ill until a month ago. Her illness aroused a general sympathy. Although she had lived in Muskegon only since last September, she had won in that time, many friends who deplored her suffering.

Miss McArthur would have been 21 years of age the day after her death. She was the daughter of Mr. and Mrs. C. A. McArthur of Detroit, both of whom were here at the time of her death.

She was born in Springfield, Ont. Canada. Later she lived in Aylmer, where she received the most of her schooling. She afterward entered the Michigan state normal school at Ypsilanti, from which she was graduated two years ago. At that time her parents moved to Detroit.

The following year Miss McArthur taught in Tecumseh, Mich., and last fall she received her appointment in the Hackley school in Muskegon. Miss McArthur leaves her parents and a younger sister, Miss Sadie McArthur of Detroit.

A brief service was held Saturday afternoon from the residence of a cousin, Mrs. Frank C. Whitney, 24 Miller avenue, to which the body was taken. Rev. William Galpin of St. Paul's was in charge.

The funeral party left Muskegon on the 4 o'clock G. R. & I. train for Aylmer, Ont., where the funeral was held and the burial took place.

During Miss McArthur's residence in Tecumseh she won many friends and it is with great sorrow and regret that her friends learn of her death.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

STATE OF MICHIGAN, County of Lenawee ss. Probate Court for said county.

At a session of the Probate Court for the County of Lenawee holden at the Probate Office, in the city of Adrian, on the 4th day of March in the year one thousand, nine hundred and four.

Present, Harry L. Larwill, judge of probate.

In the matter of the estate of WILLIAM STEWART, deceased.

On reading and filing the petition of Samuel T. Stewart, administrator upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Tuesday, the 5th day of April next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered, that a copy of this order be published in the TECUMSEH HERALD, a newspaper printed and circulating in said county of Lenawee, for three successive weeks, previous to said day of hearing.

M. F. STEIN

THE FAMOUS OPTICIAN of Detroit,

The eye, when properly cared for affords the keenest delight because of the pleasures we are able to enjoy through its medium. When not cared for and its warnings are unheeded, it becomes an instrument of torture. Headaches, eye pains, burning, itching sensation, strained vision, nervous troubles and many bodily ills are the results accruing from over worked eyes, eyes that need help. My examination reveals all hidden troubles, and it is my province to fit the right glasses to any and all defects of vision. SAATISFACTION GUARANTEED BY

HARRIS & HITESHU.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity! No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

May First.

For years it has been the plan of the HERALD to desire subscribers to pay the year's subscription before April or else increase the price to $1.25. This spring the circulars were mailed on March first as usual and more people have replied than ever before, in fact so many that in Tecumseh but few are left to pay, but the roads are so muddy that it has been impossible for a number in the country to get in. The time will now be continued until May 1st, so that all may have an equal chance. After May 1st, the price of the HERALD for this year will be $1.25 and there will be no exception to this rule.

Why He Did Not Sign.

Supervisor Garlinghouse did not sign the railroad franchise permitting the company to use the highway in the township. Most of the other members of the town board were in favor of it, but he figured that if the railroad was given the best street of the village for nothing and that they secured the farmer's right of way mostly by gift, the company should be obliged to pay where they could not obtain the farmer's right of way by gift and not use the highway in competition with the farmer. He offered to give the use of the road where they found it necessary to use the north side of the street in order that the creek should be avoided, opposite the Stacy farm, on Chicago road.

The position of Mr. Garlinghouse is right. He desires to simply protect the farmer and compel the railroad to take one side of the road or the other and not to dodge forward and backward as they desired, to get right of way for nothing, or take the other side.

Before taking sides in this question men should find out what the question is and honestly how it stands.

LOCAL OPTION

A Well Written Argument against the QUESTION

Of so much Talk about the County. If You do not desire Local Option vote NO. If You go desire it vote YES.

EDITOR OF HERALD:

In view of the discussion going on over the local option question I send you for publication a few facts and figures which have been gathered with care. The figures are taken from the Lenawee and Van Buren county official books and are authentic.

The main thing which is attracting attention in Van Buren county is the enormous increase of taxes. By referring to the books in the county clerk's office at Paw Paw, we find that the amount of money received by taxation for the last five years under license is is as follows:

In 1885, $25,000; 1886, $20,000; 1887, $17,000; 1888, $25,800; 1889, $26,972.65.

The amount raised by taxes each year since local option has been in force in Van Buren county is as follows:

In 1891, $35,000; 1892, $35,000; 1893, $30,000; 1894, $35,000; 1895, $35,000; 1896, $35,000; 1897, $35,000; 1898, $35,000; 1899 $35,000; 1900, $45,000; 1901, $45,000; 1902 $65,000; 1903, $91,685.

Just think of it, taxes have increased from $26,972.65 in 1889 to $91,685 in 1903.

An added expense to the county is the attempt to enforce the law. For fifteen years the officials of Van Buren county have been at war with the people to enforce the local option law, and yet after fifteen years of effort it was found necessary to go to the expense of calling a grand jury last fall. Some ideas of the increased expense in conducting the courts under local option can be derived from the following figures taken from Van Buren county books:

For the year ending Sept. 30, 1890, the year local option took effect there was paid out by the county treasurer for the jury orders $1,703.70 for witness orders $182. 07, making a total of $1,885.77.

From 1890 to the present time under local option there has been paid out for the same purpose the following amounts:

In 1891, $2,436.64; 1892, $2,295.77; 1893, $2,941.96; 1894, $2,356.51; 1895, $1,798.84; 1896, $3,665.14; 1897, $3,343.08; 1898, $4, [illegible] 1899, $3,511.85; 1900, $3,391.67; 1901, $3,440.99; 1902, $4,294; 1903, $5, 650.40.

It is thus shown that in the last 13 years Van Buren county has spent $42, 859.18 to enforce the local option law.

To offset the above about $3,500 has been paid in fines, every dollar of which has gone into the free library fund as provided by law.

The advocates of local option make it a point of the moral side of the question and tell us that the closing of the wide open saloon decreases drunkenness and removes temptation from our boys. Here is the answer to that statement in figures taken from the Van Buren county books, which cannot be denied.

In 1888 and 1889, the last two years of high license there were prosecuted for drunkenness the following number of cases:

In 1888, 7; in 1889, 3; in 1901, 1902 and 1903 the last years of local option according to the same reports there were prosecuted for drunkenness the following number of cases; In 1901, 64; 1902, 77; 1903, 88 showing an increase each year and a total of 239 in three years.

In 1888 and 1889 there were prosecuted for the violation of the liquor law in Van Buren county the following number of cases; In 1901, 26; in 1902, 15; and in 1903, 44. A total of 85. Did local option wipe out the saloon?

To be plain about it every town in Van Buren county has from two to a dozen wide open saloons called drug stores. The licensed, bonded liquor dealers will not sell to minors nor drunkards knowing that their bondsmen will be held responsible if they do. The drug store saloons sell to any. Thus you have the explanation of why Van Buren county has four times as many arrests for drunkenness each year as any county of its size in Michigan.

The clubs are the worst menace to the boys, as there is no control over them.

Some idea of the amount of beer sold in Van Buren county under local option can be had from the suit of the Pabst Brewing Co. of Milwaukee against E. E. Napier of South Haven. The Brewering Company proved in open court that they shipped Napier 3,786 cases of beer, amounting to 45,432 quarts in one year.

Think of it. One man bought and sold 45,432 quart bottles of one kind of beer in one year besides other brands, to what extent no one knows, and there were thirty men engaged in the sale of liquor in Van Buren county to say nothing of the dozen other places.

This is no idle statement, but a matter of court records.

There are sixty-one liquor dealers in Lenawee county and the revenues received from them at $500 each year is $30,500. One half of this money or $15, 250 goes into the county treasury and is divided up among all of the townships regardless of whether a saloon is maintained in the township or not. Thus townships where no saloons are maintained have their tax levy decreased by receiving a share of the license money. The other half or two hundred and fifty of the five hundred amounting to $15, 250 goes into the city or village treasury in which the saloon or saloons are located.

If Lenawee county adopts local option the county will be shy the $30,000 on May 1st. As the taxes to be collected this year were levied with the expectation of receiving this $30,500, the county will have to borrow its share or $15,250 and each city and village will have to do the same to make up the deficiency. This year when taxes are levied for next year they will have to be increased to make up for its borrowed money and for the loss of the license money for the year following. This will make a total increase in the county, city and village taxes of $61,000.

Let us strike a comparison between Lenawee and Van Buren counties. Lenawee county has a population of 52,400 and is under the license system. The county books show that there were twelve prosecutions in the county in 1903 for violating the liquor law. Of the twelve men ten were licensed liquor dealers and two blind pig dealers. There were seventy-six arrested for drunkenness.

Van Buren county with a population of 33,274 nearly 10,000 less than Lenawee, under local option, which the local option advocates tell us is a success there [illegible] ests [illegible] liquor and 88 for drunkenness. Which is the best system for controlling the sale of liquor—high license or local option?

The local option advocates pray for the salvation of our boys in one breath and in the next, advocate the closing of the licensed, bonded wide open saloon where boys are prohibited and where the public can see what the boys are up to, if they do get in; and the opening of club rooms and secret resorts where the boys can congregate and drink on the quiet without fear or exposure. Every town in Van Buren, Montcalm and Eaton counties has from one to three of these clubs that are frequented almost exclusively by young men and boys of good families. Older men with families who drink, have a side board at home in preference to going to the clubs thus leaving the boys to go the place unwatched. In Eaton county, where local option has been in force for two years, it has proved such a farce that the business men and farmers banded themselves together last fall, called a mass meeting, appointed a committee, circulated petitions and secured an election for April 4th, to rid themselves of the nuisance.

Hillsdale county repudiated it after two years trial.

How are the officials of Lenawee county going to stop the selling of liquor under local option when the law permits druggists to sell to any person without a prescription as long as the liquor is not drank on the premises; permits the organization of any number of clubs to which any person may belong and drink as he pleases to say nothing of the blind pig dealers which spring up regardless of the law or location.

How are we going to keep liquor out of Lenawee county with Washtenaw and Jackson counties bordering us on the north, Monroe county on the east, Ohio on the south, and Hillsdale on the west, all of which are high licensed counties and will take advantage of the interstate commerce law to ship liquor to any person in Lenawee county who has the money to pay for it?

Local option will not only harm the tax paying farmer but will strike a blow at every merchant in Lenawee county. Local option advocates tell us that with the licensed saloon closed people will spend their money for clothing and food thus benefiting the merchant.

If this be true how have the forty-four men indicted last fall by the grand jury for selling liquor in local option Van Buren county been making a living and money enough to pay a fine of $200 each.

Are we to be controlled by sentiment or common sense in settling this question?

If by sentiment vote, Yes; if by common sense vote, No. G. S. MANN.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Chicken Pie

DINNER

Of the Tecumseh and Franklin Farmers' Club.

The Tecumseh and Franklin Farmers' club met at the home of William Waldron for their annual chicken pie dinner and social last Saturday, March 19. Promptly at 12 o'clock the "first table" sat down to dinner. To say the dinner was bountiful but mildly expresses it. There were 14 large chicken pies on the kitchen table besides mashed potatoes, salads, jellies, pickles, cake, ice cream and coffee. In all about 100 members of the club, both young and old were present.

After dinner a short program, consisting of music, declamations and select readings were rendered. After the program several impromptu speeches were made by those present.

This club was organized 21 years ago and has kept up its meetings during the winter ever since with the good result that nearly all of the younger ones at the commencement have married and settled on farms and now their children are taking up the good work.

The club will have its summer picnic with the Cambridge club the second Saturday in August at Wamplers lake.

If Local Option Carries.

It was reported on the street yesterday that if local option carried, Harry Lee and Joe Emery would rent the Bidwell store and start a billiard hall and a place to sell soft drinks. It is also reported that if local option carries a similar place will be started in the store east of Alva Spayde's.

Why the local option deal will have any thing to do with these places is a question, but it simply shows which way the wind blows.

Here is a story we heard the other day: A man was to be operated on for appendicitis. When the doctors began their operations, he asked for a preacher. They inquired what in the world he wanted with a preacher. He replied, "I desire to be opened with prayer." Now, we do not believe that story, do you?—Ex.

Sly Work.

H. S. Lee is demonstrating his inherent degree of patriotism, (there is probably a few coppers in it) by soliciting the subscribers to the car shop fund, either by intimidation or small bonuses, to sign off their rights in the attempt to obtain a sufficient representation to enable them to dissolve the present temporary injunction, thus permitting them the privilege of removing their buildings. Public spirited citizens will subserve their own best interests by ignoring the solicitations of the above mentioned person.

RIGHT HERE IN TECUMSEH

C. A. Wright guarantees to refund money if Hyomei fails to cure the worst case of catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei, is entirely different. It is made by C. A. Wright, one of the most reliable drug firms in this section. He advertises that if Hyomei does not cure the worst case of catarrh, he will return the money without any question or argument. No business house in Tecumseh has a better reputation for square dealing than C. A. Wright, and when he guarantees that he will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to, both in the spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breath will bring recovery so much the nearer. It kills all the germs of catarrhal troubles in the air passages of the head, throat, and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but one dollar, and extra bottles of Hyomei can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever when you try Hyomei on C. A. Wright's offer of "No cure, no pay."

INFORMATION

Given to the Public by our Local Druggist.

We want the public to know that the most valuable and delicious tasting cod liver oil preparation known to medicine is Vinol.

Vinol contains ALL of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but not a drop of oil.

For this reason it is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in this vicinity but what Vinol will benefit them.

It makes health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and to make those who are too thin, fat, rosy and healthy.

Try Vinol on our guarantee to return your money if you are not satisfied.

MAKES WORK EASIER.

Tecumseh people are pleased to learn how it is done.

It's pretty hard to attend to duties
With a constantly aching back.
With annoying urinary disorders.
Doan's Kidney Pills make work easier.
They cure backache.
They cure every kidney ill.

Mrs. E. D. Fryer, who lives in the north western section of Tecumseh, says: "I suffered from my kidneys off and on for about two years. During an attack the pain was worse along in the afternoon and I often felt like giving up, but I kept on working in misery, for stooping or straightening made my back feel as if it were breaking in two. If I took a slight cold it always settled in my back and in spite of all the remedies I used, I could not get relief. Procuring Doan's Kidney Pills at C. A. Wright's drug store, I took them. They did more good than all the other medicines I ever used. The pain in my back was quickly relieved. I take pleasure in recommending Doan's Kidney Pills at every opportunity."

For sale by all dealers: Price 50 cents per box. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Constancy is admirable; but it's the ever-shifting weather-cock that is looked up to.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Sinners are necessary to art; the life of a saint is as placid and unpicturesque as a puddle of water.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence. It is the remedy of all remedies for every form of throat and lung disease.

STATE OF MICHIGAN, County of Lenawee ss. Probate court for said county.

At a session of the probate court for the county of Lenawee, holden at the probate office, in the city of Adrian, on the 16th day of March, in the year one thousand nine hundred and four.

Present, Harry L. Larwill, judge of probate. In the matter of the estate of LAFAYETTE W. RAPPLEYE, deceased.

On reading and filing the petition of Lawrence Rappleye, executor upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Monday, the 11th day of April next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered that a copy of this order be published in the TECUMSEH HERALD, a newspaper printed and circulating in said county of Lenawee, for three successive weeks previous to said day of hearing.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

ANDERSON & ROSACRANS

Do you want to Dress Well?

Some men like to dress and look well, some think it expensive to do so; well it is if you pay the high priced tailor 30 to $50 for a suit, its one of the two ways to get the right sort of a suit this spring, the other—come here for it. "It's no pipe dream" our ready-for-service Suits and Top Coats are chock full of style and good long wear. Every little kink of [illegible] every new wrinkle that fashion dictates, you'll find in our Spring Suits and Top Coats and we promise you a perfect fit and complete satisfaction in the same degree as if you had paid a tailor twice or thrice times as much as we will ask.

Spring Suits.

We have some swell suits at $10; suits made up in the latest style of the popular patterns and fabrics, suits at this price that credit dealers will ask you $12 for. Other good ones at $11, $12, 14, $15, $16.50 and at each price we save you from $1.00 to $2.50.

Top Coats.

You can't very well get along without a Top Coat this spring. The newest things in dressy coats are here at $9, $10, $12, [illegible] and at each price we save you from $1.00 up to $2.50.

[illegible] other fellow will have to "step some" to keep pace with you for style this spring, if you come here for your togs.

PORT HURON TROUBLED

City Railway Refuses to Pay $10,000 in Taxes.

CITY ONCE EXEMPTED THEM

Upon Agreement That Lines Would Be Extended to South Limits—Company Failed to Do It, but Make Other Claims.

Port Huron, Mich., April 2.—The relations between the city of Port Huron and the City Electric Railway Co. are very much strained at present, it being claimed that the railway company owes the city over $10,000 taxes.

Three years ago the city council passed a resolution exempting the railway company from paying city taxes for ten years, providing it would run its cars to the city limits on the south. At that time there was some talk of the Jenks Shipbuilding Co. moving their plant to South Port Huron, and the resolution was passed with a view to assisting them. The company did not change its location and the street car company did not run its local cars to the city limits. The Rapid Railway, however, was constructed, and as the same company owns both lines it is claimed by the railway officials that the Rapid cars pass the limits and that this answers the requirements of the agreement. Suit was started against the company to recover the taxes some time ago, and the matter is now pending in the courts.

A communication was received by the board of assessors Friday requesting them to lower the assessment on the company's property from $240,000 to $100,000.

PHONE RATES BOOSTED.

Michigan State People Make Extensive Changes.

Detroit, Mich., April 2.—A rearrangement of long-distance telephone rates went into effect yesterday, and life was made most miserable for the patient telephone girl on the long-distance line. Even strong language was used on some very exasperating occasions, and all because the Michigan State Telephone Co. has cut out the one-minute long-distance rate between Detroit and some of the most important points in the state.

If a person wants to call up Kalamazoo and ask "How is mother?" it is going to cost him 65 cents instead of 25 cents. He can keep on asking how mother is for three long minutes, but rates between Detroit and Grand Rapids and Saginaw remains the same, 25 cents for the former and 15 cents for the latter, one-minute talks respectively; but the old two-minute night talk has been cut down to one to both points.

The one-minute rate has been cut out between Detroit and all the towns outside the county of Wayne except Saginaw and Grand Rapids.

Board of Missions Re-Officered.

Kalamazoo, Mich., April 2.—The Michigan branch of the women's board of missions of the interior concluded its thirty-first annual convention with the election of the following officers: President, Mrs. W. G. Sperry, Olivet; first vice-president, Mrs. L. Kasslck, Jackson; second vice president, Mrs. C. B. Stowell, Hudson; corresponding secretary, Miss C. Crossman, Detroit; recording secretary, Mrs. E. R. Warner, Jackson; treasurer, Mrs. Robert Campbell, Ann Arbor; junior department secretary, Miss Moore, St. Clair; juvenile department secretary, Mrs. C. T. Patchell, Bay City; auditor, Sidney W. Clarkson, Ann Arbor.

Made Deadly Attack Upon Him.

Calumet, Mich., April 2.—John Pelkola, a prosperous Finnish farmer living near Bruce's Crossing, lies at the point of death and his wife and brother-in-law, Albert Callow, are in the county jail awaiting the outcome of his injuries. The prisoners are charged with committing a deadly assault upon him, in the course of which Pelkola was shot through the neck, stabbed in the back with a file, and pounded with flatirons. The assault was the result of a family row which had been brewing for some time.

President May Pardon Him.

Grand Rapids, Mich., April 2.—It is learned here that Alfred C. Scharsch, former paying teller at the Fourth National bank of this city, is likely to be pardoned from the Detroit house of correction by President Roosevelt. Scharsch was sentenced a little over two years ago for embezzling $2,600.

Nathan E. Sutton Dead.

Ann Arbor, Mich., April 4.—Nathan E. Sutton, a former representative in the state legislature from this district, died at his home in Northfield Sunday, aged 62 years. He leaves a widow, three sons and one daughter.

Mrs. Gould Operated On.

New York, April 4.—It is just learned that Mrs. George J. Gould is ill at her home in this city, recovering from the effects of an operation for appendicitis, which was performed last Wednesday. Her condition is said to be favorable.

Killed Before Mother's Eyes.

New York, April 4.—Before the horrified eyes of his mother little Joseph Biasso, a 4-year-old lad, was run down and killed by an express wagon on Oliver street here.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25 cents, and guaranteed to give satisfaction by C. A. Wright, druggist.

WITHOUT OPPOSITION

Japanese Advance and Occupy Town of Seng Cheng.

RUSSIAN ARE WITHDRAWING

No Further Opposition Expected South of Yalu—Russians Discover Coal Near Port Arthur—All Quiet There—Jap Transports Reach Chemulpo.

Tokio, April 4.—The advance guard of the Japanese army in northwestern Korea have occupied the town of Seng Cheng without opposition. Seng Cheng is on the Pekin road, eighteen miles west of Chengju and about forty miles south of Wiju.

When the Japanese drove the Russians out of Chengju last Monday the Russians withdrew in two columns, one going over the Koak San road and the other over the Pekin road. The Japanese advance from Chengju was made very rapidly. It was anticipated that the Russians would resist this advance, but they failed to do so, and now it is not probable there will be any further opposition south of the Yalu river.

Chengju, because of its superior natural surroundings, is the strongest place between Pingyang and Wiju. Besides these natural advantages there is an old Korean fort there, which, had it been defended with spirit, would have been hard to take. The Japanese are gratified at the comparative ease with which they drove the Russians from this fort.

Russian patrols are reported to be in the country east of the Pekin road, but it is not probable that there is any considerable force of Russians in that direction. The patrols are withdrawing gradually to the northward toward the Yalu.

St. Petersburg, April 4.—A correspondent of the Associated Press at Port Arthur telegraphs as follows:

"The Chinese, prophesying new attempts to block the channel, are at the present moment awed.

"All is quiet in Port Arthur and the situation is unchanged throughout the peninsula.

"Deposits of coal similar to that of Cardiff, Wales, have been found in the vicinity of Port Arthur. The discovery is an extremely important one in view of the necessity of obtaining an ample supply of fuel for the fleet."

Seoul, April 4.—Five Japanese transports, carrying men and horses to be used in the construction of the Seoul-Wiju railway, have arrived at Chemulpo. The transports also brought infantry, who are to act as railway guards. The troops are entraining for Seoul. General [illegible], the newly appointed commander of the Japanese forces here, has arrived.

AMID POOLS OF BLOOD.

Russian Sailors on Board Bayan Fought Off Japanese.

St. Petersburg, April 4.—The Novi Krai of Port Arthur thus describes the scene on board the cruiser Bayan during the recent bombardmnt, in which she distinguished herself:

"Bursting shells bowled over man after man until the decks were slippery with blood. Amidst this hell the captain stood unmoved in the conning tower, camly telephoning his orders to the gun captains. His wonderful calmness had a marvelous influence upon all the officers.

"The cockpit was soon crowded, thirty-nine men being there before the fight ended; but amidst the crash of the guns, the hiss of flying projectiles, the thunder of explosions, the racket of splinters and the din of the working engines the surgeons labored over the sick or at the hospital operating tables. Although some of the men suffered frightful agony there were no groans in spite of the fact that anaesthetics were administered in only one case.

"When the battle ended and the enemy began to draw off the officers on the bridge cheered, the stokers and even the wounded joining in it.

"The captain signalled for full speed ahead after the retreating Japanese, but the Bayan had not gone far before the flagship signalled to return."

WAR NOTES.

The Russian commandant at Vladivostok has published an order in the Russian, Chinese and Korean languages to the effect that he will sink any vessel attempting to enter the port at night.

The survivors of the Variag and Koriets, which vessels were destroyed in Chemulpo harbor, arrived at Sebastopol, Russia, Sunday and received ovations as enthusiastic as those with which they were greeted at Odessa.

The Associated Press correspondent has met at Tsitsihar, Manchuria, the first batch of Japanese prisoners taken during the war, who are enroute to Chita, where they will be detained. The prisoners include a major of the Japanese general staff, his wife and a maid, and seven soldiers who were captured in Korea by Cossacks.

A correspondent at Yinkow says the opinion prevails there that the Japanese will not bombard that place because 99 per cent of the population is made up of Chinese, who are not at war with Japan, and because a shell from the Japanese ships would be sure to strike the residence of the United States consul, who is safeguarding Japanese interests.

Crushed in Machinery.

Cheboygan, Mich., April 2.—Oscar Tellier was crushed to death in the machinery of the paper mill here last evening. He was employed about the machine and in some unknown way was caught in the winder. Deceased was about 17 years old.

Shocking Death of Lad.

Bellaire, Mich., April 2.—Stanley Trail, aged 12 years, was instantly killed here by passenger train No. 6. His body was cut in two. He was a son of Deputy Sheriff Bert Trail. The boy ran on the track ahead of the train.

SURPASSING ALL RECORDS.

Largest Attendance Ever at Michigan Schoolmasters' Club.

Ypsilanti, Mich., April 2.—The attendance at the Michigan Schoolmasters' club is surpassing all records. The paid membership alone, usually a small proportion of the whole, will reach nearly 300, the previous high-water mark being 175. The sessions are unusually profitable, the work being very practical and marked by a tendency to take up the freer, more living view of education. Prof. Coulter's address has set the pace, and as one prominent educator said, marks the beginning of a much-needed revolution in educational methods and aims in this state.

Friday morning Prof. W. H. Payne of Michigan university voiced a protest against the present overcrowding of the school curriculum and the too severe examinations so often required.

Ann Arbor, Mich., April 2.—Friday afternoon's session of the Michigan Academy of Science convention was devoted to a discussion of the forestry interests of the state. Seven papers were given by authorities on the subject, all of them being of practical interest.

SPROAT TOLD ALL.

Another "Water Scandal" Party Could Not Hold Out Any Longer.

Grand Rapids, Mich., April 2.—The name of J. Clark Sproat, manager of the Democrat during the water deal, and charged with conspiracy, has been added to the informations against the other respondents, notice having been given the attorneys for the defense. He is charged with having received some $15,000 for the support of himself and paper in the deal.

When asked if Sproat had made a confession, Prosecutor Ward said that he had received a statement from Sproat giving all the alleged facts in the deal, and that he had had two interviews with him this week.

CHANGE IN PRINCIPALS.

Waldo Goes to Kalamazoo—Kaye Succeeds Him at Marquette.

Ypsilanti, Mich., April 2.—The state board of education at its meeting here last night selected Principal Dwight B. Waldo of the Marquette Normal as principal of the new normal at Kalamazoo. Supt. James H. Kaye of the Cadillac schools will take Mr. Waldo's place at Marquette.

Principal Waldo is a graduate of Albion and Harvard and taught for some time at Albion previous to his selection as head of the Marquette Normal.

Mr. Kaye is a graduate of the U. of M. and was for some time superintendent at Reed City previous to going to Cadillac.

Mt. Clemens, Mich., April 2.—Rev. Benedict Gery of Algonac was given a verdict for $9,000 in his suit against the Detroit, Mt. Clemens & Marine City Railway. This company hauls freight cars over the Rapid Railway tracks, and on May 26, 1903, Fr. Gery's leg was broken in a collision between one of the company's steam engines and a Rapid Railway car at the New Baltimore city limits. It is claimed the bones of his leg have never grown together.

Given a $11,001.70 Verdict.

Detroit, Mich., April 2.—The jury in the case of Walter G. Hogan vs. the Detroit United Railway has found a verdict of $11,001.70 for plaintiff, who sued, as assignee of the Northern Electrical Manufacturing Co., to recover for some motors that were sold to the Detroit Construction Co. for use on the Detroit, Rochester & Romeo Railway, now owned by the Detroit United Railway.

Many Miners Made Idle.

Ironwood, Mich., April 2.—The Ashland mine at this place, operated by the Cleveland-Cliffs Iron Co., suspended operations Friday. Three hundred men are idle. There are several hundred thousand tons of ore in stock pile at the mine. Hoisting will not be resumed until navigation opens.

BRIEF TELEGRAMS.

Col. Andres Moreno de La Torre, secretary of the interior in the first Cuban republic and a prominent officer in the last revolution, is dead at Havana.

The Washington state department has been informed that the proposed exposition in Milan, Italy, the date of which was fixed for April, 1905, has been postponed for a year.

President Roosevelt Friday received the members of the supreme council of the Ladies' Roman Catholic Benevolent association. They were introduced by Senator Cullom of Illinois.

Mrs. Abbey Morton Diaz, the writer and reformer, died at her home in Belmont, Mass., Friday. She was 82 years of age. Mrs. Diaz devoted the greater part of her life to the education of women.

Ignacio Caldron, a well-known statesman and banker in Bolivia, has been appointed minister from that country to the United States to succeed Senor Fernando Guachalla. The latter has been appointed envoy to Argentina.

It was stated at the navy department in Washington that some of the older vessels of the navy will be placed out of commission in order that officers may be furnished for new vessels. The vessels under consideration are the Mohican, the Monongahela and the Adams.

A bulletin of the New York state department of health for the month of February shows that there were [illegible] 749 deaths in that state during that period, an average of about 440 deaths per day. No other February mortality equals this. Pneumonia was the chief cause of the increase.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at C. A. Wright's drug store.

LADY MINTO RESCUED.

Official Residence [illegible] of Canada on Fire.

Ottawa, Ont., April 4.—The new wing of Rideau hall, the official residence of the governor-general, was destroyed by fire Sunday. Some anxiety was at first felt for the safety of Lady Minto, who was lying in one of the apartments with a fractured leg, but her removal was accomplished with difficulty.

The fire occurred at an early hour. The countess was carried from her room in the front of the building to the ground floor to await the outcome of events. The bearers were domestics, who acted under the orders of the governor-general. In the meantime the Ladies Eileen and Violet, daughters of the governor-general; Hon. Esmond Elliott, the young son; Miss Seymour, a guest, and the governess had barely time to escape in their night robes. They occupied the second floor of the "new wing."

On the floor below slept Arthur Guise controller of the household, and Captains Graham and Bell, aides de camp. Controller Guise was awakened by the roaring of flames. He gave the alarm and with his brother officers tried to extinguish the flames with the household apparatus. Failing in this, they called in the city brigade, who, after a few hours' fight, put out the fire. At one time the controller and the two aides, who had mounted the roof, were in great danger, the flames having cut off their retreat. They were rescued by firemen.

The damages amounted to $50,000.

MILWAUKEE'S SCANDAL.

Ten Indictments Returned Against Prominent Men of the City.

Milwaukee, April 4.—The indictments returned by the grand jury in its final session are directed against ten individuals, the list being as follows:

August Puls, supervisor, three indictments; Herman Haasch, chairman board of supervisors, one indictment; William C. Wegner, supervisor, two indictments; Jacob Schulz, supervisor, one indictment; [illegible] plumbing contractor, one indictment; J. Marion Doesburg, one indictment; Adam Kreuter of Chicago, one indictment; Edward Strauss, supervisor, four indictments; Joseph A. Schunk, former supervisor, two indictments; Adam Moeder, one indictment.

The testimony upon which the indictments were brought related to alleged illegal acts in connection with work on the county hospital. The original estimate on the cost of the building was $80,000, while the actual cost was $175,000. The building is still incomplete and more money will have to be expended.

Chicago, April 4.—Mrs. Emma L. Watson of Portland, Ore., has been arrested here by officers of the federal secret service on a charge of being implicated in land swindles in Oregon. Mrs. Watson, who is alleged to be also known as Mrs. Porter and Mrs. Puter, was arrested after being traced from the Pacific coast to Chicago. It is charged that she was aided in her efforts to elude capture by S. A. D. Puter, an alleged member of the gang who was indicted by the federal grand jury in Portland, Ore., in April, 1903, along with Mrs. Watson, Marie Ware and Horace S. McKinley.

Admits Killing His Wife.

Hazleton, Pa., April 4.—George Wresak of Upper Lehigh has been arrested charged with the murder of his wife, whom he is alleged to have struck on the head with a flatiron during a family quarrel a week ago. The woman died last night. Wresak admits the charge, but claims he committed the fatal assault while in a state of intoxication.

Encouraging For Beet Raisers.

Washington, April 2.—The president has sent to congress a long report on the progress of the beet sugar industry of the United States during the year 1903. The report was prepared by Charles F. Sayler, special agent of the department of agriculture, and includes the results of personal observations and investigations in the fifty-six factories in the United States. Mr. Sayler says the industry can be no longer treated as an experiment; that successful beet raising and sugar producing is an assured fact. Four factories have been placed in operation since the last report.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of

Hood's Sarsaparilla

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SUSIE A. HAIRSTON, Withers, N. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

Hall's Family Pills are the best.

A widow says that a husband on earth is worth two in the other place.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physi[illegible] to use Electric [illegible] up. Then I was advised [illegible] to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

While the little dog is barking the big one absconds with the bone.

A Cure for Headache.

Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling should take one or two of DeWitt's Little Early Risers night and morning. These famous little pills are famous because they are a tonic as well as a pill. While they cleanse the system they strengthen and rebuild it by their tonic effect upon the liver and bowels. Sold by C. A. Wright.

Some women have nerves, while some others merely have nerve.

A Lesson in Health.

Healthy kidneys filter the impurities from the blood and unless they do this good health is impossible. Foley's Kidney cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Sold by all druggists.

Nearly every married woman is a trifle envious of a rich widow.

The Best Family Salve.

DeWitt's Witch Hazel gives instant relief from burns, cures cuts, bruises, sores, eczema, tetter and all abrasions of skin. In buying Witch Hazel Salve it is necessary to see that you get the genuine DeWitt's and a cure is certain. There are many cheap counterfeits on the market, all of which are worthless, and quite a few are dangerous, while DeWitt's Witch Hazel Salve is perfectly harmless and cures. Sold by C. A. Wright.

A girl with a dimple will laugh at any fool thing a man says.

Eczema, scald head, hives, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

A man gets more invitations to pay up than he gets to dinner.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

Men who rush the growler are seldom in a hurry themselves.

Common Sense

Methods are always best. Intelligent people realizing that neglected colds and coughs are dangerous and often fatal, begin treatment, early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children I recommend and sell it.

ROUND ABOUT US.

Little damage in this vicinity has resulted on account of the high water of the past week. A part of the foundations of the bridge near the mill has been washed out and although still in use the bridge will need considerable repairing. For several nights the mill dam was patrolled but there now seems to be but little danger.—Brooklyn Ex.

The little child of Mr. and Mrs. B. D. Gilmore that had been ill for several weeks with brain fever, died Sunday morning. The little fellow had seemed [illegible]ter the [illegible] part [illegible] week but it was only temporary and he was soon taken worse and gradually failed till the end. The funeral was held Monday.—Clinton Local.

Last Sunday a party of Dundee nimrods went up the river to hunt ducks. They were sailing about in a row boat when suddenly it was capsized in water about ten feet deep and they, McGinty like, went down to the bottom of the sea but it being hard to keep a good man down, even if they were wicked that day, they came to the surface again. They succeeded in swimming to shore and made their way to their homes wiser but thoroughly drenched men.—Dundee Reporter.

On Tuesday evening someone entered Edgar Field's boarding house on Lane street and took some overcoats and other gentleman's wearing apparel that was hanging in the hall. Some of the articles taken were found in the Lake Shore yards, and it is thought that the fellow or fellows who robbed the boarding house, went out of Hudson on an eastbound freight. Sheriff Shepherd was telephoned in regard to the matter, and a stranger was taken into camp on suspicion of being guilty of the Hudson job. Deputy Sheriff Cooper brought the man here Wednesday afternoon, but as it was plain that he had nothing to do with the robbery, he was allowed to go on his way rejoicing.—Hudson Gazette.

Are You a Dyspeptic?

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digestant strengthens the whole digestive apparatus and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by C. A. Wright.

An exchange says: "The man with a big pocketbook is the possessor of a little shriveled up old heart that would make a hickory nut look like a football." We have one or two persons in this place that this hits exactly.—Clinton Local.

Yes, and you have a number whom it doesn't hit too. And their pocketbook is not only well filled, but good sized, and their hearts are ever open to every good project. Mighty few miserly "skinflints".—Adrian Press.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by C. A. Wright.

As soon as a man is good enough he is no longer any good.

WASHINGTON LETTER

Washington, April 2, 1904.

"You're a liar!" "You're another!"—this is about the gist of the polite euphuism which are now being exchanged in both branches of Congress under the designation of debate. The great sundry civil bill in the house and the post office bill in the senate, carrying between them something like three hundred millions of dollars, are making such headway as they can against the impediment of rancorous partisan disputation. Both ends of the capitol echo and reecho with preliminary campaign speeches. The republicans say "In the vast governmental machine, there has been a little stealing, but we have punished the thieves; and under our administration the country has enjoyed the greatest prosperity it has ever known." The democrats retort "Not so; the country enjoyed greater prosperity under the low revenue tariff of 1846 and the corruptionist and boodle-monger never defiled any administration as they have this one. You have been in office too long!" This, with infinite variations, is the substance of the stump speeches that will be made for the benefit of our countrymen during the next seven months.

The case of Senator Smoot of Utah will go over till next winter and the Senator will be left suspended between Heaven and earth like the coffin of Jo Smith, or whoever it was. The testimony has shown him to be rather a nice, respectable man with only one wife—not all like the fed horses in the morning of which Jeremiah said (v, 8) "every one neighed after his neighbor's wife." And Smoot goes on to quote from Corinthians (ix, v) "have we not power to lead about a sister, a wife, as well as other apostles?" He earnestly asks Senator Burrow's committee to go ahead and finish the testimony and give him his clearance papers, but the Senator, with a far-off look, says he does not see how it is possible to conclude the hearing before next winter.

Dr. W. T. Harris, U. S. Commissioner of Education at this capitol, warmly approves of the Rhodes scholarships in the University of Oxford bequeathed to this country, gift of the pioneer, Cecil Rhodes. By the terms of the bequest two scholarships are given to each of our states and territories except the District of Columbia. Dr. Harris rests his advocacy of it largely on his contention that going to Oxford will improve American manners! "On the whole," he says, "the code of the English gentleman has in it what is considered the most admirable the world over as belonging to polished [illegible] So considered by whom? The declaration that the Englishman has more admirable manners than any other gentleman in the world will be news to a good many people. It is generally held that refinement, culture and courtesy are not matters of latitude and longitude. Indeed, those who enjoy the acquaintance of Dr. Harris will be as strongly inclined to deny that he possesses less savoirvivre than an Oxonian, as they are to deny that the cultured American is inferior in manners to the Briton.

For some inexplicable reason the administration, as represented by the Pres[illegible] publican members of Congress, hopes that Japan will win in the pending eastern war. This is the substance of their private and confidential talks. The President has forbidden army officers and office-holders to talk publicly about the war. Most of the Democrats on the other hand, are partisans of Russia. This is a little odd, considering the fact that the Mikado has never lifted his royal finger for us while the Czar was the stanchest friend that Abraham Lincoln had. There are expectations. I yesterday met John Lind, democrat Congress from Minnesota, formerly governor of the state—tall, alert, bony and gaunt, with the blue eyes of the Swede. These Swedes seem to cherish the traditional prejudices bequeathed by Charles XII and the great Gustavus.

There has recently come from the government printing office a volume of 500 pages on "Our Military Policy," being a study of the late General Upton. He would have the military and militia forces of this country in time of peace organized on the expansive principle and would establish a post-graduate school for officers. The New York Tribune says "If General Upton had lived to see the Spanish war with its confusion over the organization of volunteer regiments, its epidemics in camps of untrained men, its rescue by black regulars of the volunteers before Santiago, his conclusions would not have been changed. Such language comes very near being treason. We all know what distinguished gentlemen won the battle of Santiago and we daily see Secretary of War Alger smiling in his seat in the Senate.

Some 600 school teachers of Porto Rico will visit this country in July for two months in our summer schools. They will be brought and carried by the government without expense.

I guarantee Greene's Infallible Liniment for burns, bruises, cuts, sprains, sores, scalds, wounds and muscular rheumatism. It is a remarkable remedy. My customers will make no mistake in buying it. Money cheerfully refunded if it does not give entire satisfaction. Who could do more?

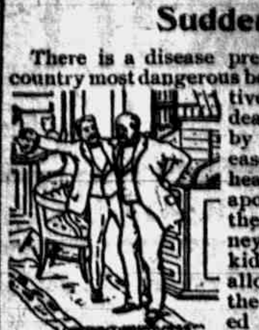
LITERARY NOTES.

The Designer for April is brimful of seasonable stories, poems and articles of general interest, "Decorated Tables for Wedding Breakfasts," "Easter Brides" and "Pattie's Wedding" give hints most valuable to the prospective bride, as do "Confirmation Costumes" to the young girl intending to join the church. "April Fools and Court Jesters" is well written by John DeMorgan, and beautifully illustrated with reproductions of famous paintings, and "The Lily in Legendary Lore" embodies under one head the many exquisite superstitions connected with this, the flower dedicated to Easter. "An Easter Gathering," by Bertha E. Bush, is a pretty and simple entertainment, quite within the scope of the child actors for whom it is intended.

It takes a mother-in-law to lay down the law to a lawyer.

The Cause of Many Sudden Deaths.



There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of [illegible] bladder, [illegible] the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The wide range of the Critic's sympathies and interests is nowhere more amply demonstrated than in the April number. The advent of spring is greeted by a worthy voice in a poem by Sir Rennell Rodd, the eminent poet and diplomatist. The recent death of Sir Leslie Stephen calls forth an interesting review of the biographer's life and work from Mr. John White Chadwick.

* * * *

The brilliant manner in which the publishers of Everybody's magazine have handled the subject of the St. Louis Exposition affords a clew to the success of the publication. The April number opens with an article on "The Greatest World's Fair," and the two men most able to do the subject justice have treated it. David R. Francis, president of the Exposition Company, furnishes the text, and Vernon Howe Bailey, the distinguished young artist, has done the illustrations. One is told and shown in the most interesting way just what to expect at St. Louis in May, and the prospect is amazing. This, however, is but one good feature in a varied number.

* * *

The most novel feature of the April Century is the opening part of Dr. Weir Mitchell's new record of "The Youth of Washington," told in the form of an autobiography. With it is given a portrait of Dr. Mitchell, recently made by John S. Sargent. Dr. Mitchell's unique experiment is the fruit of years of research, and challenges attention by its combination of the interest of fact with the interest of fiction. Readers interested in the war in the East will turn first [illegible] a paper written from recent personal investigation by James W. Davidson, lately appointed United States Consul at Antung. Mr. Davidson had unique facilities for his four months' study of the great thoroughfare. He writes chiefly of its operations in time of peace, but its important relationship to the war gives special timeliness to the article.

As pretty a piece of fiction as we have read in a long day is this little novel, "Incognito," by Helen Sherman Griffith (niece of General Sherman) in Lippincott's for April. It shows Mrs. Griffith's acquaintance with fashionable life, and besides has a flowing fund of humor. It is about his Majesty of Ehrlund, who wanted an American wife and came here incog. He got the nicest girl of all but she was neither the first in wealth nor in family—just plain Jane?

* * *

John W. Churchman, M. D., opens the April Atlantic with a searching and brilliant diagnosis of Christian Science, which cannot fail to provoke discussion and to interest a wide circle of readers on whatever side they may hap of this much-mooted question.

George W. Alger discusses the ethics of business,—the Moral Overstrain put upon many a man's character and principles by temptations and opportunities that are, often unnecessarily, thrust in his way.

* * *

Miss Myrtle Reed, whose novel, "The Shadow of Victory," is one of the successes of the season, has almost in readiness for the press a new story to be called the Master's Violin. It is said that this work will resemble in character Miss Reed's charming "Lavender and Old Lace," and her publishers, the Putnams, are planning to issue it in a similar format, with a cover design by Miss Margaret Armstrong.

* * *

The Metropolitan Magazine for April contains a very human story of the love and loyalty entitled "Heimweh," by John Luther Long. Other attractive stories by distinguished writers appear in this issue which is beautified with the drawings of many eminent artists. W. A. Frazer contributes another of his facinating Evenings at the Zoo.

* * *

Mrs. Frances Hodgson Burnett has just completed a short story of childhood, the first in the line of her great success, "Little Lord Fauntleroy," she has written in many years. It is a novelette in two parts which will be published in McClure's Magazine, with illustrations in color by Jessie Wilcox Smith, and will be brought out in book form by McClure-Phillips. Mrs. Burnett has joined the stream of authors, who have gone south to escape the rigorous New York winter and is now at work at Asheville, N. C., where she has taken a cottage.

* * *

An article showing how the daily newspaper, the country merchant, the big and little stores of the city and the manufacturer, all would benefit by a postal-parcels law in the United States, corresponding with that of England or more particularly those of Germany and Austria, is published in "The Cosmopolitan" for March. It shows that the merchants of the United States are paying six thousand per cent. more for postal-parcels delivery than those of Germany and other countries. It is calculated that there would be a saving of from two to four hundred millions a year to the national wealth by intelligent legislation on this subject.

The true measure of success is eight quarts to the peck.

Now is the time to clean house—clean your system first, drive out the microbes of winter with Hollister's Rocky Mountain Tea. It will keep you well all summer. 35 cents. Tea or tablets. Sold by J. J. Orr.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

Dr. Charles A. L. Reed writes in the Review of Reviews for April on a new subject,—the extent of American literary influence in the foreign countries. Through our consuls, Mr. Reed has obtained a mass of information regarding the status of the English language in continental Europe, teaching of English in the schools, the number of English-speaking natives on the Continent, and the place held by American as distinguished from British literature in cultivated European circles.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c.

The editor of the Holly Mich. Herald has grown tired of the fish and bird stories that the cold winter has brought to light and throws down the gauntlet through the columns of his paper in this fashion: "If the Groveland man, who claims he saw a flock of geese flying northward one day last week, will only call at this office we will fix him so his [illegible] won't know him.

The eye, when properly cared for affords the keenest delight because of the pleasures we are able to enjoy through its medium. When not cared for and its warnings are unheeded, it becomes an instrument of torture. Headaches, eye pains, burning, itching sensation, strained vision, nervous troubles and many bodily ills are the results accruing from over worked eyes, eyes that need help. Writes an Interesting

LETTER

Regarding the Strawberry Plant Business.

Three Rivers, Mich., Mar. 28, 1904.
Mr. Abner Wilson, Tecumseh, Mich.

DEAR SIR:—Your favor of March 24th enclosing order for plants at hand. As Mrs. Kellogg opened the letter and saw the heading, Tecumseh with your name signed she brought it to my desk and said, "It does seem good to see that signature," and then we both wished that we were over home to stay until Monday. Do not judge from this that we are homesick for we are too busy to be so.

This has been a year of experience to us and has brought us into a new situation entirely different from that which we expected when we came here last July. The death of my brother and his wife has made the year a sad one to us and yet we are glad for their sakes that we came here for we tried to contribute to their comfort and needs in their last days. My brother took his wife to Indianapolis, Indiana, in January for treatment for sarcoma cancer and while with her in February, was stricken with apoplexy but rallied sufficiently to come home but it proved a fatal stroke for he declined rapidly and died on February 17th and his wife survived him but about three weeks. My brother and I had planned that we might spend our allotted years together and I had looked forward to a great deal of satisfaction and enjoyment in being with him but my wife and I are trying to believe that we see through a glass but darkly and that we should be satisfied to take up the work before us and carry it on.

My business partner, Mr. Frank E. Beatty, is a most congenial man in every way and for thirteen years was a successful strawberry grower in Indiana and is familiar with all the details of this work as carried on by my brother and by coming here as early as I did last summer, I have become somewhat familiar with the details of the office work and we shall put forth our best efforts to keep the business up as in former years. While I always had a strong liking for the garden and fruit growing, I find there are many things in connection with the growth of the strawberry plant that is a revelation to me but by Mr. Beatty's help we hope to grow as good a plant and as many of them as the farm has ever produced. The business so far this year exceeds that of last year although our expenses are greater than they ever were before. They were shipping plants earlier than this a year ago and we are anxiously waiting for the weather to clear up and become warm so that we can begin business either the latter part of this week or the first of next. If you wish your plants at any special time and will kindly write me, marking the envelope "personal to L. M." it will be placed on my desk and I will see to it that your plants go over at any time you wish, after we begin shipping.

I wish you might be over here during our shipping season but you and Mrs. Wilson will receive a hearty welcome at any time you may come here. We do not usually acknowledge orders in this way but this time I could not help it.

We are both well and enjoying our work as best we may under the circumstances.

With our kind regards to Mrs. Wilson and yourself, Pauline and Christine, as well as to all of our friends, I am

Very truly yours,
L. M. KELLOGG.

WET AND DRY

A Quiet Election was Yesterday, Beautiful Underfoot and Overhead.

807 VOTES CAST

About the Largest Vote of any Election.

The feature of the election yesterday was LOCAL OPTION. This faction had been working for weeks since the petition was presented to the Board of Supervisors and the license men put up a good fight on their side, but never was there conducted in Lenawee county a cleaner campaign. Not a bad or unpleasant word on either side.

The victory on the "Wet" side was complete, carrying the county by 4,000 majority, which shows that at the present time the voters are not ready for local option in Lenawee county.

Following is the vote for Tecumseh and the headings of the tickets for the surrounding towns:

High Pressure Days.

Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.

"I want a clothes line, young man," remarked the old lady as she came limping into the store. "How long do you want it?" asked the clerk. "See here, young fellow," shouted the old lady, "I don't want to borrow that line. I've got money enough to buy it."—Ex.

Tecumseh has secured the

CORSET FACTORY

and Work will be commenced on the NEW BUILDING as soon as possible.

For several days Tecumseh men have been busy at work securing the stock towards establishing in Tecumseh a corset factory. Jackson, Michigan, is a corset factory town, this city having a number of factories of this kind and employing at present over 4000 girls.

This company now employ over 100 girls and will take on at once in Tecumseh 150 or 200 girls. They have 150 machines and desire to increase as fast as possible. Temporary quarters will be secured at once and in two weeks Tecumseh will be manufacturing corsets. It was not necessary to secure a bonus to get this factory, only to sell the stock to secure business and buildings, and this morning the HERALD was informed that the work was practically accomplished.

Tecumseh men are always ready to invest with a good company and those in charge of the soliciting are entitled to much credit for their promptness. More particulars will be given in the issue of Friday.

A Glad Easter Sunday.

Easter Sunday was a red letter day in the history of the Presbyterian church. The beautiful weather and the special occasion brought out an unusual proportion of the membership to participate in the celebration of the sacrament of the Lord's Supper. The spacious church was completely filled by a devout and interested congregation. The choir consisting of W. S. Dickinson, tenor; Mrs. Bidwell, soprano; Miss Caldwell, alto; and Floyd Slater, bass, rendered very impressively several fine Easter selections. The pastor, Rev. W. F. Jones, explained the significance of the two sacraments to be administered. He then baptized twenty-two persons on the public profession of their faith. Eleven other persons made public profession of their faith, having been baptized in infancy. Seven presented letters from other churches. In all forty persons were admitted to membership in the church, twenty-eight of these were adults and twenty were heads of families. The Presbyterian church is greatly strengthened by this large accession.

At five o'clock the Sunday School, under the direction of Superintendent T. A. Lowry gave an Easter Concert exercise entitled "The Dawn of Light in many Lands." The chorus choir under the leadership of W. S. Dickinson gave a fine rendition of several Easter anthems. The primary department under the charge of Mrs. S. W. Anderson gave some well rendered songs and recitations as also the junior department under the charge of Miss Holmes.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

MRS. JOHN SMITH

Was Accidentally Shot

SUNDAY MORNING

By One of her Children. Bullet has been Located in her arm by the X Ray.

Last Sunday Mrs. John Smith, who lives on the B. F. Snyder farm, east of town, was shot in the forehead by one of the children who was fooling with a 22 rifle. Several little boys from town are in the habit of going down there and practicing, much against the will of Mr. and Mrs. Smith.

Mrs. Smith and the little boy were in the kitchen when the child pulled the trigger, and the ball entered his mother's forehead and came out just at the side of the left eye, entered the arm just above the elbow taking a downward course about of 8 inches.

The ball has been located by the X ray but they have decided that it is best not to remove it. It was purely accidental as the child or no one else in the house knew that the gun was loaded.

Miss Imo Smith, a fourteen year old girl of Milan, was poisoned from eating wild parsnips last Thursday and died an hour and a half afterwards in terrible agony. Her mother died five weeks before of consumption.

CURE CATARRH BY BREATHING

C. A. Wright offers to return money if Hyomei treatment fails to cure catarrh without stomach dosing.

If for a few minutes four times a day you breathe Hyomei, all catarrhal germs will be destroyed and the irritated mucous membrane restored to health.

With every Hyomei outfit there is a neat inhaler which can be carried in the purse or pocket. Hyomei breathed through this contains the same healing balsams that are found in the air upon the mountains, where catarrh is unknown.

It destroys all catarrhal germs in the air passages of the head, throat and nose, and makes a positive and permanent cure of catarrh.

The complete outfit costs but $1, while extra bottles of Hyomei can be obtained for 50c., making it one of the most economical of treatments for catarrh.

C. A. Wright believes so thoroughly in the merit of Hyomei, that he guarantees to return the money if it fails. This is certainly the strongest evidence he can give of his faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask C. A. Wright to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

STORK TIME

to most women is a term of anxiety, serious thought and sweet anticipation.

With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

MOTHER'S FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin.

By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and its country.

All Druggists sell Mother's Friend at $1.00.

A CASE OF IT.

Many more like in Tecumseh.

The following case is but one of many similiar occuring daily in Tecumseh. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

Chas. Bartholomew, proprieter of the bicycle repair shop in the southeastern section of Tecumseh, says: "Some eighteen years ago the doctors said I had diabetes and that I could not live. I got better but I have been troubled ever since with the kidney secretions, particularly retention of the same which caused me considerable anxiety. I tried all kinds of medicines said to be good for kidney trouble but the annoyance still remained. Finally my attention was called to Doan's Kidney Pills and I got them at C. A. Wright's drug store. They are splendid. They gave more relief and acted quicker than any remedy I ever used. From my experience I can say they are a valuable remedy and I conscientiously recommend them."

For sale by all dealers: Price 50 cents per box. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Every time there's a wedding in a village the liveryman loses a good customer.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

When a man reaches the betting stage he is at the end of his argument.

Ordinary household accidents have no terrors when there is a bottle of Dr. Thomas' Eclectric Oil in the medicine chest. Heals burns, cuts, bruises and sprains. Instant relief.

Love may intoxicate a man, but marriage sobers him.

Will Discuss Special Session.

Detroit, Mich., April 4.—While Governor Bliss was at the Hotel Cadillac Mayor Maybury had an interview with him in relation to the proposition that a special session of the legislature be called to put through street car legislation. The two did not go into the merits of the question at all, the mayor merely asking the governor to set a time when the subject might be talked over, as his honor does not want to take the matter up until his letters to other Michigan mayors have all been received. Accordingly, it was agreed that the mayor shall meet the governor at Lansing next Thursday or Friday.

Parker Again on Trial.

Detroit, Mich., April 4.—George W. Parker, charged with the murder of his brother-in-law, James Moore, again came up for trial in Judge Phelan's court this morning. Attorney Frank Dohany has recovered from his recent illness and will be prepared to defend his client. About a week has elapsed since the first trial of Parker on the same charge. The jury, being unable to agree, Judge Phelan called it in and dismissed it, although the attorney for the prisoner objected strenuously.

Extensive Whisky Smuggling.

Port Huron, Mich., April 4.—Customs officials, it is unofficially reported, have discovered evidences of extensive whisky smuggling operations being carried on across the border at this point. The Canadian whisky is brought across the river in small boats during the night time and landed at secluded spots. [illegible] dozen liquor dealers are said to be implicated in having purchased the smuggled goods and are now on the anxious seat.

Farmers Oppose Detention Hospital.

Ann Arbor, Mich., April 4.—Considerable interest is felt in today's election from the fact that the people will be asked to vote on the question of bonding for $30,000 for a new city hall and also upon the proposed county detention hospital for contagious diseases. If the hospital carries it will be by the city vote, for the farmers of the county have actively opposed the measure ever since it was first pro-

Earthquake Did Much Damage.

San Francisco, April 2.—The steamer Newport, which has just arrived here, brought news of an earthquake at Manbanillo on Saturday last. A number of buildings were shaken down, but the greatest damage was done to the new big breakwater that is being built by the Mexican government for the improvement of the harbor. Much of it that had been built has sunk from sight and the loss will be considerable.

Poor Place For Thieves.

Bermuda is not accustomed to thieves. No experienced Bermudan will enter the profession of pilfering, at least of taking things that cannot be immediately eaten. For what can be done with them? If any property is taken the officers of the law have only to watch the steamship docks. The stuff cannot be disposed of on the islands. They are too small, and everybody knows everybody.

It is a Bermudan legend that once a bicycle was stolen. It was the talk of the town. The next ensuing problem of the thief was how to get any good of it. He did not dare use it; he could not send it out of the country. That he finally "gave it up" was proved when six months later a fisherman brought up the missing wheel from fairly deep water upon his hook.

Much Wanted Man Arrested.

Detroit, Mich., April 4.—Detroit detectives believe they have just made an important arrest in the person of a man giving the name of Henry Smith, who was caught in the act of trying to pass an alleged forged draft for $75 upon Roehm & Son, jewelers. According to the officers, his right name is Harry Conway, alias Charles B. Allen, who is wanted in Detroit for an offense that was committd about seven years ago, when he represented himself at the Russell house as John D. Rockefeller, Jr., and on the strength of that name cashed a forged check for $300.

LIVERY BARN BURNED.

Sixteen Horses Perished in Fire at Rapid River.

Escanaba, Mich., April 4.—Fire which started in the livery stable of J. A. Caswell at Rapid River early in the morning burned sixteen horses, completely destroyed the barn building, and, spreading to the Michigan hotel across the street, damaged that building to the amount of $3,000. The entire loss caused by the fire is estimated at $10,000, with insurance amounting to $2,000 on the barn and $1,000 on the hotel, which is owned by Antoine Rushford. It is thought the fire started in the office of the livery stable.

There were twenty-three horses in the stable when the fire started, and by hard work nine were led out before the flames reached all of the stalls, but two of these were so badly burned that it was found necessary to shoot them. In addition to the horses over forty buggies and cutters, together with a hearse and bus and a great quantity of harnesses were burned and are a complete loss.

For some time it was feared the entire town would be swept by fire, and the department of Gladstone was summoned, but before it got started the Ford River department had the flames under control. Residents in the vicinity, fearing their homes would catch fire, moved their household goods into the street.

Morgan Going to Quit.

New York, April 2.—The American says: J. Pierpont Morgan leaves next Wednesday for London, where he will probably remain the rest of his life. J. SALSBURY ON STAND

Divided Into Seven Squadrons and Watching the Seas.

FOUR ARE NEAR PORT ARTHUR

Russians Patrolling Gulf of Pechili—All Quiet at Port Arthur—Korean Emperor Antagonistic to Japanese Policy.

Grand Rapids, Mich., April 7.—A jury was secured in the Burns case at 3 o'clock Wednesday afternoon and the trial of the case begun by Assistant Prosecuting Attorney Ward making the opening statement.

Lant K. Salsbury was the first witness sworn, and his examination was carried along amid a continuous line of objections from the attorney for the defense. After drawing from him the facts concerning the necessity for an amendment to the city charter, Prosecutor Ward interrogated Salsbury as follows:

"Did you ever talk with State Senator David E. Burns relative to securing this legislation?"

"Yes, sir."

"What did he say in response to your approaches?"

"He said he did not propose to introduce a bill to aid all the other city officials in making money when he was only going to get $100 or $200."

"What agreement was finally made?"

"I took him over to my office and paid him $200, with the understanding that he was to introduce the bill at Lansing. I was later to pay him $5,000. He wanted the whole amount at once, but we agreed that he should let the bill lay if he did not get the rest of the money."

Where Money Came From.

"Did you go to Detroit to meet parties connected with the Hydraulic company who wished the charter amended to assure them that the city could make a 50-year contract for water?"

"I did. I went with George Ellis and J. Clark Sproat to get $5,000 for Burns and money to subsidize the newspapers."

"Tell what occurred there."

"The New York parties had $30,000 in cash there. They offered Ellis $5,000 to put down in his own pocket and the remainder was to came to Grand Rapids to pay for this legislation and to subsidize the newspapers. The additional sum of $250,000 was to come on when the contract was ultimately secured."

"Did you accept the $30,000?"

"I did not. I did not want the first payment until the remaining $250,000 was in sight."

"After your own conviction, did you again have any talk with Mr. Burns?"

"They Aren't After Me."

"Yes; he advised me to go up and tell all I knew of the matter. 'Shall I begin on [illegible] Dave?' I said. 'Oh, no,' he replied, 'never mind me. They aren't after me. They are after Perry.' I told him if I told anything I should tell it all."

For the defense, Attorney Hawley put Salsbury through a scathing cross-examination. Much of Mr. Hawley's attention was directed at Mr. Salsbury's statements that Charles S. Burch of the Evening Press was implicated.

When court adjourned Attorney Hawley was drawing out Salsbury's story of George R. Perry's alleged connection with the deal.

Asks Damages on Odd Charge.

Traverse City, Mich., April 7.—William Allen, John Kildee and Edward Cronin, well-to-do and prominent farmers near Wexford, have been arrested on a capias sworn out by Lester Priest of Grant township. Priest is suing for $10,000 and alleges that one night last October, while Priest was away from home, they broke into his house and gave his wife and 11-year-old daughter, who were all alone, a terrible fright. He claims that Mrs. Priest has been ill almost ever since and that his daughter has shown unmistakable signs of insanity as a result. The case will be tried soon in the circuit court.

Supreme Court Opinions.

Lansing, Mich., April 6.—Supreme court convened for the April term Tuesday morning. The following cases were decided: Affirmed—People vs. McGarry; People vs. Lundell; Tabor vs. Tabor; Brown vs. Stevens, Merryman vs. Hall; Cunningham vs. O'Connor; Francis vs. Francis; City of Detroit vs. Lothrop estate. Reversed—People vs. McDowell; People vs. Wilson; People vs. Longwell; Dawson vs. Wheeler; Smith vs. Detroit & Mackinac railway. Mandamus was denied in Cattermole vs. Ionia Circuit Judge. An opinion was filed on settlement of decree in Great Hive, Ladies of Maccabees, vs. Supreme Hive, Ladies of Maccabees.

Rates Must Be Reduced.

Grand Rapids, Mich., April 6.—Judge Walcott of the circuit court has issued a mandamus compelling the Grand Rapids & Indiana railroad to reduce their fares in this state from 3 cents to 2½ cents per mile. The mandamus is peremptory, but the road is given ten days within which to make a showing to the court that it has complied with the order. This is the last step in the long litigation with the Grand Rapids & Indiana to compel them to comply with the statute which provides for a fare of 2½ cents per mile whenever the earnings of a railroad reach $8,000 per mile.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25 cents, and guaranteed to give satisfaction by C. A. Wright, druggist.

In Some Places—Grand Rapids Elects Democratic Mayor—St. Johns' First Under City Charter—No New City Hall For Ann Arbor.

Grand Rapids, Mich., April 5.—Sybrant Wesselius, the Republican candidate for mayor, was defeated Monday by a majority of 550. Edwin F. Sweet, the Democratic candidate, received a total of 1,350 votes.

In many respects this was the most remarkable election this city has ever seen. The Republican candidate was opposed by the stalwarts in his own party, who went over and voted with the Democrats, and the Democratic candidate was opposed by ex-Mayor Perry and many of the most prominent Democrats.

The balance of the city ticket went Republican, headed by City Attorney Moses Taggart, Marshal Thomas Gleason, Justice O. G. Granger, clerks of two courts and nine supervisors-at-large. The Democrats elected eight out of twelve aldermen. The next council will be Republican, however.

Jackson, Mich., April 5.—James A. Parkinson, Democrat, was elected to fill the vacancy caused by the death of Judge Erastus Peck by a majority of 2,200 over J. J. Calkins, the Republican nominee.

Of the supervisors, the Republicans lost one in the city and gained two in the county. W. W. Todd was elected mayor by the Democrats on a majority of 200. C. E. Aldrich was elected clerk by the Democrats. Charles Lewis was the Republican candidate for mayor.

Belding, Mich., April 5.—The largest vote in the history of the city was polled Monday. The wet and dry issue entered into the contest at all points, this city going 104 majority dry, but the county went wet by about [illegible]. Robert Wilson, rep., was elected mayor by 216; George W. Moulton, rep., clerk, 340 majority; Adam Wagner, dem., treasurer, 103 majority; J. H. Kenney, rep., school inspector. The Democrats elected two aldermen; Republicans one, wet or dry figuring in this count.

Ionia, Mich., April 5.—The local option proposition is defeated in Ionia county by about 600. For the first time in twenty years Ionia City Republicans won a sweeping victory. Almost the entire ticket was elected by majorities ranging from 14 to 125. The Republicans elected Frank C. Miller mayor; three aldermen, clerk, treasurer, one justice of the peace, both supervisors and one constable.

Albion, Mich., April 5.—The Republicans are jubilant, only one Democratic alderman having been elected on the city ticket. For mayor C. Owen Brownell, rep., received 208 majority. The Republicans elected three of the four supervisors.

Three Rivers, Mich., April 5.—The Republicans elected their candidates for mayor, treasurer, one supervisor, justice and member of the library board and five out of six aldermen. Democrats corralled the clerk, two supervisors and one alderman.

Flint, Mich., April 5.—For the first time in six years the Republicans here elected a mayor, Bruce J. Macdonald defeating Mayor A. D. Alvord by nearly 500. The Republicans elected the entire city ticket.

St. Johns, Mich., April 5.—At the city election, the first held under the new city charter, the Democrats elected Ananias Pouch, mayor; S. M. Stilson, clerk, and E. H. Osgood, treasurer. The Republicans elected four out of six aldermen and two out of three supervisors, the third being a tie.

Hastings, Mich., April 5.—The Citizens' ticket swept everything in the city except one supervisor, one alderman and one member of the school board.

Benton Harbor, Mich., April 5.—Mayor Raymond B. Gillette, rep., was re-elected by a majority of 200. All other officers are Republican but one alderman and one supervisor.

Lansing, Mich., April 5.—The Republicans of Lansing are jubilant, having elected Hugh Lyons mayor over John A. Weston by 175 votes. Factional quarrels among the Democrats caused a loss of one member of the council.

South Haven, Mich., April 5.—The warmest city election ever held here resulted in the Citizens electing all of their ticket except in the second ward, which is the Republican stronghold.

Hudson, Mich., April 5.—The Citizens' ticket with the exception of marshal, street commissioner and alderman of the third ward was elected in the most hotly-contested election ever held in this city. The re-election of Edward Frensdorf for mayor is hailed with great delight. Local option was defeated.

Ann Arbor, Mich., April 5.—The proposition to bond the city for a new city hall was defeated by a vote of 820 to 815. The proposition to bond the county for the erection of a detention hospital for contagious diseases carried. Everything in the way of offices went to the Democrats.

Supreme Hive Wins.

Lansing, Mich., April 6.—Some time ago the supreme court decided that the great hive, L. O. T. M., could not compete with the supreme hive, L. O. T. M. outside the state by using the same ritual. The great hive asked the supreme court to determine just what secret work it could use, but the court declined to become a weeder out of mystic rituals. The great hive has recently been given the exclusive right in Michigan to the ritual, and asked for an injunction restraining the supreme hive from using the same in the state, but Tuesday the court decided no such order was warranted.

BURNS WANTED MORE MONEY

Didn't Propose to Aid Others to Get Money When He Only Got $100 or $200—Salsbury Repeated Story of Where Funds Came From.

London, April 7.—The Daily Telegraph's Seoul correspondent says he learns from a Japanese sailor who participated in the attacks on Port Arthur that the Japanese fleet is divided into seven squadrons. Four of these are watching Port Arthur, the fifth patrols the Korean coast and the sixth and seventh cruise between Vladivostock and north Japan. Two torpedo boats were much damaged in the engagements, but otherwise the fleet was little injured. The damages to the Japanese cruisers Iwate and Yoshine have been repaired and the vessels have joined the fleet.

The Daily Telegraph's Wei-Hai-Wei correspondent, cabling under date of April 6, says Russian warships are patrolling the gulf of Pechili and that the London Times' steamer was stopped and searched thirty miles outside of Port Arthur today.

The Standard's Tientsin correspondent says Paul Lessar, Russian minister to China, has protested to the Chinese government against the presence of Japanese instructors with the Chinese army, which he regards as a violation of neutrality.

Port Arthur, April 7.—The Russian battleship Peresviet reports that she sighted the enemy in Kwan Tung waters. All is quiet.

The Associated Press correspondent has had an interview with a high personage closely connected with the emperor of Korea, who left his native land because of the administrative reforms introduced through the influence of the Japanese. Apparently reflecting the views of the emperor, this personage said:

"I saw the Japanese action. It is an attempt to apply to Korea the policy which the British have adopted in India. My country has reason to sympathize with the Russians, knowing the justice of their policy toward the natives of Amur, where many Koreans labor."

Vice Admiral Makaroff's leadership has inspired the men of the fleet with the highest confidence and love. People arriving from Liao Yang report that the troops are impatient to attack the Japanese.

Seoul, April 7.—An American missionary who has just returned from northern Korea reports having seen a fleet of forty transports, some of which were very large, off Haiju, fifty miles north of Chemulpo. It is supposed that the transports are carrying a part of the second Japanese army, the first three divisions of which are to be destined to land at Yongampho.

UNDER FALLING WALLS.

Three Firemen Killed and Two Hurt at York, Pa.

York, Pa., April 7.—Three firemen lost their lives, several others were injured and a loss of about $250,000 was caused by fire Wednesday afternoon which destroyed the large plant of the York Carriage Co. The plant was consumed, with its inflammable contents, and much adjoining property was damaged.

Shortly before 10 o'clock last night a wall fell, burying beneath the hot bricks three firemen, Harry Saltagiver, Horace F. Stine and Lewis Strubinger. The bodies were recovered later. Two other firemen were severely injured at the same time. The origin of the fire is not known.

The 260 employes barely escaped with their lives. The loss to the plant is about $200,000; insurance $90,000.

Locusts Infest German Africa.

Berlin, April 7.—Swarms of locusts have devastated the valleys of Usumbara, in German East Africa. They were first noticed coming from Wombo Feb. 22. It is semi-officially stated that the most terrible snowstorm would not give any idea of the numbers of locusts. The trees on which they settled have broken down and banana and mulberry trees have been stripped, even the bark of the mulberry trees being eaten. Scarcely a green blade or leaf has been left in the forests or on the farms, except in the case of coffee plants, which the locusts tried but disliked.

Payne Leaves Washington.

Washington, April 7.—Postmaster General Payne left here last night on the Norfolk boat for a period of recuperation at Old Point Comfort, Va. Though considerably better than he has been since his illness first confined him to his bed, he is far from being a well man. It is hoped that the seashore air will benefit him. Accompanying Mr. Payne were Mrs. Payne, Miss Jones, his niece, and a maid.

Shah Gives Him Snuff Box.

Washington, April 7.—Senator Cullom has reported favorably from the senate committee on foreign relations a bill to authorize Herbert Bowen, minister of the United States to Venezuela, to accept the gift of a gold snuff box conferred on him by the shah of Persia. The snuff box is now in the custody of the state department. or by a majority of 637. They also carried the rest of the ticket with the exception of treasurer.

Flint, Mich., April 5.—For the first time in six years the Republicans here elected a mayor, Bruce J. Macdonald defeating Mayor A. D. Alvord by near-

ly 500. The Republicans elected the entire city ticket.

Muskegon, Mich., April 5.—L. Eyke the Democratic incumbent, was re-elected mayor by 102 majority.

Clare, Mich., April 5.—Clare went Democratic from the top of the ticket to the bottom. A. J. Lacy was elected mayor for the third consecutive term.

Niles, Mich., April 5.—The Democrats elected C. H. Beeson mayor.

Charlotte, Mich., April 5.—Local option was defeated in Charlotte by 303 majority. The Republicans re-elected Elisha Sheperd mayor.

Corunna, Mich., April 5.—Only one ticket was in the field here. Mayor W. F. Gallagher was re-elected.

Owosso, Mich., April 5.—The Democrats elected Stanley E. Parkill, mayor; Thomas Krwin, treasurer, and two aldermen. The Republicans carried the rest of the ticket.

Hungry Wildcat an Intruder.

Cedar, Mich., April 5.—Mrs. William Clow, living this winter at a lumber camp near here, had an experience with a wild cat last night that she does not care to have repeated. Her husband was away from home on business and she was awakened during the night by the screams of the animal, which was trying to break through the doors. Failing to effect an entrance by that way, it climbed to the room and for several hours made desperate efforts to tear the boards off and get into the room. It was nearly morning before the frenzied beast went away. It is supposed the animal was crazed by hunger, owing to the fact that most food has been buried for months under the deepest snow this section of the state has ever known.

Be Dedicated in May.

Detroit, Mich., April 5.—A report comes from St. Louis that Michigan, Texas, Rhode Island and Pennsylvania have planned to dedicate their world's fair buildings on April 28. The exposition officers have suggested that, as the grounds will be closed to the public at that time, it were best to postpone the dedication until after the exposition opens. So far as Michigan is concerned, there has been no date fixed. Frederick B. Smith, president of the Michigan world's fair commission, stated last night that he and Governor Bliss intended to visit St. Louis some time this month, about April 15, to look the ground over. He said the dedication would probably take place early in May.

Noted Writer Dropped Dead.

Allegan, Mich., April 5.—Edwin Calvin White, aged 50 years, dropped dead Monday afternoon as he was about to go for a ride with his wife. Mr. White was employed by the Spanish North American News Co. for a number of years. He was a prolific writer and went under the nom de plume of "Carl Blanco" and was an acknowledged authority on the customs of South and Spanish America. Mr. White had lived in New York for a number of years and came here last fall to engage in the manufacture of toy balloons.

City Will Finish Canal.

Port Huron, Mich., April 5.—Word has been received here that the Fidelity & Deposit Co. of Maryland will not complete the canal contract of the Cayahoga company, whose bond the deposit company holds, unless guaranteed $28,000 in addition to the amount already appropriated. The city will complete the work itself and will begin action against the deposit company for $25,000, the amount of the bond.

Divorced and Didn't Know It.

Detroit, Mich., April 5.—Lena Walkuszewski, living on St. Aubin avenue, was about to start suit for divorce when she discovered her husband, Herman Walkuszewski, had beaten her out by nearly seven years, Judge Hosmer having granted him a decree Oct. 18, 1897. The wife immediately took steps to have the case reopened.

Bridge Is Dangerous.

Ann Arbor, Mich., April 5.—The first Michigan Central bridge west of this city was so badly damaged by the recent high water that it settled about ten inches Monday. All trains are flagged as they approach the structure and run across it very slowly and carefully.

Killed by Tons of Gravel.

Jackson, Mich., April 5.—Michael O'Brien of Parma was working a steam shovel in a gravel pit when he was struck by a falling mass of frozen gravel and buried. He was dead when taken from beneath the mass.

Charged With Bigamy.

Port Huron, Mich., April 5.—Tom Barnard was arrested in Indiana by Sheriff Davidson, charged with bigamy. It is said that Barnard has one wife in Port Huron and another at Hudson.

Non-Union Men Barred.

Ann Arbor, Mich., April 5.—The painters' strike was called off Monday when C. H. Major & Co. and Parker Bros. signed the "closed shop" agreement and barred non-union men.

Supreme Court Convenes.

Lansing, Mich., April 5.—The supreme court convenes today for the April term. Cases Nos. 3 to 12, inclusive, will be subject to call.

Prisoners Had Dynamite.

Jefferson City, Mo., April 6.—A desperate attempt to escape from the Missouri penitentiary was made here by four convicts, heavily armed and carrying sticks of dynamite. They succeeded in cutting their way out of their cells when Guard John Williams, in making his rounds, came upon them in the corridor. When called on to halt Williams fled and gave the alarm. A corps of guards responded and soon overpowered the convicts and placed them in other cells.

First Boat Across Erie.

Cleveland, April 6.—The big steamer City of Detroit arrived here from Detroit late Tuesday afternoon, being the first boat to cross lake Erie this season. She made the run between the two cities in about schedule time. Very little ice was encountered on the passage, the vessel being compelled to slow down only once on that account.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." MISS BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

CROWD IN A PANIC.

Gasoline Stove Exploded at K. O. T. M. Party in Sault Ste. Marie.

Sault Ste. Marie, Mich., April 6.—What might have been a serious panic was averted, although several people had plenty of bruises and torn clothes to show for a few moments of excitement at the dance of the K. O. T. M. hall.

The hall is on the third floor of the Price-Harrison block and has but one small entrance through a crooked stairway. Some 300 people were dancing when a gasoline stove used in the kitchen exploded, sending flames into the dance hall and setting fire to the draperies and curtains. A mad rush for the door followed and many, seeing escape cut off in that way, leaped out of the windows to the roofs below. Miss Haddow, who was in the crowd fell and was badly trampled, while many others were hurt, as the men and women fought for a chance to escape.

Some of the cooler heads easily put out the fire and succeeded in inducing the crowd to return and relieve the pressure on those in front.

WON GOVERNOR'S FAVOR.

Question Whether McGarry Can Be Returned From Florida.

Grand Rapids, Mich., April 6.—The news from Lansing stating that the conviction of Thomas F. McGarry for bribery in connection with the water deal has been affirmed by the supreme court was received with great satisfaction by Prosecuting Attorney Ward, especially as it was the unanimous finding of the bench.

McGarry went to Florida for his health shortly after being convicted on his trial in the Grand Rapids superior court, and his relations with the governor of Florida has caused considerable speculation here as to his being brought back for sentence. It is claimed that he has so entrenched himself in the favor of the chief executive, that it would be useless to send extradition papers for his return to Michigan.

Concerning

THE KINGDOM OF GOD.

2 Tim. 4:2

Cor. 1 9:16

THESE WERE MORE NOBLE THAN THOSE OF THESSALONICA IN THAT THEY RECEIVED THE WORD WITH ALL READINESS AND SEARCHED THE SCRIPTURES DAILY, WHETHER THOSE THINGS WERE SO. ACTS 17:11

XV.

We have now to consider the scriptural authority for the rite of Holy Confirmation in the Kingdom of God.

And first—and very clear and cogent—is the analogy of the type and its fulfilment (Heb. 10:1). In the Earthly Kingdom, as we have seen, those who had been admitted in infancy—as all were commanded to be (Gen. 17:12)—were not, of course, admitted to the full privileges of citizenship until they were come of age. When about twelve to fourteen years old they were taken by their parents up to the Temple at Jerusalem to be solemnly admitted to the full dignity of citizenship. The distinctive feature of the ceremony seems to have been the laying-on-of-hands accompanied by a prayer of blessing. For (1) such is the custom of the Jews today in performing the ceremony which is a pretty safe guarantee that it was the custom of their fathers of old; (2) such was the usual custom among the Jews of old in conferring such blessings (Mark 6:5; 10:16; Acts 6:6; etc.); (3). The Christian ceremony of laying-on-of-hands in Confirmation presents itself as but the continuation of the Jewish custom in the typal ceremony. When thus admitted to the full privilege of citizenship in the Earthly Kingdom of God, Jewish youths became "Sons of the Law"—as they were called. It was their duty thenceforth to attend the Feasts at Jerusalem, take part in the Sacrifice, etc.—to fulfil all the duties of full fledged citizens. It is hard to doubt that it was to be admitted as a Son of the Law that our blessed Lord was taken up to Jerusalem by His parents when He was twelve years old (Luke 2:42—50).

Similarly in the Spiritual Kingdom of God, those who have been admitted in infancy—as all are commanded to be, in ordinary course (Mark 10:14)—are not, of course, admitted to the full privileges of citizenship until they are come of age. When about twelve to fourteen years old, they are expected to be taken by their (God) parents up to the Temple to be solemnly admitted to the full dignity of citizenship, viz., by the Laying-on-of-hands in Holy Confirmation.

As thus performed, the rite of Holy Confirmation in the Spiritual Kingdom of God exactly corresponds to the Jewish ceremony conferring citizenship in the Earthly Kingdom. Moreover it fulfils the Jewish ceremony in being the "good thing to come" (Heb. 10:1) of which the Jewish rite was but the "shadow" going before. Thus: The Jewish rite simply conferred the Law, without bestowing any special spiritual grace to aid in keeping it; the Christian rite bestows special spiritual grace—viz., the Holy Spirit—to help us to fulfil the service which is required of us in the Kingdom of God. As we saw last day, in Confirmation the Christian is equipped as with the whole Armor of God (Eph. 6:13) for the service of the King in the warfare of life which he is now come of age to undertake in his own name.

To fully appreciate this argument from the Law of the Type, it is necessary to recognize how thoroughly the gift of the Holy Ghost in the Spiritual Kingdom answers to the gift of the Law in the Earthly Kingdom of God. For such recognition observe that to keep the Law requires the "spirit of obedience," which is in one word love—as it is written, "Love is the fulfilling of the law" (Rom. 13:10; cf. Matt. 22: 37, 40). Now love, we are told, "is shed abroad in our hearts by the Holy Ghost which is given unto us" (Rom. 5:5. Cf. John 14:15,16). Accordingly it is the Holy Spirit who writes the Law in our hearts, viz., by love; and hence it is to the gift of the Holy Spirit in the Kingdom of God that the prophet referred when he spake of the New Covenant to come (Jer. 31:31, 33). Thus the gift of the Holy Ghost to the Spiritual Kingdom of God on the Day of Pentecost (Acts 2) was foreshadowed by the gift of the Law to the Earthly Kingdom on the same Day of Pentecost. (The Jews believed that the Law was given by Moses on the fiftieth day—Pentecost—after the Exodus. So Jesus—our Moses—gave the Holy Ghost on the fiftieth day—Pentecost—after His Exodus through the Red Sea of Death. Cf. John 1:17).

Thus the gift of the Holy Ghost in the Spiritual Kingdom fulfils the gift of the Law in the Earthly Kingdom. And as in the Earthly Kingdom, the gift of the Law was made over to the individual Jew on his coming of age by the laying-on-of-hands; so, in the Spiritual Kingdom, the Pentecostal gift of the Holy Ghost is made over to each individual Christian on his coming of age—viz, by the laying-on-of-hands in Holy Confirmation.

C. C. KEMP.

"The death rate from typhoid fever in New York City, with all its filth, with all its great population, with all its immense tenement houses, is less than it is, among the farmers of Michigan, Illinois, Wisconsin, and the great Northwest in general. And why? Simply because of local conditions. The Croton, a comparatively small stream, has been patrolled unusually well. Property has been condemned and destroyed, and polution of the water is prevented, and the death rate from typhoid is exceedingly low."—From an address by Dr. Victor C. Vaughan, dean of the medical department of the University of Michigan.—U. of M. News Letter.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by C. A. Wright.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HELEN ADAIR'S

Fashion letter. Dress that defies April showers.

DAME FASHION'S

Choice of Oriental fabrics. Bonnet taffeta in high favor.

Long wraps are especially popular this spring but the burdensome and ugly old time mackintosh is a thing of the past. The time was when a woman had to risk a spoiled gown or make a dowdy appearance.

But now, thanks to the clever woman whose own good taste rebelled at the commonplace outer garment and whose ingenious brain evolved the process of rain-proofing any favorite cloth, we may relegate the humidity engendering abomination, the rubber mackintosh to the shades of with the once respected "Congress gaiter." Priestly Cravenetted cloths make it possible for milady of to-day to step fearlessly forth, in her daintest gown, with her raincoat on her arm, defying alike the sudden cool changes of our fickle climate and the inconsistencies of Mistress April.

How little it takes to start a fashion! For example, ecru returned to the front with the vogue of the "kakhi" cloth worn by the British soldiers in the South African war and is still with us under the more aristocratic name of "Champagne."

And now the "unpleasantness" in the Orient is creating an unprecedented demand for Oriental fabrics—and never has Dame Fashion chosen more wisely.

Not only is the dainty, picturesque Japanese kimona more than ever in fashion, but the power of the wonderfully artistic shadings of the Orient to enhance milady's beauty has been borne in upon her and her gown for all occasions expresses the enchanting touch of the Orient and her every movement subtly suggests the exquisite odor of Vantine's Sandalwood—that quintescence that is Oriental and elusive in scents.

And the silk petticoats! There was a time when it was the exceptional woman who wore a silk petticoat with her morning frock. But we have changed all that, and where one silk petticoat was sold ten years ago, a hundred are purchased today.

Bonnet taffeta, "the kind grand mother wore" was the rich lustrous silk selected for petticoat here depicted. This silk has that effective softness and silkiness that only the hand-loom can give, and which made it possible in the olden days to hand silk garments down as heirlooms.

Peau de Crepe, of which the charming gown on the left in my illustration is composed is an extremely popular silk for the prevailing much be-shirred styles, and in the soft pearl gray here worn with a handsome black picture hat, and long black gloves, makes an exquisite toilet for many occasions.

ROUND ABOUT US

About all the potatoes which were pitted last fall in order to prolong their stay for use this spring, are found to be nearly all frozen. The potatoes don't kick, but people are kicking themselves for not eating them before they froze last fall.—Reese Review.

A family in Florida had lost their little boy and advertised for him in a daily paper. That afternoon an alligator crawled out of the swamp and died on the front doorstep. In his stomach was found a handful of red hair, some bone buttons, a pair of boot heels, a glass alley, a pair of check trousers and a paper collar. The advertisement did it.—Ex.

A Trenton teacher was giving her pupils instruction in the elements of physiology and among other things told them that whenever they moved an arm or leg it was in response to a message from the brain. "The brain always sends a message to your arm or leg whenever you wish to move that particular member," she explained. At last a mischevious boy aroused her anger by his inattention to the lesson. "Hold out your hand," she exclaimed. The boy did not move. "Why don't you hold out your hand?" said the teacher. "I'm waiting for the message from my brain," said the lad. The message never came.—Ex.

A county editor, in speaking of the good old times when homespun clothes, oak grubs, and corn bread were in order, tells of a farmer who was holding one of the old-fashioned "breaking plows" which, the story goes "split a big stump and he hung to the handles and went through; but the stump came together and caught the farmer by the seat of his homespun pants. He hung to the plow handles and the stump hung to his pants and was pulled out, leaving a hole in the ground big enough for a watermelon patch."—Ex.

I guarantee Greene's Infallible Liniment for burns, bruises, cuts, sprains, sores, scalds, wounds and muscular rheumatism. It is a remarkable remedy. My customers will make no mistake in buying it. Money cheerfully refunded if it does not give entire satisfaction. Who could do more?

B. J. PULVER.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

HARRIS & HITESHU.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time.

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

Last Monday evening the Royal Arcanum (life insurance) added seven new members to their list. The State Regent was here and helped do the work. Their hall being too small for their fast increasing membership the I. O. O. F. hall was leased for the occasion. A banquet was given after the work and all enjoyed the evening, going home satisfied that the order was one of the best insurance organizations doing business today. Cheap, safe and socially speaking. The order has turned over to Mrs. Samuel McClure a $3,000 policy carried by the late Samuel McClure.

The news comes to Tecumseh Council Royal Arcanum from Chicago Council that on March 31 they initiated 3100 members. On that evening 10,000 witnessed the work. It being the largest class ever taken into any order in one evening. Wm. McKinley once said, "I am glad I belong to the Royal Arcanum." President Roosevelt says he considers it the best and safest insurance that a man can carry. Any white man of good health and good character can become a member. For full particulars speak to Sec. J. A Few Years.

It is only a few years ago that the Temple Grocery Co. had only a little store at the corner of Shawnee and Evans streets and in it a small stock of groceries. At that time they put on a wagon and commenced selling groceries to the farmers and at the same time buying butter, eggs and other produce.

Now they use all the yard room at the old Temple place for storing wood and the warehouses for coal and storing a full line of Osborne agricultural implements and Syracuse plows besides they keep a large ware house filled with groceries, and this year have put on a complete new wagon. It now takes four people to wait on the trade, several teams to deliver the goods sold, and it shows in evidence of good hard work and hustling every day. The coal department alone is a large factor and if the company keeps on expanding, in a few years they will occupy the whole north side.

EASTER WEDDING

At Noon Wednesday

MISS EDITH COREY

Of Tecumseh, was Married to

COLONEL STANLEY GARDNER SMITH

Of Woonsocket, R. I.

A very beautiful picture will always stay by those who were privileged to see Miss Edith Corey become the bride of Colonel Stanley Gardner Smith Wednesday noon.

St. Peter's church never has been more elaborately nor more effectively decorated, in fact nothing was spared to make it an ideal setting for this loveliest of weddings. Easter lilies, marguerites, ferns, palms and evergreens were used in splendid profusion and to perfect advantage. The aisles were spanned by four tall arches of evergreen and marguerites. The west end of the church was banked high with shapely palms and the railings were covered with evergreens and marguerites, carrying out the green and white color scheme. The chancel walls were hung in white and festooned with asparagus ferns. From the chancel arch were suspended sword palms and from the centre of that same arch and the central chandelier were sent festoons of white ribbon and asparagus ferns to the four aisle arches. There could be no prettier sight.

At noon a well trained chorus of thirty voices, with harp and organ accompaniement, began the famous Lohengrin march. The four ushers, Edward Corey, Faron Anderson, Lester Heesen and Raynor Brewer, started up the aisle followed by Miss Corey, as maid of honor. Then came the dainty lovely bride with her uncle, Mr. Walter Ballou. Colonel Smith and his best man, Mr. Latimer Ballou, met the party at the chancel steps. Here and at the altar took place the impressive Episcopal marriage service, Rev. Kemp officiating.

Mrs. Andrew Corey, the bride's mother, gave a reception to the more intimate friends of the family. Mrs. Corey, Mr. Ballou, Colonel and Mrs. Smith, Miss Corey and Mrs. Walter Ballou received the guests. At the reception the harpist rendered some exquisite music.

The bride, a bright and most lovable young woman, leaves an unusual number of friends who keenly regret that she has gone from us. The sincere and best wishes of her Tecumseh friends go with her into her new life.

Colonel Stanley Smith is a leading business man of Woonsocket, R. I., from which place comes lavish praise of his worth. His gracious and interesting personality has won him friends on all sides in his bride's home town.

The gowns at this wedding were particularly lovely. The bride's dress was embroidered point d'esprit over chiffon. A crown of orange blossoms from which hung the veil, gave a most becoming and artistic effect. Miss Corey was gowned in white crepe de chine, trimmed with blue, and wore a white lace hat with rosettes of blue ostrich feathers. Mrs. Corey's gown was lavender crepe de chine, trimmed with white lace. She wore a violet hat. Mrs. Walter Ballou wore a brown chiffon voile elaborately trimmed. Mrs. Chester Smith wore white broadcloth and Mrs. Latimer Ballou, a green silk crepe.

To Lester Heesen belongs the glory of the church decorations. He has again proved himself a man of unusual artistic ability.

Those who entertained for Miss Corey were Miss Brewer, Mrs. Fitzsimmons, Mrs. Faron Anderson and Miss Helen Anderson.

Guests from out of town were, Mr. and Mrs. Walter Ballou of Providence, R. I.; Mr. and Mrs. Latimer Ballou of Woonsocket, R. I.; Mrs. Chester Smith of Woonsocket, R. I.; Mr. and Mrs. Samuel Putman, Mr. Bert Tribou and Mrs. Tribou of Detroit; Mr. Tribou LeBaron of Toledo; Mrs. Bolton of Ashville, N. C.; Mr. Edward Corey of Boston; Vern Smith of Adrian.

Colonel and Mrs. Smith left on the 3:08 train for the East and will be at home after the first of June in Woonsocket.

NONE TO RENT

There is at the

PRESENT TIME

A terrible scarcity of Houses to rent in Tecumseh.

This spring Tecumseh seems to be on the boom. A number of railroad employes have been sent back here, more men are employed in the railroad shops than ever before, every factory in town is working full time and the Anthony Fence Co is running nights, and now comes the corset factory.

But there is a bad drawback to all this prosperity. At the present time there is absolutely not a home in Tecumseh that can be rented at any price.

In fact there has hardly been a house to rent here for years and it has been a wonder that no one has put up any rentable houses.

Would it not be a good plan to form a company, who would build some tenement houses and at once for people must have places to live and in Tecumseh if they do business here.

CLUB NOTES.

The next Monday club gathering will be a "Tecumseh Day" at the home of Mrs. J. R. Hisley, Monday, April 11. Program beginning promptly at 2:30.

A meeting is to be held Tuesday afternoon at the Monday club rooms at 2 o'clock, at which the constitutions and by laws are to be submitted for approval and adoption. A full attendance of all club women is requested.

The Monday club election of officers resulted in the choice of:
Pres.—Mrs. N. A. Howland.
Vice Pres.—Mrs. O. B. Finch.
Sec.—Miss Jennie Gillespie.
Treas. Mrs. O. B. Teft.
Members executive committee—Mrs. J. F. Hicks, Mrs. T. C. Harris.

The last meeting of the Wit and Wisdom club will be held at the home of Mr. and Mrs. Albert Waring next Monday night, April 11. Following is the program:
Roll Call—Quotations from Emerson.
Paper—"The Passion Play."
Question—"Is Club Life a Menace to Home Life?"
Character Sketches—"Guess Who."

Election of officers will occur at this meeting. Members of the club having no conveyance of their own will meet at Miss Dingman's.

The meeting of the various women's clubs called to form a Local Federation of these societies, met on Tuesday afternoon at the Monday club rooms. A society was organized which is to be known as The Tecumseh Federation of Women's Clubs.
Pres.—Mrs. J. F. Hicks.
1st Vice Pres.—Mrs. George Tiffany.
2nd Vice Pres.—Mrs. Anna Smith.
Sec.—Miss Louise Phelps.

Bible Conference.

Ann Arbor district of M. E. church will be held in the Methodist church next week, April 11 to 15th. The morning and afternoon sessions will be given to Bible study. In the evenings evangelistic services will be held. Everybody is invited to any or all of these services.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

THE CHURCHES.

Next Sunday at the Baptist church Rev. D. Barry of Detroit, will preach at the morning service and the pastor will preach in the evening on, "Confessing Christ."

The subject of the morning sermon at the Presbyterian church next Sunday will be "Becoming a Church Helper". The evening subject will be "God in the Events of Today."

The annual thanks offering service of the Woman's Foreign Missionary society will be held Sunday morning in the M. E. church. Address by the pastor and special music by the choir. In the evening the subject will be "What my country offers and asks of me."

The Presbytery of Monroe will meet in the Raisin Presbyterian church next Tuesday evening continuing over Wednesday, Rev. D. E. Williamson of Hillsdale, will preach on Tuesday evening. The Woman's Presbyterial society will meet in the same place on Wednesday of next week.

RANG THE BELL

In the Church on Election night.

On the night of election pandemonium was let loose a number of fire works and cannon torpedoes were exploded, and long in the middle of the night the church bells rang and Brewer's foundry whistle let loose. A number of the people around town still think that this was the work of the wet element.

As a matter of fact, the boys around town felt "funny" and had a good time. They were the sons of members of the Methodist, Baptist, and Presbyterian churches, but boys will be boys. They had a good time and no one blamed them. In fact, "Tommy" Lowry, Superintendent of the Presbyterian Sunday school, rang the Presbyterian bell himself, but he was trying to decoy the boys.

The boys were bright as well as mischievous, sat still in the dark on a back seat watching him pull the rope. But no harm or damage was done and no doubt the church members, themselves, if they can think back a few years, can remember when they as boys have done the same thing.

CURE CATARRH BY BREATHING

The complete outfit costs but $1, while extra bottles of Hyomei can be obtained for 50c., making it one of the most economical of treatments for catarrh.

C. A. Wright believes so thoroughly in the merit of Hyomei, that he guarantees to return the money if it fails. This is certainly the strongest evidence he can give of his faith in the Hyomei treatment. It enables any one to use Hyomei without risk of spending money for nothing.

Ask C. A. Wright to show you a Hyomei outfit and explain to you what a simple and easy way it is to relieve and cure your catarrhal troubles.

REASONS
Why our Vinol is the Greatest Health Restorer and Strength Creator Known to Medicine.
Because Vinol contains in a concentrated form ALL of the medicinal curative elements found in cod liver oil, but without a drop of oil to nauseate and upset the stomach; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.
Because we have never sold anything in our store equal to Vinol to restore health and create strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.
Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles.
A prominent physician writes:
"Vinol is the most palatable and valuable preparation of cod liver oil ever compounded. I now use it entirely in all cases where I formerly depended upon old-fashioned cod liver oil and emulsions."
Try Vinol on our guarantee to return your money if you are not satisfied.
For sale by C. A. Wright.

Pillow up your neighbor's sorrow with your own gratitude towards God and the world, and God and the world will be much nearer to you for many a day.

A CASE OF IT.

Many more like in Tecumseh.

The following case is but one of many similiar occuring daily in Tecumseh. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence.

Chas. Bartholomew, proprieter of the bicycle repair shop in the southeastern section of Tecumseh, says: "Some eighteen years ago the doctors said I had diabetes and that I could not live. I got better but I have been troubled ever since with the kidney secretions, particularly retention of the same which caused me considerable anxiety. I tried all kinds of medicines said to be good for kidney trouble but the annoyance still remained. Finally my attention was called to Doan's Kidney Pills and I got them at C. A. Wright's drug store. They are splendid. They gave more relief and acted quicker than any remedy I ever used. From my experience I can say they are a valuable remedy and I conscientiously recommend them."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Every time there's a wedding in a village the liveryman loses a good customer.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

When a man reaches the betting stage he is at the end of his argument.

Ordinary household accidents have no terrors when there is a bottle of Dr. Thomas' Eclectric Oil in the medicine chest. Heals burns, cuts, bruises and sprains. Instant relief.

Don't "grin and bear it" any longer. It's all right to bear pain heroically when you have to, but it's unnecessary in this case. If you don't believe it let us tell you what we are doing for others. It's in your blood. Uric acid does it. We can drive it all out of your system. We have been at it twenty years, in a quiet way, and have made thousands of friends by doing them good.
Our doctors have discovered a secret. Athlophoros will act right on the Uric acid, and you will be surprised to see the aches and pains gradually leave you. The twinges and cricks will become less and less, and you will find yourself going about your work naturally.
You will feel brighter, happier and as if a big load had been lifted away. One bottle of Athlophoros from your druggist, will show if it is to help you, and would be cheap at ten times the money if it [illegible] your suffering. Searching River For Stolen Copper.

Port Huron, Mich., April 7.—A diver has been searching the bottom of the Black river for 2,800 pounds of copper, which was stolen from the Pere Marquette Railroad Co. about a year ago and for the theft of which Thomas Hall and Thomas Dyer, two young men of this city, are under arrest. The copper was stolen while enroute from the northern portion of the state to New York, and after a year's search was finally traced to this city. The young men told the officers they had sunk the copper in Black river, but so far it has not been recovered.

Strangled Herself With Towel.

Detroit, Mich., April 7.—Miss Elizabeth Donahue, aged 31, who was taken insane at the House of the Good Shepherd, Fort street west, removed to Emergency hospital Friday evening and to the county asylum at Eloise the next day, committed suicide by hanging herself a short time after her arrival at that institution. With great deliberation, she wound a long bath towel about her neck, attached it to the head of the bed and then rolled out, strangling to death in a few minutes.

FAVORABLE FOR WHEAT

Very Little Freezing and Thawing During March.

SEC. WARNER'S CROP REPORT

Says Conditions of Wheat Varied Throughout the State on April 1—Tender Varieties of Peaches Suffered—Mice Damaged Fruit Trees.

Lansing, Mich., April 11.—The official crop report for April, which was issued by Secretary of State Warner Saturday night, says that the weather for March was about normal. There was very little freezing and thawing, which was favorable for wheat.

The condition of wheat on April 1 varied considerably throughout the state. Where the crop was sown in due season last fall on high ground the prospect for an average crop is fair. However, much wheat was sown late with a short time for growth on account of freezing weather, which began in November. While such fields look bare, yet where the location is favorable the roots are said to be alive. The result will depend upon the fertility of the soil and the conditions which prevail from now until harvest.

On low, heavy ground wheat has suffered badly, irrespective of whether it was sown early or late. The steady cold weather during the winter months froze the ground to a great depth, so that when the snow melted and the rains came the water could not be absorbed, and in many places it stood for some time on the low places in the fields. In this way much wheat has been damaged, but the extent of the damage cannot be determined until later. On rolling ground some wheat has been washed out, and in other cases it has been smothered by snow or ice. In another month it will be possible to tell more accurately about the extent of the damage done and the prospect for a crop.

Reports regarding fruit are rather indefinite, since it is too early to ascertain the extent of the damage done by the cold weather. Tender varieties of peaches are either damaged or killed in the most favorable localities. In the fruit belt there promises to be a partial crop of the hardier varieties of peaches, but the indications are that this variety of fruit will be very scarce in other parts of the state. Much damage has been done to fruit trees by mice.

Burned in His Car.

[illegible], Mich., April 11.—While running backwards two miles south of here on the Bay City division of the Michigan Central, an engine and a caboose jumped the track and rolled down the embankment, the accident resulting in the death of Conductor Myron Vandecor, of 662 Hubbard avenue, Detroit. It is supposed that the rails spread and the runaway engine and car tore up several yards of track before they rolled over the embankment. The caboose caught fire immediately and Vandecor was burned to death before the engineer and fireman, both of whom had jumped for their lives, could aid him. Vandecor leaves a widow and six small children.

Will Enforce Laws.

Owosso, Mich., April 11.—Stanley E. Parkill, Owosso's mayor-elect, who takes hold of the city government tonight, has unofficially sent out the word that he will see that the laws are strictly enforced while he is in office. During the campaign he was bitterly opposed to the saloon element on account of his high social standing. He made a round on his bicycle Sunday to observe whether the law relative to removing screens from in front of bars was being observed.

Big Suit Against the City.

Detroit, Mich., April 11.—Caroline Berthelet has instructed her attorney, Washington I. Robinson, to bring suit against the city of Detroit to set aside a 99-years' lease covering land at the foot of Randolph street valued at $250,000. She claims that the city does not pay the taxes and she is liable to lose it within the next fifteen years, which the lease runs, through usurpation by present occupants.

Child Accidentally Smothered.

Menominee, Mich., April 11.—Word was received from Wilson, a settlement in this county, Sunday to the effect that during the night the little three-months-old babe of Mr. and Mrs. William Lavigne was smothered to death accidentally as it lay in its bed. When the parents awoke they found the little one dead.

Preacher Asphyxiated.

New York, April 9.—The Rev. Dr. John Long, pastor of the Pinebush church, in the Newburg district of the Methodist Episcopal church, died last night of asphyxiation at a hotel in West Twenty-sixth street, where he was stopping during his attendance upon the New York conference. He was 70 years old. One of the gas jets in his room had been opened accidentally.

Wanted in Many Cities.

Chicago, April 9.—David H. McLane, formerly secretary of the New Orleans Gas & Lighting Co., was arrested here last night. McLane, who is said to have been a prominent clubman and society leader in New Orleans, is wanted, the police say, in many cities throughout the country on charges of swindling. Many people are said to have been swindled by a scheme that netted McLane and his partner about $25,000.

DIDN'T MAKE ATTEMPT

Japanese Postponed Proposed Attack on Port Arthur.

WERE SIGHTED ON HORIZON

Likely Warned of Extra Precautions—High Russian Official Says Either Defeat or Victory in Battle Would Be Disastrous Now.

St. Petersburg, April 11.—The generally anticipated attack on Port Arthur did not occur last night, although a telegram received from Grand Duke Cyril reports that the enemy's ships were sighted on the horizon. It is presumed the Japanese were warned of the extra precautions which had been taken to guard against a surprise.

A high military authority, in conversation with the Associated Press, explained why General Kuropatkin's plan of campaign does not contemplate a heavy resistance to the Japanese advance at the Yalu, saying:

"Either defeat or victory in a battle there would be disadvantageous to us. If we lost we would have to fall back through a difficult country. If we won—and I say to you that Russian strategy is based on the idea of victory and not on that of defeat—success would be fruitless. We could not follow it up without exposing the army to too great risk. On account of the Japanese control of the sea, if we pursued the enemy into the peninsula of Korea, we would open both flanks to a possible attack from the rear. No, the Japanese must come on to a point in the interior which, with this end in view, has been selected, where we can follow up a crushing defeat to the bitter end with blow after blow and seal the fate of the campaign.

"Our plans on sea and land will converge at a time next summer when vice Admiral Makaroff's fleet will be relieved by the arrival of reinforcements. Then, successful on land, we can clear the sea of the enemy, cut his communications, and the Japanese in Korea and Manchuria will then be at our mercy.

"The world must not be impatient. The prelude to this war is not yet finished."

It is understood here that, as the result of General Kuropatkin's visit to New Chwang, reinforcements of 100,000 men will be sent forward from Liao Yang.

PEACE IN RUSSIA.

No Uprisings Against Jews on Easter Sunday.

St. Petersburg, April 11.—The Associated Press has received special reports from all the Jewish districts of Russia regarding the happenings of Easter Sunday. Up to 2 o'clock this morning, according to these dispatches, the Russian Easter passed quietly and there was absolutely no attempt to molest the Jews, the provincial governors acting in accordance with instructions from St. Petersburg. The faithful execution of the governor's orders by the local authorities and the police prevented the outbreaks which were feared at Kishineff, the scene of the disturbance last Easter. There was not a single case there in which Jews and Christians were involved. Government officials here are gratified that order has been so generally preserved.

The city Sunday was en fete and was given up to Easter rejoicing. The long Russian feasts which began after midnight and continued almost to daylight were scarcely ended before the round of Easter visits commenced. It is the duty of every Rusian at Easter to call upon all his friends and to eat and drink with them. Open house was kept everywhere and the latchstring was out for all. Theoretically the beggar of the streets enters at will the dining room of the noble and helps himself to the good things of the table. This, however, is no longer the case in the metropolis and the larger towns of the empire, but it is still literally true in the villages and rural communities where no one is refused admittance.

So onerous have official and private Easter visits become that the Red Cross society this year evolved an ingenious means of relief and to benefit its treasury by which a subscription of $50 secures the publication of the donor's name in the Official Messenger, carrying with it immunity form official calls. Many eagerly took advantage of the scheme.

The masses spent the day in merrymaking. The sun shone brightly and the sidewalks were thronged with promenadors.

Wandered Five Days.

Owosso, Mich., April 9.—George Gale, aged 25 years, unmarried, wandered away from his home, near Vernon, Sunday while temporarily insane and was not found until late Friday afternoon, when he was located in a field near Byron, more dead than alive. So far as can be learned, he has had nothing to eat and no sleep since he left home, but has walked continuously. His recovery is doubtful.

Actress Granted Divorce.

Detroit, Mich., April 9.—Ethel Robinson Thomas, the pretty actress, formerly connected with one of the Ward & Vokes shows, obtained a divorce from Albert Bethel Thomas, ex-secretary of the Detroit stock exchange, without a contest. After listening to the testimony of Mrs Thomas and her mother, Judge Mandell promptly granted a decree on the ground of extreme cruelty.

John W. Guthrie Dead.

Grand Rapids, Mich., April 9.—John W. Guthrie, the oldest inmate of the Michigan Soldiers' home, who was struck by a street car Wednesday night, is dead at the home. He had lived there for the last seventeen years. He leaves a widow and grown up children at Saginaw.

TWO STATE SOLONS

Salsbury Also Claims on Stand He Corrupted.

VANDERCOOK AND VAN ZOEREN

Said He Gave Joseph Kennedy $1,000, Out of Which Latter Claims He Gave Two Solons $400—Barton Deal Rehearsed.

Grand Rapids, Mich., April 9.—Lant K. Salsbury was on the stand all day Friday in the Burns trial, and during his testimony he brought in the names of Representatives Vandercook and Van Zoeren as being among those he had corrupted. He did not state of his own knowledge that they had been paid money, but said that when he sent Joseph Kennedy to Lansing to further his schemes he gave Kennedy $1,000 to use and that Kennedy said when he came back that he had paid Van Zoeren $350 and Vandercook $50 to pay his expenses to Grand Rapids and back while he was making some investigations.

Salsbury said he did not tell Burns what other officials were in the deal and that he also told him the money was coming from parties who wanted to get a contract with the city. He said he told Kennedy that he had already arranged with Burns to take care of the bill, but that he feared he would not do it unless they paid him the balance of the money, and that was what Kennedy was to do.

Attorney Hawley for the defense went into the details of Salsbury's taking the consistory degrees in Masonry, seeking to secure the admission that Salsbury had the boodle money in his pocket when he took the degree. This Salsbury denied. The witness could not remember when he was asked whether he did not go to the banquet carrying a satchel, and whether he did not tell Sam Brandy that he was going to Chicago. The details of the Barton deal were then gone into.

The afternoon session was a continuation of the forenoon cross-examination of Salsbury and his dealings with the Hydraulic Water company.

Detroit Hard After the Fair.

Detroit, Mich., April 9.—The Detroit board of commerce has instituted a movement to secure the state fair permanently for Detroit. A committee appointed by the board met in the mayor's office and appointed a further committee of fifty to meet later and discuss the question of getting the fair for the city as a permanent institution. Mayor Maybury fell into line as far as the idea of the permanent fair was concerned, but he intimated that the city would keep faith with Pontiac so long as there was hope of that city's landing the fair. It is believed that should Pontiac fail to land, the opposing forces might all back on Detroit. The state fair board meets at Battle Creek on April 19.

Train Killed Umbrella Mender.

Marshall, Mich., April 9.—An umbrella mender, supposed to be either John Patrick Reily of Detroit or Pat Reily of Chicago, was struck and instantly killed by the fast eastbound passenger train on the Michigan Central during the night. His remains were found lying between the double track, twenty rods east of the station. Nothing which would identify the man was found on his person, but his three companions say he has a brother named Michael Reily living in Detroit. An effort is being made to locate his relatives. He was about 40 years old.

No Indictments at Soo Yet.

Sault Ste. Marie, Mich., April 9.—The people of the Soo who are interested in the findings of the grand jury must wait longer to know what has been the result of the sittings. No arrests were made Friday and no intimation has leaked out as to who will be arrested, except that it is known that a woman has been indicted on the charge of keeping a house of ill-fame. It is rather expected that the majority of the indictments will be on charges of a trivial nature.

Boy Thieves Sent to Prison.

Lansing, Mich., April 9.—Homer Patch and Oran J. Robinson, who were arrested in Battle Creek and brought here to answer to a charge of stealing two bicycles, pleaded guilty and were sentenced to the Detroit house of correction for ninety days. The boys are about 18 years of age. Patch has served six months at Ionia for larceny and a short term in the county jail and Robinson is a graduate of the industrial school.

Royally Entertained.

Birmingham, Mich., April 9.—The Eastern Michigan Press club gathered here Friday at the invitation of the president, George Mitchell. A sumptuous banquet was spread in the Masonic temple and was followed by an interesting program. Messrs. Whitehead and Mitchell broke all records as entertainers. Mr. Mitchell's fine home was thrown open to the club and the reception held there was a feature of the occasion.

Alphonso's Grandmother Dead.

Paris, April 11.—Ex-Queen Isabella of Spain, grandmother of King Alfonso, died here of influenza with complications. The Infantas Isabella, Eulalie and Marie, daughters of the late queen, were at the bedside when she died. The deceased queen had been one of the conspicuous figures of Paris since she left Spain. After her abdication, in 1870, she continued to live with queenly magnificence here, giving largely to charitable and religious works.

BELONGS TO THE NAVY

Mayflower Not For Exclusive Use of President.

OFFICIAL REPLY TO CRITICISM

Chairman of Naval Committee Files Explanation—President Always Paid Expenses When Used by Himself or Family.

Washington, April 9.—Replying to a criticism of the use of the naval steam yacht Mayflower, filed in the house for reproduction in the Congressional Record by Representative Williams of Mississippi in the form of a newspaper clipping, Representative Foss, chairman of the naval affairs committee, today filed, also to be printed in the Record, a letter from Secretary Moody, giving a detailed history of the use of the Mayflower by the president.

He says the Mayflower is not, as was stated in the criticism, denominated "the president's yacht." Continuing, the secretary says:

"She receives her orders from the department in the same manner as other vessels. It would be an injustice to the officers and men of the Mayflower to suppose that her sole or principal use was that of a yacht."

The secretary details the use of the Mayflower during the Spanish war at length. He then adds:

"The only use of the vessel made by the president, or by his direction, has been since the beginning of her present commission, June 28, 1902. During these twenty-one months the president has spent aboard her at various times a total of something less than forty hours and has traveled in her ninety-four miles.

"All expenditures of every nature occasioned by the visit of the president or any of his family or guests have been paid by him. The Mayflower has never been 'held for the president's use,' nor at any time has any money been expended 'refurnishing the ship as the president's private yacht,' nor for 'refitting and repairing for the president's personal use,' nor for 'keeping the Mayflower at the disposition of the president.'"

ACTION OF POWERS

Prevented Another Jewish Massacre in Russia.

New York, April 9.—Oscar S. Straus, former United States minister to Turkey, speaking of the cabled reports as to the fear of anti-semetic massacres in Odessa and Kief, in southern Russia, said today that he had accurate knowledge that pamphlets and circulars were recently distributed in Odessa for the purpose of arousing the lower element to repeat in that city during the coming Russian Easter the massacres which took place a year ago in Kishineff.

"The matter," said Mr. Straus, "has been taken up by the British government, Lord Rothschild having brought it to the attention of Lord Lansdowne. In this country President Roosevelt promptly caused Secretary Hay to bring the situation to the attention of Ambassador Cassini at Washington, with the request that the ambassador immediately place the subject before his government at St. Petersburg and to convey the president's hope that the government at St. Petersburg would use all possible precautions to prevent a recurrence of the terrible outrages of a year ago which caused such widespread protests on the part of the people and of the religious bodies throughout this country. "There is reason to believe that action by this government in St. Petersburg instructing Governor Neidhart, who is in charge of Odessa, and Baron Kaulbars who is in command of the troops in that district of Russia, will have the desired effect in checking any anti-semetic manifestations."

Views on Statehood Bill Filed.

Washington, April 9.—Majority and minority views on the statehood bill, recently reported from the house committee on territories, were filed Friday by Representative Hamilton of Michigan and Moon of Tennessee, respectively. Mr. Hamilton views the provisions of the bill at length and urges the necessity and justice of admitting the four territories as two states. The minority views are signed by Representatives Moon, Lloyd, Robinson of Indiana, and Thayer.

King Christian Is Eighty-Six.

Copenhagen, April 9.—King Christian Friday celebrated his eighty-sixth birthday in excellent health. United States Minister Swenson conveyed to the king a greeting and felicitations from President Roosevelt. Congratulatory telegrams were received from all the sovereigns. Enormous crowds thronged the vicinity of the palace cheering the old monarch, who, with the king and queen of England, appeared on the balcony of the palace.

Men Killed by Explosion.

Washington, April 9.—Three men were killed and one fatally injured in an explosion Friday at the Pintsch Gas Compressing Co.'s plant in South Washington. The dead: Stephen Henson, Joseph Cumberland, and an unknown Negro. The injured: Chas. W. Grigsby, burned, will die. The origin of the explosion is unknown.

State Salt Inspector's Report.

Saginaw, Mich., April 11.—The report of State Salt Inspector Porter shows there was inspected in the state in March 181,134 barrels of salt; the inspection in Wayne county being 59,140 barrels. The total inspection since December 1 last was 811,222 barrels, an increase over the same period last week of 90,375 barrels.

Insurance for Colored Folks.

Lansing, Mich., April 11.—The American Fraternal association of Detroit has been given a preliminary license by Insurance Commissioner Barry. It will insure only the lives of colored persons, who are excluded by most insurance companies.

That Tired Feeling

is a Common Spring Trouble.

It's a sign that the blood is deficient in vitality, just as pimples and other eruptions are signs that the blood is impure.

It's a warning, too, which only the hazardous fail to heed.

Hood's Sarsaparilla and Pills

Remove it, give new life, new courage, strength and animation.

They cleanse the blood and clear the complexion.

Accept no substitute.

"I felt tired all the time and could not sleep. After taking Hood's Sarsaparilla a while I could sleep well and the tired feeling had gone. This great medicine has also cured me of scrofula." MRS. C. M. ROOT, Gilead, Conn.

Hood's Sarsaparilla promises to cure and keeps the promise.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

THE BATH AND THE SKIN.

Different kinds of baths and their effects. The bath after exercise and as an aid to keeping the health.

By CHRISTINE TERHUNE HERRICK.
(Copyright, 1904, by Christine Terhune Herrick.)

In the first place, the bath means cleanliness,—when properly taken. For a poor bath is almost as bad as no bath at all. And when cleanliness is achieved a long step is taken towards health and a still longer towards good looks. No one can hope to be really attractive who has a poor complexion and no one can expect a good complexion who does not keep the pores of the skin open and free of matter which does not belong there.

Of course, any woman thinks she knows how to take a bath. Nearly every one labours under this impression until she has had a Turkish bath and learned what is meant by real cleanliness. After that she is of a different opinion. She may not be able to take Turkish baths constantly or even often, but she will come as near them, in the way of making herself clean, as she can possibly manage.

Not every woman can stand the regulation Turkish or Russian baths, with their hot air, their steam rooms, their hard massage and cold spray or plunge afterwards. The home made imitation of such baths even is sometimes too much for them. Unless they are sure of themselves it is not worth while to put good money into a Turkish bath cabinet or even to compass a home made version with a packing box and a little ingenuity. Instead, they may seek substitutes in a simple fashion.

The most elementary Turkish bath is made by wrapping the bather in a sheet and seating her on a cane bottom chair under which is a shallow tin of hot water set over an alcohol lamp. This lamp should be of the sort that has an asbestos burner protected by a wire netting. After the bather is seated, a heavy blanket should be wrapped around her and the chair, and she should sit thus until she is in a drenching perspiration. When this point is reached she should get at once into a tub of warm water, scour herself well with a flesh brush, so as to remove the matter that the perspiration has washed out on the skin, and after this she should try the tonic effect of a cold spray, unless she prefers the cold plunge. If she does not possess a spray she should dash cold water over her body from a pitcher. Then comes a good rub down with a rough towel and a half hour's rest.

Such a bath is advantageous to nearly every one and especially to the woman who has a poor complexion which is the result of imperfect circulation. The chief objection to this bath in the minds of busy women will be the length of time it demands. When a woman has stimulated her skin to action by vigorous and healthful exercise and has thus provoked a flow of perspiration she does not need the preliminary session over hot water. The bath in the tub, however, with the cold spray to follow is an essential after violent exercise.

Let it be supposed, for instance, that a woman has been out on her wheel. If she is an active rider she has undoubtedly achieved the perspiration and with it a degree of exhilaration that the period of retirement in the company of a blanket and an alcohol lamp would never bring about. Some one has called an up to date chainless bicycle a zeal inspiring wheel for women. The girl or woman who has been out for a spin on a machine that is made in such a fashion that she can come home with her skirt in as good a condition as when she started,—as can be done with the right sort of a bicycle,—does not shrink from the amount of time she will have to devote to her bath as she would if she knew a dirty and stained frock was awaiting her attention.

No matter how heated the rider may be she should never make the mistake of using cold water the first thing after a ride. In fact, it is very hard to get clean by the use of cold water alone, even when accompanied by hard rubbing. It is true that the exercise has opened the pores and that a great quan- of effete substance has been sluiced out with the perspiration. But the dash of cold water shuts the pores with a snap and whatever matter is left there is enclosed, to be re-absorbed by the body.

So the first plunge must be into warm water. The soaking feels grateful after the tension of the exercise, and the relaxation of the muscles is likely to tempt any one to remain too long in the tub. But the time for letting oneself go is not yet. There must first be a vigorous rubbing either with a flesh brush or with a rough cloth or with a bath mitten of Turkish toweling or some such material. This is perhaps best, since the hand thus covered goes over the whole body with an energy it cannot gain when holding a washcloth.

The use of soap is open to discussion. It is generally taken as a matter of course and yet I have known competent physicians who claimed that it did no good. The skin that has been first stimulated, as by the bicycle, horse back ride or other vigirous exercise, and then coaxed into more work by the application of warm water does not need soap in order to make it clean. The rubbing I have described will suffice for that. The waste matter is removed by the friction without the use of soap. Yet there is no objection to this if a good plain toilet soap is used,—one that is not highly perfumed or too drying in its effect. Every bit of this should be washed from the skin before the cold spray is used to close the pores and brace the system after the relaxation of the warm tub.

The cold spray seems a rather heroic measure, but it is only for a while that it impressed the bather as a trial. In a short time she craves it and feels no shrinking from the tingling of ice cold water, even after a very hot bath. The spraying need not last long,—only a minute. It is a mistake to continue it until one becomes chilled and loses the bracing effect. As a matter of course, there are bathrooms where a spray cannot be used, because of the arrangement of the faucets or for some other reason. This is a pity, but it need not oblige one to renounce the douche. The pitcher to which I have already referred can be used or one can adopt the simple expedient of a man I knew who used the common or garden variety of watering pot as a means for attaining a cold spray.

The stimulation of the skin is pursued by friction with a rough towel. The ordinary towel will not serve. Sometimes even the Turkish towel gets soft and in such cases it is well to pass it through a little starch water before drying it. It should never be ironed, of course.

The ideal method is to take half an hour's rest after the bath and if the ride has been a long and hard one or if the course over the links or the contest in the tennis courts has been unusually fatiguing, it is worth while to give half an hour to repose. But the healthy active woman does not usually need it unless she has rather overdone.

"But," I hear a woman say, "It may be all very well to talk about taking time to bathe and to rest for a woman who has been playing golf or tennis, but it is out of the question for the woman who rides a wheel. Her machine has to be cleaned before it is put away!"

Not at all, my dear girl or madam. In the days before the chainless bicycle came into service this might have been the case. With the driving mechanism neatly encased and amply protected from mud and dust and even from rain, there is no more trouble after a return from a ride than there is in hanging up a racket or setting the bag of golf sticks in the corner.

Always following a bath there must be some precautions adopted against cold. Even the cold spray and the hard rub have not done everything and the woman who sits in a draft when she has just dressed after her bath runs a great risk. This is especially the case after exercise, but it is true also when one has taken the bath without preceding it by the ride, the walk or the game. Sometimes one marvels what has become of the common sense that was presumably dealt out to all mortals when they came into this world.

"I have such a mean headache," said a woman to me the other day. "The only way I can account for it is that I forgot how soon after dinner it was last night, and as I was tired I took a hot bath before going to bed early. I have felt rather queer all day."

And she was a sensible woman—old enough to have known better! Yet from sheer carelessness she did a thing which might have had a fatal result.

The frequency with which such a bath as I have described may be taken is a mooted question. There are some persons to whom it is as regular, an everyday function, barring ill health, as is their breakfast or the dinner. I have known those who bathed morning and night as well,—a rather foolish thing to do, according to the doctors. Some persons cannot stand a plunge bath oftener than every other day. It is all a matter of physical condition. To those who have formed the daily habit it is a real privation to give it up.

"When can I take a bath, Doctor?" queried a woman, who was just emerging from a dangerous illness. "It seems an age since I was in a tub."

"My dear Madam" returned the physician sharply, "I have known patients as sick as you have been who have not had soap and water come near them for six weeks. And you have really been kept very clean!"

The assurance that one is clean does not take the place of the tub and spray to one who has the habit of these. Least of all can one give it up when the hard ride, the fiercely disputed game that has brought one into a prespiration that causes the whole being to cry out for a tubbing. The woman who does her wheeling or her playing later in the day must deny herself the morning bath for the sake of the one that will follow exercise.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Women Rejoice in Health and Beauty.

Zoa Phora Gives Perfect Health and Health Means Beauty for Women—They All Rejoice in its Wonderful Work.

Trial Bottle Free to Every Woman.

There is only one thing for a weak and suffering woman to do and that is to use Zoa Phora. It makes no difference how many remedies you have tried or how many doctors have treated you that failed, Zoa Phora cures these cases one and all. Thousands upon thousands of letters from suffering women throughout the land prove this, so that none can fail to be convinced. It is the greatest blessing of the age for suffering women. It cures all irregularities, misplacements, painful and suppressed periods, makes childbirth easy, cures liver, bladder and kidney troubles and regulates the change of life. It will bring joy and health and happiness to any suffering woman just as it has always done and never failed to do.

Miss Florabel Blessing, 219 W. Lincoln St., Kokomo, Ind., says: "I can truly say that Zoa Phora has completely cured me of my awful suffering; I am perfectly regular now and I don't suffer at all at that time. I do not have ovarian pain any more, and the leucorrhea has entirely disappeared. I feel better now than I have in four years, and I know that it was Zoa Phora that cured me, and it will cure others if it cured me, because I know that nobody can suffer any more than I did, for I suffered death over and over. I would not be without Zoa Phora, for it is indeed 'Woman's Friend.'

"I will say that whoever don't believe Zoa Phora is a good medicine for women to take, they don't know what they are talking about, and whoever don't believe this statement, let them please write to me and I will certainly tell them the same, if they will send addressed stamped envelope. I will answer any one who wants to write and find out if it is so.

TALK OF ADJOURNMENT.

All Business Likely to Be Covered by April 28th.

Washington, April 11.—April 28 has been discussed in committee rooms and among senators and representatives as not at all an improbable date for the termination of the present session of congress. The pension appropriation bill has been received from the house and reported from the senate committee with an amendment. Discussion of service pension legislation, it is believed, will be exhausted before the bill is placed on its passage, and this measure therefore is not considered a barrier to early adjournment.

The army appropriation is agreed on except as to four amendments, which are in conference, and it is thought these amendments will not result in much further discussion in either body of congress. The conference report on the agricultural bill has been agreed to in the senate, but no action has been taken by the house. A second conference has been ordered on the fortifications bill on the senate amendments for the purchase of a submarine boat for instruction in coast defense and making an appropriation for the completion of a certain type of disappearing gun carriage. Both the naval and the district appropriation bill has been made and is likely to cause debate for one or two days. Four days' additional discussion are looked for on the postoffice appropriation bill. The amendments that have been adopted are not of a character that will tie the bill up in conference for more than two or three days. It is expected that the sundry civil bill will be reported from the senate committee on appropriations tomorrow and the military academy bill will be ready by the time the sundry civil bill is passed. It is expected that the general deficiency bill will be reported to the house not later than Tuesday. No call has yet been issued, but Republican leaders of the senate anticipate holding a meeting of the steering committee early next week to agree on a general program for the remaining days of the session.

Pursuant to a special order, the house of representatives Sunday conducted memorial services in memory of the late Representatives Foerderer and Burk of Pennsylvania. In addition to members of the families of the deceased a large number of Pennsylvanians occupied seats in the galleries.

Each of the long list of speakers paid touching tributes to the two departed members. Those who spoke of the life and character of Mr. Burk were Messrs. Adams, McCreary, Patterson, Dalzell and Morrell of Pennsylvania; Scott and Calderhead of Kansas; Tirrell and Powers of Massachusetts, and of Mr. Foerderer, Messrs. Moon, Wanger, Bates, Sibley and Morrell of Pennsylvania; Burgess of Texas; Fordney of Michigan, and Hemenway of Indiana. Resolutions of sympathy and respect were adopted.

Pu Lun Honored in Honolulu.

Honolulu, April 11.—Prince Pu Lun, nephew of the emperor of China, who is enroute to the United States to represent the Chinese government at the St. Louis exposition, arrived here Sunday on the steamer Gaelic. Upon his arrival here Prince Pu Lun was escorted by federal and territorial troops and police to his hotel, where he was officially welcomed by Governor Carter and a large crowd of people, mostly Chinese. Later in the day the prince made an official call on Governor Carter. An elaborate reception was held last night at the Chinese consulate in honor of the prince. Prince Pu Lun will sail today for San Francisco.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist whom you know what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

Michael McGreevey, the man who jumped from the State street bridge into the Chicago river at Chicago the other day, is said to have hailed from Tecumseh. He was nearly dead when rescued and when he revived said he was swimming to win a box of cigars, the result of a bet. He is now suffering from pneumonia but this does not seem to bother him as much as the loss of the box of cigars.

Sheriff Wm. F. Shepherd says he will be glad when his term in office expires and he can go back on the farm again. He says the office is anything but a paying one. Some years ago the plan of boarding all the hoboes that came this way at the expense of the county was discontinued and since then there has not been much money in the office. Sheriff Shepherd's bill from February 29 to April 10, is only $92.40. Out of this he must pay his board bill amounting to $68, besides his turnkey's salary.

Charles A. Matthews.

Charles A. Matthews was born in the township of Franklin July 26, 1851, and died at his home in Tecumseh April 6, making him 52 years, 8 months and 12 days of age at the time of his death. He was married at the age of 21 to Miss Isabella Munger, who with their two sons, Roy and Howard, and an aged father, Wilson Matthews, are left to mourn his loss.

He was a kind husband and father and a good neighbor and his loss will be keenly felt by the family and friends.

The 6th day of June Mr. Matthews had a stroke of apoplexy and since that time he has suffered with softening of the brain and death came to release him just ten months from the day he was taken sick.

The funeral was held at the Presbyterian church Saturday afternoon, Rev. W. F. Jones officiating. The remains were laid at rest in Brookside cemetery.

Those who attended the funeral from out of town were Mr. and Mrs. Moore, of Fairfield; Mr. and Mrs. W. Rexford, and Chas. Sudborough, of Adrian; Mr. Roscoe, of Milan, O.; Mrs. Moore, of Clayton; Mr. and Mrs. Chase, Clark Munger, Geo. McRoberts, of Rome; Mr. and Mrs. Cole, of Franklin; and several from Bridgewater.

"OUR JIM"

They say stands in with Cupid.

JUSTICE WIGHTMAN

Performed two Marriage Ceremonies in Adrian Yesterday.

The Adrian Telegram says the following of J. W. Wightman:

Justice J. W. Wightman of Tecumseh, must be in a little combine with Cupid. At all events he gets a wedding ceremony to perform most every time he comes to town. "Better move over to the burg, Jim, and make a business of it the way they do up at the Gretna Green."

This morning he couldn't tie the knots of wedlock quick enough in the county clerk's office. About 9:30 o'clock Noah Beach of Ann Arbor, and Edith Riegle of Adrian, procured a license of the clerk and wanting to do the business all up at once inquired for some one to officiate. Jim was right on hand and performed the ceremony very gracefully.

He had no more than got through before another couple stepped up in front of him and wanted to take the same trip. The second couple were from out of the state, being Corwin Harding and Nellie Kidd, both of Peru, Ind.

ROUND ABOUT US

Fred Thomas of Adrian township found that he was poorer by $150, one morning last week, than he was the day before. A good horse lay dead in the stable.—Adrian Press.

A Jackson county man has a heifer which recently gave birth to a sort of Siamese twin calf. The creature had two heads, two necks, two spinal columns, one body, and one set of digestive organs. The one body terminated with only two hind legs but had two tails. Both the calf and its mother are dead. —Ex.

Arthur Mosher says the long, severe cold winter has been a great drawback to the chicken industry and as a consequence his incubators have turned out only 1500 chicks so far, while the usual number hatched at this time of the year is well into the thousands. He incubated more eggs than ever before, but the outcome has been discouraging, because of diverse conditions peculiar to this business.—Onsted News.

A good story is told of a teacher in a certain town who told her pupils of the landing of the Pilgrims, and then asked each of them to try to draw, from imagination, a picture of Plymouth Rock. All went to work at it but one little fellow, who hesitated and at length raised his hand. "Well, what is it?" asked the teacher. "Please ma'am, do you want us to draw a hen or a rooster?" —Ex.

A man was caught out in a snow storm and in order to protect himself crawled into a hollow log. While the storm raged he began to think of what good things he had done, and he became so full of enthusiasm that when he went to extricate himself he found that he was wedged in so tight that he could not move. Try as he might, he seemed doomed to die in that old log. As he lay there thinking of his past life, a sudden thought passed through his mind that he had not paid the local editor for six years, and he felt so confounded small that he crawled right out of the log.—Ex.

Dan Diver took several pelts of fur bearing animals to Monroe, Wednesday to be prepared for exhibition. These animals were caught 500 miles north of civilization during his late trip up in the far north in the vicinity of Hudson Bay country. He is one of the foremost explorers and no doubt, knows more of North America than any other man in Michigan. He travels with his eyes and ears open and is able to explain the habits, kind of people, their mode of living and the character of the soil, vividly. In fact, he is a walking encyclopedia, always approachable, never tired of answering questions asked by inquiring minds.—Deerfield Times Journal.

Some Dundee chaps, who do not read the testament or study the bible, same as we do on Sundays, decided to take their guns and boats and go duck hunting. They rowed out into the river and got a duck that they did not expect. The boat capsized and the hunters sized up the depth of the water and its temperature. They found it about ten feet deep and about ten below freezing. Like local option in Lenawee, everything went wet. They scrambled out to the shore and ambled back home, changed clothes and believe in the universalist religion, that a man gets his punishment on earth —especially if he tips over into ice cold water in the spring.—Adrian Press.

Seven years ago last Tuesday A. T. Hill, our milkman, made his first trip here with milk. Since that time he or one of his boys has daily gone over the route, excepting Christmas day of each year. Mr. Hill says he will have this holiday which is spent with his wife's parents. This week he did a little figuring; he says that the horse used on the milk wagon has traveled a distance of about 30,000 miles in that length of time. Besides making the route the faithful animal has also been driven to Adrian on an average of once a week. Mr. Hill is well patronized by the residents of Jasper and should he fail to appear regularly would be greatly missed. —Jasper Journal

All Lenawee rejoices that the local option campaign has ceased. It was run by compressed air and gas. One citizen's large coal stove blew up, wrecking itself and the room, tearing a hole into the wall and setting carpets and rugs on fire. The roar of the sightless tiger and the squeal of the "blind pig" have ceased and all is quiet as a patient after a night with poison cheese. Men who the day before election excogitated each other as "pea green demons," "split footed devils," "offscourings of Hades," etc., hail softly and side gaze with a sort of sheep-nanny look. Business has resumed itself and the blooming back door bum and the front door bombadier with the belladonna eye, are doing their old stunts. Everybody's glad it's over. —E. J. Smith, Detroit Tribune

Announcement.

At the New Bradley theatre next Friday and Saturday evening "Miss Vivian De Monto and her Superb Company of Vaudeville Stars", including the famous Irish comedian, Mr. W. D. King; Miss Jennie McEdowing, song and dance comedian; Miss Gertrude Harrington, the acknowledged lady banjoist of America, in banjo song and dance; Master Walter Schieveller, boy artist, the king of comedians for his age; the Keiffer Sisters, sketch artists; Mr. and Mrs. Lonzon, champion wing rifle crack shots of Texas, and a company of 15 others all well known in the vaudeville profession, at the popular prices of 15, 25 and 35 cents.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter affected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

Men at a theater who are unable to get out between the acts for a smile are forced to grin and bear it.

John S. Campbell.

John S. Campbell was born in Niagara, Canada, on the fifth day of April, 1827. He came to Michigan with his parents when but eight years of age, settling in the town of Newburg, living in this section of the country ever since. He was united in marriage to Miss Eliza Ann Vecelius in Macon, Jan. 1, 1851. His wife and one daughter, Mrs. Gray, survive him.

Mr. Campbell has been sick for some time, and Thursday, April 7, passed away at the home of his daughter, Mrs. Joe Gray. The funeral was held from the Gray home Sunday, at 2 o'clock, Rev. Sedweek officiating. Interment at Brookside.

The pioneers are going one by one, they will all soon be gone. A good citizen, husband and father has gone from us.

If a man had a fifty dollar pup he would look after it carefully and would not let it run all over town at niggt. But if he has a boy it is different. He is turned loose at a tender age to go to the bad and people wonder where the great army of bums, tramps, dead beats and gamblers come from. They germinate from pure seed gathered at home that is sown broadcast on the street and alley. The boys ought to be given a chance equal with the pup.—Ex.

"LET US HELP YOU TO HEALTH"

C. A. Wright wants every catarrh sufferer to use Hyomei and be cured.

Statistics show that at least 97 out of every 100 persons in this state suffer from catarrh in some form.

While the disease is one of the most common, it is also one of the most dangerous and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomei and and its introduction in this section by C. A. Wright, every method of treatment had been found worthless.

The discovery of Hyomei and its growing popularity has already reduced the percentage of those suffering from catarrh. This wonderful remedy is the simplest and most pleasant of treatments. Put 30 drops of Hyomei in the pocket inhaler that comes with every outfit, and breatne it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomei in this way, and the catarrhal germs even in the most remote air cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health is restored.

C. A. Wright says to all catarrh sufferers, "Let me help you to health, I am confident Hyomei will cure, so confident, in fact, that I guarantee to refund your money is it fails. A complete outfit costs but $1, and if it does not help you, your money will be returned promptly."

Beautiful Thoughts

The sweet, pure breath of the babe is suggestive of innocence and health.

A mother's yearning for children is inseparable from a love of the beautiful, and it behooves every woman to bring the sweetest and best influence to bear on the subject of her materaity.

To relieve pain and make easy that period when life is born again,

Mother's Friend

is popularly used. It is a liniment easily administered and for external use only. Pregnant women should try this remedy, it being undeniably a friend to her during nature's term of suspense and anticipation.

Mother's Friend, if used throughout gestation, will soften the breasts, thereby preventing cracked and sore nipples. All muscles straining with the burden will relax, become supple and elastic from its continued application.

All strains in the abdominal region will respond readily to the expanding cover containing the embryo if Mother's Friend is applied externally during pregnancy. Of all reliable druggists $1.00 per bottle. Write for free book on "Motherhood."

IN A BAD WAY.

Many a Tecumseh reader will feel grateful for this information.

When your back gives out,
Becomes lame, weak or aching,
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills will cure you.
Here is local evidence to prove it.

W. C. Witherell, agent for buggies, harnesses and other machinery, place of business south western section of Tecumseh, says: "I cannot praise Doan's Kidney Pills high enough for they have been a great friend to me. Some years ago I was an expert at sheep shearing and did a lot of that work. Everybody knows it is very hard on the back and it finally brought on a severe pain across the loins. Nothing did any good until a friend advised me to try Doan's Kidney Pills. I got a box and they gave immediate relief. When I finished the box the trouble was entirely removed. They are a reliable remedy and I consistently recommend them.." Just such emphatic endorsement is pentiful in Tecumseh. Call at C. A. Wright's drug store and ask him what his customers report."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

BAD MOVE FOR CHINK.

Chinaman Visited Sarnia and Was Arrested Upon His Return.

Port Huron, Mich., April 9.—United States District Attorney Wilcox and Chinese Interpreter George Moy are here conducting the examination of George Visger, charged with helping Chinese across the river from Canada. There are also seven Chinamen in jail here awaiting trial.

The latest addition to the colony is Charlie Way of Toledo, who came here in company with Attorney Frank L. Mulholland, in the interest of the captured Chinese. Way is a well-known Chinese merchant of Toledo. While he and Mulholland were waiting for the trials to begin they thought they would take a trip over to Sarnia. They asked the customs officer if he thought it would be all right. He replied in the affirmative, but when they returned a new officer was on duty and he promptly arrested them. Mulholland was released, but the Chinaman will have to stand trial to show that he has a right in this country.

No One But Yourself if You Don't Get Well When Sick.

All we can do is give advice. Of course that's easy.

But our advice is really worth a little more to you than most people's, for we offer to give you the first bottle of our medicine free, if it fails to help you.

We could not afford to do this unless our medicine was good. Such an offer, on the wrong kind of medicine, would put a merchant in the poor house.

Dr. Miles' Nervine, however, as years of experience have proved, is a medicine that cures the sick.

Those whom it cannot benefit—less than one in ten thousand—we prefer to refund their money.

All we ask of you is to try Dr. Miles' Restorative Nervine for your complaint, if you suffer from sleeplessness, nervous exhaustion, dizziness, headache, muscular twitchings, melancholy, loss of memory, weak stomach, poor blood, bilious troubles, epilepsy, St. Vitus' Dance, etc. we will guarantee to benefit you or refund your money.

Took Dose of Cocaine.

Port Huron, Mich., April 9.—A. M. Halstead, a local insurance man, attempted suicide by taking six grains of cocaine. Physicians were hastily summoned and the man is now out of danger, but he says he will try it again. Some time ago his eyes began to fail, and of late he has been almost entirely blind, and as a consequence of his affliction has been very despondent. He remarked at the dinner table that that would be his last meal on earth, and his family were watching him, so that he was given treatment before the drug had time to work.

An Open Letter to the Public
FROM A WELL-KNOWN DRUGGIST

To Whom It May Concern:

Of late there has been a good deal of discussion in regard to advertised medicines and their value. We want to say to every man, woman and child in this vicinity that the most valuable preparation of cod liver oil,—the best tonic reconstructor, health restorer and strength-creator we have ever sold in our store is Vinol.

Vinol is not a patent medicine; it contains no injurious drugs, and it actually does contain all of the medicinal curative elements of cod liver oil, taken from fresh cods' livers, but without a drop of oil, and is delicious to the taste.

Vinol is recognized throughout the world as the greatest strength-creator for old people, weak, sickly women, children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and make those who are too thin, fat, rosy and healthy.

Vinol is sold on a positive guarantee. Call and get a Vinol booklet.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says:—"I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

After Everything Else Has Failed.

Dr. Gossom's Kidney and Bladder Cure

After physicians have tried in vain and finally said, "I can't cure you," after dozens of other medicines have not given even temporary relief, in absolute desperation, Dr. Gossom's Kidney and Bladder Cure has, as a last resort, been "tried" and never in all its record of forty-two years has it failed to cure any and every disease for which it was intended.

Dr. Gossom's Kidney and Bladder Cure is positively guaranteed to quickly and permanently cure Bright's Disease, Backache, Dropsy, Gravel, Diabetes, Rheumatism, Gout, Weak Heart, every Urinary Disorder, Aching Pains over the Hips and Kidneys, Dimmed Vision, Periodical Headaches, Pain in Urethra, Despondency or "Blues," Sallow Complexion, Foul Breath, Bad Taste in the Month, in fact all Irregularities [illegible] of Bladder and Kidney Trouble in any form. No matter how long you have suffered, nor how terrible your affliction may be, Dr. Gossom's Kidney and Bladder Cure will cure you. It eradicates totally and completely any irregularity or symptom of Kidney and Bladder Trouble and puts those most vital organs in as perfect and healthy condition as in childhood. [illegible]

It Is Guaranteed to Cure

It destroys the very roots of these diseases. It fortifies the body against the attack of disease germs of every kind. It tones up, renews and invigorates the entire system. It is the only remedy in the world which completely and permanently drains out of the blood every particle of Uric Acid, Urates, etc., which cause these terrible diseases. It has cured thousands of others. It will cure you. Why shorten your life by neglect when health can be yours now.

Had Almost Given Up in Despair.
Dr. Gossom's Kidney and Bladder Cure Brought Health.

It is with a feeling of thankfulness that I write you this letter and if it will be of any benefit to suffering humanity, you have my permission to publish it.

I was suffering with my kidneys when I saw your advertisement offering a free sample of Dr. Gossom's Kidney and Bladder Cure. I got the sample and [illegible] by it that I continued taking the medicine, and now I am entirely well. I had tried many things to relieve me of the awful pain in my back and when [illegible] despair, Dr. Gossom's Kidney and Bladder Cure brought the relief for which I had so long hoped.

FOR PRIMARY REFORM

State Grange Is Unanimously and Unqualifiedly Committed.

BUT NOT IN FOR POLITICS

Organization Is Non-Political—Executive and Legislative Committee In Session—Urging Good Roads Legislation in Congress.

Lansing, Mich., April 14.—The executive and legislative committee of the State Grange held a session here Wednesday. While the grange is a non-political organization, the latter committee believes it entirely within its province to do everything in its power to further the interests of the primary reform movement, to which the grange is unanimously and unqualifiedly committed.

For this reason the members will be educated along the line of supporting for governor, lieutenant-governor and members of the house and senate only such persons as are known to be friends of primary reform. The committee regards the lieutenant-governorship equally as important as the governorship, in view of the fact that the lieutenant-governor appoints the senate committees. Vigorous work in behalf of the reform will be done from now on. Because of his candidacy for the Republican nomination for governor, Master George B. Horton resigned as a member of the legislative committee and was succeeded a chairman of that committee by ex-Speaker A. E. Palmer of Kalkaska.

The executive committee took action to secure the co-operation of the Agricultural college in the work of extending the study of nature and agriculture in the schools of the state. Several bulletins dealing with these subjects have been distributed among the granges of the state, and the resultant discussions have been of much interest and profit. It is the desire to have this work followed up systematically, and E. A. Holden of Lansing, a member of the committee, was delegated to take the matter up with President Snyder of the Agricultural college and the state board of agriculture.

The committee has communicated with the members of the Michigan delegation in congress urging the passage of bills designed to increase the powers of the interstate commerce commission, to extend national aid for road construction, to increase the appropriations for agricultural and horticultural experiment stations, and to provide a natural pure food law.

Will Decide on Extra Session.

Lansing, Mich., April 14.—Governor Bliss said last evening that he would probably determine by the close of the present week what action to take on the request of Mayor Maybury and others that he convene the legislature in extra session for the purpose of enacting street railway and primary reform legislation. He said that during the past few days he had received a couple of telegrams urging him to convene the legislature and a number of letters from citizens who are opposed to such action. There is apparently little indication that an extra session will be called.

Died of Peculiar Disease.

Hillsdale, Mich., April 14.—Burton R. Parker, for many years one of the most prosperous farmers of Cambria township, and for some time past a resident of this city, is dead. About three years ago Mr. Parker was attacked by a peculiar disease, which caused his feet and legs to become black and useless. One of his legs was amputated and an operation performed upon the other, which afforded relief for a time. Recently the disease returned, culminating in blood poison, which caused his death.

Pneumonia Leads In Deaths.

Lansing, Mich., April 14.—Secretary of State Warner reports that the total number of deaths in Michigan in March was 3,406. The death rate for March was 16 per 1,000 of population as compared with 17.1 for the preceding month. Important causes of death were as follows: Tuberculosis of the lungs, 227; other forms of tuberculosis, 43; typhoid fever, 57; diphtheria and croup, 38; scarlet fever, 31, measles, 27; whooping cough, 21, pneumonia, 384; influenza, 156; cancer, 149; accident and violence, 199.

Ionia Saloonist Again Arrested.

Ionia, Mich., April 14.—Bert Weaver, an Ionia saloonkeeper, has been arrested on a charge of operating his business on an illegal bond. It is alleged that the sureties are insufficient. The complaint is made by Mrs. Beatrice Sturdevant, who recently got a $300 judgment against Weaver for selling liquor to her husband. It is alleged that this has not been paid.

Flirting as a Science.

Chicago, April 14.—The scientific status of flirtation was discussed by Dean James H. Tufts of the University of Chicago Wednesday for the benefit of the seniors of that institution. His general topic was "Play." "Play is an important factor in gaining control of our faculties," said the dean. "Coquetry, like other forms of play, is a training of the abilities which one needs in social life. It is merely an outlet for the dissipation of surplus energies, as it has been considered, but it is instinctive and tends to the development of the higher and intellectual faculties."

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at C. A. Wright's drug store.

ALL RUSSIA MOURNS

Terrible Disaster to Battleship Petropavlovsk Strikes Deep.

MAKAROFF PRIDE OF NAVY

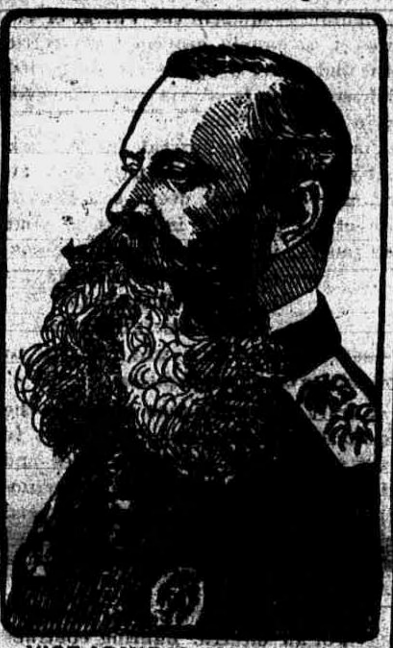
Grief of People as They Read News Was Touching—Requiem Service Held at Admiralty Church—Alexieff Ordered to Port Arthur.

St. Petersburg, April 14.—The awful disaster to the battleship Petropavlovsk at Port Arthur, with the loss of almost her entire crew of over 600 men and the death of Vice Admiral Makaroff has been a terrible blow. It would have fallen less heavily if the ship and the commander-in-chief of the fleet had been lost in battle, but to be the result of another accident following upon the heels of a succession of tragedies of which the Port Arthur fleet has been the victim, has created something like consternation. "Reverses we can endure," said a prominent Russian, "but to have the Petropavlovsk meet the fate of the Yenesei and the Boyarin is heartbreaking."

Another Misfortune.

Besides, it has just become known that the battleship Poltava several weeks ago had a hole rammed in her by the battleship Sebastopol while the latter was maneuvering in the harbor of Port Arthur.

Intense excitement reigns in St. Petersburg. The first inkling of the catastrophe leaked out on the receipt of a telegram by Grand Duke Vladimir from his son, Grand Duke Boris, announcing the loss of the Petropavlovsk and the wounding of Grand Duke Cyril, who was first officer. The youngest son of the Grand Duke Vladimir, Grand Duke Andrew, hurried to the winter palace, the admiralty and elsewhere seeking confirmation of the news which came two hours later in a message to the emperor from Rear Admiral Grigorovitch, the commandant at Port Arthur. A religious service was immediately held at Grand Duke Vladimir's palace, in which thanks were returned to the Almighty for the sparing of the life of Grand Duke Cyril, but the emperor was so overwhelmed with grief at the death of Vice Admiral Makaroff that neither he nor the empress attended the service. Instead the emperor sent a member of his personal staff to break the sad news to Vice Admiral Makaroff's widow, who is living at Peterhoff, a few miles west of St. Petersburg.



VICE-ADMIRAL MAKAROFF,
Commander of Port Arthur Squadron, who perished with the battleship Petropavlovsk.

Meantime the city was filled with the wildest rumors, but the official dispatches were so meager and private dispatches so conflicting regarding what had occurred that the public was kept in suspense for six hours. Then, although the report was incomplete, dispatches were posted on the Nevsky prospect and other war bulletin boards. The grief of the crowds, whose worst fears were thus officially confirmed, was touching. The ministry of marine was soon surrounded by thousands of persons eagerly asking for more details. In the crowd of enquirers were the stricken relatives of those who were on board the Petropavlovsk.

Pride of the Navy.

Vice Admiral Makaroff's death is really a greater loss than would be that of several battleships. He was the pride of the navy and enjoyed the implicit confidence of his sovereign as well as of the officers and men of the service. Speaking of his death, officers here all remarked upon the strange fatality that he should lose his life on a heavily-armored battleship, to which he had a particular aversion. Wednesday morning for the first time he raised his flag on a battleship. Previously he had gone out on board the cruiser Novik or the cruiser Askold.

Rear Admiral Rojestvensky, chief of the general staff of the navy, who has just been appointed to command the Baltic squadron, is now destined to succeed Makaroff.

By imperial command, a requiem service was celebrated at the admiralty church at noon today for the emperor's favorite admiral.

Last night the grief-stricken widow, according to the Russian custom, had a requiem service celebrated at her residence.

The official dispatch to the emperor from Rear Admiral Grigorovitch, the commandant at Port Arthur, notifying the czar of the catastrophe reads as follows:

"Port Arthur, April 13.—The Petropavlovsk struck a mine, which blew her up and she turned turtle. Our squadron was under Golden Hill. The Japanese squadron was approaching. Vice Admiral Makaroff evidently was lost. Grand Duke Cyril was saved. He is slightly injured. Captain Jakovleff was saved, though severely injured, as were five officers and thirty-two men, all more or less injured. "The enemy's fleet has disappeared. Rear Admiral Prince Ouktomsky has assumed command of the fleet."

Practically the whole of the crew of the Petropovlovsk, which numbered nearly 800 men, were drowned.

Paris, April 14.—The St. Petersburg correspondent of the Echo de Paris telegraphs the following under yesterday's date: "At 3 o'clock today the emperor telegraphed to Viceroy Alexieff ordering him to go to Port Arthur immediately and assume command of the squadron pending the appointment of Vice Admiral Makaroff's successor. The viceroy leaves tonight."

AGAINST TUBERCULOSIS.

National Association Plans a Vigorous Campaign.

Chicago, April 14.—Aiming to stamp out tuberculosis in the United States by striking direct at the source of the disease, the National Anti-Tuberculosis association, the neucleus of which was recently organized in Chicago, is about to enter upon a unique campaign of education.

Dr. W. B. Metcalf, president of the association, said that through the medium of the personal colume of newspaper want pages throughout the land the association hopes to instruct the human family in the best methods of warding off tuberculosis. The public will first be aroused to a full realization of the seriousness of the disease. Tersely written "personal ads" will be published, setting forth the many ways in which the disease is easily and unconsciously contracted by persons ignorant of its extent. Besides using the personal colums of newspapers to spread facts concerning tuberculosis and the precautionary measures which should be taken to avoid it the association will arrange to have lecturers go before the school children and teachers associations throughout the country.

Another Kentucky Shooting Affray.

Lebanon Junction, Ky., April 14.—A. F. Haley, town marshal of Lebanon Junction, and John Rouzee were killed, and J. D. Gentry was shot in the right leg during a street battle which occurred following an attempt by Haley to arrest Charles Martin. Haley and Rouzee had been enemies for years, and when the officers arrested Martin on a warrant for a trivial offense Rouzee interfered. Martin, Rouzee and Haley began using their pistols while standing on the porch of the Sparks hotel and Gentry ran to the assistance of the officer. When the smoke cleared away Rouzee and Haley were lying dead and Gentry was wounded. Martin, the cause of the disturbance, escaped uninjured but was captured by a constable.

Big Catholic Function.

Washington, April 14.—The $50,000 fund raised by the Knights of Columbus for the endowment of a chair of secular American history at the Catholic university was presented to that institution Wednesday with impressive ceremonies. The most distinguished prelates of the Catholic church in America were present and the chief officers of the Knights of Columbus and hundreds of others were present. Cardinal Gibbons of Baltimore, in the scarlet robe of his office, had the place of honor on the platform, and about him were many archbishops, bishops and priests, the faculty of the university and chief officers of the Knights of Columbus. The formal presentation of the check was made by Supreme Knight Hearn.

British Torpedo Boat In Trouble.

Portmouth, April 14.—The British torpedo boat destroyer Teaser grounded during themaneuvers here. All the members of thecrew were saved. It is feared the vessel will prove a wreck.

BRIEF TELEGRAMS.

Julian Sturgis, the author, is dead in London. He was born in Boston Oct. 21, 1848.

The body of John E. Edwards, a private in the marine corps, and a native of Ohio, who was thought to have been a deserter, has been found alongside the tracks of the Pennsylvania railroad at Patuxent, Md. He evidently had been killed by a train while on his way to see a friend.

Walter Brown the Elkhart manufacturer, who has been on trial in the federal court in Indianapolis for more than two weeks, charged with complication in the wrecking of the Indiana National bank at Elkhart, was Wednesday found guilty under forty-two distinct counts. The jury was out for seven hours.

J. D. Lathrop, Jr., alleged to be a swindler, wanted in many places, has been arrested in Hackensack, N. J., after depositing a bogus check for $16,000 with the Hackensack Trust Co. After being held for a short time he was surrendered to the authorities of Newark, where he is wanted on a charge of swindling the Federal Trust Company.

McGarry to Be Sentenced.

Grand Rapids, Mich., April 14.—The announcement has been made by Judge Wolcott that Thomas F. McGarry will be sentenced next Saturday. The case will be called at Allegan by Judge Wolcott, the trial judge. McGarry's attorneys have been notified and it is understood that the respondent is already on the way here from Jacksonville, Fla. McGarry was convicted of bribing Salsbury in the water deal with $25,000, the decision having been recently affirmed by the supreme court.

William Howells, president of the United Mineworkers, district 15, has been arrested by a United States marshal at Pueblo, Col., on an indictment returned by the federal grand jury, charging him with sending obscene matter through the mails.

THE INJURED.

J. E. Knight, seaman, may recover; J. T. Donnelly, ordinary seaman, dying; R. S. Starr, seaman, will recover, F. C. Scaub, apprentice, will recover. a man supposed to be O. B. Moe, apprentice, dying.

Pensacola, Fla., April 14.—By the explosion of two thousand pounds of powder in the after 12-inch turret and the handling room of the battleship Missouri, Capt. William S. Cowles commanding, twenty-nine men were instantly killed and five injured, of whom two will die. The Missouri was on the target range with the Texas and Brooklyn at practice about noon, when a charge of powder in the 12-inch left hand gun ignited from gases, exploded, and dropping below ignited four charges of powder in the handling room, and all exploded. Only one man of the entire turret and handling room crew survives.

Captain Cowles, completely overcome by the disaster, referred all newspaper men to Lieut. Hammer, the ordnance officer. The latter gave out a statement of the explosion and its probable cause. According to him, about noon, after the first pointer of the after 12-inch piece had fired his string, and the second pointer had fired the third shot of his string, the charge ignited. The fourth shot was being loaded and from all indications the first half of the charge had been rammed home and the second section was being rammed home when gases from the shot previously fired, or portions of the cloth cover, ignited the powder. The breech was open and a dull thud gave notice of something unusual. No loud reports were made, but flames were seen to leap from every portion of the turret. A few seconds later another explosion, somewhat more fierce, occurred. This was in the handling room below where 1,600 pounds of powder, or four charges, ready to be hoisted above, had ignited.

Men Eager to Rescue.

Fire quarters were sounded and every man of the ship responded, and the magazine and handling rooms were flooded with water. In less than five seconds after the first explosion two streams of water were being played in the rooms, and when volunteers were called for every man of the ship responded, eager to go into the turrets and rescue the crew. Officers and men, with handkerchiefs over their faces, made efforts to rescue the men inside. Leading the rescuing party was Captain Cowles. The commanding officer rushed below followed by Lieutenant Hammer, the ordnance officer, and Lieutenant Cleland Davis.

Captain Cowles caught up a dying bluejacket in his arms and staggered to the deck with him. Before the fumes of the burning powder had left the turret officers and men were lifting out the dying and dead men.

Three minutes after the explosion all were on deck and the surgeons from the Missouri, Texas and Brooklyn were attending to those not dead. The twenty-five men of the turret were found lying in a heap. They had started for the exit when the first explosion occurred and had just reached the rear when the more terrible explosion in the handling room occurred, which burned and strangled them to death. Lieutenant Davidson, the officer in charge of the turret, evidently had given some command to the men, as he was on top of the heap of men having fallen there after he had allowed them to pass him to get out of the turret. The bodies were hardly recognizable. Only one man was breathing when the turret crew was rescued, and he died a moment after he reached the deck.

Joseph Gedris, one of the men who perished in the accident on the Missouri, was a son of George Gedris, living at 203 Elizabeth street, in Grand Rapids, Mich.

Iroquois Club Banquet.

Chicago, April 14.—Ways and means to bring success to the Democratic party in the presidential campaign this fall were discussed by prominent Democrats, representing every part of the country, who attended the Iroquois club banquet at the Auditorium last night in celebration of Jefferson's birthday. Tariff reform, antagonism to trusts, independence for the Philippines and rigid economy in public expenditures were some of the suggestions offered by the speakers to bring about this result.

Sold a Mortgaged Horse.

Owosso, Mich., April 14.—William McNamara, of this city, who recently gave a chattel mortgage on his horse to Hartshorn & Son and later sold the horse and went to Grand Rapids, was brought back here and sentenced to serve ninety days in the Detroit house of correction for disposing of mortgaged property.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

A Cure for Headache.

Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling should take one or two of DeWitt's Little Early Risers night and morning. These famous little pills are famous because they are a tonic as well as a pill. While they cleanse the system they strengthen and rebuild it by their tonic effect upon the liver and bowels. Sold by C. A. Wright.

Some women have nerves, while some others merely have nerve.

A Lesson in Health.

Healthy kidneys filter the impurities from the blood and unless they do this good health is impossible. Foley's Kidney cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Sold by all druggists.

Nearly every married woman is a trifle envious of a rich widow.

The Best Family Salve.

DeWitt's Witch Hazel gives instant relief from burns, cures cuts, bruises, sores, eczema, tetter and all abrasions of skin. In buying Witch Hazel Salve it is necessary to see that you get the genuine DeWitt's and a cure is certain. There are many cheap counterfeits on the market, all of which are worthless, and quite a few are dangerous, while DeWitt's Witch Hazel Salve is perfectly harmless and cures. Sold by C. A. Wright.

A girl with a dimple will laugh at any fool thing a man says.

Itching piles? Never mind if physicians have failed to cure you. Try Doan's Ointment. No failure there. 50 cents, at any drug store.

A man gets more invitations to pay up than he gets to dinner.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

Men who rush the growler are seldom in a hurry themselves.

Common Sense

Methods are always best. Intelligent people realizing that neglected colds and coughs are dangerous and often fatal, begin treatment, early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children I recommend and sell it.

Are You a Dyspeptic?

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digestant strengthens the whole digestive apparatus and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by C. A. Wright.

As soon as a man is good enough he is no longer any good.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by C. A. Wright.

A man consumes more or less time when he is eating dates.

Now is the time to clean house—clean your system first, drive out the microbes of winter with Hollister's Rocky Mountain Tea. It will keep you well all summer. 35 cents. Tea or tablets. Sold by J. J. Orr.

WASHINGTON LETTER

Washington, April 9, 1904.

The rattle of vocal musketry in congress has died down, or, at least, has been interrupted for a day or two, and senate and house have made a little progress with "regular business." The senate expended the whole of Thursday in eulogies of Senator Hanna—sixteen in all. The praise was so unanimously fervent that a listener could hardly help quoting to himself the couplet of Oliver Wendell Holmes,

"Why can't a fellow hear the good
things said
About a fellow when a fellow's dead?"

The only jarring note was the address of Senator Foraker; but this was to be expected because for months if not years the two Ohio senators were not on speaking terms. Foraker praised his late colleague, but said he was not a scholar and "made no pretensions to any special refinement or culture." He added that Hanna "contended with all his energy and power, battled fiercely and unrelentingly, and relied on the logic of hard knocks. He never hesitated to support his followers in their troubles, or to fight their battles without much regard to their character." Of course the galleries were crowded. Ex-Senator Pettigrew was very conspicuous by his absence.

Probably it was proper for the senate to spend thus the nation's valuable time, but it was not the way followed by Whittier's Abraham Davenport when the "dark day" fell upon Connecticut. Senate officials keep very secret the cost of Senator Hanna's funeral, but it is said to have been between $6,000 and $8,000. Two special trains were chartered and a large number of senators, members and correspondents went on what was virtually a picnic. One of these junkets, to California and back, cost the government $21,000, but in that case the party returned by way of Montana and spent a week in Yellowstone Park. The first twenty-two senators who died (between 1790 and 1820) were buried generally here by their families without expense to the government. Since that time the expense has greatly increased. Senator Morton's funeral cost the government $750; Zack Chandler's, $81.80; Beck of Kentucky and Harris of Tennessee were buried at a congressional expenditure of $5,000 each. A good many of these senatorial funerals have been as expensive, and five times as many in the house. This is in addition to the $5,000 always voted to the family of the deceased.

Brevities: Congress is all a flutter in expectation of McCalls report concerning corruptionists. The case of Turner ordered deported as an anarchist has not yet been decided by the Supreme court. Government clerks are up in arms because they are ordered to work seven hours every day, declaring it is too much for mortal flesh and blood. It is denied that dispatches were sent to the court of inquiry suggesting the whitewashing of Captain Cowles, the President's brother-in-law, for running the battleship Missouri into the Illnois. Burton has returned to this city and there is a strong sentiment in the Senate favoring his expulsion. Postmaster General Payne has gone to Old Point Comfort to recuperate. Secretary Moody avers that President Roosevelt has always paid the entire expenses of government yachts used by himself and family. Checks to the order of Uncle Sam.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr Kilmer's Swamp Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Women Rejoice in Health and Beauty.

Zoa Phora Gives Perfect Health and Health Means Beauty for Women—They All Rejoice in its Wonderful Work.

Trial Bottle Free to Every Woman.

There is only one thing for a weak and suffering woman to do and that is to use Zoa Phora. It makes no difference how many remedies you have tried or how many doctors have treated you that failed, Zoa Phora cures these cases one and all. Thousands upon thousands of letters from suffering women throughout the land prove this, so that none can fail to be convinced. It is the greatest blessing of the age for suffering women. It cures all irregularities, misplacements, painful and suppressed periods, makes childbirth easy, cures liver, bladder and kidney troubles and regulates the change of life. It will bring joy and health and happiness to any suffering woman just as it has always done and never failed to do.

Miss Florabel Blessing, 219 W. Lincoln St., Kokomo, Ind., says: "I can truly say that Zoa Phora has completely cured me of my awful suffering; I am perfectly regular now and I don't suffer at all at that time. I do not have ovarian pain any more, and the leucorrhea has entirely disappeared. I feel better now than I have in four years, and I know that it was Zoa Phora that cured me, and it will cure others if it cured me, because I know that nobody can suffer any more than I did, for I suffered death over and over. I would not be without Zoa Phora, for it is indeed 'Woman's Friend.'

"I will say that whoever don't believe Zoa Phora is a good medicine for women to take, they don't know what they are talking about, and whoever don't believe this statement, let them please write to me and I will certainly tell them the same, if they will send addressed stamped envelope. I will answer any one who wants to write and find out if it is so.

"You can use my name in any way that will help you with your medicine, and I will be glad to have you do so."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at $1.00 a bottle by

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

Macaroni production in Italy.

Much has been said in Tecumseh about the manufacture of Macaroni, in fact so much that the starting of a plant here is much talked of. The following article from the MORENCI MILLER will thus be of interest.

Hector de Castro, American consul-general at Rome, Italy, reports that there are in that country some 5,500 macaroni factories of more or less importance, employing nearly 25,000 hands. A number of these factories are quite large, using improved machinery and steam power. The total annual output of macaroni exceeds 315,000 tons. It is a growing industry. The local consumption, as well as the exports, increase steadily.

The exports of macaroni in 1889 were 7,719 tons; in 1900, 8,989 tons; in 1901, 9,673 tons; in 1902, 11,828 tons, and in 1903 (eight months), 13,126 tons. Nearly 60 per cent of the above exports went to the United States. The average export price is about 7 to 9 cents per pound.

The best macaroni is supposed to be made at Gragnano, in the district of Castellamare di Stabia, although it is manufactured exactly in the same manner and with the same raw material as elsewhere. The difference may be due to the quality of water used or the dryness of the atmosphere (macaroni being dried in the open air), but whatever the cause may be the fact remains that the Gragnano macaroni enjoyes the best reputation among all, always commanding a slightly higher price. Italy imported 833,790 tons of hard wheat in 1903 for the manufacture of macaroni and semolina flour. This hard wheat comes from southern Russia in regular fleets.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

The sale of the Cattle owned by

MINOR DAVIDSON

Was a great success. About 40 of them were sold, the sale amounting to $2,500.

Minor Davidson, who bred nearly all of the cattle sold at the cattle sale last Tuesday afternoon, is one of the oldest Shorthorn breeders of the state. The sale was a great success, the average price paid was about $67.

The cattle offered were decended from well known Bates families, including young Mary's Duchess and Phyllis crossed with Peri Duke and Gentle Duke bulls. Many of the young things offered were sired by Rosabella's Duke, the great herd bull bred by D. A. Curtis of Addison and used for several years by him. The females in breeding were in calf to the Prince of Hillsdale.

Dr. Elmer Hendershot of Britton, paid the highest price for a cow and a calf which was $97.50. In all the sale amounted to about $2,500. Col. Allie Powell of Wabash, Ind., assisted by A. C. Aylesworth and Frank Davidson were the auctioneers. J. H. Smith acted as clerk.

The purchases and purchasers were:

7th Duchess of Lenawee, J. S. Flint, Cement City.

Down Mobile.

One of Lincoln J. Carter's best melodramas, "Town Mobile" will be at the New Bradley, on Wednesday April 20. The play is all that its name implies and the scenery and the people are characteristic of Alabama.

One mechanical effect is startling and effective in that of the burning of the old cotton mills. This is a purely mechanical effect in neither which red fire or chemical take part—not even the scratch or a match. Nevertheless, the scene is most realistic and intensely exciting.

The plot of "Down Mobile" hinges upon the identity of a beautiful Southern girl who, by the wily schemings and machinations of the villain, try to disgrace her before her friends as being the daughter of a negress. This he does in order that he may eventually marry her but is frustrated in his attempt by her chivalrous lover. The plot is cleverly conceived and has much dramatic action that commends it to the lover of the melodrama. There are quaint and laughable bits of humor that punctuate the lines of the play and the dialogue is amusing and delightful. The dialects of the players are of particular truthfulness of the Southern people and one seems to be carried away to the old colonial South with its grand mansions, the plantations spreading out and away from the green lawns and the singing of plantation songs by the darkies.

Chase—Wixson.

The marriage of Miss Edna Chase and Mr. Claude Wixson occurred last evening at the home of the bride's parents, Mr. and Mrs D. H. Chase. The ceremony was performed by Pastor Bower at eight o'clock in the presence of about sixty-five relatives and friends. Palms and cut flowers were used lavishly in decoration and the southeast corner of the parlor was transformed to a marriage bower, with palms, smilax and ever-green.

Promptly at eight o'clock Miss Elsie Zimmerman began the wedding march, "O Promise Me" and Miss Edna Gaston sang while the bride and groom, preceded by Miss Edna Smith and Lamont Austin, took their places in the parlor.

The bride was most becomingly attired in white organdie with lace and satin trimmings and carried Easter lilies. Miss Smith was gowned in white point d'esprit and carried pink and white carnations. The groom and best man wore the conventional black.

After congratulations a three course supper was served at small tables, nine of the young friends of the bride serving the guests. Mrs. Jolly catered.

Gifts, many and beautiful, showed the love and esteem in which these young people were held. Miss Chase has always resided in Tecumseh, having been an efficient clerk in our post office for the past three years. Mr. Wixson is baggageman on the D. T. & M. and since coming to Tecumseh has gained many friends.

They will be at home after May 1st in Mrs. A. W. Slayton's house on North Pearl street.

The guests from out of town were, Miss Ellen Pennington, of Macon; Dr. and Mrs. A. W. Chase, Rev. L. C. Chase and wife, Mr. and Mrs E. J. Chase, of Raisin Center; Mrs. Geo. H. Jones, of Lenawee Junction; Mrs. W. Montague, Paul Montague, of Adrian; Mrs. Ella Wixson, of Marshall, Mich.; Miss Edith Chase, of Ridgeway; Dan Chase, of Detroit.

IN MEMORIAM. +

Mrs. L. C. Hayden.

In the death of Mrs. Levi C. Hayden a bright and beautiful life has come to an early close.

Blanche Mead Hayden was born on Aug. 15th, 1870, and was the daughter of Lieut. L. R. Mead, of Macon. She received her education at Tecumseh high school, spending one year in New York in special study of music. For three years she taught music in Bay City, and in 1892 was married to Mr. L. C. Hayden, since which time her home has been in Tecumseh. For several weeks past her health had not been good but she did not give up until the evening of Palm Sunday. Even then—and for some days after—no serious consequences were at all anticipated, but the last few days she sank rapidly and passed quietly away on Saturday afternoon, April 9th, at four o'clock. She leaves a husband and three children to mourn her loss.

Mrs. Hayden was widely known in Tecumseh, and her bright and cheerful disposition endeared her to all. Naturally of an energetic nature, she was thorough in everything she undertook. She was one of the original members of the Monday club and was also a member of the King's Daughters. In church affiliation she belonged to St. Peter's and took an active interest in all that pertained to the welfare of the parish. She was a member of the Ladies' Guild and of the Altar Guild, and until quite recently taught in the Sunday school. She had much musical ability, and although not a member of the choir, she took keen interest in its welfare and was always planning for, and contributed no little to, its success. She will be greatly missed both in the church and in the community at large.

The funeral took place from St. Peter's church just at sun down on Tuesday afternoon, the Rector officiating. Members of the Vestry attended in a body and the Vested Choir sang—only the brightest music as seemed specially fitting the memory of such a bright life. At the close of the church services was sung Sir John Stainer's beautiful anthem, "What are these that are arrayed in white robes?" (Rev. 7:13—17); and as the casket was being removed Barnby's beautiful hymn. :'For all thy saints who from their labors rest." The floral offerings were most beautiful, all of the various societies of which the deceased was a member, sending their tribute.

As we gathered about the grave to consign the body to its last resting place the sun came out brightly upon us and a flock of birds flew overhead, singing as they passed—emblems of peace and hope.

"It shall come to pass, that at evening time it shall be light."

May she rest in peace and may light perpetual shine upon her.

Among the people from out of town who attended the funeral of Mrs. Hayden were Mr. and Mrs. E. J. Ware and their daughter, Elizabeth, of Detroit; Mr. J. M. Hayden, of Grand Rapids; Mr. and Mrs. Winthrop Phelps, of Marshall; Mrs. Edward Baker, of Chicago; Mrs. Dr. Kerr, of Bay City; Mr. Eugene Clarkson, of Detroit; Mr. S. W. Clarkson and daughter, Mary, and Miss Elenor Mead, of Ann Arbor.

THE CHURCHES.

At the Presbyterian church next Sunday morning the pastor will preach on the subject "A Wonderful Prayer."

Sunday school rally at the Methodist church next Sunday. The pastor will preach on the subject "The Youth of Boyhood".

The Bible Conference, which began in the Methodist church last Monday evening, came to a close last night with a sermon by Rev. J. I. Nickerson of Adrian. The study of each session was full of interest and profit, all the papers and discussions gave evidence of much research and painstaking preparation. In all, there were about twenty-five ministers present, and all pronounced the conference a success. A very enjoyable feature of the occasion was the serving of meals by the ladies in the church parlors. The members of the conference appreciated the kindness of the people of the town and especially the ladies of the church, very much and passed resolutions to this effect. The conference will meet next year at Milan.

The April American Boy.

The American Boy for April presents a front cover that will attract boys, it being a striking picture of a young Indian. And who has a better right to claim to represent young America, after all, than the Indian boy. The stories in this number are, The Silver Mine, by Harriet Prescott Spofford; The Blue Dragon, by Kirk Munroe; Three Yankee Boys in Ireland, by the Editor, and Arty's Guardian, by Geo. H. Coomer. The editor in his "Just Between Ourselves" page talks of various things boys are asking about, some serious, some playful—but always interesting. John Dicks Howe writes of Three Months with in an Indian Show. W. J. Roe's Camps and Campaigns of Washington appears with new chapters. James E. Sullivan, head of the Department of Physical Culture for the world's Fair, writes on Athletics at the World's Fair. J. Harrington Keene gives the closing chapter of How to Make Fly Tackle. Kyusui Inui, a Jap student in the University of Michigan, tells his views of the Russo-Japanese war. Hopton W. Hadley describes the game of Pushball. Walden Fawcett writes of Young Art Students. Part six of How to Become Strong teaches a boy how to sit and how to sleep. Charles E. Dvorak, champion pole vaulter, tells boys how to do it.

"LET US HELP YOU TO HEALTH"

C. A. Wright wants every catarrh sufferer to use Hyomei and be cured.

Statistics show that at least 97 out of every 100 persons in this state suffer from catarrh in some form.

While the disease is one of the most common, it is also one of the most dangerous and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomei and and its introduction in this section by C. A. Wright, every method of treatment had been found worthless.

The discovery of Hyomei and its growing popularity has already reduced the percentage of those suffering from catarrh. This wonderful remedy is the simplest and most pleasant of treatments. Put 20 drops of Hyomei in the pocket inhaler that comes with every outfit, and breathe it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomei in this way, and the catarrhal germs even in the most remote air cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health is restored.

C. A. Wright says to all catarrh sufferers, "Let me help you to health, I am confident Hyomei will cure, so confident, in fact, that I guarantee to refund your money is it fails. A complete outfit costs but $1, and if it does not help you, your money will be returned promptly."

An Open Letter to the Public
FROM A WELL-KNOWN DRUGGIST

To Whom It May Concern:

Of late there has been a good deal of discussion in regard to advertised medicines and their value. We want to say to every man, woman and child in this vicinity that the most valuable preparation of cod liver oil,—the best tonic reconstructor, health restorer and strength-creator we have ever sold in our store is Vinol.

Vinol is not a patent medicine; it contains no injurious drugs, and it actually does contain all of the medicinal curative elements of cod liver oil, taken from fresh cods' livers, but without a drop of oil, and is delicious to the taste.

Vinol is recognized throughout the world as the greatest strength-creator for old people, weak, sickly women, children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and make those who are too thin, fat, rosy and healthy.

Vinol is sold on a positive guarantee. Call and get a Vinol booklet.

IN A BAD WAY.

Many a Tecumseh reader will feel grateful for this information.

When your back gives out,
Becomes lame, weak or aching,
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills will cure you.
Here is local evidence to prove it.

W. C. Witherell, agent for buggies, harnesses and other machinery, place of business south western section of Tecumseh, says: "I cannot praise Doan's Kidney Pills high enough for they have been a great friend to me. Some years ago I was an expert at sheep shearing and did a lot of that work. Everybody knows it is very hard on the back and it finally brought on a severe pain across the loins. Nothing did any good until a friend advised me to try Doan's Kidney Pills. I got a box and they gave immediate relief. When I finished the box the trouble was entirely removed. They are a reliable remedy and I consistently recommend them.." Just such emphatic endorsement is pentiful in Tecumseh. Call at C. A. Wright's drug store and ask him what his customers report."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

A man may have more knowledge than a woman, but he is never as wise.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Eclectric Oil relieves the pain instantly. Never safe without it.

Edna—When Tom proposed did he get on his knees? Mildred—No, I did.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Fit yourself into the place that comes the nearest to fitting you, but never expect a neat fit at first trial.

A Card

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25 cent bottle to prove satisfactory or money refunded.

Fine Gifts to Battle Creek Schools.

Battle Creek, Mich., April 14.—N. I. Green, a local banker, has presented his collection of 500 bird skins to the public schools, after spending years to collect the specimens. The collection, one of the finest in the country, will be housed in the new Willard Memorial library, which is being built by the estate of Charles Willard and by the board of education.

Editors Barnes's Scrap Book.

Battle Creek, Mich., April 14.—Charles E. Barnes, the venerable city editor of the Daily Moon and the dean of local journalism, has a scrap-book said to have no match in the United States. It relates entirely to the subject of the mound-builders and Mr. Barnes has spent twenty years equipping it with clippings. The owner was formerly state labor commissioner.

After Everything Else Has Failed.
Dr. Gossom's Kidney and Bladder Cure

After physicians have tried in vain and finally said, "I can't cure you," after dozens of other medicines have not given even temporary relief, in absolute hopelessness, Dr. Gossom's Kidney and Bladder Cure has, as a last resort, been "tried" and never in all its record of forty-two years has it failed to cure any and every disease for which it was intended.

Is positively guaranteed to quickly and permanently cure Bright's Disease, Backache, Dropsy, Gravel, Diabetes, Rheumatism, Gout, Weak Heart, every Urinary Disorder, Aching Pains over the Hips and Kidneys, Dimmed Vision, Periodical Headaches, Pain in Urethra, Despondency or "Blues," Sallow Complexion, Foul Breath, Bad Taste in the Mouth, in fact all Irregularities caused by and associate symptoms of Bladder and Kidney Trouble in any form. No matter how long you have suffered, nor how terrible your affliction may be, Dr. Gossom's Kidney and Bladder Cure will cure you. It eradicates totally and completely any irregularity or symptom of Kidney and Bladder Trouble and puts those most vital organs in as perfect and healthy condition as in childhood. It never fails.

It Is Guaranteed to Cure

It destroys the very roots of these diseases. It fortifies the body against the attack of disease germs of every kind. It tones up, renews and invigorates the entire system. It is the only remedy in the world which completely and permanently drains out of the blood every particle of Uric Acid, Urates, etc., which cause these terrible diseases. It has cured thousands of others. It will cure you. Why shorten your life by neglect when health can be yours now.

Had Almost Given Up in Despair.
Dr. Gossom's Kidney and Bladder Cure Brought Health.

It is with a feeling of thankfulness that I write you this letter, and if it will be of any benefit to suffering humanity, you have my permission to publish it.

I was suffering with my kidneys when I saw your advertisement offering a free sample of Dr. Gossom's Kidney and Bladder Cure. I got the sample and was so much benefited by it that I continued taking the medicine, and now I am entirely well. I had tried many things to relieve me of the awful pain in my back and when I had almost given up in despair, Dr. Gossom's Kidney and Bladder Cure brought the relief for which I had so long hoped.

Miss A. K. Beck, of Leetonia, Ohio, was cured of a very severe case of Rheumatism. [illegible] she could not walk and suffered intense pain. Four bottles of LIFE PLANT cured her. Miss Beck says:

The Life Plant Co., Canton, O.

Gentlemen:—I write you this as an open letter regarding the true merits which you claim for LIFE PLANT. I was afflicted with Rheumatism about Oct. 1st, 1902, in my knees and ankles, which were so badly swollen that I was obliged to crawl up and down stairs and almost unable to do my work. I also suffered a great deal of pain at night. I noticed your advertisement in the [illegible] and a friend also recommended LIFE PLANT to me, and after I had taken four bottles of it I was entirely cured and have not suffered since. I heartily recommend it to any person afflicted with Rheumatism.

Yours respectfully,
Miss A. K. Beck.

LIFE PLANT cures 97 out of every 100 cases of rheumatism, no matter how severe or how long standing. If you have rheumatism you may try Life Plant at our expense. A Heart to Heart Talk

With sensible people on the subject of Dress shows that we are growing wiser. It used to be considered quite the proper thing for a man to pay his tailor forty dollars for a suit of clothes. In this enlightened age we would call it foolishness. The average man likes to be well-dressed but he has no burning desire to waste his money. More than 250,000 men are wearing **Royal Tailoring** to-day; the garments they have on were made to their measure by **The Royal Tailors**, of Chicago, and while they represent high-class individual tailoring service, the men who wear them have the satisfaction of knowing that the cost was away below the usual charge for the same quality of goods and workmanship. Over 400 beautiful patterns in Spring and Summer novelty suitings just received from this famous tailoring house are now shown by

DOCTOR LET HIM DIE

Refused to Save Man Who Had Attempted Suicide.

HENRY ROUFF TOOK POISON

In Presence of Wife and Children—Lack of Employment Caused Despondency—Coroner Threatens Vengeance on Doctor.

Detroit, Mich., April 18.—Because he was being pestered with creditors at his work shop, Henry C. Rouff, aged 38, committed suicide about 4 o'clock Sunday afternoon by taking a dose of strychnine under sensational circumstances at his home, 626 Ferry avenue. Had a neighboring doctor, who was notified of the man's act, responded promptly his life might have been saved. The doctor, however, declared, so it is alleged, that he was too busy and could not go, which may make him the subject of an investigation at the hands of Coroner Hoffmann.

Rouff has been out of work for some months, during which time a large number of debts accumulated. About two weeks ago he secured a job at his trade of shoeing horses with Cornelius Shea, at 9-11 Middle street. Since that time the shop has been the Mecca of his creditors, who have arrived almost hourly with bills, demanding payment.

This fact seems to have preyed upon his mind, and yesterday, securing some strychnine, he walked into the dining room where his wife was standing. There a very dramatic scene ensued.

"Here," he said, drawing the attention of his wife and two children, "I'll shake hands with you." With one hand he grasped that of his wife and with the other began to deliberately sip the poison. He had swallowed a considerable portion of the contents of the bottle before his horror-stricken wife realized the full import of his words. Seizing the bottle she handed it to her 11-year-old son.

Ran For the Doctor.

"Here, run to the doctor's and find out what it is," she commanded the boy, and he hurried off. Arriving at the residence of a neighboring doctor, the lad burst in upon that in upon that individual.

"What is it?" gasped the son.

"Poison," said the doctor.

"Come quick, come quick, father has swallowed a lot of it," gasped the terror-stricken child.

"Can't I'm too busy," the doctor is said to have replied.

The boy hurried back and told his mother. Half an hour later the man died, despite the efforts put forth by his wife to save him.

Coroner John T. Hoffman was called to the house a short time afterward by the policeman on the beat, who learned of the unfortunate affair. As there was no doubt as to how the man met his death the coroner decided that an inquest was unnecessary.

"I'm going to investigate that doctor, however," observed Coroner Hoffmann last night. "If I find him I'll read the riot act to him."

Beside the widow there are two children, one a girl of 15 and the boy of 11 years.

Royal Arcanum Grand Council.

Detroit, Mich., April 18.—The grand council of the Royal Arcanum for Michigan meets in Detroit Tuesday and the session will continue two days. The order has 292,000 members. Its organization consists of one supreme council with a grand council in every state having not less than 2,000 members. There are about 8,000 members in Michigan, who comprise eighty-six subordinate councils. The grand council is composed of representatives from the subordinate councils and certain past grand regents and life members, numbering about 100 in all. These men come from all parts of the state. There will be present eminent lawyers, doctors, merchants, preachers, mechanics, engineers, postmasters, clerks and persons of other occupations.

Resigned Without Warning.

Ypsilanti, Mich., April 18.—Rev. Robert K. Wharton, pastor of the First Presbyterian church, surprised his people Sunday morning by tendering his resignation, to take effect June 1, and calling a meeting of the church for this evening, asking the society to join with him in requesting the Detroit presbytery to dissolve the pastoral relations. Mr. Wharton is suffering from throat trouble, which makes it necessary that he go to a dryer climate, so the church will probably, though reluctantly, accede to his request. Mr. Wharton came here from Reaver Dam, Wis., seven years ago.

Farmer Killed Himself.

Sanilac Center, Mich., April 18.—Jesse Wright, a bachelor farmer, aged 56, of near Cash, this county, committed suicide by shooting himself through the head with an ancient horse pistol. No reason for his act is known.

To the Jury Tuesday.

Grand Rapids, Mich., April 16.—The Burns bribery case will go to the jury next Tuesday. An adjournment was taken early Friday noon until Monday afternoon. Prosecutor Ward will put on two witnesses in rebuttal and the defense will put on their sur-rebuttal. Arguments will close some time Tuesday and the case given to the jury. Nothing of importance developed yesterday, most of the time being consumed by arguments on the admission of evidence.

A Thoughtful Man.

M. M. Austin of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at C. A. Wright's drug store.

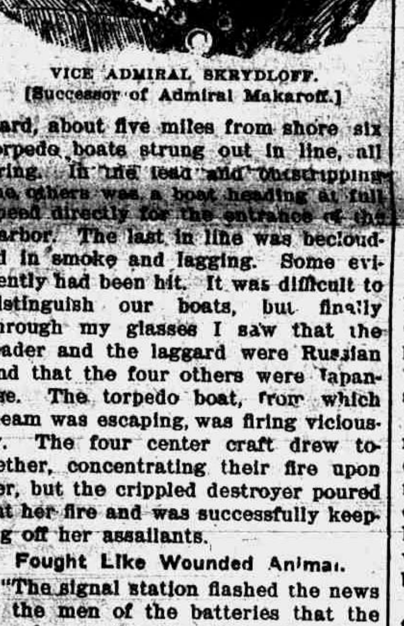
TRAGEDY ON THE SEAS

An Account of Last Bloody Conflict at Port Arthur

BY ONE WHO SAY THE BATTLE

Witnessed Sinking of Strashini and Petropavlovsk—Makaroff Was Dying on Deck of His Ship When She Went Down.

Liao Yang, April 18.—The Associated Press correspondent, believing that the Japanese would repeat the attempt to block the entrance to Port Arthur with fire ships on Easter eve, went from Liao Yang to Port Arthur a week ago Saturday. Four four nights he watched with the sentries on Golden Hill. Three nights passed quietly. But upon the fourth night and following morning occurred the terrible battle in which the Russian torpedo boat Strashni and battleship Petropavlovsk were destroyed and of which, as an eye-witness, he gives details and descriptions which have not heretofore appeared in print. He says:



VICE ADMIRAL SKRYDLOFF.
[Successor of Admiral Makaroff.]

"Tuesday night, April 12, Vive Admiral Makaroff took to sea with his entire squadron, including fourteen torpedo boats. The next night, April 13, in the teeth of a gale eight torpedo boats were sent out to reconnoiter. At 11 o'clock I heard firing at sea and counted seven shots, but could see nothing. At daybreak I made out through the light haze to the southward, about five miles from shore six torpedo boats strung out in line, all firing. In the lead and outstripping the others was a boat heading at full speed directly for the entrance of the harbor. The last in line was beclouded in smoke and lagging. Some evidently had been hit. It was difficult to distinguish our boats, but finally through my glasses I saw that the leader and the laggard were Russian and that the four others were Japanese. The torpedo boat, from which steam was escaping, was firing viciously. The four center craft drew together, concentrating their fire upon her, but the crippled destroyer poured out her fire and was successfully keeping off her assailants.

Fought Like Wounded Animal.

"The signal station flashed the news to the men of the batteries that the vessel was the Strashini. The four Japanese vessels formed a semicircle and poured in a deadly fire. The steam from the Strashini grew denser, covering her like a white pall. Still she fought like a desperately wounded animal brought to bay.

"At this stage Vice Admiral Makaroff signalled to the cruiser Bayan to go out to the rescue. The Japanese destroyer clung to their victim like hounds in a chase. It was the end. The stricken boat loosed a final round, but it was as if the bolt had been fired over her own grave, for she disappeared beneath the waves.

"Satisfied with what they had accomplished, the Japanese torpedo boats turned and made off at full speed, followed by the Bayan. To their support came six of the enemy's cruisers.

"To the eastward suddenly appeared five more of our torpedo boats, returning to the harbor under forced draught. Two of the Japanese cruisers were immediately detached to cut them off, but the Bayan, noticing the movement, checkmated by turning a hot fire on them. The movement was effective. The Japanese cruisers slowed down and the torpedo boats slipped through into the harbor.

"Meantime, in accordance with Vice Admiral Makaroff's order, the battleships and cruisers in the inner harbor slipped anchor. Majestically the Petropavlovsk, flying the admiral's flag, steamed through the entrance. On her appearance the more formidable enemy of Japanese cruisers turned and fled. The admiral signalled the Bayan to return. Then a stream of vari-colored signal flags fluttered out 'Bravo, Bayan.'

"By this time the entire Russian squadron was in the outer harbor. Immediately the torpedo boats dipped anchor and the heavier ships began to spread out.

"Seeing the flight of the Japanese cruisers the Petropavlovsk opened fire with her great guns, but the enemy was out of range and soon disappeared. Our squadron continued the chase, finally fading from view.

"I waited anxiously for its reappearance and in about an hour it came in sight. Nearer and nearer came the vessels, and at last I made out behind our squadron a fleet of fourteen of the enemy, of which six were battleships, and the remainder armored and unarmored cruisers.

"Unable to get within effective range of Vice Admiral Makaroff's ships, the enemy stopped eighteen versts from shore. Our squadron, with the Petropavlovsk leading, arrived at the entrance to the harbor and drew up in line of battle.

The Petropavlovsk Sank.

"I watched the Petropavlovsk closely as she steamed toward Electric Cliff. All was quiet. It was the hush before a battle—the hush when every nerve is strained to get into impending danger. The Petropavlovsk was almost without headway when suddenly I saw her tremble. She seemed to rise out of the water when a tremendous explosion rent the air, then a second and a third. Fragments flew in all directions and wreckage and men were mixed up in a terrible mass.

"I was hardly able to realize the horror of it when the ship began to list. In a moment the sea seemed to open and the water rushed over her. The Petropavlovsk had disappeared. The floating woodwork and the few men struggling in the water were all that was left to recall the splendid fighting machine which a few hours before had sailed out of the harbor."

Signalman Pochkoff, who was slightly wounded, was able to give a remarkably clear statement of the disaster. He said:

"I stood in the wheelhouse on the bridge of the Petropavlovsk, looking up the signal book. The admiral's last signal had been for the torpedo boats to enter the harbor.

"Suddenly the ship shook violently. I heard a fearful explosion, immediately followed by another, and then another. I rushed to the door. On the bridge I saw an officer weltering in blood—it was our admiral—Makaroff. He lay face downward. I sprank to him, grasped him by the shoulder and attempted to raise him.

"The ship seemed to be falling somewhere. From all sides flew fragments. I heard the deafening screech and the frightful din. The smoke rose in dense clouds and the flames seemed to leap toward the bridge, where I was standing beside the admiral. I jumped on the rail and was washed off, but succeeded in grabbing something.

"On our ship was an old man with a beautiful white beard, who had been good to our men. He had a book in his hand and seemed to be writing, perhaps sketching. He was Verestchagin, the painter."

HOW TOGO SCHEMED.

Led Russians Into Trap That Sunk the Petropavlovsk.

Tokio, April 18.—The Japanese are elated over the successes they have won at Port Arthur. They are also proud of the achievements of Vice Admiral Togo, particularly of his newest strategy of countermining the enemy's harbor and decoying him across this field of mines to an equally dangerous flank attack.

The success of the system of placing deadly counter-mines is due largely to a series of careful observations made by the Japanese during their previous attacks on Port Arthur. The Japanese saw the Russian fleet leave the harbor and return to its anchorage and it discovered that the Russian warships followed an identical course every time they came out or went in, evidently for the purpose of avoiding their own mines. The Japanese took bearings on this course. When the destroyer divisions of the Japanese torpedo flotilla laid the counter mines during the night of April 12-13 they placed them along this course.

The weather of the night of April 12-13 favored the work. There was a heavy rain, the night was dark and cloudy and the Russian searchlights playing over the channel failed to reveal the presence of the Japanese destroyers.

Rear Admiral Dewa was in command of the Japanese squadron which decoyed the Russian ships over the field of mines. His squadron consisted of the cruisers Chitose, Yoshino, Kasagi and Takasago, all unarmored vessels, which presented a tempting bait for the heavier Russian ships.

Vice Admiral Togo directed the flank attack. He had the battleships Hatsuse, Mikasa, Asahi, Shikishima, Yashima and Fuji. He waited thirty miles out at sea until Rear Admiral Dewa signalled him by wireless telegraphy to come in. His vessels then dashed at full speed toward the entrance of the harbor. All the battleships under Vice Admiral Togo are capable of a speed of nineteen knots, and they quickly covered the distance.

It is not clear what warned the Russians that they had been trapped, but they probably discerned the battleship squadron on the horizon and retreated precipitately to the harbor. Vice Admiral Togo did not succeed in preventing the Russians from entering, but did force them to a disastrous retreat, which ended in the destruction of the Petropavlovsk and the disabling of the Pobieda. After these occurrences the cruisers Nishin and Kasuga were used to bombard Port Arthur.

The vice admiral calls this attack of Port Arthur the eighth, whereas here it is numbered the seventh. A probable explanation is that Vice Admiral Togo regards the latest operation as two distinct attacks.

Expressions of regret at the death of Vice Admiral Makaroff are general here.

Knickerbockers Banqueted.

Grand Rapids, Mich., April 16.—The fifth annual banquet of the Knickerbocker society, it members being immigrants from Holland and their descendants, was held here last evening at Hotel Pantland. The society had as its guests many Hollanders from Holland and other cities and towns in Michigan. Nearly 500 members and guests gathered at the banquet board at 8 o'clock and for nearly three hours discussed the menu and listened to responses to toasts.

Young Man Lost Leg.

Mt. Clemens, Mich., April 16.—Casper Peltier, a young man whose home is near the lake shore, was the victim of a peculiar accident which cost him a leg. He was at work on a feed cutter run by a windmill when the flywheel of the cutter burst. One piece of it struck Peltier in the leg, mangling it so badly that amputation was necessary.

THIS WEEK IN CONGRESS.

House Will Endeavor to Dispose of Stathood Bill.

Washington, April 18.—Statehood and subsidy will be the features of the house proceedings this week, with conference reports and minor bills to fill in the gaps. It is now the intention to dispose of the statehood bill entirely on Tuesday. The rule making a special order for the Gardiner bill, providing for a joint commission of members of house and senate to investigate the whole question of ship subsidy during the recess of congress, will be brought forward by Mr. Grosvenor on Wednesday. Debate on this measure will consume probably six hours. The Alaska delegation bill will remain the 'continuing order,' and receive consideration whenever there is nothing else before the house. The present plan of the leaders contemplates final adjournment April 28.

There will be an effort to keep appropriation bills to the front all the time during the present week in the senate and to this end the sundry civil bill will be taken up on convening today. When it is disposed of the pension appropriation bill will be pressed. It is hoped that that bill will in turn be immediately followed by the general deficiency bill. The senate leaders are apprehensive of the affect of certain of the various bills on the calendar and are exercising their ingenuity to keep them in the background.

COURT OF INQUIRY.

Those Who Will Investigate Accident on the Missouri.

Washington, April 18.—The navy department has received a dispatch from Rear Admiral A. S. Berker, commanding the North Atlantic fleet, giving the personnel of the court of inquiry that is engaged in making an investigation of the cause of the recent accident on the Missouri.

They are Rear Admiral Chadwick president of the court; Capt. Joseph N Hemphill, commanding the Kearsarge, and Commander William H. Southerland, commanding the Cleveland, with Lieut. Mark Bristol as judge advocate. It is expected that the court will complete its inquiry the present week, and on its findings will depend whether further proceedings are to be had.

Riot Resulted Fatally.

Pensacola, Fla., April 18.—In a riot here between police and bluejackets from the warships and a few artillerymen from Fort Barrancas, one enlisted man named Banks of the Seventh artillery was instantly killed and four bluejackets from the Iowa and Alabama were wounded, though not seriously. The riot started over the arrest of a bluejacket.

Noodle Trust Proposed.

Cleveland, April 18.—A meeting of noodle manufacturers of the United States has been called to meet at the Lincoln hotel, Pittsburg, Tuesday, April 19, at 10 a. m., for the purpose, it is said, of forming an amalgamation of interests and making a uniform price. A number of manufacturers of that article have responded to letters of invitation and will be present.

Morgan May Buy a Town.

Dublin, April 18.—The good old Irish town of Castle Martyr, county Cork, is to be put up at auction, and it is whispered that J. Pierpont Morgan instructed his agents to bid it in at any reasonable price. Castle Martyr belongs to the earl of Shannon, whose finances need the tonic believed to lodge in American dollars.

Gen. Dickinson Hopelessly Ill.

Washington, April 18.—General Joseph Dickinson who is the only survivor of the adjutant generals of the various armies of the civil war, is hopelessly ill in this city. He is 73 years of age and is suffering from general debility. General Dickinson served under General Hooker.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

Concerning
THE KINGDOM OF GOD.

2 Tim. 4:2 Cor. 1 9:16

THESE WERE MORE NOBLE THAN THOSE OF THESSALONICA IN THAT THEY RECEIVED THE WORD WITH ALL READINESS AND SEARCHED THE SCRIPTURES DAILY, WHETHER THOSE THINGS WERE SO. ACTS 1 11

XVI

We have seen that the Law of the Type indicates the institution of Holy Confirmation as one of the foundation principles of the Spiritual Kingdom of God. The giving of the Law to the earthly Kingdom of God foreshadowed the giving of the Holy Spirit to the Spiritual Kingdom; and so the giving of the Law to each individual member of the earthly Kingdom upon his coming of age to undertake its obligations foreshadowed the giving of the Holy Spirit to each individual member of the Spiritual Kingdom upon his coming of age to undertake the full service of the King.

This analogy is so clear and so cogent that it would seem to be really unnecessary to follow out the Scriptural argument for Confirmation any further. Still, if such a rite was provided for by our Blessed Lord (as was so plainly foretold by the prophesy of the Type) it is only reasonable to expect to find some references to it in the New Testament; and such references will greatly confirm the convictions already forced upon us. I proceed therefore to present them.

Acts 8: 4-17 especially verses 4, 5, 12, 14-17. Here we read that Philip goes down unto Samaria and preaches the Kingdom of God unto them. Believing Philip's Gospel of the Kingdom the Samaritans seek entrance by the Door of Baptism. But the Apostles at Jerusalem, knowing well that Baptism—much less the mere believing the Gospel, i. e., believing in Christ (ver. 5-12)—does not confer the Pentecostal gift of the Holy Ghost, send down St. Peter and St. John to lay their hands upon them in Holy Confirmation that they may receive the Pentecostal gift. Observe from verses 15 and 17 how clearly it was understood by St. Peter and St. John just exactly what must be done in order to confer the Gift of the Holy Ghost. There is no conference, no hesitancy; they know exactly what to do. Of course they did—having been taught beforehand by the Lord Jesus Himself the "things pertaining to the Kingdom of God" (Acts 1:3) of which this rite of Confirmation was one of the chiefest (Observe also, in passing, that to preach "Christ" and to preach the "Kingdom of God" and to preach the "Word of God"—Cf. verses 5, 12, 14—are all one and the same thing. To preach "Christ" is to preach Jesus to be the Christ i. e., the Annointed King of the Kingdom of God; to preach the "Word of God" is to preach the Word or Gospel concerning the Kingdom of God.)

So much for the example of St. Peter and St. John at Samaria. In Acts 19:1-6 we have the example of St. Paul at Ephesus. Here again were persons who had come to believe in Jesus Christ—i. e., to believe Jesus to be the Christ King—and had sought enterance into His Kingdom by Baptism (ver. 5), who had not yet recieved the Pentecostal gift. But St. Paul knows exactly what to do, and does it; he lays his hands upon them in Holy Confirmation and they recieve the Holy Ghost. (How plainly it is taught us here, as above, that mere believing in Jesus Christ DOES NOT bring the Pentecostal gift of the Holy Ghost!)

In Heb. 6:1—3 we have Confirmation on the Laying-on-of-hands spoken of as one of the fundamental principles of the Kingdom of God. We knew this already, of course; and we knew why it should be so—viz., because by the laying-on-of-hands in Confirmation is confered the Pentecostal gift of the Holy Ghost. (That the Laying-on-of-hands in this passage refers to Confirmation is clear (1) from its association with Baptism—as in the above intances; (2) from its being needful unto all).

There are MANY other references to Holy Confirmation in the New Testament which become perfectly clear to any one who understands that the Pentecostal gift of the Holy Ghost is given by the Laying-on-of-hands. (That is to say the Holy Ghost was given on the day of Pentecost to the APOSTLES direct from the Lord Jesus Himself as by the Laying-on-of-His-hands—Act. 2:3; to all others the Holy Ghost was given by the Laying-on-of-hands by the Apostles and other accredited ministers.) Thus I doubt not in Acts 2:38 we must understand as if there were added to the verse "by the Laying-on-of-hands"—for that is what the law of the Type requires and what the same St. Peter did in the case of the Samaritans. And, surely, what St. Peter and St. John did at Samaria and St. Paul at Ephesus we may most reasonably conclude was their custom everywhere—was the custome of all the Apostles—always. Besides these examples to prove this, there is, I say, the Law of the Type absolutely requiring it. Again in Eph. 1:13 and 4:30 "sealing" by the Holy Ghost evidently refers to that Laying-on-of-hands as administered by St. Paul himself in Acts 19:1—6 (the same Ephesians observe). Thus Confirmation was called in early days the Seal of the Spirit. In Romans 5:5 we must understand as if it read: "The love of God is shed abroad in our hearts by the Holy Ghost which is given unto us, viz., in Holy Confirmation." (We saw last day that it is by the Confirmation gift of the Holy Ghost that the law is written in our hearts, viz., in love). Again in Romans 8:1—17 and in Gal. 5:16—26 the reference is to the Holy Spirit as given in Confirmation viz., as we have seen, for the very purpose of helping us to walk in the obedience of love. Cf. also, 2 Cor. 1:21; 2:6—8; Tit. 3:5; 1 John 2:20; etc; etc.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

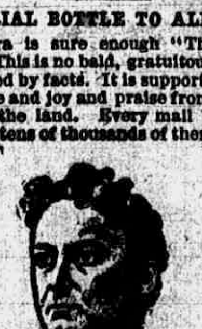
Zoa Phora Will Restore You to Health and Strength and Happiness—Has Cured All Who Used it—Will Cure You.

FREE TRIAL BOTTLE TO ALL WOMEN.

Zoa Phora is sure enough "The Woman's Friend." This is no bald, gratuitous statement. It is justified by facts. It is supported by letters of gratitude and joy and praise from every community in the land. Every mail brings these letters and tens of thousands of them are in our possession.



MRS. EFFIE BATES, Muncie, Ind.

Zoa Phora cures leucorrhea, suppressed and painful periods, flooding, misplacements, piles, all irregularities, liver, kidney and bladder troubles and regulates the change of life. It makes childbirth easy and takes away the dread of that fearful ordeal. It is the greatest blessing of the age for weak and suffering women and has made thousands happy who were dragging out their lives in misery and pain.

Mrs. Effie Bates, Muncie, Ind., R. F. D. No. 1, says: "When a girl I suffered death every month when I came around, even my hands seemed to swell, and I seemed almost blind at times and I was irregular. I would feel as though I would fall backwards and didn't feel safe by myself at my monthly periods. I used some few bottles of Zoa Phora and that brought me regular and so that I didn't suffer scarcely any and the queer feelings left me."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at $1.00 a bottle by

Two hoboes were given 15 minutes to leave town by Justice Robison Tuesday afternoon. They had been disorderly and begging from door to door and when W. H. Whaley ordered them to move on, showed fight. A few hours in the lockup cooled them off.—Milan Leader.

A chimney burning out came near burning up the home of Mr. and Mrs. Hawley Smith of Wolf Creek, Wednesday evening. Their home is an old-fashioned house with a large chimney and when it got started the flames more than rolled out of it. Neighbors espying it rushed over about 8 o'clock, giving the alarm and Mr. and Mrs. Smith had to sit up all night to watch proceedings. The roof was hot and the bricks were redder than common and wall paper on the second floor burned. Mr. and Mrs. Smith are to build a new home the coming summer but the old house will be of considerable use even then and they did not care to have it burn.—Adrian Telegram.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones, called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

A three days' Bible Conference closed Friday at Tecumseh. One of the topics discussed was, "How to study the bible." To most Tecumsehites it was like the receipt for cooking a hare. First, get a bible. Had Patterson of Hudson, been watching for business, he could have sold a car load of bibles up there. Such chaps as Alva Spayde, Geo. Merritt, Fred Wood, J. J. Belcher, Dave Macham, J. Q. Look, Doc Catlin and others, would have been obliged to make a purchase, and even then, we doubt if they would have done any studying. They would have turned it over to the wife. A Tecumseh man's religion is all in his wife's name, anyway.—Adrian Press.

The marriage of Ira G. Ladd of Adrian and Miss Mary F. White of Onsted, occurred at Birdsall station last Thursday afternoon. Only immediate relatives of both bride and groom were present, with the exceptions of Ira Rogers, of Tecumseh, who was present at the marriage of the groom's parents a quarter of a century ago. The groom is the son of Marvin Ladd of Adrian, and an employe of, the Page Fence Co. The bride is the daughter of Samuel White of Onsted, who is at present in Cuba. They have the best wishes of all for a happy married life.

TECUMSEH DAY

The Ladies of the Monday Club gave a Reception at the home of

MRS. J. R. HIALEY

Last Thursday Afternoon. Interesting Papers were read. All of which will be printed in the Herald.

The Monday club closed their year's work Thursday afternoon with a Tecumseh day at the home of Mrs. J. R. Hialey. This was also a Pioneer day and the ladies of the entertaining committee appeared in old fashioned costumes. The hostess, Mrs. Hialey, was assisted by Mrs. C. A. Wright and Mrs. N. A. Howland, the clubs first and last presidents, in receiving the guests at the door and Mrs. W. A. Ross presented each with a program containing a picture of General Brown, the first settler of Lenawee county, or of Laura Haviland or of Mrs. Maria Hixon.

In announcing the program Mrs. Howland, president of the club, explained that as this was a "Tecumseh day," Tecumseh products were preferred in all the arrangements and the advice to "use the materials that lie about you" had been followed.

The programs were made of brown paper manufactured at our own paper mill, the covers were decorated in sepia with scenes along Evans creek and Raisin river and were tied with thread which was spun by Aunt Rosa Young from flax grown in Lenawee county, the process of spinning the same going on in the dining room during the supper hour.

The first paper was by Miss Loana Stacy on "Tecumseh's Earliest Pioneers" which was a very interesting account of the first settlement of the village supplemented with extracts from Mrs. Judge Stacy's diary. This was followed by a duet by Mrs. Eugene Camburn and Mrs. A. W. Mills, who stood up and sang "Nellie Gray" in the old tune manner with no instrument but a tuning fork which Mrs. Mills managed very skillfully. The ladies were heartily encored.

Mrs. Hialey gave a paper on "Educational Advantages of Tecumseh, Past and Present," in which the old and the new school system were entertainingly described. A reading from B. L. Baxter's poems was given by Mrs. J. D. Shull and also a tribute to Mr. Baxter written by his friend, Quincy Wood, another old resident here.

Is it not well to pause for a moment today and looking back through the flood of years, with thankful hearts give tribute to our parents or our grandparents, who by their heroic efforts chiseled our little village from out the labyrinth of a wilderness and made it to "blossom as the rose."

While we listen to the poetic words of one of the early representative literary men of Tecumseh, we cannot but see the vacant chairs by our own firesides and again listen to the songs from the lips long silent, of those who have passed beyond to planes of higher thought. There is a sad strain in all of Mr. Baxter's poetry, which is difficult to reconcile with his cheerful, happy disposition. We notice this particularly in the following:

"RETURN NO MORE"

I woke from an unquiet dream,
I know not what had gone before,
If murky cloud or sunny beam,
Revealed or veiled the unknown shore;
But this I know this wild refrain
Came to my soul and came again,
Return no more.

It was not youth, tho' long had passed
That pause, before life's open door,
Youth's memories live and over last
Our years, and coming o'er and o'er
Still bring to us its joys again,
Oh, not for youth, that wild refrain,
Return no more.

Nor friends, tho' here we see them not
Walking beside the unknown shore,
For unforgetting, unforgot,
We know them, "only gone before"
And soon they shall be ours again,
Oh, not for them this cold refrain,
Return no more.

It seemed a spirit, tempest tossed
Upon life's surging restless shore,
Self exiled, self condemned and lost,
A way worn wanderer evermore,
To whom, nor love, nor hope remain,
For whom alone, this wild refrain,
Return no more.

Oh, manhood, youth and weary age,
Besought, entreated, o'er and o'er,
Why will ye darken memories' page
With cruel scorn, while at the door
The Healer stands and pleads in vain,
How will ye bide that sad refrain,
Return no more.

In 1872 when several of our colleges and universities heeded woman's call for higher education and threw open their doors to women, Mr. Baxter in a New Years address, shows his loyalty to woman's worth:

The world moves on, no longer woman calls
In vain for entrance to our classic halls,
Man's equal and companion, why in vain
Sought she a culture equal, and the same
An equal race in life, an equal name,
An equal struggle for an equal fame.
Lords of Creation! Hail the brighter day
Casting the trammels of the past away,
And welcome "God's best gift" to manhood given,
To equal triumphs neath an equal Heaven.

As this is Tecumseh day and we are thinking and talking of the early literary men of our town, may I in conclusion, read to you a little poem from the pen of J. Quincy Wood Mr. Wood spent his early life in Tecumseh and was an intimate boy friend and school mate of Mr. Baxter. This beautiful tribute to Mr. Baxter's memory was printed in 1895 in the Sauk Rapids Sentinel, Minnesota, where Mr. Wood then resided and is entitled:

"A WORTHY NAME WITH THREAD OF GOLD."

There lives within my memory old
A worthy Name, revered by me;
His inner Life has ne'er been told,
And I would tell it worthily.

A worthy Name in strife and peace,
Of love and song and precept bold;
And e'er his life and mine surcease,
I'll run through his a Thread of Gold

He was my junior in the birth,
But my Preceptor in all things;
A man of finest moulded earth,
With soul of eager soaring wings.

In Song, he was my elder brother,
In precept, my discourser true;
The Muse—she was our common mother,
And filled our chalices with due.

We sipped at Poesy's Chrystal fount,
Together toiled; together slept;
We saw Fame on his shining mount,
And turned our eyes away and wept.

No cloud obscured his youthful day,
No vapor chilled his tempered fire;
No song of bird on summer spray,
Was sweeter than his tender lyre.

He loved all pure and lovely things,
And voiced them in his faintless strain;
He gave to Thought poetical wings,
Nor deemed such pastimes wholly vain.

He was heroic in his faith;
He spared no strength, nor pain, nor time;
The powers of Evil felt his scath;
For God and Truth he stood sublime.

His Charity was large and free;
He tried professions by their deeds;
From no encounter did he flee,
Where Truth and Human Rights had needs.

A worthy Name, revered by me,
Deep written on my memory old;
Than his, no Inner Life could be
More worthy of a Thread of Gold.

Sauk Rapids, Minn. March 25, 1895.

Mrs. Camburn and Mrs. Mills sang again "Daisy Dean" being the selection given. Miss Mae Taylor followed with a paper on "Laura Haviland and her work in this vicinity for Underground Railroads." Miss Lucy Train read an original poem on "Tecumseh our Home" which was loudly applauded.

"TECUMSEH, OUR HOME."

What constitutes a home, not time or space,
Not gilded gewgaws, not a stopping place,
Where rest and food, our bodies may content
When tired nature of her strength is spent.
Not one of these is home
But just a stopping place,
A mile stone on the way, in life's uncertain race.
A hostel, where our host gives us good cheer
And speeds us on our journey, be it far or near.
But home sweet home is where the heart doth dwell,
In crowded city or in leafy dell,
In halls of pleasure, or in wards of pain,
In fields of carnage, or amid the grain,
Where happy yeoman tills the fertile soil,
And naught of sorrow can his pleasures spoil.
Where'er we plant a tree, or build a cot,
Where loved ones gather what e'er their lot,
Where toil and strife, where pleasure may be found,
That spot we treasure as most cherished ground.
Year after year we cherish and defend,
We count each neighbor as a loving friend.
The ties that bind us in communion sweet,
The good accomplished makes a home complete.
If far away we stray to foreign lands,
If lost to us the touch of kindred hands,
If those we cherished in the long ago,
No more shall greet us as we onward go,
What heart but turns to that dear spot on earth,
Where life and love and fame have had their birth?
Who does not yearn for that glad day to come
That takes him back to this, his dear old home,
Tho' not one roof of all he calls his own,
Tho' all his kindred far away have gone,
Yet memory fills each spot, each nook and grove,
With those who loved him, or possessed his love,
That spot on earth, no matter where 'tis found,
To him, an alien, is most holy ground.
Land we Tecumseh then, our dear old home,
No matter where in distant lands we roam,
Her sun shines brightest and her skies most fair,
Her friends are dearest, where e'er they are.
Sing we Tecumseh, all with one acclaim,
Our home, our hearth stone, honor to her name.

LUCY J. TRAIN.

The president announced that "after supper Mrs. Kemp would speak a piece" and invited the ladies to adjourn to the dinning room where long tables lighted with rows of candles in old candlesticks were laid for eighty people. Each plate was marked with a place card bearing the guests name and a ribbon tied knot of the Anthony fence while each napkin was ornamented with a Heesen hog ring which held the menu cards in place. The menu was written upon dainty folders decorated with water color sketches done by Mrs. Teft and contained a list of viands such as were the delight of our grand mothers. Custard pie, pound cake, honey, corned beef, "riz" buiscuits, fruit cake, hot corn bread, tarts and peach perserves were conspicuous on the list.

After this bountiful spread Mrs. Chas. Kemp arose at the table and recited charmingly "Whistling in Heaven," a pretty pioneer story beautifully told. Letters of regret received from Mrs. L. F. Selfridge, Mrs. Eugenie Rice and Mrs. Alice F. Rice of Chicago, Mrs. Lizzie Brown Warner of New York, Mrs. Lulu Lilley Cummins of Fort Monroe, Va., and from Mrs. Jennie Hall and Miss Lin ia of Ann Arbor, all former members of the club, were read by Mrs. Cleo Hall, the acting secretary. Mrs. Alberts read a new paper article written by the governor of New Hampshire on the origin of "Old Home Week" and the president announced that it is the purpose of the Federated clubs of Tecumseh to celebrate here in the coming June the eightieth anniversary of the first settlement of the town with a pioneer picnic to which the public will be invited.

All then rose at table and sang a verse of "Auld Lang Syne" and pronounced this one of the happiest afternoons the club have ever enjoyed.

Several out of town guests were present, Mrs. Ballou of Providence, R. I., Mrs. Bolten of Ashville, N. C., Mrs. Ellsworth Russell of Jackson, Mrs. Chester Kemp of Clinton, Mrs. Chas. Burlingame of Sturgis.

The club are indebted to the ladies of the committee, Mesdames Teft, T. C. Harris, W. A Ross, O. B. Finch, W. J. Ingersoll, Eugene Harris, Frank Harris, Bordine, Pentecost, Burlingame, C. A. Wright and Misses, Stacy, Madge Hialey, and Mary Mills, for the entertainment, to the Ladies Orchestra for the music, to A. L. Bliss of Adrian, for the pioneer pictures and to the Anthony Fence Co. and Lester Heesen for the unique souvenirs, furnished by them. Mr. J. J. Orr also loaned the ladies two large framed pictures of Tecumseh's early residents, which were hung upon the wall and smiled down upon the feast approvingly.

COUNCIL PROCEEDINGS.

Council Chamber, village of Tecumseh.

Regular meeting held April 18, 1904. Present, President Marsh, Clerk McClure, and Trustees Aylesworth, Heck, Wright, Geo. U. Smith, Chas. D. Smith and B. J. Slater.

Minutes of last meeting read and approved.

Public lighting committee reported back the petition of the Tecumseh Electric Co. for franchise with the recommendation that it be granted.

On motion committee's report was accepted and adopted.

The committee on ordinance recommended the following ordinance passed:

The Village of Tecumseh Ordain:

Sec. 1. That authority is hereby given the Tecumseh Electric Co. of Tecumseh, Mich., and its successors and assigns, to use the streets, alleys and public ground, within said village, for the purpose of erecting and maintaining poles and wire lines to supply and conduct electric current for lighting, heating and power purposes to individuals, companies or co-partnerships within the village of Tecumseh, subject to the following regulation.

Sec. 2. Poles erected under the provisions of this ordinance shall be located under the direction of the street committee of said village and at any time it shall be necessary to move any of said poles or wires to some other location the common council reserves the right to order and enforce the removal of said pole or wire by serving on said company a copy of said order at least ten days before said council shall take other means of enforcing such order.

Sec. 3. Poles, wires and other material to be used in repairing or reconstructing or extending said electric lines shall be erected and in its proper place within a reasonable time after being distributed upon the public streets, alleys or public grounds of said village, and if the said electric company shall fail to so construct, erect or remove such material within a reasonable time the said street committee may remove or cause the removal of the said material at the expense of the said electric company and may receive reasonable compensation therefor in an action at law.

Sec. 4. When it shall be necessary in the erection, extending or repairing said electric lines to make an excavation that shall in any way interfere with or remove any side walk, cross walk, curbing or pavement heretofore or hereafter to be built by said village or authorized by said village it shall be done under the supervision of the street committee, or by some person by said committee authorized to superintend the said excavation and replacing the same in its normal condition at the expense of the said electric company.

Sec. 5. All poles erected under this ordinance shall be of sound timber and shall be straight as near as may be and not to be less than five inches in diameter at the top, and all poles to be of a a length not less than thirty feet within the fire limits of said village, and in other portions of said village at a length of not less than twenty-five feet.

Sec. 6. All wire used in repairing, rewiring or extending any of the lines erected or hereafter to be erected or rewired or extended by said electric company at any place within said village, shall be of insulated wire and all wire heretofore erected owned and operated by said electric company that have been or that shall hereafter become bare or naked or be with out proper insulation, to such an extent as to be unsafe to person or property shall be removed from all public streets, alleys or public grounds in said village and replaced with insulated wire within the period of one year from the passage of the ordinance.

Sec. 7. The said electric company shall have the right to trim or cut the limbs from trees growing in any of the streets, alleys or public grounds of said village, under the supervision of the street committee of said village as shall obstruct, hinder or interfere with the operation of said lamps.

Sec. 8. The provisions of this ordinance shall be and become of force and effect from and including the sixth day of January, 1905, and shall be and continued in force and effect for the full period of fifteen years from said sixth day of January, 1905. Unless reproved by the council of said village for the forfeiture of the foregoing provisions.

The ordinance was then passed, the vote being as follows: Yeas, Aylesworth, Heck, Wright, Chas. D. Smith, B. J. Slater 5. Nays 0. Geo. U. Smith not voting.

The street commissioner submitted the following report:

Work done on village of Tecumseh from April 4th to April 18th:

Fire team labor, 9 days, 9 hours.

Morgan Ames, 6 days	$9.00
Andrew Wonder, 4 days	6.00

On motion report was accepted and clerk instructed to draw orders for the labor account.

The marshal reported several side-walks needed rebuilding.

Motion made that Jas. S. Eccles, G. B. Garlinghouse and Geo. Marsden be served with notices to build new side-walks.

The following bills were audited by the finance committee:

R. E. Bowen, hay	$34.77
Burt Mominee, drayage	.25
Del Packard, labor	8.55
Chas. Hooten, Jr., labor	8.55
E. C. Brown, salary	12.50
C. V. Packard, labor	4.00
L. L. Bates, night watch	16.67
A. Hyde, salary	45.00

Moved that report of committee be accepted and clerk be instructed to draw orders for the several amounts. Carried.

Moved that the clerk be instructed to draw order in favor of J. H. Hatch for $4.00 for lumber delivered. Carried.

Moved that saloon keepers' bonds be placed at $3500 and druggists' bonds at $2,000. Carried.

On motion council adjourned one week.

HOW TO PRONOUNCE HYOMEI

C. A. Wright tells of this remarkable treatment that cures catarrh without stomach dosing.

"While all my customers who have used Hyomei agree that it is remarkably successful in curing catarrh and other diseases of the air passages," says C. A. Wright, "yet there has been considerable diversity of opinion, as to how the name is pronounced."

"Hyomei is pronounced just as if it were spelled 'high-o-me,' with the accent on the first syllable."

"A great many come to my store and instead of asking for Hyomei, tell me they want a package of the treatment for catarrh that I am selling on a guarantee."

"While I know what they mean, and all of my clerks will give them Hyomei, yet I want every one to know how to pronounce the name of Hyomei, so that they may run no chance of getting anything but Hyomei, no matter where they go.

"It is nature's true cure for catarrhal troubles. It kills the germs of this disease, soothes and heals the irritated mucous membrane and effectually drives all catarrhal poisons from the system.

"All the stomach dosing in the world can do no lasting good in the treatment of catarrh unless the nose and throat are free from catarrhal microbes. There is no stomach dosing with Hyomei; just breathe it.

"I have so much confidence in the value of the treatment, that I am selling it with the understanding that I will return the money if it fails to cure. All HERALD readers know that I do exactly as I agree."

WHAT A FEMALE REGULATOR IS

A vegetable liquid for governing or equalizing the flow of women's menses which occur once in every lunar month.

BRADFIELD'S Female Regulator

is the essential quality of powerful herbs. It is a concentrated essence best adapted for women's delicate organism, and put in such form that it is always properly assimilated and taken into the system.

Stoppages, suppression, painful or other irregularity of the menses and sickly flows are corrected and cured by the regular use of this superior emmenagogue.

Menstruation, or periodic flows, necessitate a breaking down of cells lining the mucous membrane and a reconstruction after every sickness, which is accompanied with marked congestion and loss of blood. Such changes are very apt to produce chronic catarrh. Leucorrhea or Whites is the result of these irritating discharges. Regulator cures these troubles and restores to perfect health the patient who suffered the debilitating losses.

A HELPING HAND

Is gladly extended by a Tecumseh citizen.

There are many enthusiastic citizens in Tecumseh prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of the readers. Read the following statement.

Veteran C. Austen, who lives with his son in the northeast section of Tecumseh says: "I am more than thankful that Doan's Kidney pills were brought to my notice for they did me a great deal of good, in fact they stopped a dull aching pain in my back which had annoyed me for years and also rendered the action of the kidney secretions normal which at times were too frequent and highly colored. I tried a number of so-called kidney cures but I did not receive any benefit, before I learned about Doan's Kidney pills and I knew people who had used them so I went to C. A. Wright's drug store and got them. To say I entertain a very favorable opinion of them as a kidney medicine is putting it in mild terms. They are all and more than are represented to be."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

When in doubt, don't marry. It isn't a genuine attack.

SANITARIUM FOR SALE.

Adventist Building Put Up at Battle Creek For Taxes.

Battle Creek, Mich., April 16.—Among the properties advertised in the tax sale list of City Treasurer Parker to be sold at auction is the large Adventist sanitarium in the west end of the city. It is valued at $500,000 and includes twenty-seven lots.

The reason for this advertisement is the case which the sanitarium has against the city, demanding a return of the taxes already paid, on the ground that as the sanitarium is a purely benevolent institution, it should not be forced to pay taxes. The city maintains that the sanitarium receives many thousand dollars a year in fees and should pay taxes the same as any other money-making enterprise. The sale has been set for May 6 and is causing considerable comment.

Given to the Public by our Local Druggist.

We want the public to know that the most valuable and delicious tasting cod liver oil preparation known to medicine is Vinol.

Vinol contains ALL of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but not a drop of oil.

For this reason it is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in this vicinity but what Vinol will benefit them.

It makes health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and to make those who are too thin, fat, rosy and healthy.

Aged Man Attempts Suicide.

Reading, Mich., April 16.—Henry Peck, a prominent citizen, was found bleeding in his bed in the morning. He had been sick for some time and had become despondent. He sent his attendants off to bed the night before and then feebly made his way to a bureau nearby and secured a razor, with which he gave his neck two bad gashes. A doctor was summoned, who took several stitches in the wounds, and it is thought he will recover. Mr. Peck is 76 years of age.

Your Heart

May Be Weak. One Person in Four Has a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise.

Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good. If it doesn't—your money back.

"I was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where, nor under what conditions I would be attacked, and whether I would survive them. I consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years."—MRS. JOHN DRESBACK, Leipsic, O.

A Heart to Heart Talk

With sensible people on the subject of Dress shows that we are growing wiser. It used to be considered quite the proper thing for a man to pay his tailor forty dollars for a suit of clothes. In this enlightened age we would call it foolishness. The average man likes to be well-dressed but he has no burning desire to waste his money. More than 250,000 men are wearing Royal Tailoring to-day; the garments they have on were made to their measure by The Royal Tailors, of Chicago, and while they represent high-class individual tailoring service, the men who wear them have the satisfaction of knowing that the cost was away below the usual charge for the same quality of goods and workmanship. Over 400 beautiful patterns in Spring and Summer novelty suitings just received from this famous tailoring house are now shown by

BURNS A FREE MAN

Senator Is Acquitted of Charge of Bribery.

JURY WAS OUT FIVE HOURS

First Ballot Was Eight Not Guilty, Three Guilty, One Blank—Alderman Johnson Bribery Case Next on the Docket.

Grand Rapids, Mich., April 21.—Senator David E. Burns was acquitted Wednesday afternoon of the charge of bribery in connection with the water scandal, after the jury had deliberated five hours. It is understood the first ballot stood eight not guilty, three guilty and one blank. Subsequent balloting finally brought a verdict of not guilty at 4 o'clock.

The charge of bribery against Senator Burns was based on a bill which he introduced in the state legislature during the winter of 1895, it being alleged it was backed by those interested in the water deal and that Burns, it was further alleged, was paid the sum of $200 to put the measure through.

The chief witness for the prosecution was Lant K. Salsbury, who swore he paid Burns the money in the interest of the deal. The defense was a general denial and alibi as to the time Salsbury said he paid the money. The case has been on trial for two weeks.

The next case on call is that against Ald. C. T. Johnson, charged with accepting a bribe, but Assistant Prosecutor Ward says that he does not expect to try any more water cases at this term of court.

Court convened again today.

Died in Mother's Best Room.

Owosso, Mich., April 21.—Bert Weatherbee, aged 27 years, and the disabled veteran of two wars, has committed suicide by taking carbolic acid while lying on the bed in the guest chamber at his mother's house. He asked her if he might lie in that room, saying he was going to kill himself. He had made the threat so often when despondent that she thought nothing of it and gave him the permission. Weatherbee served throughout the Spanish-American war with the Thirty-third United States volunteers and went to the Philippines, where he was kicked in the stomach by a mule and rendered unfit for further service. He was discharged and given a pension of $24 a month.

New Rural Routes.

Washington, April 21.—Rural free delivery established in Michigan effective May 10: Adrian, Lenawee county, additional service, routes 7 and 8, length of routes 23¾, 22 miles, area covered, 31 square miles, population served 493, number of houses on routes 209. Marshall, Calhoun county, additional service, route 5, length of route 26¾ miles, area covered 31 square miles, population served 509, number of houses on route 112.

Wheat Crop Ruined.

Coldwater, Mich., April 21.—Branch county farmers have found that instead of their wheat crop promising from one-third to one-half of a usual yield, most of it will not be worth harvesting at all. Ex-Gov. Luce says his wheat is ruined, and from every part of the county come the same reports. Wheat fields that looked quite green when the snow and ice left are now brown and most of the wheat dead.

Robbed of $200.

Port Huron, Mich., April 21.—John Joseph, an Assyrian from Bay City, was held up and robbed of $200, a gold watch and some jewelry here. He had the money in a belt and on Monday became intoxicated while with a gang of toughs. He was found dead drunk in an alley near the gas works, but there is no substantial clue to the robbers.

Big Blaze in Jackson.

Jackson, Mich., April 21.—Fire at the Lewis Spring & Axle works Wednesday afternoon totally destroyed the spring department of the factory. The loss amounts to about $40,000, fully insured. Seventy-five men will be thrown out of work. The fire was caused by the bursting of a two-inch pipe carrying oil to the boilers.

Farmer Took Laudanum.

Saginaw, Mich., April 21.—At 4 o'clock Wednesday afternoon Charles Hackett, a Saginaw township farmer committed suicide by taking laudanum at a house on Sidney street, this city. Hackett was about 40 years old and had no family. He had been drinking hard for two weeks.

Contract For New Normal.

Kalamazoo, Mich., April 21.—The state board of education has awarded the contract for the new western normal to George Rickman & Sons for $53,500. This includes everything but the heating plant, which will probably be erected separately. Work will commence at once.

Fell Nine Stories.

New York, April 21.—H. R. R. Hertzberg, dramatic editor of the Evening Journal, was probably fatally injured by falling nine stories into an areaway in the Morton building. Hertzberg had been playing billiards at the Press club and shortly after he had started for home his almost lifeless body was found in the basement. It is supposed that while coming down the stairs he leaned over the balustrade and lost his balance.

A Thoughtful Man.

M. M. Austin of Winchester, Ind. knew what to do in the hour of need His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at C. A. Wright's drug store.

ON PORT ARTHUR ROAD

Japanese Are Making Their Second Disembarkation.

SPREADING NORTH ALONG YALU

Russians Keeping Tab on Their Movements—Unable to Prevent Disembarkation—Importance of Vicinity Well Recognized.

St. Petersburg, April 21.—General Kuropatkin has sent the following telegram to the emperor:

"General Kashtalinsky reports as follows on April 19: 'All is quiet on the Yalu. The Japanese are throwing up entrenchments opposite Golutsy and further to the north.

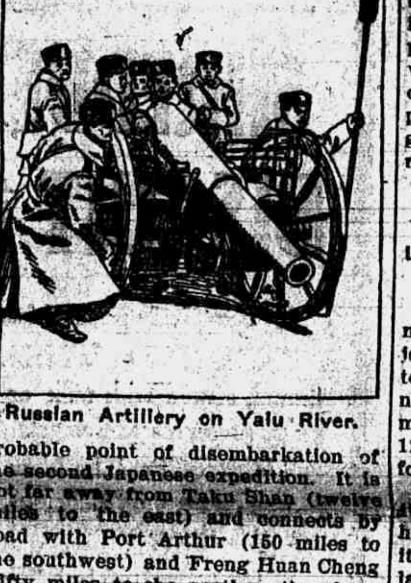
"'The numbers of Japanese troops are increasing. They are concentrating at Wiju and spreading toward the north along the Yalu.

"'Cossack sentinels have observed the lights of Japanese transports near Ching Tai Tse, opposite the village of Potansa, twenty-five versts west of Tatung Kau. The vessels were anchored at a distance of fifty versts from the shore.

"'According to dispatches from General Mistchenko, Japanese ships were also seen near Sou Chou.'"

Flanking Movement.

What may turn out to be the anticipated flanking movement of the Japanese troops is the appearance of a number of Japanese ships off Potinsa, near the gulf of Ching Tai Tse, as just reported to the emperor by General Kuropatkin. Military experts here have long regarded that vicinity as the probable point of disembarkation of the second Japanese expedition. It is not far away from Taku Shan (twelve miles to the east) and connects by road with Port Arthur (150 miles to the southwest) and Freng Huan Cheng (fifty miles to the northwest), where the Russians will make their first obstinate resistance.



Russian Artillery on Yalu River.

Though the Japanese are building entrenchments on the Yalu, it is believed they will advance soon. The arrangements for a turning movement are complete and experts say that such a movement could properly begin at Taku Shan, as Feng Huan Cheng lies at an angle of an equilatoral triangle with Taku Shan and the mouth of the Yalu as bases of the triangle.

The Japanese disembarkation will undoubtedly be covered by a warship and the Russians recognize that it will be impossible to prevent it.

"We will strike after they have landed," grimly said a member of the general staff.

General Kuropatkin is aware of the importance of the vicinity, and it is understood he has made his arrangements accordingly.

Emperor Climbed Mount Etna.

Catania, Sicily, April 21.—Emperor William Wednesday made the ascent of Mount Etna. When the emperor and his party arrived at Mount Rosa, where the road ends, they found thirteen miles awaiting them, on which it was expected they would continue the ascent, but the emperor declined the use of the mules, saying that the invigorating air invited a walk. The emperor led the climbers. At the crater of the volcano a lunch brought from Catania was partaken of. His majesty said the view was one of undreamed of magnificence.

Fleeing Editor Captured.

Havana, April 21.—Pedro Sotolongo editor of El Liberal, for whom a warrant was issued on the charge of leading the disturbances in the house of representatives on April 4, was arrested Wednesday on board the Spanish steamer Alfonso XII, on which he was attempting to escape to Spain. Ramon Garcia, a 19-year-old Spaniard, suspected of the murder of his employer a Havana grocer, was also captured while trying to escape on the same steamer.

Robbed Train of $50,000.

Tiflis, Caucasia, April 21.—A train on the trans-Caucasian railroad was held up between Novo-Senaki and Abascha by four armed men, who entered the mail car, and after binding the officials escaped with registered letters and valuables worth $50,000.

Boy Killed by Train.

Detroit, Mich., April 21.—Edward Hansen, the 14-year-old son of Mrs. Emma Hansen, who lives at 1611 River street, just a few doors from Fort Wayne, was killed yesterday afternoon at Campbell avenue by a Wabash engine. The boy was speeding down the street on his bicycle at such a rate that he was unable to stop, although he could plainly see and hear the approaching engine. It struck and tossed him into the air, killing him instantly. He was his mother's only child and quite a skilled musician for one of his years.

McGarry a Gardener.

Ionia, Mich., April 21.—Thomas F. McGarry has been assigned to the prison greenhouses. The job suits him, he says, as he is fond of flowers and will be able to get some good pointers which will enable him to make a fine garden when he gets back to his Florida home.

WARNER MUST EXPLAIN

Why He Will Not Incorporate Jackson Electric Firm.

SUPREME COURT GIVES ORDERS

Secretary of State Asserts That Old Electric Light Laws Have Been Repealed in Act of 1903—Certain Necessary Provisions Eliminated.

Lansing, Mich., April 20.—A. A. Grim, on behalf of himself and several other citizens of Jackson, who are endeavoring to incorporate the Excelsior Electric Co. of that city, have secured from the supreme court an order directing Secretary of State Warner to show cause why a mandamus should not issue to compel him to accept and file the proposed corporation's articles of association.

According to the company's attorneys, the point involved is one of very great importance to the people of the state generally. The company offered the secretary of state articles of association drafted in accordance with the old electric light law, so-called, being act No. 70 of the Public Acts of 1881. Secretary Warner declined to record the articles, ruling that this act was repealed by act No. 232 of the Public Acts of 1903.

It is claimed by the petitioners that the title of the 1903 act is not sufficiently broad to repeal such an important statute as that of 1881. The latter act gave companies organized under it the right to erect poles in the streets and highways, etc., whereas the 1903 act is more general in its terms and contains no such provisions. It is, therefore, argued that unless the charter of a municipality contains an express provision conferring upon it the right to grant such franchises (and in the case of many Michigan municipalities there is no such express provision in the charter), corporations cannot be organized therein for the purpose of furnishing electric lighting, gas, etc., if the law of 1881 has been repealed.

DETROIT GOT MOST VOTES.

Location of State Fair Not Yet Decided Upon.

Battle Creek, Mich., April 20.—The meeting of the state fair board adjourned at a late hour last night until today without deciding on a permanent location for the fair. When the meeing adjourned the balloting stood 12 for Detroit, 11 for Saginaw and 2 for Pontiac.

A question has arisen as to the legality of the voting, as Oakland county has four members on the board, which it is claimed is a violation of the bylaws of the association, which state that there shall be not more than two members from any one county on the board. This may result in taking the matter into the courts and the complete disruption of the association.

Jackson and Ypsilanti are also bidders for the fair.

Supreme Court Cases.

Lansing, Mich., April 20.—The supreme court Tuesday afternoon disposed of the following matters:

Affirmed—Geller vs. Briscoe Manufacturing Co.; Proper vs. Lake Shore & Michigan Southern Railway Co.

Reversed—Hinchman vs. Pere Marquette Railroad Co.; Beaudin vs. Bay City.

In Harding vs. Auditor-General mandamus was granted. Rehearing was denied in Walsh vs. Robinson. Order to show cause was granted in Grimm vs. Secretary of State. In the matter of Michael J. Keenan, writ of certiorari was dismissed. Court adjourned until Thursday, when state cases will be heard.

Prosperity Among State Banks.

Washington, April 20.—The comptroller of the currency has made public abstract reports of the condition of the national banks in Michigan outside of Detroit on March 28, compared with the reports of Jan. 22. It shows that the total resources have increased from $77,357,885 to $78,134,786; loans and discounts increased from $47,023,786 to $48,558,083; cash reserve decreased from $4,252,236 to $4,073,362; individual deposits increased from $53,867,628 to $54,747,055, and average reserve held fell from 23.27 to 16.59 per cent.

Dr. Isaac Alger Dead.

Coldwater, Mich., April 20.—Dr. Isaac Alger, a cousin of Gen. R. A. Alger of Detroit, is dead as the result of a stroke of apoplexy, aged 84 years. He was Coldwater's oldest physician, having settled here sixty-eight years ago. He was a Fremont voter and quite prominent in the political affairs of the city.

U. of M. Student Drowned.

Chesaning, Mich., April 20.—A case of drowning occurred here last evening. M. J. Tinker, a medical student at the U. of M., while fishing in the Shiawassee river, was capsized from a boat and was unable to reach shore. His home was in Monroe county, New York. He was here visiting his uncle, Joseph Bush.

Drank Wood Alcohol.

Sault Ste. Marie, Mich., April 20.—John St. John drank half a pint of wood alcohol because he wanted booze and died in great agony. He was 35 years old and an upholsterer by trade.

Canal Commission Returning.

Colon, April 21.—The United States canal commissioners sailed for New York Wednesday on the steamer Yucatan. The United States gunboat Marietta sailed yesterday for San Juan, Porto Rico.

Makes a Clean Sweep.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25 cents, and guaranteed to give satisfaction by C. A. Wright, druggist.

ASKS TO BE RELIEVED

Viceroy Alexieff Petitions Emperor to Recall Him.

SKRYDLOFF IS HIS ENEMY

Alexieff Was Negligent in Performing His Duties, His Enemies Allege—Emperor Ignored Him in Some Cases.

St. Petersburg, April 30.—Viceroy Alexieff has applied by telegraph to the emperor to be relieved of his position of viceroy in the far east.

It is expected the request will be immediately granted. While no official announcement has yet been made, there is reason to believe the above statement is correct.

The immediate cause of the viceroy's application is reported to be the appointment of Vice Admiral Skrydloff, one of Admiral Alexieff's strongest enemies and sharpest critics, as successor to the late Vice Admiral Makaroff in the command of the Russian navy in the far east.

Vice Admiral Skyrdloff had an interview with the emperor Tuesday and discussed with his majesty the question of his (Skrydloff's) relations with Alexieff. The relieving from command of Viceroy Alexieff would not surprise intelligent observers of the far eastern situation who are familiar with the gradual change in the emperer's attitude toward the viceroy and M. Bezobrazoff, who represented the militant of advanced element which was anxious that Russia should remain in Manchuria. It was to these two men that the Anglo-Japnese entente first lost its terrors.

The enemies of Alexieff have persistently asserted that as the man on the spot he should have kept the emperor informed concerning the many vital points. On the eve of the war Alexieff apparently still had the confidence of the czar, but the lack of preparedness of the Port Arthur fleet as shown in the cases of battleships Retvizan and Czarevitch called the attention of the emperor to the slackness of the naval administration in the far east.

The anti-Alexieff party in St. Petersburg held that Vice Admiral Stark, who was the viceroy's representative, was responsible under him for the first reverse at Port Arthur.

Alexieff Ignored.

Viceroy Alexieff recommended the appointment of either Vice Admiral Debbassoff or Vice Admiral Makaroff to command the fleet in succession to Vice Admiral Stark. The emperor selected Makaroff and at the same time issued a special ukase making him absolutely independent.

This was the first blow publicly given to Alexieff. The second was the appointment of General Kuropatkin as commander-in-chief of the army in Manchuria.

That there might be no doubt of Kuropatkin's exact jurisdiction, the emperor issued another ukase defining it and gave the former minister of war complete control of military operations in the far east. Officials in St. Petersburg say it must have been evident to Alexieff that his star had waned. He had neither the army nor the navy under his control, being charged merely with the civil administration, but in time of war there is no civil administration, or at least little. At first the viceroy received the official dispatches from Makaroff and Kuropatkin, but even this last shred of his dignity was removed when the two commanders communicated directly with the emperor.

It is said that Vice Admiral Skyrdloff, in his interview, let his majesty understand that he does not care to assume command of the fleet until Alexieff has withdrawn. Therefore the two men will not meet at Port Arthur.

Viceroy Alexieff is expected to come directly to St. Petersburg and his friends hope that he will be elevated to the council of the emperor.

It is not expected that a successor to Viceroy Alexieff will be appointed, as the importance of the post of viceroy has disappeared owing to the result of the war.

OPENS APRIL 30.

President Will Press World's Fair Button.

St. Louis, April 20.—The official program for the opening ceremonies of the world's fair on April 30 has been announced as follows:

At 10:30 a. m. President Francis will call the assemblage to order and the invocation will be made by Rev. Frank W. Gunsaulus of Chicago. An address by President Francis will follow. William H. Thompson, chairman of the committee on grounds and buildings, will then present Isaac S. Taylor, director of works, who will deliver the keys of the several exhibit palaces to President Francis.

Numerous addresses, including one by Secretary Taft, will follow, at the conclusion of which President Roosevelt will press an electric button in the east room of the White House at Washington, which will start all the machinery of the fair in motion.

"The Pike" will be formally opened at 3 p. m., immediately after a "parade of all nations," in which all the strange peoples of the "pike" attractions will take part.

Hunt's Nomination Confirmed.

Washington, April 21.—Gov. William H. Hunt of Porto Rico Wednesday paid his respects to the president and later will have an extended conference with him about affairs in the island. Governor Hunt's nomination as the successor to Judge Hiram Knowles as United States district judge in Montana has been confirmed by the senate. It is not the present intention of Governor Hunt to assume immediately his new duties. He expects to return to Porto Rico to conclude his work there and formally to take leave of the inhabitants of the island. It may be two months before he takes his seat on the Montana bench.

Proper Apparel

Clothcraft

Spring styles in suits are more artistic this season than ever before, Clothcraft Clothing, as usual, is the standard of excellence for fabric, shape and finish.

The style shown in the illustration is one that appeals to careful dressers. It has all the characteristics of a custom garment, with the touch of distinctivness which characterizes Clothcraft Clothing. You see it in the shape of the collar, the hang of the coat and trousers, in the *atmosphere* that hovers about the entire suit. That's what pleases our customers and gives them the just reputation of being the best dressed men in the community. And $10 to $15 makes that reputation yours. It's worth double the price.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

Common Sense

Methods are always best. Intelligent people realizing that neglected colds and coughs are dangerous and often fatal, begin treatment early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children I recommend and sell it.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular bottles, 75c. At all druggists.

Mortgage Sale.

Default having been made in the conditions of payment of a certain mortgage (whereby the power of sale therein contained has become operative) executed and delivered by Emma Ford to Harry C. SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

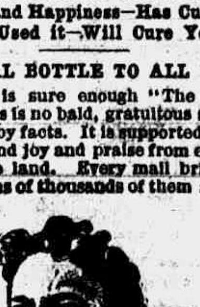
Zoa Phora Will Restore You to Health and Strength and Happiness—Has Cured All Who Used it—Will Cure You.

FREE TRIAL BOTTLE TO ALL WOMEN.

Zoa Phora is sure enough "The Woman's Friend." This is no bald, gratuitous statement. It is justified by facts. It is supported by letters of gratitude and joy and praise from every community in the land. Every mail brings these letters and tens of thousands of them are in our possession.



MRS. EFFIE BATES, Muncie, Ind.

Zoa Phora cures leucorrhea, suppressed and painful periods, flooding, misplacements, piles, all irregularities, liver, kidney and bladder troubles and regulates the change of life. It makes childbirth easy and takes away the dread of that fearful ordeal. It is the greatest blessing of the age for weak and suffering women and has made thousands happy who were dragging out their lives in misery and pain.

Mrs. Effie Bates, Muncie, Ind., R. F. D. No. 1, says: "When a girl I suffered death every month when I came around, even my hands seemed to swell, and I seemed almost blind at times and I was irregular. I would feel as though I would fall backwards and didn't feel safe by myself at my monthly periods. I used some few bottles of Zoa Phora and that brought me regular and so that I didn't suffer scarcely any and the queer feelings left me."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at $1.00 a bottle by

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SUICIDE

A farmer in Macon by the name of JOHN WETZEL

Shot and killed himself last night, soon after returning home from town.

John Wetzel, a farmer residing in Macon, on the Wilkin's farm, shot and killed himself Wednesday night. Wetzel was a widower and lived alone working for Mrs. S. J. Camburn. He spent Wednesday at Tecumseh and drank quite heavily. He spent the evening at the Camburn home and when he left the house, made the remark that he would not be at work the next day. A little latter in the evening Vern. Camburn and a son called at the Wetzel home and found Wetzel on the bed with a bullet through his head.

The funeral was held to-day in Macon and the remains were laid to rest by the side of his wife in Mooreville.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness.

Elmer Gillam, of 68 Breckenridge street, Detroit, has made complaint before Justice Treat at Adrian charging W. S. Knight with highway robbery at Britton Sunday. Knight is the manager of a show which played in Tecumseh Saturday night and which Gillam says he put on the road. Gillam attended the play in Tecumseh, and in order to get to Detroit Sunday walked to Britton to catch the Wabash train. He alleges that while waiting for the train Knight drove up and compelled him to get into the buggy. He then drove him into the country three-quarters of a mile, where after relieving him of about $30 in money and his grip, put him out of the buggy.—Detroit Free Press.

THIRD ANNUAL ENGLISH GRAND OPERA FESTIVAL IN DETROIT.

Henry W. Savage's Great Company of 110 Great English Singing Artists and Orchestra of Forty to be heard in a Repertoire of its Greatest Successes.

Music lovers in Eastern Michigan are preparing to extend another enthusiastic welcome to Henry W. Savage's famous English Grand Opera company at the Detroit opera house next Monday night, when it opens its annual engagement of two weeks in Detroit. This year Manager Savage will present seven elaborate productions. Verdi's brilliant masterpiece, "Othello," has been selected as the opening bill, Monday night, April 25th. The opera is being presented for the first time in English this year by Mr. Savage and the production of the famous master composition will furnish the musical event of the season.

The company this year numbers 110 voices, is accompanied by its own full grand opera orchestra of forty musicians under Chevalier N. N. Emanuel and Mr. Elliott Schenck as conductors. Its elaborate scenic equipment requires a special train of twelve cars and will arrive in Detroit next Sunday from St. Paul.

In addition to all the favorite singers of the old organization there will be a number of new artists, imported this year and singing in America for the first time. The operas and dates of performances for the two weeks' engagement have been arranged as follows:

Week of April 25th: Verdi's "Othello" will be sung Monday and Friday evenings and at the Wednesday matinee. Wagner's "Lohengrin" will be the bill Tuesday and Thursday evenings and at the Saturday matinee and Bizet's brilliant Spanish opera of "Carmen," with Marion Ivell, the gifted contralto, in the title role, will have performances Wednesday and Saturday evenings.

Second week, beginning May 2nd: Puccini's beautiful "La Boheme," companion piece to "Tosca," the great hit in Detroit last season, will be sung on Monday and Thursday nights. Wagner's "Tannhauser" will be given Wednesday night and at the Saturday matinee, with performances of "Bohemian Girl" at the Wednesday matinee and on Saturday night and "Il Trovatore" on Tuesday and Friday nights.

Another great feature of the coming opera festival will be a sacred concert consisting of the famous scenes, solos and chorus numbers from Wagner's sublime religious drama, "Parsifal." This great work will bring out the full strength of Mr. Savage's company and a special orchestra of forty-five musicians, under the direction of Mr. Elliott Schenck, the Wagnerian conductor. The date for the sacred concert will be Sunday night, May 1st.

The former favorites still with the organization include the great tenors, Joseph Sheehan and Charles Fulton; Gertrude Rennyson, the dramatic soprano; Marion Ivell, the contralto; Winfred Goff, the baritone, and Francis J. Boyle, the basso. In addition to these there will be heard William Wegener, the Wagnerian tenor; Remi Marsano, the Austrian baritone; Jean Lane Brooks and Antoinette Le Brun, dramatic sopranos; Rita Newman, mezzo soprano, and Harrison W. Bennett, basso—all of whom have been imported this year by Mr. Savage.

The opera festival will attract music lovers from all parts of the state and orders from outside cities should be placed at once.

Charles M. Dickinson.

Charles M. Dickinson, who was operated on at St. Mary's hospital last Monday for appendicitis, died Wednesday morning.

Mr. Dickinson was in business here several years and owns the building now occupied by F. E. Rude. For some time after Mr. Dickinson left Tecumseh, he lived at Cripple Creek, Colo., and about two years ago went to Detroit where with his son-in-law, J. H. M. Campbell, has conducted a grocery store and meat market.

The remains were brought here yesterday and the funeral will be conducted from the Presbyterian church to-day at 2 o'clock. Rev. Sedweek officiating. The Royal Arcanum's will take charge of the services at the vault where the body will be committed.

Mr. Dickinson leaves a wife, and daughter, Mrs. J. H. M. Campbell, and three brothers, W. S. Dickinson, who went to Cripple Creek about two weeks ago, O. C. Dickinson of [illegible], L. B. Dickinson of Cripple Creek, Colorado, and a father, Simeon Z. Dickinson, of Waterloo, Ind., beside a host of friends to mourn his loss.

THE PIONEERS

An Address delivered at an Open Meeting of the

MONDAY CLUB

At the Residence of Mrs J. R. Hisley Thursday, April 14, by Miss L. Loana Stacy.

Eighty years ago this spring a party of fourteen men was organized by Musgrove Evans of Brownville, Jefferson county, N. Y., to emigrant to Lenawee county, Mich. The party were, Musgrove Evans, wife and five children, Gen. Joseph W. Brown, wife and five children, Ezra F. Blood, Geo. Spafford, Curtis Page, Peter Benson and wife, Nathan Rathburn, Peter Lowry, James Young, Mr. Baxter, John Boland, Capt. Peter Ingals and John Folsom.

Upon the arrival of the party at Detroit they were joined by Turner Stetson and wife of Boston. At Detroit the women and children were left together with their goods and the men proceeded on foot to Lenawee county, arriving upon the ground where Tecumseh now stands, May 21, 1824. Here the party selected their land, the same day, and the next morning, after eating everything they had, started for Monroe to make their entries.

On the first Monday in June, 1824, Mr. Evans and Peter Benson, with their families, left Monroe for the gem of the Raisin Valley, Tecumseh. After a difficult journey through the nearly pathless wilderness, they arrived at their destination the 2nd of June. Not being able to cross the Raisin on the east side of the land that afterward became the village flat, they passed around to the north side of the river and encamped upon the ground where now stands the cooper shop, a few rods north of the Brownville mill. Where Mr. Evans built the first house in Lenawee county. It was a log house, 20 feet square, roofed with bark stripped from elm trees, without floor or fire place. Over a fire built upon the ground from which the smoke ascended through a hole in the roof, Mrs. Evans and Mrs. Benson prepared each day meals for from fifteen to twenty persons.

No sooner had these good people constructed a house in which to live, than they built for their children a school house. It was made of tamarack poles and stood near the house of Musgrove Evans and not far from the old Red Mill in Brownville. There Mrs. Geo. Spafford taught the first school organized in Lenawee county in the winter of 1824—25.

During the summer Mr. Evans, being a surveyor, laid out the village plot and Tecumseh was made the county seat of Lenawee county by Gov. Cass. As a condition of such location there was to be reserved four squares for public use and a bridge was to be built over the Raisin river, east of Tecumseh. These conditions were fulfilled and the people still enjoy the grounds thus set apart. The widely shaded park where stands the soldier's monument is one of these. The old cemetery, the east branch school grounds and the park, where the village stand pipe is located, being the other three.

In the fall of 1824 the company of Wing, Evans & Brown decided to build a saw mill, as without a saw mill they could neither construct shelter for themselves or their stock.

They threw a dam across the Raisin at Brownville which still remains being now used for a dam and also for highway and bridge across the river. "The frame of the mill was raised, the machinery put into position, the waters let on and the saw was playing as though instinct with life and actually felt it a luxury to do good. The first saw mill in Lenawee county was completed and no success has ever found a warmer welcome."

In the summer of 1825 Joseph W. Brown built a framed house on the corner lot bounded on the north by Chicago street and west by Maumee street, this was the first frame house built in the county. Beside being a home for his own family it was also open for the entertainment of travellers and other transcient persons. It was the first and only public house in the territory west of Monroe and was known as the Green tavern.

In the same year a Mr. Twaggs, a Frenchman from Monroe, purchased a lot opposite the Brown hotel and built a store partly to accomodate the settlers but mainly to drive bargains with the Indians. The enterprise, however, proved of much benefit to the new settlers.

Meantime land had been broken and cleared and in the fall sown to wheat and men and women looked with joy upon the fruits of their labors. The wheat was beautiful to look upon, but must be taken thirty miles through almost trackless forests and over marshy ground to Monroe to be ground and fitted ready for use.

During the winter of 1825—26, Wing, Evans & Brown decided to build a grist mill and immediately set to work. On the south bank of the river near where the highway to Brownville passes over on the east side of the road was a convenient site for the mill, under the bank the stream was flowing and the channel being narrow, a dam was feasible. Early in the spring the frame of the mill was raised, the dam was also completed and now where should they get stones. To import them was quite an impossible thing for them to even think of doing. About a mile and a half away was found a huge boulder, a large rock of pure granite. With drills and powder they split off two huge slabs which they made into stones of a size to suit their purpose. It was now near the 4th of July.

Mr. Jesse Osborn, who owned a piece of ground near by, had sown it to wheat the fall before. Mr. Osborn had been for some time watching his wheat and also the progress of the building of the mill, being sure his wheat would be ripe by the 4th, he visited the mill to see if that also would be ready. The result of this visit was a promise by Gen. Brown that the mill should be ready to grind on the morning of the "National Anniversary" and also a promise by Mr. Osborn to be at the mill on that morning with the first grist of wheat ever ripened in Lenawee county. Both men redeemed their pledge.

"On the morning of the 4th of July 1826, Gen. Brown brought all the machinery of his perfected mill into adjustment, filled the hopper with bran, and bade the waiting waters flow. In a few minutes the stones were clean.

Mr. Osborn had reaped his wheat clean with a sickle, threshed it with a flail, cleaned it with a hand fan, put it into bags, and was in sight from the mill. The grain was emptied into the hopper, and the mill was at work. In a few minutes, in the presence of the joyful beholders the wheat was converted into beautiful flour. Mr. Sylvanus Blackmon, acting as miller on the occasion, ground the first flour manufactured in Lenawee county. With this flour Mrs. Gen. Brown prepared bread, biscuits etc. for the first celebration of our national anniversary observed by the people of Tecumseh and vicinity.

This mill was able to grind about ten bushels of wheat per hour and for five or six years, was the only grist mill in the interior of the territory.

In the same year, 1826, a framed school house was built upon the public square now occupied by our village stand pipe. This building was 18 by 20 feet in dimensions, and was the village school, and only school till 1832.

One of the most energetic of these earliest pioneers was Abner Spafford, and also the greatest genius. He erected a saw mill and blacksmith shop, under one roof, contriving his machinery so as to make the water work his bellows and saw at the same time and also when the saw had cut its way through the log, to give warning by ringing a bell, thus enabling him to work both without assistance. One of the greatest events of this year was the first wedding in Lenawee county, the contracting parties being Miss Cynthia Spafford, daughter of Abner Spafford, and Theodore Bissell of Livingston county, N. Y., on May 16, 1827. The ceremony was performed by Dr. C. N. Ormsby as a justice of the peace, there being no settled minister in the territory nearer than Monroe or Detroit.

By this time the little family of pioneers had become almost too numerous to mention. Doctors, lawyers, mechanics, merchants, teachers and laborers were flocking to this far west country. Tecumseh was truly the gem of the Raisin Valley.

VANTINE

In 1830 came David Vantim, a cabinet maker by trade, who worked for H. A. Adams and afterwards formed a partnership with Wm. Richards, they carrying on quite an extensive business for some years. Uncle David was always identified with the furniture business as long as he was able to work. Peter R. Adams and wife arrived in Tecumseh July 26, 1830. Here Mr. Adams began the practice of law and continued in it till failing health caused him to retire from active business.

S. C. Boughton came as a merchant, Mr. Boughton was post master several years and held many public positions. Hon. S. C. LeBaron came July 5, 1832, opened the first grammar school in the county, was also the second clerk of the county, and held that office until Michigan became a state in 1836.

Dr. M. A. Patterson was the first physician to settle permanently. Dr. Armsby moved to Adrian in 1827. Dr. Patterson was long the leading physician in Tecumseh and surrounding country, practising for nearly fifty years. C. A. Stacy came in 1836 and was admitted to the bar the following April at the age of twenty In 1838, was married at Chenago Forks, Broom county, N. Y., returning with his wife to Tecumseh, where the family have always resided.

E. A. Tribou came in 1837, was clerk in the store of Hewitt & DeBaron, and B. J. Bidwell. Hon. Perley Bills came also in 1837. In 1838 he organized the first primary school district, taught for some years both primary and advanced classes, and also fitted pupils for college.

It was not until 1833 that any decided move was made toward the building of churches. St. Peters church (Episcopal) was the first to move in this enterprise, and on the 10th of Oct., 1833, the corner stone was laid, and on Aug. 2, 1835, services were held in the church for the first time. Rev. O. Brian of Monroe, preaching in the morning and Rev. Mr. Lyster in the evening. Next came the Presbyterian, began in 1835 and finished some five years later.

In 1839 a branch of the State University was opened at Tecumseh and continued three years. Among the principals were Anderson, Harvey, Wilson, Gray and Rev. Moses, S. Taylor, all appointed by the regents of the university.

The institution was discontinued by the state. The school was then conducted by B. L. Baxter, John Q. Wood, Wm. Wood, Joseph Estabrooks and others.

The growth of the village from 1824 to 1840 was rapid and substantial. From 1840 to the present has been slow but of a most gratifyng character. As my part was only to give you something about our earlist pioneers, I will draw the curtain over the past by giving you an account of a 4th of July celebration held in 1839, as made mention of in my mother's diary for that year, July 4, 1839.

At eleven o'clock I went to the Episcopal church, where the people of Tecumseh met for the celebration, there the most interesting part of the exercises were performed.

After the ladies were all quietly seated in the body pews the procession of gentlemen came in, seated themselves, and the exercises commenced. First with sacred music by the choir, then a prayer was made by the Rev. Mr. Blood, followed by music by the Tecumseh band. Mr. Champion then read the declaration. Music followed, an oration was delivered by Alphonzo (my father). The choir sung another selection and the exercises were closed by a benediction from the Rev. Mr. Pratt. I then went with Alphonzo to the Peninsular House, and partook of an excellent dinner prepared by Mr. Blanchard.

Not long after, the party was politely requested to repair to the parlor where we saw married, Mr. Charles Hewitt to Miss Mary Tibbits.

In the evening we rejoined the party at the new Michigan House, took tea with them, spent some time in the ball room and got home twenty minutes before the clock struck twelve. It was the first celebration that I ever attended in Michigan, also, the first that I have ever had the pleasure of attending with Alphonzo. I enjoyed myself well.

J. D. Tallman.

The death of J. D. Tallman occurred suddenly after noon, Wednesday, at his residence, 7 Park street.

Mr. Tallman had not been been feeling well, and after eating a hearty dinner had gone to the barn. A little latter he was found by his daughter lying on the barn floor beside the cow. She at once called the family but on their arrival he was found to be dead. His death was caused by a stroke of apoplexy. he having had two former strokes.

He would have been 68 years of age in June next. Beside his wife he leaves five children to mourn his loss; John, of Tecumseh; Miss Gertrude, of Stockbridge; and Miss Elvia Zack and Mrs. Kate Mathers, of Adrian. Mr. Tallman had been a resident of Adrian for the past seven years.

The funeral was held today in Adrian at one o'clock from the house, Rev. W. F. Jones of this place officiating. Burial at Tecumseh.

HOW TO PRONOUNCE HYOMEI

C. A. Wright tells of this remarkable treatment that cures catarrh without stomach dosing.

"While all my customers who have used Hyomei agree that it is remarkably successful in curing catarrh and other diseases of the air passages," says C. A. Wright, "yet there has been considerable diversity of opinion, as to how the name is pronounced."

"Hyomei is pronounced just as if it were spelled 'high-o-me,' with the accent on the first syllable."

"A great many come to my store and instead of asking for Hyomei, tell me they want a package of the treatment for catarrh that I am selling on a guarantee."

"While I know what they mean, and all of my clerks will give them Hyomei, yet I want every one to know how to pronounce the name of Hyomei, so that they may run no chance of getting anything but Hyomei, no matter where they go."

"It is nature's true cure for catarrhal troubles. It kills the germs of this disease, soothes and heals the irritated mucous membrane and effectually drives all catarrhal poisons from the system.

"All the stomach dosing in the world can do no lasting good in the treatment of catarrh unless the nose and throat are free from catarrhal microbes. There is no stomach dosing with Hyomei; just breathe it.

"I have so much confidence in the value of the treatment, that I am selling it with the understanding that I will return the money if it fails to cure. All HERALD readers know that I do exactly as I agree."

INFORMATION

Given to the Public by our Local Druggist.

We want the public to know that the most valuable and delicious tasting cod liver oil preparation known to medicine is Vinol.

Vinol contains ALL of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but not a drop of oil.

For this reason it is recognized throughout the world as the greatest health restorer and strength creator known to medicine, and we do not believe there is a man, woman or child in this vicinity but what Vinol will benefit them.

It makes health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Cures hacking coughs, chronic colds, bronchitis and all throat and lung troubles. Unequalled to create an appetite, and to make those who are too thin, fat, rosy and healthy.

Try Vinol on our guarantee to return your money if you are not satisfied.

For sale by C. A. Wright.

It isn't necessary to apologize for trying to kiss a pretty woman She will excuse you.

A HELPING HAND

Is gladly extended by a Tecumseh citizen.

There are many enthusiastic citizens in Tecumseh prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of the readers. Read the following statement.

Veteran C. Austen, who lives with his son in the northeast section of Tecumseh says: "I am more than thankful that Doan's Kidney pills were brought to my notice for they did me a great deal of good, in fact they stopped a dull aching pain in my back which had annoyed me for years and also rendered the action of the kidney secretions normal which at times were too frequent and highly colored. I tried a number of so-called kidney cures but I did not receive any benefit, before I learned about Doan's Kidney pills and I knew people who had used them so I went to C. A. Wright's drug store and got them. To say I entertain a very favorable opinion of them as a kidney medicine is putting it in mild terms. They are all and more than are represented to be."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

When in doubt, don't marry. It isn't a genuine attack.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley Street, Saugerties, N. Y.

The kind of men and women who patronize matrimonial agencies are not worth the fee.

Scrofula, salt rheum, erysipelas and other distressing eruptive diseases yield quickly and permanently to the clensing, purifying power of Burdock Blood Bitters.

When a man is hungry he never complains that his wife is a poor cook.

Warning.

If you have kidney or bladder trouble and do not use Foley's Kidney cure, you will have only yourself to blame for results as it positively cures all forms of kidney and bladder disease. Sold by all druggists.

What reason have we for assuming that both God and the devil are masculine.

Now is the time to take a spring tonic to purify the blood, cleanse the liver and kidneys of all impurities. Hollister's Rocky Mountain Tea will do the business. 35 cents. Tea or tablets.

Mr. Sawyer had rheumatism for 15 years. Tried many different kinds of medicine without obtaining relief. Two bottles of Life Plant cured him. Mr. Sawyer says:

Trinway, O., Oct. 10, [illegible]
The Life Plant Co., Canton, Ohio.
Gentlemen:—
I wish to thank you for the good LIFE PLANT has done for me and my family. I myself have had Rheumatism for the past fifteen years and used all kinds of medicine without any relief.
I am a conductor on the Pennsylvania Railroad and am well known. I will endorse the medicine to all my friends. LIFE PLANT the greatest medicine on earth. I have used two bottles only and it has cured me entirely.
Yours truly,
JOS. T. SAWYER.

Life plant has cured 97 out of every 100 cases of rheumatism we have treated. In the past 18 months we have received 10,000 testimonials from rheumatic sufferers cured by Life Plant. A remarkable record. No matter how severe your case or how long standing you can try Life Plant at our expense. If it fails to cure you, your druggist will refund your money, and we will settle with him.
Price $1.00 per bottle.

A Heart to Heart Talk

With sensible people on the subject of Dress shows that we are growing wiser. It used to be considered quite the proper thing for a man to pay his tailor forty dollars for a suit of clothes. In this enlightened age we would call it foolishness. The average man likes to be well-dressed but he has no burning desire to waste his money. More than 250,000 men are wearing **Royal Tailoring** to-day; the garments they have on were made to their measure by **The Royal Tailors**, of Chicago, and while they represent high-class individual tailoring service, the men who wear them have the satisfaction of knowing that the cost was away below the usual charge for the same quality of goods and workmanship. Over 400 beautiful patterns in Spring and Summer novelty suitings just received from this famous tailoring house are now shown by

MOVING HOUSE BY RAIL

Marquette Millionaire Takes His to Boston.

WHIM OF LUMBER KING

The Owner Objected to Encroachments of Railroad and Plans of Real Estate Dealers—Very Few Changes Will Be Made.

Marquette, Mich., April 25.—The magnificent sandstone mansion which Millionaire John M. Longyear of this city is moving piecemeal is slowly being erected again on Ficher's Hill, one of haughty Brookline's most aristocratic districts, a suburb of Boston.

The story of the whim of the wealthy lumber king, which induced him to take down a costly house, stone by stone, and ship it across to the Atlantic coast to be put together again, is known to many. After Mr. Longyear had built his palacial residence here he ascertained a railroad was determined to spoil his property and that real estate dealers had arranged to buy his land and stone palace for a song. He determined to balk them by moving his mansion to pretty Brookline.

He caused the interior and exterior walls to be photographed in detail. Next the walls were torn down, course by course. Whenever necessary the various courses were photographed, and numbers were carefully placed on the stones, so that when the builders in Brookline began to put the building together again they could tell where each stone was to go by merely looking at the photographs and the numbers.

It cost Mr. Longyear $9,000 to freight the stones of the superstructure from Marquette to Brookline. The courses of the exterior walls it is reported have been laid nearly to the eaves. A small army of masons, plasterers and laborers is at work and the house which stood here is gradually rising upon Fisher's hill. The finishings, which were taken out and stored will be sent on when needed and replaced. The alterations will be few.

When finished the Brookline home will be the original dwelling as it stood here and the nearest approach to the Arabian Nights' flat of moving a palace from one country to another.

Died in Church.

Battle Creek, Mich., April 25.—Mrs. Adelia Henry, aged about [illegible] years was taken violently ill during the opening services at the First Baptist church here last night and fell in a faint just as the organ volutary was finished. She was carried to the basement and a physician called, but she expired without regaining consciousness. Her home was on West Van Buren street.

K. of C.'s at Battle Creek.

Battle Creek, Mich., April 25.—About 600 Knights of Columbus from Port Huron, Detroit and other points in the state met here Sunday and, after exemplifying the owrk of the order, held a banquet at St. Philip's church, which was attended by 900 people. Speeches were made by Mayor Clapp, Father Sadlier and others high in the civic and religious world.

Tax Rate to Be Reduced.

Detroit, Mich., April 25.—The board of estimators for Detroit finished its labors Saturday night. The result is that the total amount to be raised by taxation the coming year is $4,057,247.49, which is over $200,000 less than the year 1903. It is estimated that the tax rate will be reduced almost 80 cents from that of 1903.

Against Prison-Made Cigars.

Detroit, Mich., April 25.—The business agent of the Detroit cigarmakers union has asked Attorney-General Blair at Jackson for an opinion regarding the legality of manufacturing cigars in the prisons of the state. Attorney-General Blair advised a test case to settle the matter.

Oddfellows Buy Cooley Park.

He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c. at C. A. Wright's drug store.

AS SEEN BY RUSSIANS

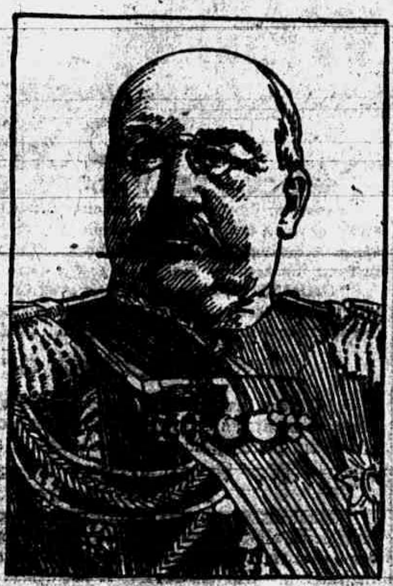
Their Surmise of Campaign Proposed by Japs.

WILL BE MORE CAUTIOUS

And Stick as Close as Possible to Sea—Still Have Three Other Objectives—Could Compel Kuropatkin to Come Forward and Attack.

St. Petersburg, April 25.—Apparently reliable information in the possession of the general staff leads to the belief that the objective of the Japan campaign does not involve the ambitious invasion of the interior of Manchuria with the purpose of reaching and overwhelming the main Russian army. If the Japanese ever entertained the hope of accomplishing a task similar to that which Napoleon set himself present advices indicate that they have abandoned it and have adopted a much more cautious and less hazardous program.

If this information is correct there will be no advance upon the army concentrated at Liao Yang and Mukden with its attendant constant lengthening and weakening of the Japanese line of communications. Instead there seems to be a determination to stick as close as possible to the sea, where lies Japan's natural base of communication, she having established herself in Korea.



GENERAL SAKHAROFF, CHIEF OF THE RUSSIAN STAFF.

The general staff report says that Japanese still have three other objectives—the occupation of a line across the Liao Tung peninsula [illegible] the purpose of cutting off Port Arthur, the isolation of Vladivestok and the establishment of a junction between the army of Korea and the force at the head of Liao Tung peninsula. The last mentioned movement might be accomplished by a landing near the mouth of Ta Yang river, which by threatening the flank of the Russian position at Feng Huan Cheng might render it untenable and make the advance of a column from Korea comparatively easy.

If these plans should succeed the life of both Russian squadrons in the Pacific would be menaced and with the sea and a fleet back of her at every point Japan could fortify the position thus gained, and, with the tables turned, compel General Kuropatkin to come forward and attack.

General Kuropatkin, however, is in possession of the latest advices received by the general staff and it is safe to assume that if the Japanese campaign develops along the lines indicated he will be ready to make such disposition of his forces as will meet and checkmate it.

DIED IN WASHINGTON.

Ex-Judge Burke of Cleveland Succumbs to Paralysis.

Washington, April 25.—Former Judge Stevenson Burke of Cleveland, Ohio, died at the Shoreham hotel in this city Sunday from the effects of a paralytic stroke suffered nearly twenty-four hours previously. He remained unconscious from the time he was stricken until death. The body was taken to Cleveland at 7:35 last evening.

Cleveland, April 25.—Judge Burke was very prominent in legal and financial circles in Ohio for fifty years. He was one of the formost jurists in corporation law in the west and had an active interest in many street and steam railway lines. He was a director in the Cleveland and Mahoning Valley the Columbus, Hocking Valley & Toledo, the Toledo & Ohio Central, the Cincinnati, Hamilton & Dayton and the New York, Chicago & St. Louis railway companies. He had been engaged in some of the most important litigation in the country. He had large property interests in copper and iron mines in Canada. Judge Burke was one of the counsel for the Vanderbilt interests in this state for many years.

To Govern Porto Rico.

Washington, April 25.—President Roosevelt has selected Judge Beekman Winthrop of the court of first instance, Philippine Islands, to succeed William H. Hurst as governor of the island of Porto Rico. Judge Winthrop is a member of one of the oldest families of New York. He is a graduate of Harvard and a personal friend President Roosevelt.

Crushed by a Log.

Cadillac, Mich., April 25.—Harry Swanson was playing on the log rollway at the basket factory yards Sunday morning in company with other little boys when a log rolled onto him, crushing out his life. He was the 9-year-old son of Mr. and Mrs. Frank Swanson.

Farmer Hangs Himself.

Mt. Clemens, Mich., April 25.—Peter Beck, aged 65 years, a farmer living five miles out the Gratiot road, was found by his son hanging by a rope from a rafter in the barn. Financial troubles are said to be the cause.

WHAT CONGRESS DID

Brief Summary of That Covered by 58th.

TWO IMPORTANT TREATIES.

Panama and Cuban Measures—Expenses $22,000,000 Less Than Revenues—Step in Direction of "World Peace"—Beef "Trust" Investigation.

Washington, April 25.—The important legislative accomplishments of the first and second sessions of the 58th congress were confined to two subjects—Cuba and Panama. The reciprocity treaty between the new island republic and the United States, initiated by President McKinley, was made operative by a legislative enactment.

The ratification of the treaty by the senate and the subsequent initiation of legislation for the government of the canal zone commit the United States to the construction of the Panama canal connecting the waters of the Atlantic and Pacific oceans.

The senate ratified the treaty negotiated with Cuba to carry out the terms of the Platt amendment. It also ratified the Chinese commercial treaty which provides for the open ports in Manchuria.

Chairman Hemenway, of the house committee on appropriations, in a statement compiled under his direction, gives the total of all supply bills (subject to slight changes in pending bills) as $597,802,324, to which must be added $84,971,820 for interest on the public debt. The estimated revenues are $704,472,060. By these figures the expenses are $22,000,000 less than the revenues. The estimates of the various government departments on which the appropriation bills were based exceeded the total estimated revenues by $42,845,862. While a total of over 1,400 bills become laws during the two sessions, less than 150 of them were "public" bills.

Several amendments have been made to facilitate the administration of the public land laws.

A step in the direction of "world peace" has been taken through the formation of an American group affiliated with the Inter-Parliamentary Union for International Arbitration.

By the terms of a joint resolution the president is authorized to negotiate a convention with Great Britain to which the assent of Japan and Russia is to be obtained if possible, to protect the fur seals of the north Pacific ocean and Bering sea.

The director of the census was directed to co-operate with the secretary of state of the state of Michigan in the taking of a manufacturing census of that state.

The only general pension legislation which became a law makes the pension of those who totally lost their sight in the military or naval service $100 per month.

The Louisiana purchase exposition company received a loan of $4,600,000 from the government.

The government is to participate in the exposition to be held in Portland, Ore., in 1905, for the commemoration of the 100th anniversary of the exploration of the Oregon country by the Lewis and Clark expedition, to the extent of an exhibit to cost $450,000 and an Alaskan exhibit to cost $25,000.

The house, by independent action, directed an investigation of the alleged "beef trust" by the department of commerce and labor.

Impeachment proceedings were begun in the house against Federal Judge Charles Swayne of the northern district of Florida, but after a majority report from the committee favoring impeachment, the matter was sent back to committee and made a special order for the next session.

The creation of two additional states in the Union was provided for in a bill which pased the house but not the senate. Oklahoma and the Indian territory were united as Oklahoma. Arizona and New Mexico as Arizona.

In the senate the confirmation of General Leonard Wood as a major-general was accomplished after much inquiry and objection.

The right of Senator Reed Smoot of Utah to his seat in the senate resulted in an investigation, still in progress, involving the mormon religion and practices.

Tornado In Kansas.

McPherson, Kan., April 25.—A severe tornado struck McPherson Sunday afternoon demolishing six residences and causing more or less other damage to property. Three persons were injured, one seriously. Much damage was done in the country north of here.

Crushed Between Cars.

St. Louis, April 25.—Caught between two Olive street cars going in opposite directions J. H. Good of Little Rock was killed here Sunday and F. J. King, who accompanied him, was fatally injured. Good was cruched so badly that almost every bone in his body was broken.

Corruption In Pueblo, Col.

Pueblo, Col., April 25.—Mayor B. B. Brown has been indicted by the grand jury on four counts, three charging false pretenses and one alleged forgery. All the charges grew out of pay rolls in the city departments.

Fire at Grand Haven.

Grand Haven, Mich., April 25.—The Grand Rapids Interurban Railway's freight sheds and car barn were destroyed by fire here Sunday. Several cars wrere burned, and the total loss will reach $2,000, insured for $1,000.

SOO TOWNS REJOICE

Ontario Parliament Passes Bill Granting a Loan

TO CONSOLIDATED SUPERIOR CO.

Bands and Citizens Paraded Streets—Speeches Made — Conservatives Kept Indoors—Celebration Planned For Smith and Clergue.

Toronto, Ont., April 23.—The bill to grant a loan of $2,000,000 to the Soo industries was passed in the Ontario legislature Friday afternoon by a vote of 48 to 45, and the reorganization of the Consolidated Lake Superior Co. will be proceeded with immediately.

Sault Ste. Marie, Mich., April 23.—Now that the Soo bill has passed the Ontario legislature the Canadian Soo has gone wild, while in the American Soo there is noise enough, as it is realized that the passage of the bill and the reorganization of the Consolidated means not a little to the Michigan Soo and everything to the Canadian Soo.

Last night bands paraded the streets, and everywhere in the Canadian Soo the people cheered and followed the bands about, while the prominent men of the town made congratulatory speeches.

The Canadian Soo, which has always been a closely contested constituency, is now solidly Liberal, and the few Conservatives who have the nerve to express sorrow that the government was not defeated are keeping well within doors. Everywhere Ross, Smith and the Liberal government is acclaimed, and Smyth of Algoma and Gamey of Manitoulin, the two Conservatives who, because of what the passage of the bill meant to their constituents, were expected to vote for the bill, are roundly denounced because they did not. A rousing reception is being prepared for Mr. Smith, the Liberal member from the Soo, upon his return home, and it is hoped that Mr. Clergue, who has done so much for the Soos and who has worked so hard for the passage of this bill, will also be present to receive his share of the congratulations and honors.

New Bank Assesement Plan.

Detroit, Mich., April 23.—The city assessors have adopted a new plan to assess bank property that promises to be fairer than the present system. Sworn statements of the officers of Detroit banks to the national comptroller of the currency and to the secretary of state at Lansing are being used as a basis of making the assessments, with an allowance of 2 per cent for unearned interest and bad debts. The bankers say the new method was planned by Secretary J. Zilke of the board of assessors, and that it is generally meeting with favor among Detroit bankers.

Defeated Normals at Debate.

Agricultural College, Mich., April 23.—The M. A. C. debating team was victorious in the debate with the representatives of the Ypsilanti Normal last evening, the decision of the judges being unanimous. The question was, "Resolved, that the limitations placed on suffrage in the state of Mississippi by the constitution promulgated in 1890 are legally and mormulgated in 1890 are legally and morported the affirmative. The winning team is composed of A. J. Anderson, S. E. Johnson and V. R. Gardner. Mabel Miller, Roy Herald and Robert Reinhold spoke for Ypsilanti.

Won't Miss State Fair.

Jackson, Mich., April 23.—This city isn't grieving over the loss of the state fair, as she has landed the state home and orphanage of the Oddfellows. The buildings will be erected on Cooley park, and the society will spend $2),000 a year improving the grounds. The citizens are satisfied that with the society's headquarters and the home here they have secured something as good, if not better, than the state fair as all the annual meetings of the affiliated orders will be held in this city

Detroit Judge Cited.

Lansing, Mich., April 23.—On motion of Sheriff Dickson of Wayne county, the supreme court has entered an order requiring Judge Phelan to show cause next Tuesday why he should not vacate an order directing the Detroit police department to serve summons for jurymen drawn to serve in the Parker case. Dickson claims that the statute makes it the duty of the sheriff to serve these processes and tha the action of the court in taking the matter out of his hands deprives him of fees to which he is lawfully entitled.

Struck With Frog Spear.

Detroit, Mich., April 25.—Anthony Krysa, of 543 Alexandrine avenue, was severely wounded with a frog spear during a fearce row in a saloon at Dubois and Superior streets Saturday night. The row grew out of a crap game. Five men are lodged in jail and Krysa is at the hospital.

Body Recovered.

Battle Creek, Mich., April 25.—The badly decomposed body of little Georgie Neal, the 7-year-old son of Mr. and Mrs. M. F. Neal, who was drowned in the Battle Creek stream Saturday, March 5, has been recovered. It was found about one half mile from the point where he was drowned, near the old Abbey tavern, in two feet of water at the end of a sand bar.

Holding Carnival In Cemetery.

Grand Rapids, Mich., April 25.—William Shaw and Amy Johnson were arrested in Oak Hill cemetery soon after midnight last night for disorderly conduct. Both are said to have been drunk and dancing and singing around a monument, the base of which they had surrounded with beer bottles to kick at.

Proper Apparel

Spring styles in suits are more artistic this season than ever before, **Clothcraft Clothing**, as usual, is the standard of excellence for fabric, shape and finish.

The style shown in the illustration is one that appeals to careful dressers. It has all the characteristics of a custom garment, with the touch of distinctivness which characterizes **Clothcraft Clothing**. You see it in the shape of the collar, the hang of the coat and trousers, in the *atmosphere* that hovers about the entire suit. That's what pleases our customers and gives them the just reputation of being the best dressed men in the community. And $10 to $15 makes that reputation yours. It's worth double the price.

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." MISS BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

Common Sense

Methods are always best. Intelligent people realizing that neglected colds and coughs are dangerous and often fatal, begin treatment early. Greene's Cough Cure is a remedy of the first class—always safe, sure and reliable. Croup, grippe, pneumonia and lung troubles quickly melt before this medicine. Best for children I recommend and sell it.

B. J. PULVER.

Allie Hough, Adam Wurster and two other fellow workmen in the Ann Arbor gas works, went spearing in the river last Wednesday night. Wurster struck at a fish, lost his balance and fell overboard and was drowned. The boat was overturned and the jack light was extinguished. Hough and one of the men swam ashore but hearing a call from one of their companions they plunged into the swift current and rescued him, but Wurster was not seen or heard after he struck the water. His body was found Friday. Allie Hough is a son of M. N. Hough of this village and he certainly showed courage in braving a swift flowing river on a dark night, with clothes and heavy boots on. He says that after this experience, he has no desire to go fishing again.—Manchester Enterprise.

Good For Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup and La Grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. One Minute Cough Cure is pleasant to take and it is good alike for young and old. Sold by C. A. Wright.

Monday afternoon Jno. Blackburn and Ed. Swinerton were riding upon a wagon without a box, sitting upon the reach and coming to the railroad crossing of Monroe street the horses became frightened by the closely approaching 4:09 passenger train going north and ran across the track. When in front of N. Adee's residence both men were thrown from the wagon. Blackburn was injured about the shoulder, Swinerton was picked up unconscious and taken into the residence of Mr. Adee, where he still remains under the treatment of Dr. Haynes, his injuries being about the head and body. He remains in an unconscious condition most of the time, with an occasional short spell of semi-consciousness. He is a bachelor and lives in a small cabin at "pumpkinhook" and was on his way home from town having caught a ride, when the accident occurred. Blackburn was not seriously injured.—Dundee Reporter.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stom[illegible] cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

Clarence Lankton seems to be getting on at Adrian all right. The Maccabees there gave prizes for those getting the most new members and Clarence captured second prize by getting ten members. He lacked only one of having as many as the man who captured first prize. His prize consisted of a $12 Morris chair. He also received a solid gold ring as captain of the Reds, the winning side.—Clinton Local.

Are You a Dyspeptic?

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friends because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digestant strengthens the whole digestive apparatus and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by C. A. Wright.

An Easy Time For Mothers.

Zoa Phora Relieves All Pain and Suffering and Makes the Road for Mothers Smooth.

Trial Bottle Free to Every Woman.

The freedom and relief from pain and suffering that Zoa Phora has brought to women during childbirth alone is enough to render it the greatest blessing of the age to women. In addition to this it cures all irregularities of the sex, misplacements, suppressed and painful periods, leucorrhea, piles, kidney, bladder and liver troubles and regulates the change of life.

Zoa Phora makes the change from maidenhood to womanhood safe and easy and is a matchless remedy for young girls during this critical period of their lives.

The women of America endorse and praise Zoa Phora. All women can secure perfect health and happiness who will use Zoa Phora. All who have used it are now rejoicing in these blessings as their words of praise and gratitude prove. The following letter is only one of thousands which we receive:

Mrs. C. H. Clark, Box 365, Lake View, Mich., says: "I wish to say a few words of praise for Zoa Phora, as it is certainly the best medicine I have ever used for women's troubles. I have suffered with leucorrhea for seven years, and I also fell causing misplacement, from which I suffered for five years. I had a six months birth, which nearly caused death, and ever since I have been sickly.

"Last Christmas one of Dr. Pengelly's books 'Advice to Women,' came within my reach and so highly recommended Zoa Phora, that I decided to try a bottle, and have found the very best of results. February 22d I gave birth to a little girl, and she is strong and smart, and I am in the best of health I have had for over seven years, all from the use of Zoa Phora. I will say anyone who is troubled in like manner or expecting confinement should take Zoa Phora, and it will certainly be of great benefit to them. I know it makes childbirth much easier than without it."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will give gladly free special advice when needed. Zoa Phora is for sale at $1.00 a bottle by

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

A Great Sensation.

There was a big sensation in Leesville, Ind when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

John N. Vedder, the robusto advance agent of the Henderson Stock Company which played here week before last, has captured the heart and hand of a Dundee girl and the marriage will take place on the stage of the Ypsilanti opera house tomorrow night. The girl's name is Leah Belle Morse. He is 29 years of age and the girl is 18 years old. She is from an excellent family in Dundee. The Henderson Stock Co. played in this place last week and it was then when John met Leah for the first time. It is said that it was a case of love at sight and when the proposal of marriage came quickly she accepted and agreed to have the wedding ceremony performed on the Ypsilanti stage. The marriage license was taken out at the county clerk's office this morning.—Dundee Reporter.

If Robt. Drake should trace his lineage back far enough we have no doubt but that Nimrod would be discovered to be an ancestor of his. His hunting blood asserted itself last Thursday when he saw a huge white bird swimming about on the surface of Two-Mile lake and creeping up to the shore behind a hill he shot the peculiar bird. It measured 6 ft. 10 inches from tip to tip, and stood 4 ft. 4 inches tall. Its coal black feet (webbed) and black spoon bill made a strong contrast with the snowy whiteness of its feathers. It proved to be a rare bird in these parts, a species of white swan. A texadermist is mounting it at Ann Arbor.—Onsted News.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in ¾-pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from all injurious chemicals. If your grocer tries to sell you a 12 oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 ozs." Demand Defiance and save much time and money and the annoyance of the iron sticking. Defiance never sticks.

There seems to be no limit to the variety of styles in ladies neckwear. There are so many pretty creations it is hard to say which are the most popular for they are all selling. The New York store is showing an extensive line in lace collars, both stock and shoulder style, embroidered linen and chiffon stocks, sets of collars and cuffs and many dainty styles of embroidered turn overs. The most up to date line in town.

"A Romance of Coon Hollow" will be played at the New Bradley, on Friday April 29. Don't fail to see it. Prices 25, 35, 50, and 75c.

Mrs. Jehiel Davidson, who has been visiting relatives in Jackson, Kalamazoo and Ypsilanti for the past two months, returned home yesterday afternoon.

A drama flavored with the breezy local color of Tennessee life describes "A Romance of Coon Hollow" which will be played at the New Bradley Friday, April 29.

Ladies tailor made suits just opened (the Printzess) the best made, most stylish garment, ordered especially for Easter. Come and see them at Harris & Hiteshu's.

Walter Clark of Ridgeway, died April 21, 1904. He was born Nov. 8, 1864 making him 39 years, 5 months, 13 days of age at the time of his death. His death was caused by chronic bronchitis.

Patrick Breen died in Detroit Saturday afternoon after an illness of only a few days, aged 71 years. His remains were brought here Saturday and taken to the home of his daughter, Mrs. Chas. Heck, where the funeral was held yesterday. Interment at Brookside.

J. L. Waldo died yesterday morning after an illness of several months, aged 84 years. Mr. Waldo was stricken with paralysis some time ago, which rendered him almost helpless. The funeral will be held tomorrow at ten o'clock from the house, Rev. W. F. Jones officiating.

Benjamin Lamkin, formerly a member of Co. H. Eighteenth Michigan Infantry, died Feb. 11, 1904. March 2, 1904 his widow made applications for a pension through the agency of Col. Robbins and official notice has been received that the claim is allowed at $12 per month from February 12, 1904.—Adrian Telegram.

A number of the friends and neighbors of Mr. and Mrs. Earle Updyke accompanied by the lady Maccabees, gave them a kitchen shower last Saturday night. Several nice pieces of kitchen ware were received. Mr. and Mrs Updyke are going to house-keeping in Mr. Williamson's house on Pottawatamie street. Ice cream and cake was served.

Ready made aprons, full width and length, made from Amoskeag gingham, plain or ruffled, in four different styles at 25c, 30c, 35c and 50c. These are not a factory made apron. Sold only at the New York store.

Capt. Jim Dodge, the whilom drummer of Adrian, was over here playing for the party last Friday night, and when he came in the HERALD office the next morning remarked that they had a very nice party last evening and a number of people were over from Adrian. "Well Jim," said I "give me the names of all those over from Adrian and I will put them in the paper." "Well," said Jim "coming to names I was on hand." The next morning I read in the Adrian Telegram that the society people of Tecumseh gave a grand party, which was attended by 78 couples. As a matter of fact there were 14 couples at the dance. It must be that the Adrian reporters talk frequently with such men as our friend "Jim" and they should not be blamed for lying.

Master John Garry Blocker celebrated his second birthday Saturday afternoon in a very happy manner by giving a party to fifteen little guests. The hours from three to six were made to pass pleasantly, the dainty three course luncheon completing the pleasure of the little host and his tiny guests. The luncheon table was pretty; a small birthday cake with two candles occupied the center. Each little guest received a favor, the little girls were given tiny dolls dressed in red, while the little boys received soldier dolls. Master Blocker received a number of pretty presents, among them were flowers and silver spoons. His guests were Marjory Rosacrans, Alice Hardenburg, Norma Simmons, Joselyn Bowen, Merritt Conklin, Robert Moore, Stanley Jones, Marcus Fisher, Marvin Gray, Rolland Maddox, and Junior Mead. The following four sent regrets, Muriel Halliday, Roberta Lowe, Gertrude Sheldon and Perry Hayden.

The Big Production "Coon Hollow."

A natural, consistent comedy drama, flavored with the breezy local color of Tennessee life, and permeated with the soft southern atmosphere of its valleys, is "A Romance of Coon Hollow," which will be seen at the New Bradley with a wealth of scenery and mechanical effects and one of the largest acting companies on the American stage. This pretty ideal is a mirror of Southern life, a study of people ever interesting. The success of the play, now in its tenth season, lies in its splendid construction, and in a rich humor that is natural and infectious. The realistic mechanical effects used in elaborating the work and to its interest. The story finds its origin in the romantic glen in East Tennessee known as "Coon Hollow". Among the magnificent scenic effects are a steamboat race on the Mississippi at night, between the Robert E. Lee and the Natchez, both boats lighted up and under full head of steam; a ponderous cotton compress in operation, and a moonlight view of "Coon Hollow", painted from life. A band of plantation darkies are also seen in the songs, dances and antics that make the colored race a humorous factor in history. "A Romance of Coon Hollow" is now in its tenth year on the road, and that fact alone reveals its merit. The date here is Friday, April 29.

Charles Munson Dickinson.

Charles Munson Dickinson was born in Randolph, Portage county, Ohio, on July 4th, 1856. He was twice married, first to Miss Mary McEnterfer July 1880, the second time to Miss Sadie Mitchell on Sept. 28, 1898, who survives him. He had no children. He died April 20, 1904, in St. Mary's hospital, Detroit, Mich., and was buried from the Presbyterian church in Tecumseh, April 22, 1904, Rev. E. Sedweek of the Methodist Episcopal church, officiating.

The history of the ancestry of the diseased is full of interest. His forefathers moved to this country from England in the year 1637. The line of descent is traced directly from Nathaniel Dickinson 1637 to the diseased. They come of that good substantial stock that has always proved its worth in the time of need. The family having been represented on the field of struggle in the three great wars of our nation. First in the revolutionary war, then in the conflict of 1812, then again by the father of the diseased in the great civil war within our own borders.

Coming of such a family lineage the diseased could not help but have some splendid traits of character. He was sober and industrious never indulging in the use of liquors or tobacco. He began to work for himself at the age of 15 as a farm hand, since then by personal application and industry he has won his own way, and when he died he left behind him a prosperous business. He was not a member of any church, but was inclined at one time to join the Friend's church and would have done so but for the difficulty of having to keep his meat market open on Sunday mornings.

When he was informed at last that he must die as he lay in the hospital in Detroit he expressed his willingness to go and repeated the words of the psalmist, "The Lord is my shepherd I shall not want." Rev. Shaw, a methodist minister of Detroit, offered prayer, and he passed to his reward.

CARD OF THANKS.

We wish to express our deep thanks and gratitude to the kind friends for their sincere interest and needed assistance at the death of our husband and son. We thank especially the members of the Royal Arcanum, Rev. Sedweek and the singers.

A PAPER

Read by

MRS J. R. HIALEY

At the Monday Club Reception, Subject. "Tecumseh's Schools and Educational Advantages, Past and Present.

"Many shall go to and fro and knowledge shall increase." Surely it would seem that the latter part of the nineteenth century has witnessed the fulfillment of this prophesy.

From the time that Washington boasted of a system that proposes to furnish the means of education to every child of the republic, the education sp'rit has been a prominent characteristic of our people. Amid all our national vicissitudes and struggles, defending the flag from foes without and within, cutting down the forests to make farms for cultivation and clearing up waste places to make them habitable, we have never lost our educational enterprise. But we cannot limit the term education to the work of the school, for it is a term of much wider meaning.

All humane institutions educate, the family, the school, civil society, the state, the church, all leave educative powers peculiar to them. Professional teachers are not the only teachers, there are teachers everywhere. "Society" says Emerson "is a school, all are teachers and pupils in turn." And the people of our own town are no exception to this rule.

The founders of Tecumseh were descended from the most enlightened and Christian portions of Europe therefore the establishment of schools for the benefit of their posterity, was early an object dear to their hearts.

Actuated by this feeling the Messrs. Evans and Brown, having constructed a house in which to live proceeded to erect a schoolhouse for their children. It was constructed of tamarack poles and stood not far from where now stands the paper mill. Here Mrs. Mary Spofford taught the first school ever organized in Lenawee county in the winter of 1824 and 25.

In 1826 a school house was built by the contributions of a few individuals on the public square on Maumee street a little south of where now stands the east branch school. This was a frame building eighteen by twenty feet and it was the only village school until 1832.

In this year on the 25th of September, Mr. LeBaron, then a young man opened a private school on the ridge a little beyond Evans creek and Miss Tribou who afterwards became Mrs. LeBaron, acted as his assistant. The following year Mr. LeBaron moved his school to the court house where he conducted it until Nov. 25, 1836. He then sold his furniture and business to Dr. Workman who continued the institution until sometime in 1837 when it passed into the hands of Mr. Perely Bills, who from that time to the end of his life was an enthusiastic patron of our schools devoting time and money for their support and success.

Under Mr. Bill's supervision the school ranked high and several students passed on into college. The school continued about three years and in 1839 a branch of the State University was opened in Tecumseh which was continued three years, the principles all being appointed by the Regents of the University. The institution was then discontinued by the state and the school was then conducted by Benjamin L. Baxter, Joseph Estabrook and others until about 1840 when the primary fund of the state promoted the organization of primary schools were instituted in our village and houses built of brick were erected in their respective localities in these houses schools were maintained until 1853 when a union school was organized embracing the entire village and some adjoining territory.

Up to this time the high school had been kept in the court house and as a private enterprise. But the court house being too small for the wants of the new organization, in 1854 the subject of building a new and convenient edifice was seriously agitated and in 1855 a site was purchased on the northwest corner of Ottawa and Shawnee streets, the building put under contract and the next year it was completed. Well do I remember with what pride and joy we entered our new and beautiful ship union.

We set sail well equiped with teachers guided by Prof. Perry, who soon proved to be inefficient and left us for other fields of labor and then came our good old Prof. Lawton, of whom I love to think and speak and there are others here today who remember him as well as I do. The most of my school days were spent under his instruction. The moral lectures he used to give us when assembled for chapel exercises in the morning were well worth a half a dollar a piece.

Since that time as necessity required we have added two other buildings the east and west branches and still another is much needed as I have reason to know for I was one of a committee sent out by the Research circle to visit the north branch school to ascertain if there was anything we could do for that school and was informed by the teacher there was nothing unless we could build a new school so that was beyond our means we retired.

The year 1866 witnessed the first graduating class, before that time individuals had been prepared for college and since that time classes have passed out each year giving credit to both parents and teachers while at the present time we have no higher ambitions, no greater longings for improvement than we had fifty years ago we leave greater facilities for reaching the goal than we had theirs.

Our womans' literary clubs, our library, the farmers' literary organization, all help to educate and broaden our minds. Children ten and twelve years of age at the present time are much farther advanced than children of the same were forty and fifty years ago and if improvement goes on as rapidly in the future I sometimes think that children will be born already educated. But not withstanding all of this intelligence there is much ignorance and superstition yet to overcome.

HYOMEI'S SUCCESS IN TECUMSEH.

Cured many serious cases of Catarrh. C. A. Wright will refund money if it fails.

No other medicine or treatment for catarrh has ever achieved such quick or remarkable success in Tecumseh as Hyomei. The fact that C. A. Wright when he first introduced Hyomei sold it under a postive guarantee to refund the money in case it did not cure contributed largely to its succesful introduction. A guarantee from a firm like C. A. Wright's gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it: that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh the balsamair of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommend it far and near. Its success here in Tecumseh has been remarkable and C. A. Wright is still selling it on his personal guarantee to refund the money in case it does not give satisfaction.

WHEN BABY IS COMING USE Mother's Friend

Woman's greatest dream of beauty and glory is when nature has chosen her to become a mother. Every faculty is keenly alert as she foresees the joy, ambition, success and the life-long satisfaction coming nearer, day by day, in the dear and innocent being so soon to see light, and the uncertainty whether she shall see a sweet girl or a brave boy face beside her on the pillow adds zest to her expectancy. **Mother's Friend** applied externally throughout pregnancy will relieve the pain of parturition, and no mother and child can fail to be healthy, hearty, strong, clear complexioned, pure blooded and cheerful in disposition, who are mutually influenced by the continued use of this great liniment, MOTHER'S FRIEND. Buy of druggists, $1.00 per bottle. Our treatise "Motherhood" mailed free.

Your Friends and Neighbors in Tecumseh will show you how.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—

They cure sick kidneys.

Here is Tecumseh proof that this is so.

Mrs. J. H. Welch, who resided in the southwestern section of Tecumseh, says: "I wish to express my gratitude for the benefit derived from the use of Doan's Kidney Pills. My back troubled me for a long time with a constant dull aching pain across my loins and when stooping or exerting myself it became very sharp. If I took cold it always settled in my kidneys and in the morning I was so lame and stiff that I could hardly attend to my work. I used several simple household remedies but they did not bring relief. Seeing Doan's Kidney Pills recommended and spoken of so highly I concluded to test their merits and got a box at C. A. Wright's drug store. They took right hold of the cause and in a short time the pain in my back was a thing of the past. I can now straighten after bending or stooping without any inconvenience. Doan's Kidney Pills are certainly a wonderful remedy."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

The kind of men and women who patronize matrimonial agencies are not worth the fee.

May Abolish Hanging.

Chicago, April 25.—The execution of condemned criminals by hanging may be abolished throughout the state of Illinois. A bill will be introduced at the next session of the legislature making several changes in the method of execution. Electricity will be substituted for the rope, and the state penitentiary will be named as the spot where condemened men shall be put to death.

Talking Machines Burned Up.

Camden, N. J., April 25.—The interior of the large four story building of the Victor Talking Machine Company of this city was totally destroyed by fire Sunday afternoon, causing a loss estimated by an official of the company at nearly $500,000. The concern carried an insurance of $250,000. Upwards of a half million phonographic disc records and 25,000 talking machines in various stages of completion were destroyed. Thousands of original records which cannot be replaced were also ruined.

STOCKHOLDERS APPROVE

Final Details of Canal Transaction Are Completed.

Paris, April 25.—W. A. Day and Chas. W. Russell, the United States assistant attorney general, and all other American officials who have been engaged in the Panama canal negotiations are being congratulated on the entirely successful results of the transaction and on the overwhelming vote by which the stockholders of the Panama canal company Saturday approved the deed of sale executed by President Bo and Director Bischmann, which makes the transfer complete without further question.

The execution of the transfer prior to the meeting of the stock holders was designed to remove extraneous issues and to simplify the question presented to the meeting to one of approval or non-approval. The actual transfer took place on the evening of April 16, following the receipt of a cablegram stating that the United States senate had passed the Panama canal bill but it was deemed prudent and in the public interest not to make the fact to the transfer public until after the meeting of the stockholders.

Besides the $40,000,000 purchase price the Panama Canal Company has asked consideration for the money spent since the original price was fixed by the isthmian canal commission. It is estimated that the cost of excavation already accomplished was about $27,000,000. After the price was fixed the work of excavation was continued, about one thousand men being employed and the company estimates that an additional $1,000,000 was thus expended. This claim is receiving consideration.

RAINS IN KANSAS.

Caused Serious Floods—Fort Scott Is Inundated.

Fort Scott, Kas., April 25.—Fort Scott is experiencing the most serious flood in its history. Narmaton river and Mill creek, which runs into the former stream here, have risen ten feet in the past 24 hourse, the result of heavy rains. Several hundreds of persons have been rescued in boats. So far as known no lives have been lost. The estimated loss to livestock drowned and property damaged is $100,000.

The wholesale district is completely surrounded and the water in East Wall street is within an inch or two of the business houses. Merchants are removing their stocks to higher places. The Missouri Pacific shops are from three to six feet under water, the Missouri, Kansas and Texas station is surrounded and the water is within a few inches of the Missouri Pacific depot. All the railroads are tied up. Washouts are reported in all directions from Fort Scott. Much damage has been done to farm property and there will be heavy loss by drowning of stock in the lowlands near the city, which are from five to ten feet under water.

It is estimated that 100 persons are homeless.

Stork to Visit Russian Royalty.

St. Petersburg, April 25.—The young empress is taking such intense interest in the dainty little-trousseau which is being prepared under her personal supervision at the winter palace that she no longer appears at public functions. The royal stork is expected to appear on the banks of the Neva late in the summer, and the prayers of all the emperor's subjects will be for an heir to the throne.

Made Printer Leave Town.

St. Joseph, Mich., April 23.—A committee of ten members from St. Joseph lodge of Elks aroused George W. Barnes, a printer employed on one of the daily newspapers, from his slumbers at night and informed him that his presence in the city was displeasing and urged him to leave the city within twelve hours. Barnes, who it is claimed, has been trying to pay undue attention to a prominent lodge member's wife, made no effort to explain, asked no questions and immediately packed all his belongings and left for parts unknown.

Russia Acquires German Boats.

Berlin, April 25.—Once more the kaiser has shown his friendship for Russia by allowing Russia to acquire eight torpedo boats which have been built in a shipyard at Ebling for the German government. The forms of neutrality were observed by the German government refusing to accept the torpedo boats because the time stipulated in the contract with the shipbuilding firm had been exceeded and Russia immediately bought the boats, which are nearly finished, from the builders.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

CHANCE FOR ECONOMY

Considerable Illegal Expense in State National Guard.

ATTORNEY-GENERAL'S OPINION

No Provision For Full Army Pay For State Military Board While In Session—Horse Feed and Visitors Must Also Be Cut Out.

Lansing, Mich., April 28.—An opinion of much importance to the officers of the Michigan National Guard has just been given to Auditor-General Powers by Attorney-General Blair. It is also of not a little importance to the rest of the citizens of Michigan, inasmuch as it means a saving of some money to them.

Auditor-General Powers requested an opinion as to his authority to audit vouchers in payment for per diem services of the officers constituting the state military board while in attendance upon the military meetings of the board, at the rate fixed by the United States army regulations for officers of the army of the same rank in the service of the United States, and also to audit vouchers in payment of expenses incurred for officers' horses and officers' mess during the annual encampment.

In the opinion rendered Attorney General Blair quotes the Michigan statute which provides that commissioned officers in the state militia shall be entitled to pay as fixed by the United States "when called into service in case of war, rebellion, invasion, the prevention of invasion, the suppression of riots, tumults and breaches of the peace; when called upon to aid civil officers in the execution of the law and the service of process; when on duty at the annual state encampment, and when on duty under orders of the commander-in-chief."

The attorney-general holds that no provision is made for the payment of compensation at this rate to members of the state military board for services performed by them in attending meetings of the board.

Cut It All Out.

With reference to the expense incurred for officers' horses and officers' mess at the annual encampment, the attorney-general expresses the opinion that these are not proper items for allowance. Commissioned officers of the same rank in the service of the United States are required to furnish their own horses and are not entitled to subsistence at the expense of the government, and the attorney-general declares that it necessarily follows that commissioned officers of the state militia, while on duty at the annual encampment are not entitled to horse or subsistence at the expense of the government.

"You also state in your communication," says the attorney-general, "that it is represented that the expense of the officers' mess and headquarters' mess is to a great extent incurred in entertaining various state officials, newspaper reporters and other visitors at the annual encampment. No provision is made by law, however, for furnishing subsistence at the annual encampment to those in no way connected with the state militia, at the expense of the state, and the expenditure of money for that purpose is unauthorized. As these several items represent expenditures for unlawful purposes, the state military board in auditing the accounts therefor acts without authority, and you are, in my opinion, as auditor-general of the state of Michigan authorized to reject such items and exclude them from the vouchers presented to you for audit."

Warm Time Over School Matters.

Lansing, Mich., April 28.—The work of tearing down the Townsend street school building, recently condemned as unsafe, was commenced Wednesday morning by direction of the board of education. At noon Circuit Judge Wiest, acting upon the petition of a number of heavy taxpayers, enjoined the work. The petitioners contend that the question of demolishing the building should first be passed upon by the taxpayers of the city or school district. There will be a school meeting Friday night and it promises to be a warm one. It is called for the purpose of voting money for a new building to replace the one named above.

Peach Crop Ruined.

Hudson, Mich., April 28.—The farmers in this section of southern Michigan who have depended upon their peach crop every year as a source of profitable revenue are doomed to disappointment this season, as the crop of 1904 will be practically a total failure. There will not be half a dozen bushels of peaches harvested this year where the yield in previous years amounted to thousands of bushels. The severe cold weather of the past winter has completely destroyed the buds and hundreds of acres of orchards will bear no fruit at all.

British Lose Congo Territory.

London, April 28.—The Associated Press understands that one of the most important results of the delimitation work in East Africa along the Anglo-German-Congo frontier, west of Victoria Nyanza, is the discovery that the whole of Albert Edward Nyanza belongs to the Congo Independent state. As a result Great Britain loses an important strip of territory, including the valuable salt deposits north of Lake Albert Edward. It is also announced that the mouth of Kagera river is in British territory. Hitherto it has been believed to be in German territory.

A Thoughtful Man.

M. M. Austin of Winchester, Ind. knew what to do in the hour of need His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c, at C. A. Wright's drug store.

PUT DYNAMITE IN OVEN

Careless Corunna Farmer and His Child Killed.

WIFE AND BABIES INJURED

Had Used Deadly Explosive to Blow Out Stumps—Stuff Had Become Damp—House Reduced to Kindling Wood.

Corunna, Mich., April 27.—William Francis and his baby were killed and Mrs. Francis and two other children badly hurt by an explosion of dynamite that destroyed the Francis home near Corunna. Francis had a quantity of dynamite for use in blowing out stumps and placed some of the explosive in the oven of the stove to dry. It exploded with terrific force.

Farmer Francis, a well-to-do young land owner, had been engaged for some days in removing stumps from a piece of new land. To make the stump digging easier dynamite was used, and it had proved very successful in blowing the biggest and "rootiest" stumps clean out of the ground.

Francis found that the dynamite was slightly damp, failing to explode with the ease desired, so he returned to the house from the field, carrying the 25-pound package of dynamite sticks in his hand. There was a low fire in the kitchen stove and into the oven the deadly sticks went.

That was the last Francis thought about it, until with a blinding flash and a deafening roar the side of the cook stove came chasing a door through the sitting room wall—and the consciousness of a neighbor's bed bloody, in awful pain, and his wife, even worse off, lying on a bed in the next room.

The terrible force of the explosion made kindling wood of the farm house and one of the strange freaks of the suddenly released force was the stripping of one heavy shoe from Francis' foot without injury to the foot itself. Both Francis and his wife were nearly denuded.

The father and one child lived but a short time. The mother and child are in a serious condition.

BUNCH OF PAROLES.

Governor Bliss Is Lenient In Many Cases.

Lansing, Mich., April 27.—Governor Bliss has granted paroles in the following cases: John W. Weaver, sent from St. Joseph county April 6, 1893, to Jackson prison for 20 years for murder, second degree.

John Henry, sent from St. Clair county Feb. 5, 1901, to Marquette prison for five years for larceny.

Irwin Mattison, sent from Kalamazoo Dec. 12, 1900, to Jackson prison for five years for horse stealing.

John Lynch, sent from Calhoun county May 12, 1902, to Jackson prison for three years for grand larceny.

Albert Cone, sent from Monroe June 8 1901, to Jackson prison for five years.

A commutation of sentence was granted in the case of Frank Smith, sent from Ingham county in June, 1900, to Jackson prison for five years for stealing wool. His sentence would expire in July, but he will be realased at once.

Tuberculosis Congress Delegates.

Lansing, Mich., April 27.—The following delegates have been named by Governor Bliss to attend the American International Congress on Tuberculosis, to be held at St. Louis Oct. 3, 4 and 5, 1904, to serve as such without expense to the state: Ernest L. Shurly, Oscar LeSeure, F. Lydston Newman, Charles T. McClintock, Charles G. Jennings, all of Detroit; Lyman W. Bliss, Saginaw; Joseph H. Cowell Saginaw; Victor C. Vaughan, Ann Arbor; George Dock, Ann Arbor; Oscar R. Long, Ionia; Henry C. Maynard Hartford; B. D. Harrison, Sault Ste. Marie; J. B. Whinery, Grand Rapids, Benjamin F. Horner, Lake Odessa; H. J. Hartz and Louis J. Rosenburg, Detroit.

Divorced and Remarried.

Menominee, Mich., April 27.—William Fry and wife of Oconto Falls, Wis., were divorced and remarried inside of four days, the reuniting knot being tied in Menominee. Fye was granted a divorce from his wife, Mary in circuit court in Oconto county last Saturday. In settling the matter he gave her all of his property, including a valuable farm near the village of Oconto Falls, but it seems that when they were "alone in the world" their love returned and on Tuesday the couple came to Menominee where they would not have to wait the five days required by law in Wisconsin, and were again united in marriage.

Weds Russian Count.

Flint, Mich., April 27.—Miss Bertha Christy, who was born in Flint and secured her early education in this city, will on Monday next become a baroness of the land of the czar when she becomes the wife of Baron Alexander de Fredericksz. The ceremony by which Miss Christy takes rank in the nobility of the Russian empire will be solemnized in the Russian church in Paris. Invitations for the wedding were received in this city. The bride-elect is a granddaughter of the late Governor Crapo and is closely related to the family of Dr. J. C. Willson, the Orrells, the Willetts and the Durants.

Another Freak of the Cold.

Quincy, Mich., April 28.—The extreme cold weather of the past winter has played havoc with the maple shade trees all through this part of the state. The cold caused the limbs to burst open, allowing the sap to run freely. This is the first occurrence of the kind known by the oldest inhabitants. Experts are unable to state whether or not it will kill the trees.

Michigan Postmasters.

Washington, April 28.—The senate in executive session confirmed the nominations as postmasters of Henry S. Wickware, Cass City, and Arthur H. Hawkins, Clayton.

Japanese Troops Repulsed In Efforts to Cross Yalu.

GUNBOATS FORCED TO FLEE

Paris Dispatch Reports Sinking of Jap Transport and Loss of Six Hundred Men—Russian General Staff Sums Up Situation.

Liao Yang, April 28.—The Japanese troops, which crossed the Yalu north of Euitjio (Tchangdjiou?), charged during the night of April 26-27 the Rusian position near Lizavena, a village on the Manchurian bank of the Yalu. They were repulsed, but their loss is not known.

The gunboats steamed up the river to the support of the Japanese when a Russian field battery at Amisan opened upon them, resulting in a duel which lasted for twenty minutes. The Russian fire was too hot and the gunboats were forced to turn and steam out of range.

The Japanese were facilitated in crossing by their occupation of the island of Samalinda.

Paris, April 28.—The St. Petersburg correspondent of the Journal reports that a Russian submarine boat has sunk a Japanese transport which was conveying 600 men to Korea and that all the troops were lost.

St. Petersburg, April 28.—Disappointment prevails in St. Petersburg that no official dispatches giving details of the operations on the Yalu river have yet been made public. The press dispatches are so meager as to becloud rather than enlighten the people, who are hourly awaiting news.

The Associated Press has obtained from the general staff the following clear statement of the situation:

"Before beginning the passage of the Yalu the Japanese evidently completed the concentration of two armies along the river, commanded by Generals Kuroki and Oku. Each army is composed of three divisions and three reserve brigades. The total force is 100,000. The Russians on the Manchurian bank of the river are inferior in strength.

"Having perfected the essential preparations the Japanese, without waste of time, commenced the passage of the river, and the Russians realized that it would be impossible to prevent their crossing. The Japanese front extended from Wiju as far as Picktong, over eighty miles. We faced the possibility that they would cross at a score of places and all we could hope was to harrass and impede the crossing, for every day gained enabled us to push our preparations and bring up more men.

"We know that the Japanese crossed at least two points. Their first attempt to force a passage near Chand-Che-Know, twenty miles above Wiju, near Siaopoussikhe on the Poussikhe, a tributary of the Yalu, was successful. This is important because a road leads from Siaopussikhe northeast to Kwan-Tien, which commands one of the roads to Mukden.

"At Turenchen our outposts directed a fire from a field piece so successfully that they destroyed the moorings and wrecked the pontoons. The enemy was thrown into disorder and suffered considerable loss.

"With regard to future operations we cannot speak. The Russians will not show their hand at this stage, but will continually harrass the enemy choosing their own time for a battle."

Rushing Work at the Fair.

St. Louis, April 28.—Thirty thousand men form the army of laborers and artisans who are rushing to completion the work of putting the world's fair in order for the opening day. The force is being increased a rapidly as men can be hired, practically every applicant being put to work. Three thousand more men have been added to the regular night force in handling the exhibits and working on the roadways and landscape department. Every day the force will be added to and by Friday night it is expected that upward of forty thousand men will be doing the work of the final cleaning.

Presidents' Letters Auctioned Off.

Boston, April 28.—Autograph letters of the presidents of the United States from Washington to McKinley and of the members of their cabinet, together with historical documents and letters, and letters of the signers of the declaration of independence, were sold at auction at Libbies Wednesday. Good prices were realized. A complete set of autograph letters of the presidents, sold separately, brought $248.75, the prices paid for the individual items varying from $56 for a Washington letter to $1.50 for one by Garfield. Some of the prices were: John Adams $17; Jefferson, $11; Taylor, $15; Lincoln, $16; Johnson, $16; Grant, $44, and McKinley, $5.

Grant's Birthday Celebrated.

Galena, Ill., April 28.—The twelfth annual celebration of General U. S. Grant's birthday was held here Wednesday. Bishop Samuel Fallows of Chicago made the principal address and paid a glowing tribute to the great commander, under whom he fought in the civil war. General Fred D. Grant and wife were prominent among those present. The feature of the day was the presentation of General Grant to the city of Galena of the residence formerly owned and occupied by his distinguished father.

POLITICS IN HOUSE

One Session Devoted to Republican and Democratic Speeches.

LITTLEFIELD AND WILLIAMS

On the Platform—Senate Cleans Up on Reports of Conference Committees—Agreement Reached on Bill For Government Canal Zone.

Washington, April 28.—In the presence of crowded galleries and of almost a full membership, Messrs. Littlefield of Maine and Williams of Mississippi in the house Wednesday made speeches intended for the coming presidential campaign. The two speakers were wildly applauded by their respective sides but there was an absence of personalities such as characterized the clash between Messrs. Dalzell and Cockran. Indeed, the best of humor prevailed.

Mr. Littlefield continually taunted the democrats with the utterances of Mr. Cockran and by name called on several of the prominent members of the party in the house to answer "yes" or "no" whether they approved Mr. Cockran's tariff views, and whether they intended going before the people on the issue of free trade. He defended the protective tariff system from every point of view.

Mr. Williams, adopting the tactics of Mr. Littlefield, endeavored to force from the republicans and from Mr. Littlefield in particular categorical answers to several questions which he deemed pertinent. Mr. Littlefield answered "yes" when asked if he approved of everything in the McKinley administration, which enabled Mr. Williams to remind him that he (Littlefield) and Mr. Wiliams had stood together in opposition to colonialism. Mr. Williams asserted that the republicans were going before the people "on the issue borrowed from the gamblers' table of standing pat."

The house sat until late in the afternoon and then recessed until 9 o'clock at night.

The attention of the senate was devoted Wednesday to consideration of reports of conference committees, set speeches, passage of bills to which there was little or no objection and an executive session. The session began at 10 o'clock in the morning and continued until 8 in the evening. Final conference reports on the sundry civil general deficiency, postoffice and the military academy appropriation bills were agreed to, practically without opposition.

The conferees on the river and harbor bill reached an agreement late Wednesday afternoon. By the agreement the amount carried by the bill as it passed the house is not increased. The senate receded from all but four of its amendments and two of these simply amended the phraseology of the house bill.

The conferees on the bill for the government of the Panama canal zone reached an agreement late last night. This agreement incorporates the provisions of the house bill, with slight verbal amendments, making the president's authority more specific and the second section of canal bill, which provides for taking possession of the canal strip and the payment of $10,000,000 therefor to the government of Panama. The report will be presented to each house today and when adopted will remove every obstacle to the adjournment of congress.

The first section of the senate bill which is adopted authorizes the president, upon acquisition of the canal property and the payment of $10,000,000 to the republic of Panama, to take possession of and occupy on behalf of the United States a zone of land extending to the distance of five miles on each side of the center line of the canal route.

SPECIAL SESSION TALK.

President May Call It to Pass on Crum Appointment.

Washington, April 28.—President Roosevelt may call an extraordinary session of the senate if final action on the nomination of Dr. W. D. Crum to be collector of the port of Charleston, S. C., is not taken at the present session. He has considered with several of the leading members of the senate the advisability of such action and it is known that some of them, at least, are in favor of the extraordinary session. Senator Alger, with whom the president talked today, said he was in favor of remaining here until the nomination of Dr. Crum was confirmed.

Senators Allison, Aldrich and Spooner had a conference lasting more than an hour last night with the president on the situation in congress, at which the Crum nomination, Panama canal government legislation and other matters, including suggestion of an extra session of senate to consider the Crum nomination, were discussed. All the senators on leaving the White house said an extra session of the senate was very unlikely.

The nomination of William D. Crum to be collector of the port of Charleston, S. C., was considered in an executive session of the senate lasting from 1:35 p. m. to 6:15. A failure to confirm the appointment resulted.

Medical Board Examinations.

Lansing, Mich., April 28.—The state board of medical examiners announced that examinations will be held at the following places: Saginaw, May 9, Bay City, May 10; Alpena, May 11; Cheboygan, May 12; Traverse City, May 13, and Waldron, May 14.

Locomotive Exploded.

Pittsburg, April 28.—Engine No. 2220, of the Baltimore & Ohio railroad, east-bound, exploded while passing Tenth street, Braddock. Three men were fatally injured, three others dangerously hurt and five buildings were wrecked. Two of the houses caught fire and were destroyed.

Proper Apparel

Spring styles in suits are more artistic this season than ever before. **Clothcraft Clothing,** as usual, is the standard of excellence for fabric, shape and finish.

The style shown in the illustration is one that appeals to careful dressers. It has all the characteristics of a custom garment, with the touch of distinctivness which characterizes **Clothcraft Clothing.** You see it in the shape of the collar, the hang of the coat and trousers, in the *atmosphere* that hovers about the entire suit. That's what pleases our customers and gives them the just reputation of being the best dressed men in the community. And $10 to $15 makes that reputation yours. It's worth double the price.

Robbed the Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at C. A. Wright's drug store.

Sues for Five Cents.

Detroit, Mich., April 28.—To recover all of 5 cents Barrister Eddie Barnett has begun suit in the justice courts against the Detroit United Railway. Barnett was a passenger on a Baker owl car Monday night and took a transfer to the Trumbull line, punched for 12:50. It was nearly 1 o'clock before a Trumbull car came along, he declares, and when he presented the transfer the conductor refused to accept it. Reluctantly Barnett paid another fare and now sues to recover the sum.

An Easy Time For Mothers.

Zoa Phora Relieves All Pain and Suffering and Makes the Road for Mothers Smooth.

Trial Bottle Free to Every Woman.

The freedom and relief from pain and suffering that Zoa Phora has brought to women during childbirth alone is enough to render it the greatest blessing of the age to women. In addition to this it cures all irregularities of the sex, misplacements, suppressed and painful periods, leucorrhea, piles, kidney, bladder and liver troubles and regulates the change of life.

Zoa Phora makes the change from maidenhood to womanhood safe and easy and is a matchless remedy for young girls during this critical period of their lives.

The women of America endorse and praise Zoa Phora. All women can secure perfect health and happiness who will use Zoa Phora. All who have used it are now rejoicing in these blessings as their words of praise and gratitude prove. The following letter is only one of thousands which we receive:

Mrs. C. H. Clark, Box 365, Lake View, Mich., says: "I wish to say a few words of praise for Zoa Phora, as it is certainly the best medicine I have ever used for women's troubles. I have suffered with leucorrhea for seven years, and I also fell causing misplacement, from which I suffered for five years. I had a six months birth, which nearly caused death, and ever since I have been sickly.

"Last Christmas one of Dr. Pengelly's books 'Advice to Women,' came within my reach and so highly recommended Zoa Phora, that I decided to try a bottle, and have found the very best of results. February 22d I gave birth to a little girl, and she is strong and smart, and I am in the best of health I have had for over seven years, all from the use of Zoa Phora. I will say anyone who is troubled in like manner or expecting confinement should take Zoa Phora, and it will certainly be of great benefit to them. I know it makes childbirth much easier than without it."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will give gladly free special advice when needed. Zoa Phora is for sale at $1.00 a bottle by—

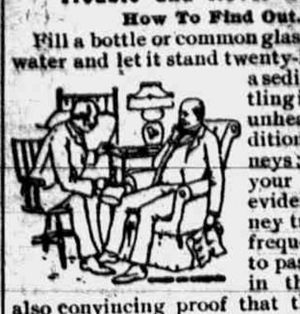
Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.



Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

MURDER IN ASYLUM.

One Lunatic Kills Another For Talking Too Much.

Kalamazoo, Mich., April 27.—"He kept jabberin' and jabberin' and me a tellin' him to stop it, and he wouldn't, and so I gets up and takes 'im by the head and rattles his old snow-top on the floor—and finally his jabberin' stopped. Then I drops hold of him and hops into bed again, thinkin' I could get some sleep."

That was the recital of the lamentable crime committed by George Montague, a supposedly harmless lunatic, which resulted in the death of Dingenas Van Hoft, another patient. Montague's statement was made Tuesday afternoon, when the investigation was held. The assailant is 44 years old; his victim was a white-haired old man 81 years of age, a talkative character, weak-minded but perfectly harmless, who had spent over thirty years at the quiet Brook Farm retreat.

Last Thursday evening the lights were turned down, and the men in the dormitory were asleep by 9:30 o'clock.

Suddenly Van Hoft woke up. He wanted to talk and he began an argument with himself. His droning voice rattled on, seemingly endlessly. It awoke the other sleepers. George Montague was nervous.

Montague slipped out of his bed, passed by the beds of the other occupants of the dormitory, grasped the old talker and pulled him to his doom.

Miss Zora McLarty, daughter of Superintendent McLarty of Brook Farm, hearing the heavy pounding, investigated and discovered Van Hoft lying senseless on the floor. She summoned her father, and he called Dr. Stone, the asylum surgeon.

Van Hoft's skull was fractured and later the old man died. An inquest will be held.

Montague has been placed in solitary confinement, pending disposition of his offense.

RUSSIANS WILL STOP

Missionary Work In the Far East If They Are Victorious.

Grand Rapids, Mich., April 27.—Delegates from sixteen states are present at the thirty-third annual convention of the Woman's Presbyterian Board of the Northwest, which opened its three day session last evening at Westminster church.

The opening address was by the Rev. Dr. A. J. Brown, secretary of the Presbyterian board of missions, who talked of the Russian-Japanese war, and declared that if Russia was victorious Protestant missionary work in China and Korea would be crushed.

Mrs. Henry H. Forsythe of Chicago, president of the society, presided.

Among the missionaries present are Miss Grace C. Glenn of Japan and Miss M. L. Chase of Korea. Both will talk at the sessions.

Dr. Brown said last night that constant requests of would-be missionaries to go to Korea and Japan are being refused now because of lack of funds and also the war situations. Missionaries at present in the work however, will not be recalled.

IN SUPREME COURT.

Bunch of Important Opinions Just Handed Down.

Lansing, Mich., April 27.—The supreme court Tuesday decided the following cases:

Affirmed—Lagoo vs. Eaman; Carpenter vs. Carpenter; Berden vs. Milwaukee Mutual Life Insurance Company; Roup vs. Roup; McNaughton vs. Smith; Payne vs. Union Life Guards; National Loan & Investment vs. City of Detroit; Pike vs. Richardson; Lee vs. Longwell; Board of Education vs. Union Trust Company.

Reversed—Union Trust Co. vs. Preston National bank; Howell vs. Lansing City Electric railway; Pierce vs. Supervisors of Gladwin county; Smitton vs. Siebert; City of Detroit vs. Detroit Railway; Pere Marquette railway vs. Graham.

Modified and affirmed—Sprague vs. Moore; Marx vs. McMorran.

Mandamus was granted in Bowers vs. Chippewa circuit judge, and denied in Phelps vs. auditor-general.

Rehearing was denied in Kline vs. Garland Co.

No More Switching For Him.

Flint, Mich., April 27.—R. P. Countryman of this city was at one time spare switchman in the Pere Marquette local yard and at spare times keeps his hand in by chasing the engine about the yard. Late the other afternoon, after throwing a switch, he attempted to board the fast moving engine by jumping on the footboard on the rear end of the locomotive, but he missed the step and was knocked down and shoved along the track several yards before he was able to draw himself up by catching hold of the tool box. The accident was witnessed by several bystanders, who expected to see Countryman's body mangled at any second. Upon being released Countryman left the yard and will probably devote his spare time somewhere else in the future.

M. F. STEIN

THE FAMOUS OPTICIAN of Detroit,

The eye, when properly cared for affords the keenest delight because of the pleasures we are able to enjoy through its medium. When not cared for and its warnings are unheeded, it becomes an instrument of torture. Headaches, eye pains, burning, itching sensation, strained vision, nervous troubles and many bodily ills are the results accruing from over worked eyes, eyes that need help. My examination reveals all hidden troubles, and it is my province to fit the right glasses to any and all defects of vision. SATISFACTION GUARANTEED BY

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price $1 per box.

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

The reason why
You soon will spy:
CHI-NAMEL is her
old standby.

CHI-NAMEL is a liquid finish for floors, interior woodwork and furniture that is far superior to any other made. It is used by the Chinese to give that fine brilliant finish to their bamboo and other wares, which withstand bending and banging, without cracking or marring the brilliant and glossy finish.

It comes in all the hardwood finishes, such as Oak, Walnut, Cherry, Mahogany, Rosewood, Satinwood, etc., and will withstand hot and cold water and soap.

We will boil it in water for you or pound it with a hammer, and will guarantee that what we sell you will stand the same test.

BOLD ROBBERY

A Gang of Five Men entered the Home of GRANVILLE MILLS,

In Macon, blew up the Safe and escaped with a Large Amount of Money and Valuable Papers.

Wednesday night a party of five men broke into the home of Granville Mills, who resides in Macon, blew open the safe and secured $320 in money and some valuable papers. About one o'clock Mrs. Mills was awakened by a noise down stairs, and awakening Mr. Mills, said she thought there must be some one in the house, but after listening a few minutes, Mr. Mills thought it must be the wind and went back to sleep. Gabriel Mills, who lives with them, slept across the hall from them, and Mrs. Mills thinking that he must be up for some reason, called to him He answered from his room. The noise down stairs continued, and finally they heard the explosion which jarred the whole house.

Mr. Mills and Gabriel at once started down stairs but were ordered back by one of the burglars, who guarded the stairs with revolvers. It is thought that two of them were in the house and three outside, while the work was done by a professional, some one of the gang was familiar with the Mills' residence In a short time the burglars were heard to leave the house and the family went down stairs to investigate.

They found the room in which the safe was, badly damaged by the explosion, windows were broken and plaster knocked from the walls. They had taken every precaution before they left the house, to stop all communications with the neighbors by cutting the telephone wires.

The gang left in two rigs, which they had stolen of James Johnson and Will Smith on their way down to the Mills home. As soon as possible Gabriel drove to Tecumseh and telephoned for Sherriff Shepherd in Adrian, who was on the scene early yesterday morning. They have notified other towns and it seems hardly possible that they could escape. They were traced to Milan yesterday, where the rigs were found, the horses had been turned loose in the woods. It is thought by some that the gang have separated, probably at Milan.

A Great Sensation.

There was a big sensation in Leesville, Ind. when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles, Price 50c, and $1.00. Guaranteed by C. A. Wright druggist. Trial bottles free.

THE CHURCHES.

At the Methodist church Sunday the pastor will preach morning and evening. The morning subject will be "Moral Heroism" In the evening the subject will be "Woman-Recrowned" the second sermon in the series on "The Woman". All are welcome.

ROUND ABOUT US.

A new game is said to be very popular at Battle Creek, called the "Onion social" and is played as follows: The young ladies stand in a row one of them bites a piece out of an onion and the fellows pay ten cents to guess who it is. The correct guesser kisses the other girls while the unsuccessful, kiss the girl who bit the onion. The game has its strong points.—Ex.

Otto Robin, deputy game warden of this county, has been notified that no more money will be spent for the enforcement of the game laws. Another brilliant step in the line of law. There are thousands of dollars spent a hundred times more foolishly every week. The protection of game and fish is far more essential than the fumigating after some diseases and boarding of much of the tramp family.—Saline Observer.

Hillsdale is all stirred up over the disappearance on Monday of last week of Charles Lyons, a young man of excellent habits and who held a good position. He spent the evening at home and about nine o'clock started for the depot to meet a ball team that was expected from North Adams. He stopped at the express office on the way and was not seen afterwards. He did not purchase a railroad ticket and his disappearance is therefore unaccountable.—Hudson Post.

When she gets within the Pearly Gates she will turn 'round to ask St. Peter "Is my halo on straight?"

MASONIC MINSTRELS

At the Masonic Hall last Evening with D. H. C. BOWEN

Or Mr. Hammerhandle, as Interlocutor. A Large Crowd Greeted Them.

The amateur minstrel entertainment given last evening was a grand success. D. H. C. Bowen was interlocutor assisted by a host of the young people of Tecumseh, both male and female and four pickaninnies, who were Bessie Poole, Josephine and Seymour Orr and Howard Wilson. There were a great many more ladies than men interested as it is now conceded that Tecumseh as a town is very shy of young men. As a matter of fact Tecumseh has at the present time, in proportion to the young men, more good looking girls than any other town in the world.

As only Masons and members of the Eastern Star were "expected" to attend this delightful minstrel entertainment it is impossible for the Herald to give a more extended account, but the hall was filled with guests and every one was delightfully entertained.

Miss Rena Lickly, aged 16 years, was killed at Pittsford, Mich., last Thursday by the noon train westward bound, while on her way to school. Her foot caught in a cattle guard and she could not escape.

There has been some annoyance at the high school building because the house has been visited at night, and while there was no great amount of depredation, articles were misplaced or taken, which although of little value, were losses to the owners. An investigation resulted in discovering that a lot of boys were responsible, but they hardly realized the gravity of their acts, and have declared the practice will be discontinued.—Hudson Post.

As announced in these columns last week M. F. Hunter of Clinton, local sales agent for Washtenaw county and Samuel Holmes the resident agent for the Page Fence Co. delivered to customers 2,500 rods of that excellent fence last Saturday. There was no parade but there were a lot of wagons on the streets with rolls of fence in them and upwards of 50 persons were invited by the agents to take dinner with them at the Freeman-house. All seemed satisfied especially after dinner.—Manchester Enterprise.

MACON.

Raynor Scudder is under the doctor's care.

B. S. Scudder was in Detroit on business last Friday.

Leigh Pennington of Palmyra, spent Saturday with Macon friends.

The W. H. M. S. will hold a meeting for the purpose of electing officers next Saturday p. m. at the home of Mrs. G. D. Ellis.

Mr. and Mrs. Lewis Coller and James Hatch went to Dundee last Sunday, to attend the funeral of Will Sears, which occurred at 2 o'clock.

JOHN WHETSEL.

John Whetsel, a widower aged 53 years, becoming despondent partly on account of ill health, committed suicide at his home, Wednesday, April 20, 1904.

He went to Tecumseh in the morning with Fred Ernst and while in town purchased a quantity of coal which Lavern Camburn brought home for him. He rode home with Camburn and while on the way he said, "I will not be here to-morrow, I am going to shoot myself." On reaching home Camburn told his son, Charley Whetsel, who works for him, of his father's remark and told him to go over to his house, which is just across the road, and get his father's revolver. Charley went immediately but on entering the house found his father lying on the floor with his head resting on a pillow, dead. He had removed one mitten, placed the revolver back of the right ear and fired a ball directly into the brain, dying instantly.

He leaves two sons, Charley who works out summers and lives with his father winters, and Albert, who is out west. John was a quiet sort of a man, but a good accommodating neighbor and friend, and his many Macon friends regret his untimely departure.

The funeral services were held from the residence of Mrs. S. J. Camburn, Friday at 10 a. m. Rev. H. C. Colvin conducted the services. The remains were taken to Stony Creek and interred beside those of his wife, who died several years ago.

"Do it Today."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular bottles, 75c. At all druggists.

HYOMEI'S SUCCESS IN TECUMSEH.

Cured many serious cases of Catarrh. C. A. Wright will refund money if it fails.

No other medicine or treatment for catarrh has ever achieved such quick or remarkable success in Tecumseh as Hyomei. The fact that C. A. Wright when he first introduced Hyomei sold it under a postive guarantee to refund the money in case it did not cure contributed largely to its succesful introduction. A guarantee from a firm like C. A. Wright's gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it: that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommend it far and near. Its success here in Tecumseh has been remarkable and C. A. Wright is still selling it on his personal guarantee to refund the money in case it does not give satisfaction

GET INSIDE.

Your Friends and Neighbors in Tecumseh will show you how.

Rubbing the back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside—from the kidneys.

Doan's Kidney Pills get inside—

They cure sick kidneys.

Here is Tecumseh proof that this is so.

Mrs. J. H. Welch, who resided in the southwestern section of Tecumseh, says: "I wish to express my gratitude for the benefit derived from the use of Doan's Kidney Pills. My back troubled me for a long time with a constant dull aching pain across my loins and when stooping or exerting myself it became very sharp. If I took cold it always settled in my kidneys and in the morning I was so lame and stiff that I could hardly attend to my work. I used several simple household remedies but they did not bring relief. Seeing Doan's Kidney Pills recommended and spoken of so highly I concluded to test their merits and got a box at C. A. Wright's drug store. They took right hold of the cause and in a short time the pain in my back was a thing of the past. I can now straighten after bending or stooping without any inconvenience. Doan's Kidney Pills are certainly a wonderful remedy."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Boarding houses drive a lot of their victims to matrimony.

"I had a running, itching sore on my leg. Suffered tortures. Doan's Ointment took away the burning and itching instantly, and quickly effected permanent cure." C. W. Lenhart, Bowling Green, O.

Friends seldom desert a man while his money holds out.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

Though she be sick unto death you will find a powder rag under her pillow.

Warning.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

OPEN TO THE WORLD

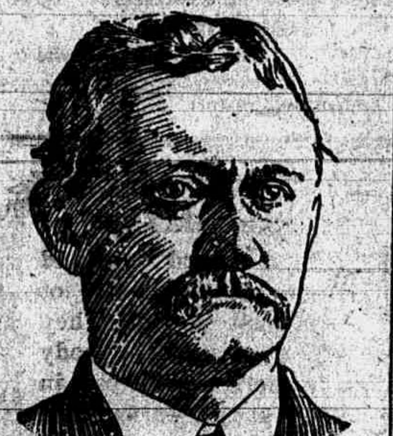
Great Louisiana Purchase Exposition Is Now On.

PRESIDENT PRESSES THE KEY

And Formally Opens the Wonderful Exhibit—Thousands Witness Parades and Ceremony—Day Made a Legal Holiday.

St. Louis, April 30.—St. Louis today observed the great day in her history. At noon her great exposition, upon which the city has lavished millions of money, to which her people have devoted years of their best endeavor, and for which they have labored with infinite patience and persistence, was thrown open to the world. The time for promises and pledges has gone, the day of fulfillment is at hand; and never has any city put forth greater effort to keep the spirit and letter of her pledge than has St. Louis.

All day Friday and all of last night the people worked with desperate energy to accomplish the thousand and one things that always remain to be done at the last moment. At the exposition grounds 30,000 men have worked incessently the past week putting the final touches upon the grounds, buildings, sidewalks, cleaning buildings, removing scaffolds and arranging exhibits, and when the fair opened at noon today everything humanly possibly had been done to advance the work to the farthest limit of preparation. In the downtown streets and in the residence districts the decorations are profuse and beautiful.



DAVID R. FRANCIS,
President of the Louisiana Purchase Exposition.

The exercises were more serious than resplendent. There was comparatively little of the glittering pageant that marked the dedication exercises a year ago, but the ceremonies preceding the formal opening were none the less interesting.

At 9 in the morning all the dignitaries of the exposition met at the administration building and, headed by a band, marched to the Plaza of St. Louis, in the center of the exposition grounds. Representatives of foreign governments met at the hall of congresses at the same hour and paraded to the plaza, arriving at the same moment the exposition officials marching from the opposite direction did. At the same time representatives of state and territorial governments entered the plaza from a third avenue, having previously formed at the United States building. Thousands lined the way and watched these parades.

After the gathering had been formally called to order by President Francis, Rev. Frank W. Gunsaulus of Chicago delivered invocation. At the conclusion of the prayer Director of Works Isaac S. Taylor delivered the keys of the buildings to President Francis, who in turn transferred the buildings to Frederick J. V. Skiff, the director of exhibits. The chorus "Hymn of the West," the words by Edmund Clarence Stedman and music by John Knowles Paine, was then sung by a large chorus and addresses made by the following gentlemen:

The Speakers.

Mayor Wells of St. Louis, Hon. T. T. Carter, president of the national commission; Senator Henry E. Burnham of New Hampshire, in behalf of the United States senate; Congressman James A. Tawney of Minnesota for the national house of representatives; Commissioner-General Albino R. Nuneo of Mexico, in behalf of the foreign commissioners; E. H. Harriman of New York, for the exhibitors. The last speech of the day was by Secretary of War William H. Taft and at its conclusion the signal was given to President Roosevelt in the White house and the golden key was pressed. Instantly the powerful engines were set in motion and the cascades sent down their floods of water, thousands of banners were unfurled from the many buildings and the great Louisiana Purchase Exposition was open to the world. The sight was magnificent.

An enormous crowd was in attendance, excursion trains coming in by the score. The day was declared a legal holiday by Mayor Wells.

Labor Leaders In Trouble.

Grand Rapids, Mich., April 30.—C. P. Shea, international president of the teamsters' union; K. B. Fitzpatrick, first vice-president, and W. Schuck organizer of the Garment Workers' union, were arrested last night on a charge of assault and battery upon a man with whom they had been playing cards at the Clarendon hotel. Shea and Fitzpatrick are here conducting the strike for the local teamsters. They all entered pleas of not guilty and were released upon their own recognizance. The examination is set for next Wednesday.

HUNDREDS WERE SLAIN

Terrible Battle Fought Between Japs and Russians.

LATTER MET SEVERE DEFEAT.

Five Days of Fighting Resulted in Japs Establishing Themselves on the North Bank of the Yalu—Kuroki in Command.

Tokio, May 2.—After five days of fighing, largely with artillery, the first Japanese army, under General Kuroki, has forced a crossing of the Yalu river and Sunday with a gallant infantry charge covering a frontage of four miles it drove the Rusians from Chiu Tien Cheng and the heights on the right bank of the Iho or Aida river, which enters the Yalu from the north almost opposite Wiju. The Japanese turned the left flank of the Russian position and in the battle of Sunday they swept away the new front interposed by the Rusians to check their onward march.

The present position of the Japanese is a dominating one, and they may force the abandonment of the defenses erected by the Russians at Antung and other points lower down the river.

General Kuroki began the movement on Tuesday of last week by ordering a detachment of the imperial guards division to seize the island of Kurito which is in the Yalu above Wiju and a detachment of the second division to seize the island of Kinteito, which is situated below Wiju.

The detachment of the imperial guards met with some resistance but it succeeded in clearing the enemy out and occupied Kurito island. The Russians abandoned the island of Kinteito when attacked by the detachment of the second division.

On Wednesday the Russians resumed the bombardment of Wiju, firing at intervals throughout the day. The Japanese artillery did not respond to this fire. The Russians resumed their bombardment on Thursday but it was generally ineffective. The Russian artillery on the hill behind Chiu Tien Cheng firing at a high angle, opened on Wiju, the island of Kurito and Seikodo, to the south of Wiju, where some Japanese batteries had taken position. This firing continued into Thursday night and General Kuroki reports that while it was ineffective it disturbed the preparations for an attack. The Russians resumed the shelling of Wiju on Friday but the Japanese guns did not reply.

Constructed a Pontoon.

The 12th division of the Japanese army was chosen to make the first crossing of the Yalu river. It began its preparations on Friday by driving the Russians from their position on the bank of the river opposite Suikochin, which is eight miles above Wiju and the point selected for the crossing. This division constructed a pontoon bridge over the river and at 3 o'clock Saturday morning it began crossing. The entire division passed over the river during the day and by 6 o'clock Saturday evening it was in the position assigned to it for the battle of Sunday.

Saturday morning the Chiu Tien Cheng and the Makao batteries of the Russians opened fire and this brought a vigorous response from the Japanese bateries on the Korean side of the river. The Russian guns fired for two hours before they were silenced.

The Japanese losses in the bombardments of Saturday were two men killed and five officers and twenty-two men wounded. A flotilla of gunboats from the squadron of Admiral Hosoya participated in the fighting of Saturday. It encountered a mixed force of Russian infantry, cavalry and artillery on the Manchurian bank of the Yalu below Antung, and after a sharp fight scattered them to the hills.

A bridge across the main stream of the Yalu just above Wiju was completed at 8 o'clock Saturday night and the second Japanese division and the imperial guards immediately began crossing. They advanced and occupied the hills back of Kosan, facing the Russian position on the right bank of the river. All through Saturday night regiment after regiment of Japanese soldiers poured across the bridge and at a late hour Saturday night General Kuroki telegraphed to the general staff of the army:

"I will attack the enemy on May 1 at dawn."

True to his promise General Kuroki at daylight Sunday centered all his artillery on the Russian position between Chiu Tien Cheng and Yoshoko. To this fire the Russians made reply with all their battereies.

At 7 o'clock in the morning the Russian battery at Yoshoko was silenced and half an hour later General Kuroki ordered his line, stretching four miles, to attack. The Japanese infantry on word of command charged across the Iho, wading that stream breast deep and began storming the heights at 15 minutes past 8.

At 9 o'clock they had swept the Russian line back across the plateau.

The reports of this fighting which have been received here do not indicate whether the Russians retire down the river or in the direction of Feng Wang Cheng, on the road to Liao Yang.

The Japanese losses were about 700 killed and wounded. The Russians lost over 800 men. The Japanese captured twenty-eight quick-firing guns, twenty officers and many men. The Russians made two stands.

Recovered After Many Weeks.

Sebewaing, Mich., May 2.—The body of Claude Campbell, who, with R. Meacham, was drowned November 15 last while caring for fish nets, has just been found on Lone Tree island, half a mile from where Meacham's body was found.

Another Jury Sensation.

Detroit, Mich., May 2.—Arthur B. Hall, 939 Twelfth street, has been ordered placed under arrest by Judge Phelan, charged with attempt to tamper with the Parker jury. Hall runs an elevator in the county building.

REAL MURDER MYSTERY

Believed to Have Been Developed at Port Huron.

BODY FOUND IN DEEP DITCH.

Near Tunnel Station—Likely Murdered and Robbed—Identification May Be Made Through Baggage Checks Found on Corpse

Port Huron, Mich., May 2.—What is thought to be a real murder mystery has just developed from the finding of a dead body in a ditch in the railroad tunnel yards near the tunnel station. At first it was supposed to be that of Francis Bennett, a former employe of the tunnel station baggage room, who disappeared last February.

Bennett was locaed however alive and well, and the body is now thought to be that of a man who came from somewhere in Canada and who has not been heard from since he checked a zinc trunk and a telescope through from the tunnel station to Bay City on November 4. Two baggage checks and a Grand Trunk coupon good for passage over the Pere Marquette from here to Bay City were found in the pockets of the clothes, but no watch or other article and no money, except 10 cents far down in the corner of one vest pocket. Nothing was found to indicate the man's name or where he came from. The numbers on the baggage checks are 97082 and 97083.

Rosco Pierce, baggage man, stated that a man answering the description of the body arrived at the station on the date given and after checking his baggage through to Bay City, went away, presumably to walk until his train came in. The baggageman saw him no more and thought nothing more of him. He now finds that the check have not been returned. Word has been sent to the officers at Bay City, but up to a late hour the trunk and telescope have not been located. It is supposed they are in what is known as the "dead room," where baggage is placed when no owner appears to claim it within a reasonable length of time, and it will probably be found soon.

MAY HAVE BEEN ROBBED.

The body, which was buried Sunday afternoon in the potter's field, was that of a man between 50 and 60 years of age, with a gray chin whisker and a heavy mustache. He weighed about 175 pounds and stood 5 feet 9 inches tall. He was dressed in a good black suit and overcoat and wore new lace shoes. The other clothing indicated that the man was well to do, and he may have been killed by robbers. A post mortem examination was impossible on account of the decomposed condition of the body.

Several months ago an elderly woman from somewhere in New York state was in the city looking for her husband, who, she said, was on his way west and had not been heard from for some time. She did not give her name nor residence and nothing more was thought of her visit until the finding of the body occurred. It is now thought that she was the wife of the man whose body has just been found and that when she failed to hear from him she started out to find him.

The local police are working on the case and it is expected they will soon find out the man's name and his former residence. The baggage can be traced with the checks found in the man's pocket and the police hope to establish his identity from the contents of the trunk and telescope. There is practically no clue as to who may have been his murderers, if he was murdered.

Believed Five Perished.

Lansing, Mich., May 2.—There is a strong probability that five men instead of four perished in the Hotel Bryan fire Thursday night. Duane Steele, a laborer who had been employed by Dr. H. B. Baker, and who was a lodger at the ill-fated hotel, has not been seen since the fire. He failed to appear for work yesterday or to collect the wages due him. Steele was seen at the hotel about 7 o'clock on the evening of the fire, and it is thought he was in his room when the blaze broke out. He was about 40 years of age.

Big Grazing Land Deals.

Bay City, Mich., May 2.—The St. Helens Development Company, of St. Helens, Roscommon county, has closed three deals with Chicago parties for grazing lands in northeastern Roscommon. The largest is for 6,400 acres and the others for slightly smaller tracts. All three tracts will be developed into stock farms. The company is operating in Roscommon and Crawford counties, and the development of the grazing lands, which have for years lain idle since the pine was removed is proceeding rapidly.

Detroit Doctor Questions His Sanity

New York, May 2.—Dr. Patrick H. Collins of Detroit, Mich., Sunday appeared at Bellevue hospital here and asked to be examined as to his mental condition. He said he had reason to believe that he was afflicted with hypnotic mania and wished to be taken care of. He was placed in the psychopathic ward and friends in this city with whom he has been staying during the past week were notified.

Mrs. Sara Gibson Bailey.

Mackinac Island, Mich., May 2.—Mrs. Sara Gibson Bailey, wife of Mathew G. Bailey, died at her home Sunday morning after an illness of three weeks. Her husband and four children survive.

Quick Arrest.

J. A. Gulledge of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at C. A. Wright's, druggist.

BLISS AND OTHERS

Dedicate the Michigan Building at the Fair.

St. Louis, May 2.—The first Sunday of the world's fair found the gates tightly closed to the hundreds of people who thronged Forest Park Sunday. Many went to the vicinity of the world's fair grounds half expecting that by some chance they might be admitted to the exposition, while others went merely to wander through Forest park and gaze at the ivory white buildings from without the high board fence which surrounds the 1,200-acre section of the park occupied by the exposition. Although the general public was barred there were a few who were permitted to enter the exposition grounds. They were Secretary of War Taft, Governor Herrick of Ohio, exposition officials and members of the congressional delegation who attended the opening Saturday and the members of the Pennslyvania state commission, who will dedicate the Keystone state building.

While work was generally suspended throughout the grounds in the different exhibit buildings individual exhibitors were busily employed making every effort to hasten the completion of exhibit effects.

Pennsylvania and Michigan have arranged to dedicate their respective state buildings at the world's fair today.

Those who will speak at the Michigan exercises are Governor A. T. Bliss, Frederick B. Smith, president of the state world's fair commission, Chase S. Osborn of Sault Ste. Marie, J. L. Hudson of Detroit, and President Francis of the world's fair.

St. Louis, Mo., May 2.—The Michigan delegation, twenty-four strong, arrived in the world's fair city on a special train Saturday. The Micalganders were met at the Wabash depot outside the grounds by President Francis and staff, and were escorted to the magnificent state building.

President Francis set aside thirty reserved seats in the grand stand for the visitors and the entire delegation including Governor Bliss and staff viewed the opening ceremonies. Governor Bliss was introduced to the gathering by President Francis, and when his name was mentioned the vast multitude cheered long and loud.

Michigan was well represented in the parade of all nations, and President Francis again showed his friendship for the popular executive of the northern state by placing his party in the main division of the procession.

Lipton's Employe Arrested.

Philadelphia, May 2.—John Sheehy, said to have been manager of one of Sir Thomas Lipton's stores in Limerick, Ireland, was arrested last evening as he stepped from the Belgian steamer Friesland and from Liverpool charged with embezzling several hundred pounds sterling from the famous yachtman's establishment. The arrest was made at the instance of the British consul, Mr. Powell. The accused man declares he is innocent and said he was on his way to the St. Louis exposition. He will be given a hearing at once.

Many Colored People There.

Chicago, May 2.—Beginning today and lasting until May 21 will be held in Chicago the 22nd international quadrennial conference of the African Methodist Episcopal church, the largest colored religious organization in the world. Five hundred delegates and more than 2,000 colored religious workers from all parts of the world are here to attend the meeting. At the opening of the conference tomorrow Bishop M. B. Salter of Charleston, S. C., will deliver the quadrennial sermon, after which communion will be administered by Bishop B. T. Tanner.

Clothcraft

Spring styles in suits are more artistic this season than ever before. Clothcraft Clothing, as usual, is the standard of excellence for fabric, shape and finish.

The style shown in the illustration is one that appeals to careful dressers. It has all the characteristics of a custom garment, with the touch of distinctivness which characterizes Clothcraft Clothing. You see it in the shape of the collar, the hang of the coat and trousers, in the atmosphere that hovers about the entire suit. That's what pleases our customers and gives them the just reputation of being the best dressed men in the community. And $10 to $15 makes that reputation yours. It's worth double the price.

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at C. A. Wright's.

Sometimes a man avoids a scrape by letting his whiskers grow.

Ten years in bed.

R. A. Gray, Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available but could get no relief until Foley's Kidney cure was recommended to me. It has been a Godsend to me."

It's a case of quick consumption with the man who bolts his food.

A Cure for Piles.

"I had a bad case of piles," says G. I. Carter of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles giving relief instantly and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequaled for its healing qualities. Eczema and all skin diseases also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by C. A. Wright.

MRS. POLLANY DENEEN, Marine City, Mich.

Mrs. Pollany Deneen, Marine City, Mich., says: "I humbly thank you for the good your medicine has done for me, after suffering for four years with nervous and heart trouble. I would have spells when I would drop down anywhere and would remain unconscious for as long as 24 hours at a time. The doctor said it was a hard case of dropsy and something that could not be cured. I heard of your remedy and took it according to directions and found relief with the first bottle, so I continued it until I had used six bottles and now I am well and able to do a good day's washing, which I could not do before. I can't thank you enough for what your remedy has done for me, and I recommend it to all who suffer, as it is worth its weight in gold to sick women."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at $1.00 a bottle by

A PAPER

Read by

MISS MAY TAYLOR

At the Monday Club Reception on Aunt Laura Haviland's Life and her works.

On the frontispiece of a book written by Laura S. Haviland entitled "A woman's life-work" is an engraving of its author. Underneath are the words "Thine for the oppressed". A most appropriate signature. A truer philanthropist it would be hard to find, or one who more unselfishly and heroically devoted herself to the relief of the suffering and to the aid of those in need.

She was a woman of strong personality and one that would always be remembered after having been heard, yet she was considered insignificant looking was small, and in her later years her face was full of wrinkles and her dress was always plain. Some people look to be more than they are while she was more than she looked to be. In the preface to "A womans life-work" she says "realizing my inability to compete with writers of the 19th century. I have hesitated and delayed until three score and thirteen years are closing over me. I ask an indulgent public to allow my deep and abiding sympathies for the oppressed and sorrowing of every nation, class or color to plead my excuse for sending forth these simple unvarnished facts and experiences, with the prayer that the youth may be encouraged, the middle aged strengthened and aged invigorated in working together with God in rescuing the perishing.

Her father, Daniel Smith, was born in eastern New York and was a man of ability and influence of clear perceptions and strong reasoning powers. Her mother was from Vermont and was of a gentler trim and of a quiet spirit benevolent and kind to all and much beloved by all who knew her. Both were members of the society of Friends. She says "It is due my parents to say, if I have been instrumental through the grace of God in helping the poor and lowly of earth and in relieving suffering humanity it is largely owing to their influence."

Soon after the marriage of her parents they moved to Ontario, here the subject of this sketch was born Dec. 20, 1880. In 1815 her father moved with his family to Cambeia in western New York. She says during the first six years in their new home there was no school within three miles of them and all the instruction she had was a spelling lesson given daily to the two little girls of their nearest neighbor and herself. Their mothers took turns pronouncing the words and they spelled their book through a number of times.

To satisfy her thirst for knowledge she borrowed all the easy readers in the neighborhood. Though her father's books were beyond her years she commenced reading them and became deeply interested in John Woolman's history of the slave trade, of the capture and cruel middle passage of negroes and of the thousands who died on their voyage and were thrown into the sea to be devoured by sharks that followed the slave ships day after day. She says the pictures of those crowded slave ships with the cruelties of the slave system often made her weep. Her sympathies became too deeply enlisted for the poor negroes who were thus enslaved for time to efface.

She became a christian in early life and when 17 years of age was married to Charles Haviland Jr., a young man whose parents were both ministers in the society of "friends" and the marriage was consummated at a Friends meeting in Lockport New York. Four years later they moved to Michigan and settled in Raisin. She and her husband and others united with Elizabeth Margaret Chandler, who organized the first anti-slavery society in the state.

In 1837 Raisin Institute was founded and temporary buildings were erected to accommodate about fifty students. The school was patterned after Oberlin and was open to all of good moral character regardless of sex or color. It was the only school in the state that would open its door to a colored person.

Oberlin College supplied the teachers during the first 12 years. Although they generally had from one to three colored students in the school and abolition principles were very unpopular, yet the thorough dicipline given in the studies drew the young people of the best intellect from the surrounding country. It was frequently said "if they would give up the vexed abolition question and let the negroes alone, Raisin Institute would become the most popular school in the state."

Having a desire to occupy a post near the southern terminus of the underground railroad and with the hope that a cough to which she was subject, would be less troublesome in a milder climate, Aunt Laura decided to spend the winter in Cincinnati doing mission work.

Aunt Laura says, "News reached us one day that a woman crossed the river early and was so near it as to be dangerous for a hiding place." She says, "It fell to my lot to see her in a safe place as soon as the darkness of night would shield us. I took a black Quaker bonnet and a drab shawl and a plain dress skirt in a market basket with which to disguise our fugitive.

I found her in a dark room where I fixed her up for a walk. I instructed her to take my arm as we went and to limp all of the way for we should pass plenty Kentuckians. Thickly veiled we walked half a mile turning short corners to elude watchers, if any from our starting point. I took her to a very intelligent colored family who were well known to us as true friends.

The next day I was informed that the greatest slave hunter in the city had moved next door to where I left Maria. Levi Coffin said, "Laura thou hast left thy fugitive with a good family but in a poor place but wait until tomorrow evening when thou had'st better give her another move." The next evening, her face powdered she again donned her Quaker garb and was taken to Levi Coffin's where she was kept in the attic for two weeks. The reward which was offered for her was $500 at first and then was doubled. Slave hunters were so numerous it was thought best to dress her up for another walk and Aunt Laura took her to a family near 14th street and wrote a letter, in Maria's name, to her master dated it ahead and from Windsor, Canada, West and sent it enclosed in a letter to a friend at that place with instructions to mail it at the date she had given.

This letter convinced her master that she was already in Canada and he withdrew all the hired hunters within 24 hours and Maria was on her journey via the underground railroad for Canada.

Raisin Institute was suspended for a time but after a few years was reopened. The stock holders turned it over to Aunt Laura making her sole proprietor. She purchased for the young men's hall a building that was erected for a water-cure at a cost of $3,000. The building was sold to her for $300. She moved it one mile and repaired it making fifteen rooms and it was well filled the first year. The second year they had over 200 students.

She continued to have frequent calls from fugitives in flight for freedom, whose claims she regarded second to none. She was rejoiced to see the prejudice among the students melt away by an acquaintance with their work.

In the second year of the war when President Lincoln gave a call for troops seventeen of the Raisin Institute boys enlisted. F. M. Olcott, who was principal of the institution, purchased it, which was a happy release to Aunt Laura as a debt of $15,000 was resting over it. Until the third year of the war the school was continued successfully. During the last term of 1863—4, when the condition of our soldiers daily reported as suffering and dying in camp and hospital called for tender nursing, Aunt Laura offered herself for that work.

She gathered together about 2,000 garments for freedmen and hospital supplies for soldiers and with papers from Austin Blair, F. C. Beaman and others, a free pass to Chicago and return and $15 in her pocket she left her home and loved ones and started on her mission. She found great suffering in the camp of freedmen. The officers wished her to persuade these people to go down to the island as they were very loath to go back for fear of being returned to slavery at the close of the war. On the following day when her car load of supplies arrived she went with some misgivings to the general's office and asked for transportation for herself and supplies to Island No. 10. To her surprise he received her pleasantly and granted her request.

At Island No. 10 government provided a physician and dispensary for the freed people. She says, "It would have pleased the donors of my supplies to see me with open boxes taking out garment after garment, measuring and delivering to fifty or a hundred at a time and to listen to the many thanks and hearty 'God bless you' as each garment was taken."

There were very few women nurses in the hospitals and to the sick and wounded soldiers Aunt Laura was an angel of light. She often read portions of scripture to them and knelt by the cot of the suffering and dying. She wrote letters to their friends at home, which was very gratifying to home sick boys.

She secured as companion in her labor the services of Letitia Backus. In September they started on their round of hospital work, distributing supplies to freed men, testaments and tracts to wounded soldiers. Where hospitals were found that were not in proper condition, Aunt Laura would not rest till they were renovated. She secured the release of 3,000 banished union soldiers, who had received their sentence unjustly at the hand of a rebel captain, who came into the union ranks taking the oath of allegiance and was promoted to the position of Judge Advocate, but was a rebel still. Her name should be honored and her memory revered for this act if she had done nothing else worthy of honor.

In June 1864 Aunt Laura was appointed agent for the Freedmen's aid commission at a salary of $40 per month. The first remuneration she had received. But she says seeing unfaithful officers dismissed, prisoners released and the suffering and dying relieved was a satisfaction that far exceeded dollars and cents. Auxiliaries were organized and liberal sums of money and supplies were constantly sent. Raisin Institute was suspended until the close of the war.

The Freedman department at Chicago appealed to Aunt Laura for aid for the thousands of poor whites and freedmen, who poured into Kansas after Gen. Rice raid through Missouri. This was her field of labor for some time and was a laborous one. Supplies were distributed and much suffering relieved. As soon as possible the refugees were scattered through the state and to other states where work and homes were procured. Aunt Laura attended a ladies State fair held in Detroit and exhibited her collection of slave irons and sharp shooters that John Brown carried through the border raffian conflict in Kansas.

While at home she sold Raisin Institute to the State Freedmen's aid commission for an orphans home. They gave it the name of Haviland Home for Homeless and Destitute children.

She returned to Kansas with supplies and started twenty-five children with five mothers on their way to the home in Michigan. As soon as it could be accomplished the two refugee buildings in Leavenworth were closed and she started for Michigan with 75 children. The home was not well supported and it became quite a hinder to those in charge. The State Legislature was petitioned to make this home a state institution, the petition was granted and the orphans home became the State Public school at Coldwater. Mission, temperance and other work she was engaged in I can only mention.

Her name will always be associated with Raisin Institute, underground railroad, hospital work and work among the freedmen and refugees. Surely she was one who loved her fellowmen.

What a fitting memorial for such a person would be found for the education of girls in need of help or as some of the Friends suggested the erection of a dormitory at Raisin Valley Seminary. If she could speak we know she would choose something of this kind. But the majority of those interested prefered a life-size statue of Aunt Laura in her Quaker garb holding a cup from whose hand passers by may quench their thirst with a drink of pure cold water.

I am told that subscriptions for this are coming in but that only $250 has been subscribed, part of this sum is the proceeds from a theater. It is well that Aunt Laura don't know about all this. Surely ten times $250 ought to be easily raised for one whose memory is so revered, if only people could feel that the work to which she devoted her life would be furthered.

Three editions of her book were given to the public and met with a ready sale. Her life was a long one, both in deeds and years. While she rests from her labors her works do follow her.

SCOTT'S EMULSION

Scott's Emulsion is the means of life and of the enjoyment of life of thousands of men, women and children.

To the men Scott's Emulsion gives the flesh and strength so necessary for the cure of consumption and the repairing of body losses from any wasting disease.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Whiskey and Beer Habit

PERMANENTLY CURED BY

"ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

☛ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☚

The true measure of success is eight quarts to the peck.

Taking babies to places of amusement is a crying shame.

When in doubt, don't marry. It isn't a genuine attack.

When the Sap Rises

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure coughs, and colds and gives strength to the lungs. Mrs. G. E. Fenner, of Marion, Ind., says, "I suffered with a cough until I run down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight health and strength." Sold by C. A. Wright.

A man may have more knowledge than a woman, but he is never as wise.

Men who rush the growler are seldom in a hurry themselves.

Neither brain workers nor muscle workers can afford to neglect stomach or bowel disorders. Robust health is not possible where the actions of these organs is faulty. Greene's Little Laxative Beans have most marvelous curative properties and have proven a boon to many sufferers. They will help you.

Purchased on Saturday the

ADAMSON STOCK

Of Jewelry and Books and took possession Monday.

It has been rumored for some time that the Adamson stock was for sale and three weeks since the administrator advertized it for sale in the HERALD. This business has been running in Tecumseh for 30 years. The business has been prosperous all this time, stock has been well kept up and taken care of and as soon as it was known to be for sale it was not long before it was sold and certainly it fell into good hands.

Will Hicks is well and favorably known in Tecumseh and will start in at once with a good trade. He has engaged G. M. Tripp formerly of Adrian, to attend to the watch making part of the business and he is one of the best workman ever in Lenawee county.

As soon as it is possible the store will be redecorated and improved and new goods added to make this the most completly assorted jewlery and book business in Lenawee county. No doubt in the near future will be inaugurated a clearing sale in all departments to get ready for the new stock.

JUNIOR RECEPTION

Held at the home of

BERTRAM WOOD

Last Friday night. Given to the seniors and teachers of the High School.

Biff-ba rizzle razzle, boom!
Tecumseh Juniors,
Give us room.
Shout hurrah
With all your might.
Ra Ra Ra
For the green and white.

The members of the junior class gave a reception to the seniors at the home of Bertram Wood last Friday night. The porch was decorated with Japanese lanterns which presented a pretty sight. The reception hall was decorated in green and white, the junior colors, and the parlor in old rose and white, the senior colors.

The guests about 50 in number, were received at the door by Minnie Lowry, Ethel Babcock, Eolah Brown, Bertram Wood, Arnet Garlinghouse and Floyd Bowen. They were invited up stairs, where in a corner of green and white, with '05 in large figures, Miss Josephine Hayden, Hazel Zimmerman and Dorothy Wood, served the frappe.

The Junior flag also formed a part of the decorations in the reception hall. During the first part of the evening a conversation game was enjoyed after which the following program was rendered. Piano Solo, Miss Leona Beebe; Reading, Eolah Brown; Song, Miss Mc Kenna.

After the program the guests were invited to the dinning room, which was handsomely decorated with smilax and rose and white carnations. Seated at the dinning table were the officers of both classes, Miss Mingay, Miss Hartbeck and Webb Kay, the toastmaster, while the others were seated at small tables. The menu consisted of salad, sandwiches, rose and white cream, cake and nabisco-wafers.

Miss Edna Wright toasted to, "Our Boys."
Bertram Wood—"Our Girls."
Ethel Leonard—"Persimmons."
Arnet Garlinghouse—"Seniors."
Vernor Finch—"Juniors."
James Waldron—"Teachers."
Alice Satterthwaite—"Chaff."
Miss Mingay—"High School."

Their souvenirs were hand painted cards in old rose and white. A music box in the hall, afforded music during the banquet. Before the departure for home the class yells were given and also the high school yell.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by C. A. Wright, druggist. Trial bottles free. Reg. sizes 50c, $1.00.

CLUB NOTES.

Remember the meeting of the "Tecumseh Federation of Clubs" Friday, May 6, 2:30 p. m. at the Monday club room.

Little Elmer had accompanied his father to church one morning and the minister discoursed from the text "Why halt ye between two opinions?" Upon returning home his mother asked him if he remembered the text. "I can't remember the exact words, but it was something about a hawk between two pigeons."—Blissfield Advance.

A woman will broil a steak, says a wise woman who knows, and see that the coffee does not boil over, watch the cat that she does not steal the remnant of meat on the kitchen table, and dress the youngest boy and set the table and see to the roast, and stir the oat meal and give the orders to the butcher, and she can do it all at once and not half try. Man does wonders since he came before the public. He has navigated the ocean, he has penetrated the starry heavens, he has harnessed the lightning and made it pull street cars and light the great cities of the world. But he cannot find a spool of red thread in his wife's work basket, he cannot discover her pocket in a dress hanging in the closet; he cannot hang out clothes and get them on the line right end up. He connot hold the clothes pins in his mouth while he is doing it, either. He cannot sit in a rocking chair without banging the rockers into the baseboard. He cannot put the tidy on the sofa pillow right side out.—Ex.

James L. Waldo.

The name of James L. Waldo stands for one who never did a dishonest deed nor committed an immoral act. To those who knew his motives and guiding principles, it is a synonym for loyalty in whatever relations he met and faced life's issues.

He was born in Elba, N. Y., April 15, 1821; married to Susan V. Rowley in Batavia, January 6. 1846, with whom, as he was wont to say, in these latter years, "I lived fifty-four happy, happy years." He worked on a farm a few years until he came west to Albion, in 1852, where he bought a farm and lived on it for a year, selling it to go to Jackson, Mich., as a keeper in the state prison. A few years later he was deputy warden under William Hammond.

He came to Tecumseh in 1867, where he has since lived until his death which occurred on the morning of April 25, 1904, at eight o'clock. He was unassuming as to any active or prominent preferment in politics, although a staunch republican from the birth of the party. Both he and his wife, who preceded him to the better land by about four years, were well and socially known by nearly all the citizens of Tecumseh, honest and honorable to the fullest extent.

As an older brother, he was cheery, kind and helpful to the younger members of the family, nor were these traits confined to members of the family, but they exercised towards all children of his acquaintance and he continued to exercise these kindly offices even in his old age. There could be no grander consummation in the life of a man, who has transcended the years allotted by the Psalmist, than, that he achieved a cheerful old age.

As a husband, his affection was constant, as a citizen, he ever stood for the best conduct of public affairs and his friendship was as inviolable as Jonathan's and David's and as heroic as Damon's and Pythias'. His life was a pure and simple one among the masses who surrounded him and he, thereby, won the good will of all who worked or played with him. He loved both work and and play and he cultivated his little garden conscientiously and there was no taint of wrong in his play. There was no act of his in his whole life, that was not justified by the laws of man or the revelation from God. His character was stainless as a star.

The church he affiliated with he highly regarded, but he has said that he could only describe his religion as consisting of "Dealing justly, loving mercy and walking humbly with his God.

While he did not acquire wealth by his labor, he did acquire such a character as only will be regarded as imperishable wealth in that final assize, where God is Judge.

"All journeys end in welcome to the the weary." As the shadows lengthen and the school day closes we may well go home joyfully, as the children do when the work behind is well done. And he had finished his work, had set his house in order and was ready for the long vacation or that for which it stands—the new and larger opportunity.

SLEEP.

I lay me down before the rustic gate
That opens on the shadowed land of sleep.
I famish for its fruits and may not wait
To quaff the drowsy waters cool and deep.
I knock, O, Sleep, the comforter! Again
My weakness faints unto thy great caress.
The circling thoughts beat blindly through the brain
With dull persistency of barren pain,
And draws uncertain doubting and distress
To prove that man unto himself is utter weariness.
Upon these withered grasses is no rest,
Thy crimson-dotted mosses are denied.
In dewey vines I see thy portals dressed,
But know that only on the further side
The purple grapes drop over. Take me in!
I do not fear to trust myself to thee,
Waking and danger are of closer kin,
But what hast thou to do with grief and sin?
Imprisoned from myself, I wander free,
And no resplendent sun of noon grants such security.

I would not lie tonight so near thy bars,
If to thy realm fair entrance I may find,
That through them I might view our mortal stars,
Or hear the passing of our pilgrim wind.
Not even would I wish some gentle friend
To lean against them with a loving face,
For rest and life were never willed to blend.
And as I watched the day unto its end,
So would I sleep the night without a trace
Not only of day's grievousness, but even of its grace.

Nor spread my couch within thy garden-beds,
Where fairy forms from out the blossoms glance,
And catch the yellow moonlight on their heads
To shift it swiftly in the swaying dance,
Nor wrap my limbs in thine enchanted cloak
Beneath the tree whose hollow shadows teem
With changing faces of fantastic folk
And dim, dissolving shapes thy wizard oak
Whose every leaf conceals a fabled dream,
Whose dipping bough disturb thy hushed and holy stream.

But take me to thy kingdom's very heart,
O, solemn Sleep, with thee alone to dwell,
In deepest grotto hide me, far apart
From tone or touch, and guard mine eyelids well;
Yea, charm the weary senses deaf and blind
And let me there lie face to face with thee,
So shall the morning cleave the clouds to find
Thy fragrance clinging to my waking mind,
But what thy lips did whisper unto me,
I'll bear too fine for consciousness, too deep for memory.

Then call my footsteps in, O, silent warden,
For even as I plead, night waxes late.
Call thou my feet to rest within the garden,
And lift the latches of the rustic gate.
There grant me shelter till the blushing east
Proclaim another sun whose golden gaze
Shall view me passing, from thy trance released,
With glad heart forth to share the generous feast
Of life, to sun in God's appointed ways,
The songs of weariness all hushed in sweeter songs of praise

ROUND ABOUT US.

W. J. Hampton, of the firm of Hampton & Kimball, proprietors of the Lake View resort at Devil's lake is quarantined at Tipton. His son, Roy, is suffering from a severe attack of diptheria at that place and when Mr. Hampton called to see how the young man was getting along, the township board of health ordered him to remain there until all danger of communicating the disease has passed.—Hudson Gazette.

It is said that a Hillsdale minister, who goes to church from his home in a carriage Sundays received an anonymous letter calling his attention to the fact that the Lord never rode to church in a carriage. The minister read the letter from the pulpit and then said: "If the writer will come to me next Sunday properly saddled and bridled I will gladly follow the Lord's example and come to church as He entered the city of Jerusalem."—Reese Review.

An experiment, not altogether complimentary in its results to the human race, has been in progress at the Bridgeport winter quarters of a circus where scientific tests have been made. It was found that most of the animals in front of which trays containing various kinds of liquors were set, rebelled and refused to touch it. The only animals that did more than taste it were those belonging to either the monkey or hog family. So it seems that the burden of consuming all liquor rests upon the man, the hog, and the monkey.—Onsted News.

Father Hallissey was in Washington last week, the occasion being the presentation to the Catholic University of a check of fifty thousand dollars by the Knights of Columbus for the purpose of endowing a chair of American History. The Knights were entertained royally. President Roosevelt gave a reception to over ten thousand of the knights, who came from all parts of the country. Father Hallissey says the president looks strong and vigorous but somewhat thinner than when he saw him last.—Hudson Gazette.

Mr. Britton, who formerly owned all the land on which the village of Britton is located, put a clause in each deed, when he sold a lot, that there should be no beer, wine or liquor sold there. He has thus prevented a bar or saloon being opened in the village. When he sold a lot for school purposes he neglected to insert that clause, and when the school lot was offered for sale he allowed a man to buy it who will start a saloon. Some of the people seem to think the town will grow faster after that.—Ex.

THIS OUGHT TO CONVINCE

C. A. Wright will pay for Hyomei himself when it fails to cure catarrh.

"If I only knew it to be true, I would not hesitate a moment." This is a thought the average person has when reading the claims of some of the medicines that are advertised as cures for catarrh.

The results from the use of Hyomei are so remarkable in the cure of catarrh, that they seem beyond belief. The fact, though, that C. A. Wright, one of the best known druggists in this section, has so much confidence in the power of Hyomei to cure catarrh that he sells it under his personal guarantee to refund the money if the purchasers can say that it did not help them, ought to convince the most skeptical that Hyomei can be relied upon to cure all catarrhal troubles, no matter how serious or deep-seated.

The complete Hyomei outfit, consisting of a neat inhaler that can be carried in the purse or pocket, a medicine dropper and a bottle of Hyomei, costs only one dollar. Additional bottles of Hyomei can be procured for fifty cents, making it the most economical of treatments.

Catarrhal colds, which are so common at this season of the year, have been cured in a day. Mild cases of catarrh that have become chronic are frequently cured in a week or ten days. Now is the time to begin the use of Hyomei, remembering that C. A. Wright sells every package on a positive guarantee to refund the money if it fails to cure.

HERE'S A BABY

Its Mother is Well.

The baby is healthy because during the period of gestation its mother used the popular and purely vegetable liniment,

Mother's Friend

Mother's Friend is a soothing, softening, relaxing liniment, a muscle maker, invigorator and freshener. It puts new power into the back and hips of a coming mother.

It is applied externally only, there is no dosing and swallowing of nasty drugs, no inward treatment at all.

The state of the mother during gestation may influence the disposition and future of the child; that is one reason why mothers should watch their condition and avoid pain. Her health, that of the child and their lives, depend on keeping free from pain, worry and melancholy. Be of good cheer, strong of heart and peaceful mind. Mother's Friend can and will make you so. Bearing down pains, morning sickness, sore breast and insomnia are all relieved by this wonderful remedy.

Of druggists at $1.00 per bottle.

Local Enthusiasm.

On one subject Tecumseh people grow enthusiastic.

The increase of popular enthusiasm on the following subject is almost daily manifested by public expression and local endorsement. Read what this citizen says and discover the cause for the constant showering of praise which follows in the wake of Doan's Kidney pills.

Henry Keyser, retired farmer and capitalist, residence in the southwestern section of Tecumseh says: "I am thoroughly convinced of the superior merits of this popular remedy, Doan's Kidney Pills. They deserve naught but the highest praise. Before going to C. A. Wright's drug store for a box I had a dull aching pain in my back which had annoyed me for some time and the secretions from my kidneys were unnatural and irregular. To say that I was surprised at the effect is putting it very mildly. In a very short time the trouble disappeared. I never knew a medicine that worked so quickly and satisfactorily."

For sale by all dealers. Price 50 cents per box. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

TWO STILL MISSING.

Death List in Lansing Fire May Number Six.

Lansing, Mich., April 30.—The cause of the fire in the Bryan hotel Thursday night is not definitely known. It was supposed that it started from gasoline in the machine shop, but careful investigation justifies the belief that it was due to spontaneous combustion among the goods stored in the basement. Most of these goods were packed in excelsior.

There were, as nearly as can be estimated, thirty-five guests in the hotel, and thus far thirty-three, including the four that are dead, have been accounted for. A man whose name no one appears to know, but who was called the "Little Irishman," has not been seen and it is believed that he perished in the fire. The work of clearing the building of debris has not yet been finished, and it is barely possible that other bodies may be found.

Prosecuting Attorney McArthur and Coroner Wilbur have been making a careful investigation of the fire. This investigation will be rigidly prosecuted. The inquest has been adjourned until Wednesday evening.

The casualties, so far as known, are:

The dead: Jerome Stiles, porter; James Rea, paver; John Volland, carpenter; Ransom Dingman, old soldier

The injured: Fireman William Boland, Fireman Maynard Campbell, Alex Johnson, George Campbell, William Douglass.

The Bryan building, owned by Rollo K. Bryan, was an old brick structure two stories high and a basement, on Michigan avenue, and four stories high at the rear. The interior was of wood with wooden partitions—a typical fire trap.

George Kline rented portions of the building for a boarding house, the basement being used by the owner's son, Bayard Bryan, as a machine shop and part of the upper stories serving as storage rooms for disused furniture

IN DETROIT.

Fourth Annual Convention of American Catholic Societies.

Detroit, Mich, May 2.—Preparations are well under way for the fourth annual convention of the American Catholic societies in Detroit August 2-5. The event promises to be one of the most representative gatherings of Catholics ever held in the United States. Over one million Catholics will be represented. Representatives from Porto Rico and the Philippines are expected, and the Sioux, Chippewa and Mandan Indians will be represented by Chief Tall Mandan of South Dakota, who will be accompanied by other Catholic Indian chiefs.

Among the prominent national organizations that will send national delegates are the Catholic Order of Foresters, the Catholic Mutual Benefit association, the Young Men's Institute, the Irish Catholic Benevolent Union Catholic Knights of America, Knights of St. John, Catholic Knights and Ladies of America, German Catholic Central Verein and the Western Catholic Union. The Ancient Order of Hibernians, the Young Men's Catholic Union the Catholic Total Abstinence Union the Catholic Benevolent Legion, and several German state leagues will also be represented.

In connection with the convention there will be held a Catholic congress at which addresses will be made by bishops and laymen. Church services will be in charge of Bishop Foley and the clergy of Detroit.

BURNED TO DEATH.

Child of Lansing Couple Met a Terrible Fate.

Lansing, Mich., May 2.—There was another fatal fire here Sunday morning when rooms occupied by Mr. and Mrs. Amos Carr over a small rug factory on Michigan avenue east, near the state house, were completely gutted.

Mrs. Carr went down stairs for a pail of water, leaving her 3-ear-old son alone. She was gone but a moment when she heard the child scream and rushed back to find the hallway and rooms in flames. She was unable to enter to rescue her child and after the fire the firemen found the little one under the bed, where he had crawled to escape the flames after wrapping his head in the blanket. He was pitifull burned from head to foot and died in the afternoon.

The property loss will not exceed $500. The origin of the fire is not known.

Odd Fellows at Flint.

Flint, Mich., May 2.—The fifty-sixth annual session of the grand encampment, I. O. O. F., and the fourteenth annual session of the department council, Patriarchs Militant, of Michigan, will be held in this city this week, commencing this evening and continuing through Tuesday and Wednesday. Full representations of delegates from the subordinate encampments and cantons are assured in advices received by the grand secretary and it is expected that the gathering wil be one of the largest as well as one of the most succesful in the history of the order in this state.

Dog Poisoner at Marshall.

Marshall, Mich., May 2.—The dog poisoner got in his work here Sunday with the result that five canines have gone to the happy hunting grounds. One was a valuable pointer owned by Joseph Mathews and valued at $75 All of the animals were owned by persons in various parts of the city and all showed symptoms of having eaten strychnine.

W. G. Thompson Very Low.

Detroit, Mich., May 2.—W. G. Thompson, ex-mayor of Detroit and prominent in Michigan politics, is lying at the point of death in his apartments at the Lothrop. Since the time when he was run down by a boy on a bicycle Mr. Thompson has been steadily growing worse.

Nerve Fag.

If You Waste Your Nerve Energy, After Awhile You Will Suffer For It.

You can waste nerve force by excess, over-work, worry, anxiety, etc.

You can weaken yourself by not eating proper food or securing sufficient rest to renew the nerve energy you use up.

The proper treatment, in addition to good phosphatic food, such as whole meal bread, prepared cereals, etc., is Dr. Miles' Restorative Nervine.

This is as truly a brain and nerve food as any food you could eat, and besides, furnishes strength and tone of its own, which goes to the weakened nerve system, and sets it to rights.

Dr. Miles' Restorative Nervine is a refreshing, revitalizing tonic food-medicine for the brain and nerves. It reconstructs worn-out nerve tissue, and fills your languid brain with new life and vigor.

Dr. Miles' Nervine has made so many marvelous cures, of people so sick the doctors thought they were incurable, that it is today the standard medicine in many thousands of American homes.

The first bottle is guaranteed to help you, or druggist returns your money.

"The extreme heat, close confinement and intense mental strain incident to the banking business, has caused me to suffer with nervousness and insomnia. It gives me pleasure to say that I have used Dr. Miles' Nervine with very satisfactory results in the treatment of these affections. I am now on my fifth bottle, and eat and sleep well, in fact have almost forgotten that I possess nerves."—R. L. DALBY, Asst. Cashier, State Bank, Texarcana, Ark.

REASONS

Why our Vinol is the Greatest Health Restorer and Strength Creator Known to Medicine.

Because Vinol contains in a concentrated form ALL of the medicinal curative elements found in cod liver oil, but without a drop of oil to nauseate and upset the stomach; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Because we have never sold anything in our store equal to Vinol to restore health and create strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles.

A prominent physician writes:

"Vinol is the most palatable and valuable preparation of cod liver oil ever compounded. I now use it entirely in all cases where I formerly depended upon old-fashioned cod liver oil and emulsions."

Try Vinol on our guarantee to return your money if you are not satisfied.

NEW CHWANG FALLEN

Unconfirmed Report Reaches London Newspapers.

RUSSIANS PROTECT RAILWAY

Find It Necessary to Fall Back—Three to Four Thousand Russians Slain in Yalu River Battles—Japs Attack Port Arthur.

London, May 4.—The Chefoo correspondent of the Daily Chronicle cables the following under yesterday's date: "The Japanese landed troops and attacked and captured New Chwang last evening, the Russians falling back to protect the railway."

The Daily Chronicle's report of the capture of New Chwang is not confirmed from any quarter, and it is hardly likely it is true, as the news could scarcely have reached Chefoo. The official dispatch from Lieut.-Gen. Sakharoff, however, seems to indicate that the Japanese are directing their attention to this point.

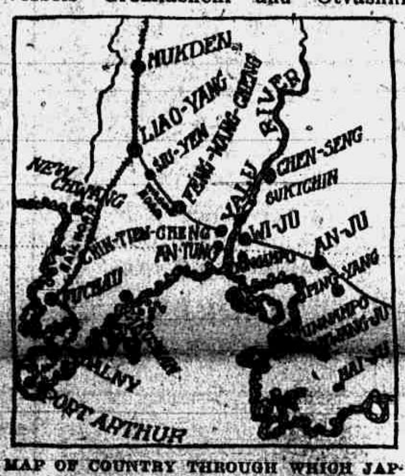
St. Petersburg, May 4.—In a report received by the emperor from General Kuropatkin, under Tuesday's date, it is stated that at least from three to four thousand men were killed in the Yalu river fight.

St. Petersburg, May 4.—Vice Admiral Togo made another desperate attempt to block the entrance at Port Arthur Tuesday, but failed. Viceroy Alexieff sent out a section of the fleet to meet the attack and sank eight fire ships and two Japanese torpedo boats. The channel is reported to be clear.

Viceroy Alexieff reported officially that the Japanese fire ships were all sunk by the Russian torpedo boats and the fire from the land batteries.

The fire ships were discovered by searchlights.

At 1 o'clock this morning five Japanese torpedo boats were sighted and the Russian land batteries and the gunboat Giliak and the coast defense vessels Gremiashchi and Otvashni opened fire and compelled them to retire. Immediately afterwards other Japanese ships were sighted on the horizon. They were headed by a fire ship, which was sunk near the entrance of the harbor at 1:30 a. m.



MAP OF COUNTRY THROUGH WHICH JAPANESE ARE ADVANCING.

After an interval of twenty-five minutes two more fire ships came on and were sent to the bottom.

At 2:25 four more ships approached. Three of these blew up on our mines. Two of these sank immediately and the other two fire ships were sunk by the batteries and war ships.

The protected cruiser Askold participated in the firing.

Fifteen minutes later three more fire ships arrived. One of them blew up on a mine, the second vessel was wrecked on the shore, and the third was sunk by the Russian shells.

Port Arthur, May 4.—The crews of the Japanese fireships which were sunk Tuesday morning while attempting to block the channel tried to save themselves by boats in which they put out to sea. A majority of them were killed by the Russian machine guns and rifles. Some of the survivors were picked up.

At daybreak a number of Japanese were seen clinging to the masts and funnels of the sunken vessels, and these were rescued by the Russians. Thirteen of the wounded Japanese have since died. The Russians supplied the survivors with food and clothing, and the wounded were taken to the hospital ship Mongolia.

Seoul, May 4.—Later reports of the Russian reverse on the Yalu are to the effect that the Japanese captured twenty-eight small rapid fire guns besides twenty field guns. They also captured thirty Russian officers and over 500 men, many of whom were found hiding in the underbrush by Japanese searching parties. Cossack officers who were captured place the number of Russians killed and wounded at 800 but it is thought that this understates the Russian loss, which is believed to be very much greater. The Japanese army is resting, burying its dead and caring for its wounded.

Soo Team Won Contest.

Flint, Mich., May 4.—Canton City of the Straits No. 38, Patriarchs Militant, easily won the three-cornered contest Tuesday afternoon in competition on the drill field, Detroit No. 1 and Hollister No. 20 of Charlotte taking second and third prizes. The opening session of the grand encampment held in the morning reports a showing of 12 per cent increase in the membership and 19 in the finances. A grand parade of visiting cantons preceded the contest. The grand cantonment opened last night, a military ball following. The grand encampment election is slated for today.

OF INCENDIARY ORIGIN

It Is Believed Was Hotel Bryan Fire at Lansing.

NO POSITIVE PROOF AS YET

Attempt to Fire Building Had Been Previously Made—Much Petty Jealousy Evident Among Those Directly Concerned.

Lansing, Mich., May 5.—While testimony thus far given at the inquest in the case of the victims of the Hotel Bryan fire last week, in which five persons perished, lead the authorities to the conclusion that the fire was of incendiary origin, no reliable evidence tending to implicate anyone in such a crime has been forthcoming. There have been plenty of insinuations and innuendoes indulged in by witnesses, but these amount to little more than suspicions, due, for the most part, to petty jealousies.

There can be no question that the incipient fire in the kitchen of the hotel three weeks ago was deliberately set. The testimony of the cook, Mrs. Eva Leith, who discovered the fire and notified Landlord Kline, who aided in extinguishing it, shows that it started in the middle of the kitchen floor, where quite a quantity of paper soaked with kerosene oil was found. The kitchen stove was cold, so that the fire could not have been due to any fire falling from it.

Lovers Quarreled.

About this time Landlord Kline had a quarrel with his wife, who took their children and left her husband because of his infatuation for Mabel Higgins, who subsequently became cook at the hotel and officiated in that capacity at the time of the fatal fire. Mabel had jilted Harry Fitzgerald, with whom she lived as his wife all winter at a boarding house kept by Kline's mother, and it was she who intimated to Kline that Fitzgerald set the fire because of his jealousy. Kline so testified. Fitzgerald was on the stand and denied emphatically all knowledge of the origin of either fire, and accounted for his whereabouts on both nights in such a manner as to impress the authorities with his innocence.

Kline admitted owing Jerome Stiles, one of the victims of the fire, $280. This money was handed to him by Stiles for safekeeping when the latter was forced to go to the hospital several weeks ago, and was never paid back. Kline insisted that he had spent every cent of this money and is now without funds enough to purchase a meal.

Coroner Wilbur has adjourned the inquest until next week Thursday, and in the meantime will endeavor to secure the presence of Mrs. Kline, who is with her parents at Coral, Mich. It is thought that she may be able to throw some light on the matter. There are a number of apparently jealous persons mixed up in the affair and the police are hopeful that some of them may be persuaded to give important information bearing on the origin of the fire.

Burglars Got Scared Out.

Mt. Clemens, Mich., May 5.—When the Fair Haven Savings bank was opened Wednesday morning it was discovered that marauders had made an attempt during the night to rob the vault. Burglars' tools lay about the floor and beside the combination lock, in the vault door, there was a hole drilled to the proper depth for placing a charge of explosive, but some unexplained reason had caused a hasty departure and the vault was unharmed. Between $3,000 and $4,000 in cash, beside valuable papers, were inside.

Will Plant Thousands of Trees.

Lansing, Mich., May 5.—Land Commissioner Wildey and T. W. Garfield of Grand Rapids, members of the state forestry commission, went to Roscommon last night to look after the planting of trees on the state forestry preserve there. Arrangement has been made for planting many thousand trees of various varieties, including 50,000 white pine.

Earnings Greatly Reduced.

Lansing, Mich., May 5.—The effect of the hard winter on the railroads is still being shown in the earnings statement, the Michigan earnings for March being $3,724,087 62, a decrease of $257,246 63 from March, 1903. The total Michigan earnings for the first quarter of 1904 were $10,303,920 01, a decrease of $469,683 17, or 3,939 per cent from the same period of 1903.

Getting Intensely Religious.

Benton Harbor, Mich., May 5.—For two hours Wednesday afternoon every business house, including nineteen saloons, were closed in honor of the revival services being conducted here by Evangelists Lyon and Contles.

Serious Charge Against Laborer.

Ann Arbor, Mich., May 5.—Charles Hahn was arrested here on complaint of Ed Briscoe, a traveling salesman, who charges Hahn with a serious offense against the four-year-old Briscoe girl. Hahn is 19 years old and a laborer.

Young Highwayman Sentenced.

Jackson, Mich., May 5.—Judge Parkinson has sentenced Richard Wyatt, aged 19, to Ionia prison for one to two years for highway robbery.

Revivals a Great Success.

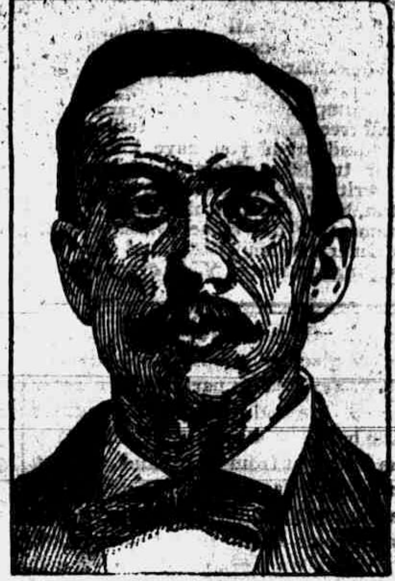
Benton Harbor, Mich., May 4.—The special evangelistic revival services which have been in progress in this city the past two weeks have moved the people as no other religious movement ever did and scores of sinners seek salvation at every meeting. The services are held in a tabernacle with a seating capacity of 2,500 people, built pecially for these meetings, and frequently the building is unable to accommodate the masses who seek admittance to hear Evangelist Melford H. Lyon and Mr. Coultes, the soloist, who has charge of the music, and a chorus choir of about 200 voices.

DIED IN PRISON.

Labor Leader Sam Parks Taken Away by Consumption.

Ossining, N. Y., May 5.—Sam Parks, the New York labor leader, who was sent to Sing Sing prison some months ago after his conviction on a charge of extortion, died in the prison Wednesday. He had consumption at the time of his conviction and had failed rapidly since he was sent to Sing Sing. Only the hospital attendants and one or two hospital officials were at his bedside when he expired.

Parks after his first conviction was brought to the prison on Aug. 27 last.



SAM PARKS,
Noted Labor Leader, Who Died in Prison of Consumption Wednesday.

On securing a new trial he was released on bail Sept. 5. After his second conviction he was brought back to the prison Nov. 6 to serve a term of two years and three months. He was at first put to work in the fiber brush shop, but his condition soon became such that he was admitted to the hospital and was under treatment there to the time of his death.

Parks was prominent for years in labor circles, being a leader in Chicago before coming to New York, and the loyalty to him of his associates was remarkable. He was walking delegate, or business agent, of the local Housesmiths and Bridgemen's union for several years, and it was under his leadership that the big strike of ironworkers in New York last year was inaugurated.

POWDER MILL EXPLOSION.

Causes Death of Four Men and Injury of Two Others.

Newport, Ind., May 5.—A powder mill owned by the Northwestern Powder Co., three miles from Newport, was blown up Wednesday. Four men were killed outright and two were injured.

Ten thousand pounds of powder exploded and the bodies of two of the men were blown into such small pieces that they could not be picked up. The other bodies were not badly mangled. The injured men will recover. The loss on the plant was $7,000.

Gets Porto Rican Judgeship.

Washington, D. C., May 5.—President Roosevelt appointed Adolph Grant Wolf of the District of Columbia to succeed Judge Sulzbachar as associate justice of the supreme court of Porto Rico. Judge Sulzbachar recently was transferred to the United States circuit court in Indian Territory. Mr. Wolf is a son of Simon Wolf of this city, president of the Order of B'Nai B'rith. He is 36 years old.

Famous Painter Dying.

Munich, Bavaria, May 5.—Franz von Lenbach the famous historical and portrait painter, and president of the Munich Artists' association, is dying. He suffered a stroke of apoplexy in November, 1902.

Colored Freak Is Dead.

Port Huron, Mich., May 4.—William Rodney, a colored man, who attracted attention for the past few years owing to the change in the color of his skin, is dead. Rodney was afflicted with a peculiar disease which physicians could not diagnose. His skin began to turn white in patches, and a number of dime museum managers offered Rodney a large salary to travel as a curiosity, but he refused to exhibit himself. For the past two years Rodney has been a recluse, being sensitive to the curiosity he attracted on the street.

Claims a Fortune.

Menominee, Mich., May 4.—George Pfankuch claims heirship as first cousin to George Kaempf's estate, left in New York, worth $5,000,000, recently. Johanna Pfankuch, living in Saxe-Coburg-Gotha, Germany, received word from New York that after two years' search he had been found to be the only heir, a third cousin. Mr. Pfankuch of this city has made claim in the probate court that he was a first cousin of Kaempf and entitled to the estate. He will file proof at once.

Hayes Must Stay In Prison.

Lansing, Mich., May 4.—The state board of pardons has denied applications for clemency in a number of cases, the most notable being that of Frank Hayes, the young Detroit murderer, who is serving a life sentence.

Seeks Revenge on Col. Mills.

Washington, May 4.—Some time ago Colonel Mills, superintendent of the military academy, caused to be removed from the academy grounds Capt. J. P. Walker, a retired officer, alleging scandalous conduct on his part. The captain has brought formal charges against Colonel Mills of brutal, arrogant and tyrannical conduct. War department officials do not attach any importance to the charges, but the routine investigation required by the regulations will be made.

Quick Arrest.

J. A. Gulledge of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at C. A. Wright's, druggist.

MUSKEGON NEXT YEAR.

Oddfellows' Convention Closes With Installation of Officers.

Flint, Mich., May 5.—The last day of the Oddfellows' convention was devoted to the election and installation of officers, after which the delegates began making arrangements for leaving the city.

At the 10 o'clock session held Wednesday morning Brig. Gen. Thomas E. Robinson of Detroit, grand patriarch retired from the position he had held during the past year, all of the grand officers being advanced one chair Carl A. Jordan of Detroit became grand high priest; W. S. Bogart of Alma, grand senior warden; John Gerhardt of Saginaw, grand junior warden; John J. Foster of Three Rivers, grand marshal; Peter Betzing of Pontiac, grand inside sentinel; John L. Miller of Charlotte, grand outside sentinel, John B. Penfield of Vicksburg, grand scribe, and Andrew Harshaw of Delray grand treasurer, were reelected. By virtue of his office, Grand Patriarch Robinson became junior representative to the sovereign grand lodge and with Grand Representative C. O. Swayze of this city will represent the grand encampment at that meeting.

After a spirited contest for the place of the meeting to be held on the first Tuesday in May, 1905, Muskegon won out over Pontiac, Grand Rapids and Hancock.

KLUMP AT GRAND RAPIDS.

Secretary of State Mediation Court Trying to Settle Strike.

Grand Rapids, Mich., May 5.—Secretary Frederick Klump of the Michigan state court of mediation and arbitration arrived in Grand Rapids last evening to attempt to settle the strike of the teamsters, which has practically tied up all livery barns and transfer lines in the city. Conferences were held during the evening by him with officers of both sides.

The teamowners do not look favorably on the proposition of arbitration, while the union officers say they will be glad to submit the problem to the state authorities.

Secretary Klump says he will probably call a special session of the court to consider general labor conditions here and to fully investigate into Grand Rapids trades and labor unions and associations of business men and manufacturers.

President Bullock of the teamsters' association says that nearly 300 men have been added to the list of strikers by the general call. This makes total of about 450 strikers.

Efforts to conduct several funerals by undertakers are expected to be hampered because of a lack of drivers.

NEW COURTHOUSE.

Cornerstone Laid For the Costly Structure at Corunna.

Corunna, Mich., May 5.—The cornerstone of the new $100,000 courthouse at this place was laid Wednesday with appropriate ceremonies by the grand lodge, F & A. M., of Michigan. There were not less than 25,000 people present and the procession, which was a mile long, was made up of commanderies of the Knights Templar from Port Huron, Lansing, Flint and other places in the state, besides national guardsmen and members of the civic and secret societies of the county.

Grand Master Fletcher E. Turrell was presented with a gold and silver trowel by Corunna chapter of the Eastern Star and used the tool in spreading the mortar on the newly laid stone. Addresses were made by Hon. Hugh McCurdy of this city and Hon. G. R. Lyon of Owosso, the latter the oldest member of the Shiawassee county bar.

GENERAL STRIKE.

Union Teamsters at Grand Rapids Called Out.

Grand Rapids, Mich., May 4.—A general strike of the union teamsters of Grand Rapids was called last night by a vote of the local union, the members demanding that the teamowners meet them to arbitrate differences regarding hours and wages. About 500 union men left the stables at midnight, according to the statements of the president, Charles Bullock.

M. A. Gelock, president of the teamowners' association, says that the livery and transfer lines of Grand Rapids will fight the union and will not recede from the decision to have an open shop and individual contracts. Many non-union men have been employed, and it is believed that freight traffic can be partially handled today.

No funerals will be interfered with enough non-union carriage drivers having been secured to handle them.

Conger's Case Next.

Grand Rapids, Mich., May 5.—It is announced that the next water case to be tried will be that of E. D. Conger of the Herald, who is charged with having received $10,000 from Salsbury. His attorney, George Clapperton, will have with him in the case R. A. Hawley of Ionia, who successfully defended Senator Burns. The case will be taken up a week from next Monday and is expected to be the most hard fought of all.

Finance committee reports favorably on all bills except that of A. Hyde on which the committee respectfully ask for further explanation.

Moved that report of committee be accepted and the clerk be instructed to draw orders for the several amounts except the bill of A. Hyde. Carried.

The claim of Linnie E. Marsh against the village for damages on account of injuries received on defective sidewalk on Mill street, was referred to the chairman of street committee for investigation.

Moved that Charles Stevenson be served with notice to build new sidewalk. Carried.

The electric lighting contract was again brought up and read by the clerk as follows:

AGREEMENT.

This agreement made and executed in duplicate this 2nd day of May, 1904, by and between the village of Tecumseh, Michigan party of the first part and the Tecumseh Electric company of Tecumseh, Michigan, a corporation under the laws of Michigan, party of the second part.

Witnesseth:—

Sec. 1. That the Tecumseh Electric company, party of the second part, hereby undertakes, promises and agrees to furnish to party of the first part electric street lighting by direct or alternating current system, supplying arc lamps and current therefor: and the first party hereby agrees to use and pay for the service of not less than 42 arc lamps for a period of five years from and after the 2nd day of May, 1904.

Sec. 2. Second party hereby further promises and agrees to install new, enclosed, long burning arc lamps of a standard make and size to replace the lamps now in use, within six months after the sale hereof and to furnish electric current therefor as hereinafter provided; said lamps to be trimmed with No. 1 carbons of standard make and quality, said lamps to be supplied with a current of not less than 6.5 amperes at 70 volts; second party also further promises and agrees to re-wire with wire properly and safely insulated all that portion of the circuit in which the original 35 lamps were installed in the arc circuit and as much of the balance as may be necessary, same to be done within one year after date hereof.

Sec. 3. Second party further agrees to light and keep lighted each and every lamp from the hour of darkness to the hour of daylight, as determined by the Public Lighting committee of the party of first part during each and every night of this contract and keep all lamps furnished under this contract, well cleaned and trimmed and all wires, dynamos, and power in good and proper repair, so as to fully and satisfactorily carry out the provisions of this contract. Second party shall be bound by, and this contract is made subject to all ordinances now in force or that may be hereinafter enacted to regulate the maintainance of telegraph, telephone and electric light poles and wires and all ordinances regulating the excavating and use of streets for any purpose so far as they may apply to work of the nature performed or to be performed by second party.

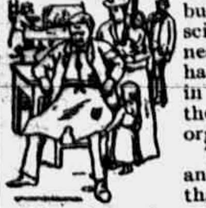
Sec. 4. Second party further agrees to furnish and light ten 16 candle power incandescent lamps for lighting the several apartments of the Council building of the village of Tecumseh and also one 32 candle power incandescent lamp to be suspended over the front doors of that part of said building used and occupied by the fire department. Renewals of incandescent lamps and repairs for same to be made at the expense of party of the first part.

Sec. 5. Second party agrees to install without cost to first party one ameter in each of its arc circuits the same to be placed in a convenient and safe place in the council building, first party to furnish the necessary instruments and the support thereof, installation to be made whenever the first party shall have secured the instruments. It is also further provided that should the first party so desire, first party may install recording Watt meters on the circuit supplying the street lighting current, instead of the Ammeters as above provided such Watt meters to be located near the the switch board of the second party and when so located said second party shall render its bills for street lighting in accordance with the sum shown by the records of the meters in the several circuits, charging such a rate per 1000 watts as may be determined equal in the aggregate to the flat rate hereinafter provided.

Sec. 6. Second party further covenants and agrees to furnish arc and incandescent lamp service to residents of the village of Tecumseh on the following conditions: The maximum rate for one arc lamp shall be $4.50 per month and for two or more arc lamps $4 each per month. For alternating current arc lamps, incandescent lamps, fans and motors the current may be metered, the meter rate for same not to exceed 15 cents per 1000 watts nor less than 25 cents per month; said lamps, fans and motors together with wiring for same to be installed at the expense of the consumer, all meters, arc lamps and transformers to remain the property of the party of the second part and no rental charge to be made for the use of meters.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.



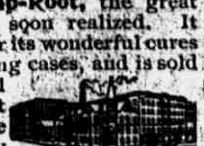
It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.



Home of Swamp-Root.

Sec. 7. Second party covenants and agrees to place all street lamps at the points designated by party of first part.

Sec. 8. Second party further agrees to save harmless and idemnify the party of the first part from any and all just claims, judgements damages, costs and expenses which said first party may incur or become liable for by reason of the acts or negligence of the second party, their agents, employees or servants, in the construction, operation or maintainance of poles, wires, machinery or apparatus in any of its various forms whatsoever; second party further agrees to pay all such claims, judgements, damages, costs and expenses within 30 days from date of notice that said first party has become liable for same.

Sec. 9. In consideration of the foregoing covenants and agreements made by the party of the second part and in consideration of the faithful performance of the same during the continuance of this contract to party of the first part agrees to pay party of the second part, the sum of four and 833—1000 dollars per month for each new lamp now in use and $5 per month for each new lamp installed and contracted for less a proportionate reduction for any portion of any night that any lamp is not kept burning and such reduction to be made pro rata for all the time the full current hereinbefore contracted for is not supplied by party of the second part. First party agrees to pay for said service at the end of each calender month, upon presentation of the bill of party of second part to the Common Council of the village of Tecumseh and its favorable action thereon.

In witness whereof the parties hereto have hereunto caused to be affixed their corporate seal, each respectively, and caused to be set hereto the hands of the authorized officials of each of the parties to this contract.

Moved that contract be accepted. Yeas, all except G. U. Smith, who did not vote.

On motion the council adjourned.

Whiskey and Beer Habit
PERMANENTLY CURED BY
"ORRINE,"
ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded.

Ask your druggist *whom you know* what he thinks of ORRINE; he will indorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!
No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge [illegible] buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. **Price $1 per box.**

☞ We will gladly furnish a treatment free of cost to any physician to demonstrate that Orrine is a positive specific for drunkenness. ☜

Weak lungs should be careful. Coughs and colds are dangerous then. One Minute Cough Cure coughs, and colds and gives strength to the lungs. Mrs. G. E. Fenner, of Marion, Ind., says, "I suffered with a cough until I ran down in weight from 148 to 92 lbs. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight health and strength." Sold by C. A. Wright.

The accident happened in front of B. J. Garlinghouse's residence on Chicago street. Mr. Willoughby, who lives over his bakery was taken home, where it was found he had a broken rib. Mr. Temple was taken to his own home, Dr. Catlin was called and descovered his knee badly wrenched, but he will undoubtedly be around again in a few days. Mr. Willoughby, as soon as he saw the position they were in put the breaks on, but it was a little too late. The axle of the automobile was broken.

"The Midnight Flyer."

Manager Bradley of the opera house, has an iron-clad contract with Ed Anderson, of "The Midnight Flyer" Co., that every piece of scenery carried for this big production will positively be used. This includes the grand illuminated scene "Brooklyn at Night," "The Mammoth Ship Scene," "The Realistic Ship Wreck," "The Storm at Sea," "The Adirondack Mountains in Winter," and the thrilling "Railroad Scene." With such a contract as this our theatre going people are assured a perfect performance in every detail. At the opera house on Friday, May 13, 1904.

FRYER-HURREY

A pretty wedding which took place at WASHINGTON, D.C.

On Saturday, April 30, is of local interest.

The marriage of Miss Alice Jean Fryer, daughter of Mrs. Ida J. Fryer, to Mr. Clarence Brazillai Hurrey, took place Saturday at 8 p. m., in the presence of a large gathering of friends and relatives. The ceremony was performed at St. Andrew's church, Fourteenth and Corcoran streets northwest, by the pastor, Rev. George Calvin Carter. The church was decorated with palms and Easter lillies.

The bride, wearing an exquisite gown of white crepe de chine, with tulle veil, and carrying a shower of Bride's roses, was escorted by her brother, Mr. Ross Lander Fryer, who gave her away. They were preceeded by the wedding party, which entered to the strains of "Lohengrin," with Prof. Kirkpatrick presiding at the organ. The maid of honor was Miss Lena C. Gore, of Winchester, Va. She wore a pretty creation of pink point d'esprit over silk and carried white carnations. The bridesmaids were Miss Harriett Adelle Hurrey, of Michigan, sister of the groom; Miss Bertha Muth, Miss Lulu I. Waters, and Miss Lucile V. Garrett of Washington. They wore dainty gowns of white point d'esprit over silk with pale pink girdles and carried pink carnations.

Mr. Charles DuBois Hurrey of Chicago, brother of the bridegroom, attended him and the ushers were Mr. C. Irving Crissey, of Michigan; Mr. Frank Andrews Fall, of New York; Mr. William Butterworth Crowell, and Mr. William Eldridge Hillyer of Washington.

The ceremony was followed by a buffet supper, which was served at the home of the bride's mother, after which the bridal couple departed for a wedding tour through the North and West. Mr. and Mrs. Hurrey will be at home in Washington after June 15th, at 82 S. street, northwest.

M. E. Bice's Opening.

M. E. Bice had her formal opening Thursday afternoon and evening, May 5, at her new rooms on Chicago street, one door east of Rauch's furniture store. The opening proved a success in every way. All school children were given an ice cream sandwich, other callers a dish of ice cream. Mrs. Bice was disappointed as the soda fountain, which was ordered some time ago, did not arrive. In her pleasant location with neat and comfortable fittings, you may be assured of being well and pleasantly served with the latest fads in delicacies as well as those which have long been favorites.

A line of first class baked goods, and choicest confectionaries of all kinds may be found there at any time. Frank Bice has taken charge of the baking department in which is a new double decked oven purchased of the Roberts Oven Co. of Chicago, which has all the latest improvements.

She is connected with the telephone, the number being 269, and an ice cream soda check will be given with every 5 cent purchase. Do not fail to give her a call for all are welcome.

Medley Shower.

Last evening the Misses May Lowry, Bessie Spayde, Sarah Platt and Myra Conselyea gave a medley shower at the home of Miss Lowry in honor of Miss Grace Austin. The first part of the evening was spent in playing progressive flinch. Miss Helen Wilson won the prize, which she presented to the bride.

The guests were then invited to the dining room, where covers were laid for twelve. The table was prettily decorated from each corner to the chandelier with pink and white hearts, and pink ribbon. The white cloth was strewn with spring beauties, which presented a handsome appearance. The place cards were pink paper hearts tied with pink ribbon.

After the refreshments a heart hunt was indulged in, the prize being a pearl heart stick pin, which was won by Miss Edna Smith. Miss Austin received a number of gifts, both ornamental and useful. Music was enjoyed and a merry evening was spent by every one.

The New Stamps.

The new stamps, which will be used during the world's fair at St. Louis, have just been issued. They are the one-cent stamp, which is green, with the picture of Robert R. Livingston, the U. S. Minister to France, who conducted the negotiations for the Louisiana Purchase.

Two-cent, red; Thomas Jefferson, President of the United States at the time of the Purchase.

Three-cent, purple; James Monroe, Special Ambassador to France in the matter of the Purchase, who, with Livingston, closed the negotiations.

Five-cent, blue; William McKinley, who as President of the United States, approved the acts of Congress officially connecting the United States government with the commemorative exposition.

Ten-cent, brown; United States map showing the territory of the Purchase and the date.

THE CHURCHES.

Baptist church, Sunday morning the subject will be "Seven reasons for coming to the Lord's Supper," followed by the communion and hand of fellowship to new members. Evening subject, "The Importance of Christian Work."

The morning subject at the Presbyterian church next Sunday will be "A Divine Prescription." The evening subject will be "The Gospel of Gladness."

Opening Excursion to Detroit.

The opening excursion to Detroit will be run over the Detroit Southern railroad Sunday, May 15. Train leaves Tecumseh at 9:20 a. m. and returning leaves Detroit at 6:00 p. m. Fare for round trip 75 cents and children between 5 and 12 years of age, one-half fare.

ABOVE CASH VALUE.

Tax Commissoners admitted Lenawee was assessed.

Adrian, Mich., May 4.—State Tax Commissioners Dust, McLaughlin and Freeman held a several hours' session with the supervisors today in an effort to get together on the matter of assessments. Last fall the commission visited Lenawee and materially raised the assessments as made by the supervisors in this city, where raises as high as 82 per cent. were made. So many protests were made to the commission that it has become convinced, according to the representatives here today, that the assessments as left by them are above the cash value which they held as a standard for equalization. Commissioner McLaughin said they were willing to frankly admit their mistakes but he did not want the supervisors to get up on their high horse and lay all of the blame for the existing conditions at their door. He said that the irregularities of the original assessments were responsible for the non-equalization in the county since their action. His contention was that if the supervisors would stick for raising values up to where they belong it would help the state in its fight against the railroads.—Detroit Free Press.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdtown, W. Va., says "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneumonia and consumption. Try it. It's guaranteed by C. A. Wright, druggist. Trial bottles free. Reg. sizes 50c, $1.00.

LITERARY NOTES.

The things that prospective visitors to St. Louis are most eager to know about the great fair are related in the Review of Reviews for May by William Saunders of the St. Louis Business Men's League. Transportation arrangements, hotel accommodations and facilities for getting about are fully described by Mr. Saunders so that one may plan intelligently in advance for a visit of a few or many days. The art exhibition is described in a separate article by Mr. Halsey C. Ives, the director.

* * *

A happy characteristic of Everybody's Magazine is the versatility exhibited in its contents-table. The editors are not riveted to a single set of ideas, but manage in each issue to strike some new note or touch some novel phase of life or endeavor. There are two salient features in the May issue, which, though serious in tone and treatment, are of so much importance to the world just now as to have an almost sensational interest. One is on the Great White Plague, Consumption; the second, the subject which the Methodist church conference is debating with so much ardor—The relation of Christianity to amusement; may the christian dance, play cards, and attend the play? The ablest of American churchmen—such men as Cardinal Gibbons, Bishop Greer of New York, Dr. Parkhurst, Dr. MacArthur—have contributed to a symposium, opinions which stating the attitude of the great denominations on the subject, are of the greatest value to all readers.

IT IS A MATTER OF HEALTH
ROYAL
BAKING POWDER
Absolutely Pure
THERE IS NO SUBSTITUTE

There is something that holds you like a spell of facination in the story by Mr. Frederic Reddale called, "Figs from Thistles" which appears in the May Lippincott's magazine. It is not a lively story, but it is intense from start to finish. The hero is cousin of a nobleman's heir and is himself a witling. The men of brains and of no brains marry the same girl in turn and with this plot the reader may fancy what intervenes. Frederic Reddale is known for two previous novels that have made him friends "The other Man" and "An Heir to Millions."

* * *

There will be two portraits of unusual interest in the May Century, one of Tolstoi, another of President Roosevelt. The Tolstoi likeness is from a drawing made by George T. Tobin from a photograph, and shows Tolstoi at twenty-nine as an officer in the Crimean War. The President's portrait, in tint, will be the frontispiece of the issue, and is from a photograph taken by Arthur Hewitt at the White House, January 20, 1904.

* * *

Aside from the generous display of charming summer garments, which the standard patterns supply in the May Designer, and in which graduation and commencement costumes are given prominence, there is a special article on "Summer Array for the Wee Ones," in which small girls and boys are pictured in garb at once practical and becoming; and another on "Frills and Furbelows," suggesting arrangement of the airy ruffles which now decorate feminine sleeves and jackets. Summery too is the reading matter supplied in this number, for the two short stories are entitled "Crab Apple Blossoms," and "The Cherry-Tree Inn," then there is an interesting article on "Birds' Nests," Mary Kilsyth gives a little talk on "Paint Boxes and Porch Decoration," and Kate V. Saint Maur discourses on "Poultry and Pet Stock Farming for Women."

* * *

The leading article in the May Atlantic is written by Charles Eliot Norton, who is one of the two surviving contributors to the first number of the magazine; issued forty-seven years ago. The Letters of John Ruskin, which Mr. Norton now prints with illuminating comment, are full of charm. They show the affectionate, enthusiastic side of Ruskin's nature, in the happy years before his whimsicality turned to bitterness.

If you want your boy to be popular with the ladies, name him "Jack."

THIS OUGHT TO CONVINCE

C. A. Wright will pay for Hyomei himself when it fails to cure catarrh.

"If I only knew it to be true, I would not hesitate a moment." This is a thought the average person has when reading the claims of some of the medicines that are advestised as cures for catarrh.

The results from the use of Hyomei are so remarkable in the cure of catarrh, that they seem beyond belief. The fact, though, that C. A. Wright, one of the best known druggists in this section, has so much confidence in the power of Hyomei to cure catarrh that he sells it under his personal guarantee to refund the money if the purchasers can say that it did not help them, ought to convince the most skeptical that Hyomei can be relied upon to cure all catarrhal troubles, no matter how serious or deep-seated.

The complete Hyomei outfit, consisting of a neat inhaler that can be carried in the purse or pocket, a medicine dropper and a bottle of Hyomei, costs only one dollar. Additional bottles of Hyomei can be procured for fifty cents, making it the most economical of treatments.

Catarrhal colds which are so common at this season of the year, have been cured in a day. Mild cases of catarrh that have become chronic are frequently cured in a week or ten days. Now is the time to begin the use of Hyomei, remembering that C. A. Wright sells every package on a positive guarantee to refund the money if it fails to cure.

REASONS

Why our Vinol is the Greatest Health Restorer and Strength Creator Known to Medicine.

Because Vinol contains in a concentrated form ALL of the medicinal curative elements found in cod liver oil, but without a drop of oil to nauseate and upset the stomach; therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good.

Because we have never sold anything in our store equal to Vinol to restore health and create strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles.

A prominent physician writes:

"*Vinol is the most palatable and valuable preparation of cod liver oil ever compounded. I now use it entirely in all cases where I formerly depended upon old-fashioned cod liver oil and emulsions.*"

Try Vinol on our guarantee to return your money if you are not satisfied.

Local Enthusiasm.

On one subject Tecumseh people grow enthusiastic.

The increase of popular enthusiasm on the following subject is almost daily manifested by public expression and local endorsement. Read what this citizen says and discover the cause for the constant showering of praise which follows in the wake of Doan's Kidney pills.

Henry Keyser, retired farmer and capitalist, residence in the southwestern section of Tecumseh says: "I am thoroughly convinced of the superior merits of this popular remedy, Doan's Kidney Pills. They deserve naught but the highest praise. Before going to C. A. Wright's drug store for a box I had a dull aching pain in my back which had annoyed me for some time and the secretions from my kidneys were unnatural and irregular. To say that I was surprised at the effect is putting it very mildly. In a very short time the trouble disappeared. I never knew a medicine that worked so quickly and satisfactorily."

For sale by all dealers: Price 50 cents per box, Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

Mortgage Sale.

Default having been made in the conditions of payment of a certain mortgage (whereby the power of sale therein contained has become operative) executed and delivered by Emma Ford to Harry C. Moore, dated the 15th day of September A. D. 1903, and recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan, on the 18th day of September A. D. 1903, in Liber 167 of Mortgages on page 122; there being now claimed unpaid and due upon the debt secured by said mortgage the sum of one hundred eighty-one and 82—100 dollars; and no suit or proceeding at law, or in equity, having been instituted for the recovery of said debt, or any part thereof:

Notice is therefore hereby given that, for the purpose of realizing said indebtedness and the interest thereon, and costs of this proceeding (including a lawful attorney fee), I will, on the 5th day of July A. D. 1904, at ten o'clock in the forenoon of said day, at the east front door of the Court House in the City of Adrian, County and State aforesaid (that being the place where the Circuit Court for said county is holden), sell, at public vendue, to the highest bidder, all that certain piece or parcel of land situate and being in the Village of Tecumseh, County of Lenawee, and State of Michigan, known and described as follows, to-wit:—Bounded by beginning at a stake in the south line of Kilbuck street at north-east corner of Doke's land, and running thence south in east line of said Doke land ten rods; thence east four rods to land of A. W. Mills (formerly Helm's); thence north in west line of said Mills' land ten rods to south line of Kilbuck street; thence west in said street line four rods to beginning—being same lands deeded to said Ford by Jones March 31st, 1898.

Dated, April 5th, 1904.

HARRY C. MOORE,
Mortgagee.

Fred'k B. Wood,
Attorney for Mortgagee.

STATE OF MICHIGAN, *county of Lenawee* ss. Probate court for said county.

At a session of the probate court for the county of Lenawee, holden at the probate office, in the city of Adrian, on the 11th day of April in the year one thousand, nine hundred and four.

Present, Harry L. Larwill, judge of probate.

In the matter of the estate of JOHN HUNTER, deceased.

On reading and filing the petition of Sylvester P. Hosmer, administrator upon the estate of said deceased, alleging that the funeral expenses and debts of said deceased, and the expenses of administration thus far incurred, have been fully paid, and praying that his final administration account may be allowed and for such other order and decree as to this court shall seem proper.

It is ordered, that Monday, the 9th day of May next, at nine o'clock in the forenoon, be assigned for the hearing of said petition.

And it is further ordered, that a copy of this order be published in the TECUMSEH HERALD, a newspaper printed and circulating in said county of Lenawee, for three successive weeks, previous to said day of hearing.

Soo Saloonists on Warpath.

Sault Ste. Marie, Mich., May 9.—Saloonists at Sault Ste. Marie say they are tired of being discriminated against in the matter of being allowed to run their business on Sunday and declare that soda fountains, drug stores, street cars and all other kinds of business must close on Sunday or prosecutions will follow.

Lineman Fell to Death.

Albion, Mich., May 9.—Frank Hope, telephone lineman here, fell from a pole to the ground, thirty feet below, and died about ten minutes afterward. He was 40 years old and came from Peterborough, Ont.

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Dempseytown, Pa. They're the best in the world for liver, stomach and bowels. Purely vegetable. Never gripe. Only 25c at C. A. Wright's drug store.

Parker Goes to Prison.

Detroit, Mich., May 9.—George W Parker will spend the next nine years of his life in Jackson prison. The most-tried case in the history of the recorder's court came to an end when the jury, which had been out for five hours, announced to the officer on guard outside the door that the members had agreed upon a verdict, and immediately announced the verdict as above given.

Parker's conviction is the result of his shooting and killing his brother-in-law, James Moore, last August. Moore was a popular singer.

W. Andrews, $4,000; Willard Chapoten, $3,000; Joseph Cornelius, $3,000; A. R. Hahn, $1,500; Horace Orcutt, $6,000; Utica Banking Co., $3,000; The Catholic parish, $1,500; Dr. J. Shields Her Assailant.

Sault Ste. Marie, Mich., May 9.—Miss Marjorie Esler, the young woman who was assaulted two days ago, has admitted that she went to see a soldier on that night, but she refuses to tell who it was and insists that she did not see her assailant.

Farmer Hanged Himself.

Ann Arbor, Mich., May 9.—William H. Crippen, aged 54, of Superior township, Washtenaw county, hanged himself in his barn. He had been in ill-health for a long time and was despondent.

May Have Telephone War.

Battle Creek, Mich., May 7.—To get even with the Bell telephone people, who lowered their rates and made improvements far into the thousands before informing the public of a prospective raise, the Citizens' Telephone Co. has leased two floors of the new Rookery building and will install an entirely new system complete. Then the war, which favored the Bell while the cheap rates maintained, will be resumed.

LAID TO REST.

Amid Great Bed of Flowers Mrs. Stearns Was Buried.

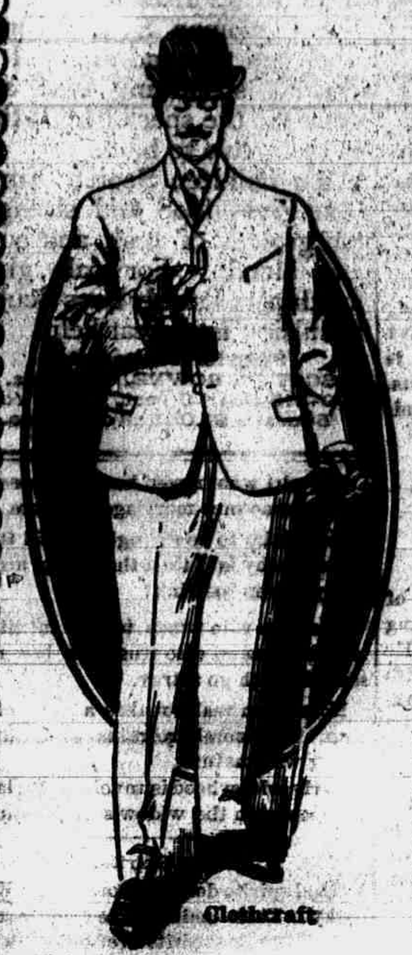
Ludington, Mich., May 9.—The funeral of Mrs. Justus S. Stearns was held Sunday morning at 11 o'clock from the house. The service was extremely brief and simple, yet notably impressive. Rev. B. H. Burtt of the Congregational church of this city officiated and the service was unusual in that there was no music of any kind. The remains were laid at rest in the city cemetery in a great bed of costly flowers.

The funeral was very largely attended by friends of the beloved woman.

Quick Arrest.

J. A. Gulledge of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c at C. A. Wright's, druggist.

Proper Apparel



Spring styles in suits are more artistic this season than ever before. **Clothcraft Clothing**, as usual, is the standard of excelleuce for fabric, shape and finish.

The style shown in the illustration is one that appeals to careful dressers. It has all the characteristics of a custom garment, with the touch of distinctivness which characterizes **Clothcraft Clothing.** You see it in the shape of the collar, the hang of the coat and trousers, in the *atmosphere* that hovers about the entire suit. That's what pleases our customers and gives them the just reputation of being the best dressed men in the community. And $10 to $15 makes that reputation yours. It's worth double the price.

Ten years in bed.

R. A. Gray, Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available but could get no relief until Foley's Kidney cure was recommended to me. It has been a Godsend to me."

It's a case of quick consumption with the man who bolts his food.

A Cure for Piles.

"I had a bad case of piles," says G. I. Carter of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles giving relief instantly and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequaled for its healing qualities. Eczema and all skin diseases also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by C. A. Wright.

Men go to places to see; women to be seen.

From the World,s Fair City.

Mrs. Jessie Kent, 411 Pine st, St. Louis writes: "Greene's Cough Cure probably saved my daughter, Flora's, life. It broke up an extreme case of croup which completely baffled our family doctor. Flora is now in excellent health and attending kindergarten. I strongly recomend this remedy for children. It removes the cause." Our files contain hundreds of such letters. Sold by B. J. Pulver.

Nearly every married woman is a trifle envious of a rich widow.

Ladies and Children

Who cannot stand the shocking strain of laxative syrups and cathartic pills, are especially fond of Little Early Risers. All persons who find in necessary to take a liver medicine should try these easy pills and compare the agreeably pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice malaria and liver troubles. Sold by C. A. Wright.

Any girl who never had a proposal is apt to pronounce marriage a failure.

Men claim to be stronger of will than women; why is it then that they are so easily driven to drink?

The man who trusts to his intuition and the woman who trusts to her reason will both go astray.

No woman really makes a fool of a man. She merely refrains from interfering with nature.

Early widowhood is involuntary; later it depends on the widow's inclinations.

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

What reason have we for assuming that both God and the devil are masculine.

Zoa Phora Will End Your Troubles and Make Your Life a Joy—It Has Always Done This for Women and Always Will.

FREE TRIAL BOTTLE TO ALL WOMEN.

No matter how many doctors have tried and failed; no matter how many remedies you have used without results, Zoa Phora will cure you and your cure will mean something. It will be complete and perfect and permanent. It always has done this and always will. All the women who have suffered from any of the diseases peculiar to their sex and who have used Zoa Phora are to-day rejoicing in the security of perfect health and all the happiness it brings.

Zoa Phora cures all diseases and irregularities of women, misplacements, leucorrhea, suppressed and painful periods, flooding, piles, kidney, bladder and liver troubles and regulates the change of life. Not a mail arrives that does not bring letters from women who have been cured of some of these terrible diseases and whose lives have been made happy by the noble and wonderful work of Zoa Phora.

Mrs. George Sidle, McClure, Ohio, R. F. D, No. 1, says: "I was so nervous and broken down that I could not do my work. I doctored with two of our home doctors, and they said I had heart trouble. I had spells with my heart when it would beat so hard and then I would faint away. I received a sample bottle of Zoa Phora, which I took according to directions, and thought it was just what I needed, so I threw the doctor's medicine away and got a large bottle of Zoa Phora. It helped me so much that I bought two more bottles, and now I am well and strong. I do not have the spells with my heart since I took Zoa Phora and I am regular now, where before I took Zoa Phora I was very irregular and had severe pain at monthly periods. I have found it to be truly a 'Woman's Friend.'

"If anyone calls in person or writes to me, I will give them the particulars in my case. I hope this will help induce some suffering woman to try Zoa Phora."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free medical advice when needed. Zoa Phora is for sale at $1.00 a bottle by

WASHINGTON LETTER

Washington, May 7, 1904.

There are still a good many political sojourners in this city counselling together as to the best method of strengthening their party ticket for the wrestling match in November. The tariff question will, without doubt, have a conspicuous place in the discussion, as will government extravagance, official corruption, the Panama canal business, and the prudence and justice of our government in the islands of the sea. Prosperity will be the Republican shibboleth and rallying cry. The democrats will retort as did the spellbinder on the Indiana stump two years ago. "As many as think they have their share of the prosperity, stand up!"

There is a good deal of curiosity here as to the outcome of the gambling scheme which Uncle Sam has authorized for the distribution of the lands that have been stolen from the Indians during the last year. Drawings for the choice of quarter sections will be conducted by lottery. Appplicants must register before the drawing and this, it is thought, will make the genuine homeseeker equal to the avaricious desperado in his chances. In North Dakota will be opened for settlement 104,416 acres; in Minnesota, 400,000 acres; in South Dakota, 416,000 acres; in Montana, 1,100,000 acres. The opening will be in July and August and the lands are to be sold at prices ranging from $1.25 an acre to $4 50. Sprinters not invited.

The trial of Gen. James N. Tyner, indicted for conspiracy to defraud in connection with the post office department, goes languidly forward in our criminal court. General Tyner, formerly a member of Congress, and a member of President Grant's cabinet, is aged, sick, shriveled and an object of compassion. It is alleged that his wife in his interest rifled the department safe of incriminating papers. But it is felt here that he is being used as a scapegoat to save the really guilty from punishment. Although brought into court in an armchair, he waives aside all offers of sympathy and calls for a decision of his case on its merits.

Yesterday we had a primary election for delegates to the democratic national convention in which the Hearst boomers were defeated. It went off very quietly and started again in the discussion as to self-government for the district. A good many of both parties oppose it on the ground that, one third of our people being negroes, they would always hold the balance of power and sometimes elect the city officers in conjunction with various kinds of white trash. At the same time; it is felt to be a dismal anomaly and contradiction to the spirit of our republic that its capital should be controlled by an oligarchy of three men, elected by nobody but appointed by the president and administering arbitrarily the police, the schools, the sanitation, the streets, the penal institutions, the water and the lighting and the taxes and paying out ten million dollars a year. When visitors come here and are told that we have no legal elections, no party press, no party caucuses, no stump speeches and are content to be governed by a triumvirate as truly despotic in its make-up as the council of ten in old Venice, they are surprised, and, if foreigners, amazed. There is a strong feeling in favor of a return to self government especially among the idle, the vicious and the indigent people of Washington.

A. F. Fox, the kid who at twenty-three is walking away with the honors at the international chess tournament at Cambridge Springs, Pa., is a graduate of the schools of Washington, and the Sorbonne of Paris. He is a brother of Charles James Fox, the Washington correspondent. He and Lasker, the world's champion, have now won an equal number of games.

The Navy department is in a quandary. A dozen Senators, republican as well as democrat, take the ground that it is impolitic to build any more battleships till Russia and Japan have made further tests of their value. We lead every other nation in the number of battleships that are being built and have been ordered—thirteen in all. During the last week of the session, all of the Naval Affairs committee expressed orally and vigorously their opinion that the orders for battleships now being executed ought to be suspended until there has been at least one great naval battle on the Asian coast. If this gigantic engine of warfare is as vulnerable as it seems to be, they think money can be spent to better advantage than in increasing the number of those we already have. The president concurs.

Brevities:—The Countess Cassina, the chatelaine of the Russian Embassy and daughter of the Ambassador whose lawn festival has been three times submerged in rain, succeeds with her festival and bazar yesterday afternoon. The sum of $17,000 was raised for the Russian Red Cross fund. The Columbian University of this city will henceforth be known as the George Washington University. The present site in the heart of the business section is to be changed for one back of the White House and several new marble buildings will be added.

Ten thousand applications for patent are held up in the United States patent office on account of informal presentation or unskillful prosecution. C. A. Snow & Co., Patent lawyers of Washington, make a specialty of such cases, fee moderate and contingent on success.

Stewart Edward White's new novel, "The Silent Places" has just been brought out by McClure-Phillips. It is a story of the Hudson Bay country, the forest wilderness inhabited by the picturesque trappers of the Hudson Bay Company, and Indian hunters, with which Mr. White has already made his readers familiar. It is a very powerful story of a determined struggle against the forces of nature, telling the experiences of two Hudson Bay Co. agents who are sent out to capture a defaulting Indian trapper. The white men follow the Indian's trail far beyond the Arctic circle and persist in the chase until both fugitive and pursuers stand face to face with starvation. The dogged, faithful love of an Indian girl for one of the white men furnishes a beautiful and pathetic strain in the story.

A woman isn't necessarily a thief because she hooks a dress.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.
